LADIES' WEAR.

WE'VE SPREAD Ourselves.

Go barm to bock. It will pay you to. You might never have a house with the separation at stake in not going to tell lady stories in the papers. We want you to see our $15, $30 and $60 suits, because we are confident that they will please you.

They certainly ought to. We've put our time and talent and goodness enough in them. We know that $15 and $30 don't make very much, especially if you've been feeling with tailor prices. If they charge $80 or $40 for will suit, our $15 and $30 grades are sure to be something of a saving, n't it? You are not tied down to any style. You have many of a variety here in a half dozen other stores. The suit of the present is the latest. SIMPLE and DOUBLE BREASTED SACK SUITS and THREE and FOUR BUTTON CUTAWAY SHOOTS.

By the way, have you thought about a business suit for the spring?

It's with the matter with a Double breast Sat! There are going to be lots of them worn, and there is a sense of most affects among once stock, some light, some dark, of course, it is not as frequent as before. There is lots of style about them, lots of comfort and satisfaction.

You see your spring suit and undercoat will cost you less than the suit from a tailor.

Are you going to wear anything else this summer? See our styles and prices. They will interest you.

Don't you think it is about time to get a spring suit?

No harm to look. It will pay, you know. You might know that a house with the reputation of being in good condition is not going to sell fairy stories in the papers. We're working to sell $35, $50 and $75 suits, because we are confident they will be bought.

They certainly ought to. We've put our time and effort and brains in them. You know that we have, and $35, $50 and $75 suits are sure to be something of a surprise, isn't it? You are not fited down to say style. You have seen a variety here in a half-dozen other stores. The men in the suits are the latest single and double-breasted fall suits and three fly button outwear coats.

By the way, have you thought about the suits for the spring? What's the matter with a Double breasted Sack? There are going to be lots of them worn, and there are scores of new suits among our stock, some light colored, of course, others are black and between shades. If you like style about them, you will have a suit for every occasion.

The following is an excerpt from the speech delivered by William Jennings Bryan on the silver question, which was presented to the American Historical Association in 1895.

Just as the people of the United States have a right to demand of their government a monetary system that is sound in principle and safe in practice, so also they have a right to demand of their government a monetary system that is just and fair to all...</n
