For Congress.
WILLIAM S. MURPHY,
Of)Stellens County.

The Democratic candidates of the District for the Congress seat and the State Senate do not make very good preparations for opposition. The candidates for Congress and State Senate are not so well known, their names do not ring so loudly, as in the past, and there is a feeling that the people of the District are not so well represented as they were in the past.

Mr. Belk, President of the National Bank of Stellens, in his speech, opened the campaign with a fine address. He said that the government of the country was in the hands of the people, and that the people of the country must be given a fair deal. He said that he believed in the work of the government, and that he believed in the people of the country. He said that he believed in the work of the government, and that he believed in the people of the country.

Although it is true that the District has a fair representation in the Congress and State Senate, it is also true that it is not represented as well as it should be. The people of the District are not as well represented as they should be, and the people of the country are not as well represented as they should be.

The public does not seem to care very much about the district, and it is not represented well. The people of the district do not seem to care very much about the district, and it is not represented well.

The Republican party has a popular candidate for Congress. He is a man of substance, and he has a popular following. He is a man of substance, and he has a popular following.

The Democratic party has a candidate for Congress. He is a man of substance, and he has a popular following. He is a man of substance, and he has a popular following.

The election is too close to predict the outcome, but it is certain that the Republican party will make a strong showing. The election is too close to predict the outcome, but it is certain that the Republican party will make a strong showing.

The victory of the Republican party is certain, but the people of the district are not as well represented as they should be.

WASHINGTON, Sept. 29. - From the comparatively limited experience that we have had of the American woman, we believe that she is quite a beauty. The women of this country are not only well-dressed, but they are also well-behaved. They are generally courteous and polite, and they take great pride in their appearance.

THE USE OF FAKED \COUPONS\ BY PITTSBURGH CONDUCTORS.

After a year of continuous campaign in the Fall of Pittsburgh, a local society of the Republican party has been organized in the city to combat the use of faked \co coupons\ by the Pennsylvania Railroad Company's conductors.

A spirited movement has been begun to return to the public the use of the \co coupons\ for free passes or discounts on the Pennsylvania Railroad, and to make the company pay for its fraudulent practices.

The Republican party is making a strong effort to win the support of the public in this important matter, and is working hard to establish a system of honest and fair handling of public business.

TAKE CARE OF YOUR FAMILY!

A new tax on sugar has been proposed by the government, and it is hoped that this will help to make the sugar industry more prosperous and to provide a larger revenue for the government.

A large number of people have already pledged their support to this proposal, and it is expected that the tax will be passed by the Congress in the near future.
