

SEPTEMBER

comes round they pass "deficiency bills." "See how much we have curtailed upon last year! They forget to tell you about these "deficiency bills." [Laughter]

Listen to me one moment. I will not detain you long. Deficiency in expenses of reconstruction, \$657,000; second appropriation for the same object \$287,000, a further deficiency in Third District; and \$87,000 for destitute people (chiefly negroes) in the District of Columbia. Then we come to the War Department of \$1,906,900. Then comes the Postmaster-General's Office and the Post-office Department, and we have deficiency bills in each; and the Treasury Department, and we have a deficiency bill there; and coming to the Collector of Customs, we have a deficiency there; and coming to the Construction branch of the Treasury, and we have two deficiencies there. Then comes the Interior Department, and we have a deficiency there; and then the government of Territories and we have a deficiency there. Then comes the Legislative Department and we have a deficiency of \$600,000 in the Senate, and \$115,000 in the House. Then we come to a second legislative deficiency, then Pension Office, then two deficiencies in Public Buildings and Grounds, and lastly a deficiency on the miscellaneous bill. [Great Laughter] When next any of your members of Congress tell you how much money they have appropriated for next year, ask them to read how much they appropriated in deficiency bills.

I will not weary you with this detail of figures any further. I might speak to you an hour on that subject. They would afford you a very instructive lesson. You would see a great many things that you don't see now. I don't know whether it is worth your while to see them. It certainly is not unless you can correct them. The conclusion of this whole matter is that we are more than \$2,000,000,000 in debt, and that year by year the Federal Government collects from your pockets more than \$300,000,000. If you add to that \$500,000,000 the amount collected by the various State Governments, it will run up to \$800,000,000, and that is more than six per cent. of the value of all the property in the United States, and more than thirty, almost fifty, per cent. of all the earnings of labor and capital in the country.

Let me state to you in sharp contrast with this Republican extravagance that the whole expense of the four years of Buchanan's administration amounted to only \$256,000,000. Let me state that the expenses of the whole four years of the War Department during the Mexican war, under James K. Polk, amounted to only \$80,000,000. Now while we have been piling up the gigantic pile, till it rises like a monument on the happiness and liberties of our people, even unto heaven. While we were piling it up we were recklessly expanding the currency. When pay day near begins to make its approach we are just as industriously occupied in contracting the currency. Suppose a neighbor of yours should act upon the same principle. Suppose he should go into the market in the spring and buy whatever he wanted, and should voluntarily have the price of whatever he wanted cancelled, and should promise to pay in the fall out of the proceeds of his summer's labor, whether agricultural or otherwise; and suppose when fall came, and his notes were coming due, he should voluntarily run down the prices of everything he had to sell, so that it consumed his whole crop to pay his debt incurred in the spring, when, if he behaved rightly and kept up the prices, he might pay his debts and have half his crops for a surplus. Would you not say he was a fool? Well, that is exactly what the Republican party has been doing for the people of the United States. What is the result? You see in Maine, and from what you see in Maine you may judge of what the results are in the rest of the country.—Are you prosperous? Are you growing rich day by day, or are you living off the proceeds of your past labors? If you are not prosperous, why not? Your skies are bright, your ground is fertile, your air is pure, your men are industrious; your women are thrifty—why is it that the wail of distress goes up from all over this State of Maine, and that poverty and wretchedness find their way into homes where before there was nothing but luxury and comfort? Why is it that your agricultural interests are so depressed? Why is it that your taxes consume such an enormous amount of your yearly supply? Why is it that your harbors are deserted and your shipyards a desert waste? Why, the answer lies before you, so that the way-faring man or the fool may not err therein. You cannot build your ships because every article that enters into their construction is taxed so high that the British colonies undersell you always. You cannot employ labor, because labor is compelled to pay these taxes, and the bones and sinew and blood of men cannot work and pay taxes and be neither fed nor clothed. You cannot carry our Western produce to other countries, because when we have paid our labor and taxes and transportation there is nothing left to send abroad.—You cannot carry the Southern produce because under Radical reconstruction farmers have been converted into politicians, and cotton, rice, sugar, have ceased to be the staples. A garden system is the life of your commerce, as it is the hope of your industry; yet the tariffs must be kept high to pay interest on our public debt, and the daily expenses incurred by Republican policy,

and while it skims the rich alluvium of our fertile valleys to make the sterile rocks and barren coasts of Massachusetts to smile, it destroys your shipping and palsies your industry that her manufacturers may be protected. I have stated to you that the last official report of the Secretary of the Treasury shows the debt to be \$2,033,588,756; of this amount \$1,533,110,000 are in five-twenty bonds. I maintain that these bonds are payable in legal-tender notes. The law under which they are issued expressly declares that the legal-tenders are payable for every debt due from the Government except interest on the public debt. The bonds say they are payable in legal tender notes. Senator Sherman says so. Senator Morton says so. Thaddeus Stevens says so. The Funding bill says so. The Democratic conventions of Pennsylvania, Ohio, Indiana, Illinois, Missouri, Wisconsin, Iowa, Minnesota, and Michigan say so. The Democratic Convention of Maine says so. The great council of the Democratic party at New York says so.

A year ago, when I asserted this theory, I had opposition enough to justify an argument. Now I have not. I do not know how it is with your Republicans in Maine, but in Ohio and Indiana there the people are so anxious to get on that they threaten to jostle me off of my own platform. [Great laughter and applause.] A year ago the leading men called us copperheads and traitors—Now they politely say the theory is true, but altogether impracticable. Not at all, my friends. Pay the bonds as they become due. Save the interest.—Save the premium on gold. How?—The national banks have out a circulation of \$300,000,000, secured by bonds. You understand this operation very well. Three men buy one hundred thousand dollars worth of bonds. They deposit them in the Treasury. They get their 6 per cent. interest in gold.—They get 90 per cent. in bank notes, and this they come home here to loan at 10 or 15 or 25 per cent. as they may be able to exact from the purse of the borrowers. The Government pays 6 per cent. in gold to these gentlemen for the burden of lending money at 20. Break up this system. Call in that circulation. Issue greenbacks in its stead. Take up \$300,000,000 of bonds and save \$18,000,000 in gold annually by way of interest. This will reduce your debt, reduce your interest, and enable you either to reduce your taxes or to increase your payment the next year.—Your income is at least \$500,000,000 a year. Be honest. Be economical. Let the thefts be stopped. Let robbery be punished. Expend \$150,000,000 a year—twice as much as President Buchanan expended, far more than General Jackson expended in any four years of his administration. Add \$15,000,000 for interest, and yet you have more than \$200,000,000 a year, and that sum constantly increasing by a large amount with which to pay off the public debt. In this way it can be paid, every dollar of principal and interest, by the time it becomes due, without adding one cent to the tax or one cent to the circulation. If it is thought advisable, the taxes can be reduced and the payments be prolonged for ten years. I hear it stated that this is unjust to the public creditor. Not at all. You pay him back all he gave. You pay him high interest, you pay him all you promised. Show me a single bondholder who, if you pay him to-day in legal tenders with gold at 140 per cent. will not replace his outlay, and I will show you fifty, who in addition to twelve per cent. interest, have added in five years forty per cent. to their principal.

The question is not whether you will pay the bondholders what you owe, but whether you will rob the people to pay the bondholder what you do not owe.—[Applause.] I hear it stated this is unjust to the people. When this Legal tender law was passed, it confiscated two-thirds of all the indebtedness of the country. The man who had a note for \$1,000 in gold was compelled to take \$1,000 in paper. The man who had leased a house for \$500 in gold could pay his rent with \$500 in paper. I know an instance in New York city. A man sold his neighbor a lot for \$20,000. The purchaser was a thrifty trader who could make more than 6 per cent. from his money. The seller was a thriftless trader who could not make so much.—They agreed that the purchaser should pay when he pleased, but in the meantime should pay 6 per cent. interest. He waited till gold was two hundred and fifty. He took his \$20,000 in gold and bought \$50,000 in legal tenders, paid \$20,000 to the seller, invested \$30,000 in five-twenty bonds, has drawn \$1,800 in gold a year interest, and now is the most loyal patriot and the honest clamor for payment of the bonds in gold, of all my acquaintances. [Applause.] He is a reasonably good man, they say. He is a Christian man, and they say that every night as he goes to bed he prays God that he may do to other men as he would have other men do to him, and when he raises his hand in prayer, that God may deliver him from his enemies, he prays especially that he may be saved from that public enemy who wants to pay the five-twenty bonds in greenbacks. [Loud laughter and applause.] I hear it said this system will depreciate the currency, and cheat labor of its just rewards. Not at all. Every dollar of the public debt which is in this way paid will relieve the property of the country from the mortgage which is upon it, and by making the greenbacks more certain of redemption will increase their value.

No, gentlemen, pay these five-twenty

ties in legal-tender-notes, the moment they become redeemable, and you will reduce the debt, you will save the interest, you will relieve labor from its burthens. (Applause.) Couple with this the taxation of capital to the same extent as you tax labor, stop the excessive contraction of the currency, expand it if necessary to recover the business of the country from the prostration it now feels, and you will make capital profitable; your ship-yards will be alive again. Our fertile fields will yield a bountiful harvest. Labor will perform its accustomed work, and bowing its cheerful head to a burthen which is always heavy, will push forward with higher courage and loftier step. (Cheers)

Do not misunderstand me. I did not vote for the Legal Tender Law. I opposed it. I thought it very wrong. I was then, I am now, a hard-money man. I saw the evils of an expanded and depreciated currency; but the law was passed. The evils were contracted; they have been endured by the people; and I am now in favor of extracting from the system all the good which can be gotten out of it. (Applause.) I have no hostility to the bondholders. They are doubtless worthy and estimable gentlemen, I would do them exact justice. Where I promised gold, I would pay gold; where I promised paper, I would pay paper. I beg of them now to be just and wise. I would not threaten, but they may go further and fare worse. Labor is suffering; it may become restive.

The republican party upsets this whole policy. It insists on paying the debt in gold and exempting bonds from taxation. The Funding bill expresses the whole idea. It passed both Houses; it would have been a law except for the adjournment. It provided that the present bonds bearing 4 1/2 per cent interest payable in forty years, principal and interest both to be paid in gold, and to be exempt from all State and Federal taxation. Gold stands to-day upwards of 140. This bill adds at once six hundred millions and more to the debt. It abandons the right of taxation, and thus gives up more than twelve millions of gold. It postpones indefinitely the payment. If payment is postponed forty years, the debt will never be paid at all. It will become one of the permanent institutions of the country. If the debt should be \$2,500,000,000, and should be funded, at even 4 per cent., the annual interest would reach \$100,000,000 in gold, and this must be raised year by year, from the labor of the country for forty years. How many of you will live that long? How many of your children will live that long? And yet, year by year, so long as you live, as long as they live, out of their sweat and blood, of their bones and sinews, of their breaking hearts and dying bodies, these one hundred millions must be raised. (Applause)

Do you know what a national debt means? It means hard labor, scant clothing, brown bread and no meat. It means that the rich shall be richer and the poor poorer. It means that untaxed capital shall pamper the idle with luxuries, while squalor shall preside in the cabin of the poor, and suffering shall make his life like a constant death.—(Clenched applause)

Is there before me any young man.—Are you willing to perpetuate a policy which will forever prevent you from rising above your present condition?—You look forward to a few years of labor, and then hope to devote yourself to trading with the capital which your industry and frugality shall have saved. In your dreams you see a snug cottage, lighted with the smile of love and sounding with the babble of infant tongues, over which plenty and contentment cast their cheerful rays.—(Great applause.) Are you willing to give up this bright prospect and be content forever to pay to the taxgather all your earnings beyond food and clothing? Ours of ("No!" and "No!")

Extend the debt and reduce the interest! No, gentlemen, pay the debt and save the interest. Reduce the taxes, equalize the burthens, and industry will be stimulated, business will be restored, enterprise will be active and labor will reap its just and adequate reward.

An essential step in this movement is the restoration of the prosperity of the Southern States. They constitute an agricultural community. They are producers. Their interests are identical with yours. Their staples will furnish business for your mercantile navies.—They will furnish wealth for us all.—They ought to pay their share of the tax and of the public debt. They can do it well. They will do it easily if order is established in their homes and security is felt. "He who soweth shall also reap." Every instinct of selfishness, as well as patriotism, demands that the policy of hatred and oppression shall cease, and that those States be restored to their rights and the people to their liberties. (Applause)

Fellow-Democrats! are you up and active and well organized for the struggle before you? The eyes of the whole country are upon you. The hearts of the Democracy, of the conservative men, everywhere are with you. You will fight the first battle of this campaign. If you win it, even if you improve on last year, you will give it the prestige of victory. We will carry the country. For twenty years the elections of Maine have foreshadowed the result in the West. We look always to you with intense interest. Our hearts and hopes are with you. Send us in September news of your victory. (Cries of "we will!" Ohio, Indiana, Illinois,

will follow; Seymour will be elected—(tremendous applause)—and the shouts of our rejoicing will be answered to us from Heaven, as when of old the angel choir announced, "peace on earth, good will to men." (Tremendous applause)

Jacksonville Republican.
JACKSONVILLE ALABAMA
SATURDAY, SEPT. 6, 1868.
FOR PRESIDENT,
HON. HORATIO SEYMOUR
OF NEW YORK.
FOR VICE-PRESIDENT,
GEN. FRANK P. BLAIR,
OF MISSOURI.

PROGRESS OF OUR RAILROAD.—We again passed up the Selma, Rome & Dalton Railroad on last Monday as far as constructed, which was on that day to Cave Spring. That Prince of Railroad builders, **CARR E. G. BARNES**, was on the train, who gives his daily personal supervision to all the minute details of the work. The grading is finished we understand to Rome, and no pause will be made in laying down the iron. From the State line this way a corps of hands, under the supervision of Mr. Milner, are employed in second leveling and last finishing touches to the road, and a similar one under Mr. O. Fallon on the Blue Mountain end, meeting them. The road where thus finished is beautiful, smooth and substantial, and will compare favorably with any road in the whole country. The freight and travel is already rapidly increasing as the road approaches completion to Rome.

On this trip we were again favored with the company of our genial friend **Warren Harris**, who takes great pride and interest in the progress of the work, and seems to be a general acquaintance and favorite with all the Railroad hands and Superintendents.

DEPOT AGENT AT JACKSONVILLE.—It will be seen from the notice of Mr. Smith, that he has been appointed Agt at this place, and is now prepared for the reception of freight and passengers. The large and commodious brick depot is now nearly finished, and when so, will be one of the most beautiful and substantial on the whole line.

We are also informed by Capt. Barney that the Telegraph line will be finished and an Agent at this place within three weeks; after which, we hope that our friends will remember that at the close of each week they can get later telegraphic in the Republican than from any other point.

Joseph E Veal, Dealer in Watches, Clocks, Jewelry, Silver Ware and Fancy Goods Rome, Ga.—We invite special attention to the advertisement of this gentleman, Proprietor of the long established Jewelry House of 15 years standing in Rome. This correct, clever, liberal and accommodating gentleman has a great variety of useful, beautiful and valuable articles at low prices, and among his novelties the celebrated Bird Clock. His department too for security and safety is worthy of particular consideration. When you go or send to Rome, give him your patronage for such articles as you need in his line.

We offer no apology for the space occupied in our paper by the great speech delivered by Mr. Pendleton at Bangor Maine. It is a clear, distinct and forcible review of all the principles at issue between the two parties in the country, and an able expose of the very foundation principles of government.

We have seen this year several very fine specimens of Molasses made from the Chinese Sugar Cane, but were sent a specimen, last Saturday manufactured by **Col. J. M. STEN**, which seems decidedly superior, both in clearness and flavor; and we were also informed, that it may be used to sweeten coffee, make preserver, &c. Col. S. manufactured these molasses in a copper evaporator, which is further proof of the great value and utility of these articles.

J. F. Dennis & Co., Selma, Ala.—This well known, prompt, energetic and reliable firm give notice in this paper, that they are prepared to receive, store and ship Cotton. No drayage charged, and freight and other charges paid there on cotton shipped to Mobile or elsewhere.

Stollenwerck & Bros.—Attention is invited to the card of these excellent, experienced and reliable Cotton Factors and Commission Merchants, of Mobile and Selma, Ala. They possess every facility in business, and are enabled to do as much for the interest of their patrons as any other firm. Mr. E. L. Woodward will advance Bagging and Rapet to persons who consign cotton to this firm.

Attention is invited to the correction in the days of sale of Town Lots in Oxford, by B. Johnson, Adm., and sale of Land by Solomon Killgore, Ex'r, to 5th and 12th Oct instead of 9th and 14th Oct.

We are pleased to see the last number of "Our Mountain Home," published at Talladega, greatly enlarged and improved. It now contains eight, five column pages. This is the second enlargement of the Mountain Home. Our friend Shaukin, like a thrifty farmer, believes in moving his fence out instead of in, which is a sure indication of prosperity and success.

Important.
All persons indebted to us, are earnestly requested to call in a few days, and settle their accounts with us. We need the money to enable us to purchase a new stock.
We want to buy a lot of wheat and will pay cash for it. Call and see us.

The Grand Rally
OF THE
Democracy!
On the 3rd inst. a Success.
FROM 5 to 7,600 FREEMEN IN MASS MEETING!
THE PEOPLE AROUSED—THE GREATEST ENTHUSIASM KINDLED!

In spite of wind and weather, at an early hour, on Thursday 3d inst. our people from the Mountains and Valleys came pouring into our Town, in carriages and other vehicles, on horseback and on foot, demonstrating in their Grand Rally, that "there is life in the old land yet."

At 10 o'clock, a signal gun having been fired, the immense multitude moved off to the Grounds prepared for the occasion, under the direction of **Gen. John H. Fossay**, Marshall of the day, assisted by a score of Aids, in the following

Order of Procession.
AMATEUR BRASS BAND, in Band Wagon.
EXECUTIVE COMMITTEE AND ORATORS OF THE DAY, in open Carriages
CITIZENS IN CARRIAGES,
CITIZENS ON HORSEBACK,
CITIZENS ON FOOT,
COLORED PEOPLE.

Upon the arrival of the Procession, with its Music and its Flags, at the Speaker's Stand, it was greeted by thousands who had previously assembled on the grounds

At the hour appointed for the speaking to commence, a heavy rain began to fall, which necessitated an adjournment to the Depot Building. But large and capacious as is that mammoth building, it could not hold one half of the tremendous crowd—packed to its utmost capacity inside, and its vast shoals densely filled, there were still thousands compelled to take the rain or seek protection in the neighboring dwellings.

In the meantime the Railway Trains from above and below came whistling in bringing immense numbers from other counties, among whom was an organized Delegation from our patriotic sister county, Talladega. Among the most pleasant incidents of the day, was the reception and introduction of this Delegation to the Democracy of Calhoun. Upon their bright banner in streaming letters, we read, "Talladega sends greeting to Calhoun." Following the lead of the President of the meeting, thousands of voices, from cordial Calhoun hearts, rang out Three Cheers and a thrice welcome to the Democracy of Talladega!

The regular exercise of the day began with an impressive Prayer by the Rev. M. McVoy, of Selma Ala. After which, the President introduced the Hon. **ALEX. WHITE**, who addressed the meeting in a speech of two hours length, replete with argument against the constitutionality of the Reconstruction Laws, under which we are now suffering, and brim full of burning, impassioned appeals to all—white and black—to come up to the full measure of their duty, in this evil hour, and if possible, save the whole country, North and South, by hurling Radicals from power, and restoring the "Constitution

of our Fathers." It was one of the grandest efforts of his life. While Mr. White was addressing the crowd in the Depot, notwithstanding the rain was pouring down, Mr. James Welch, of Talladega, entertained about a thousand at the Stand, in a forcible, captivating speech of an hour. We understand Mr. Welch is full in the canvass, and is doing noble service in Talladega and Shelby.

Upon the conclusion of Mr. White's speech, dinner was announced, & raining as it was, about one half of the people repaired to the tables, where there was an abundance for all—and the other half, many of whom were Ladies, were fed at the depot from full baskets. Dinner over, the meeting was called to order, and the colored portion of the crowd was addressed by **George McClanahan**, a colored man from Shelby, George, considering his opportunities & education, is an effective speaker, and his effort here will do good to the colored men by leading many of them from the error of their ways.

The Hon. **Geo. S. Walden** of Talladega was then loudly called for, and responded in a short but able speech, pointing out our wrongs and grievances, and invoking every one to do his whole duty, that these wrongs may be remedied.

The Hon. **M. H. Crenshaw** of Talladega, after repeated calls, was brought to the stand, and delighted the meeting with a concise, happily extemporized speech, in which he pleasantly alluded to his past political differences with our people, but pledged himself to the Democratic Nominations as the only hope, through a restored constitution, of bringing peace, happiness and prosperity to our country.

Col. J. H. Caldwell, of Jacksonville, being also called for, responded in a brief but eloquent, forcible and pointed speech, which highly delighted the audience.

Thus ended pleasantly, in spite of the rain, the Grandest Mass Meeting of the Avalanche Democracy ever assembled in this portion of the State.

THANKS.
We are requested by **Maj. John M. Wylie**, Chm. of Com. of Ariz'ts to return the thanks of the Committee to **Dr. James H. Lawrence**, Leader of the Amateur Brass Band, and his gentlemanly associates, Messrs **Robt. Cowan**, **Geo. Chambers**, **Wm. Jenkins** and **T. H. Smith** of Talladega, and Messrs **S. D. Harrison**, **J. Crawford** and **Walter Caldwell** of Calhoun, for their valuable assistance on the occasion of the late Mass Meeting.

In complying with their request, we take pleasure in uniting with the committee in saying that the interest and pleasure of the occasion were greatly enhanced by the admirable manner in which the Band performed its part. We say, after such a success, **Dr. Lawrence**, who is now a citizen of this place, having established himself here as a Surgeon Dentist, will have his kindness taxed repeatedly in organizing impromptu Bands for similar occasions.

From Nashville.
Large Meeting of Conservatives and Ex- Rebels—Lawlessness and Mob Law Denounced—The Franklin Murder—A Repudiation of Bonds to Support the Militia Act—The Democratic Ticket Not to be Withdrawn—Movements to Suspend General Thomas—No State to Keep Troops in Time of Peace.
Nashville, August 20.

A large meeting of Conservatives and ex-rebels was held last night. Resolutions were adopted strongly disapproving of the prevailing lawlessness and mob law, and tendering a thorough co-operation with the civil authorities in preserving the peace.

While the Franklin murder is severely censured by nearly all parties, it is absolutely certain that the deed was prompted by retaliation for the murder of young **Ezell**, and without any regard to politics.

Bierfield, who was killed, came from Canada about two years since, and, although claimed as a moderate Republican, it is a notorious fact that he was strongly opposed to the election of Grant, and openly advocated the claims of Seymour and Blair. These facts are stated because it has been telegraphed in all directions that Bierfield was killed for political causes.

The Tennessee press is strongly advocating the repudiation of all bonds necessary to support the militia, provided the latter are called out. There is no doubt that efforts will be made all over the State to carry this into effect, which will add further to the existing complications.

The pressure in favor of prosecuting the Democratic canvass is so strong from all directions that it is now certain that the ticket will not be withdrawn with 50,000 militia in the field. There was general rejoicing here last night over the news that Federal troops are to be sent into the State to protect the people.

The President still has Tennessee under advisement. He expresses his surprise that no journal has found out that the Constitution of the United States declares that "no State, without the consent of Congress, shall keep troops or ships of war in time of peace." He clearly thinks that the Tennessee Legislature has no right to call out the "militia."
(Special to the Cincinnati Commercial.)
A movement to get the President to remove General **George H. Thomas** from his command in Kentucky and Tennessee is pressed very earnestly by Conservatives from that quarter. They declare that Thomas is even more Radical than **Brownlow**.

OBITUARY.
DEED, in Lamar County, Texas, on the 15th Nov 1867, after a protracted illness, **Mrs. SUSAN ELIOT DRAPEL** (eldest daughter of William and Elizabeth Littlejohn, formerly of Union District, So. Ca.) in the 42nd year of her age. At the age of about 12 or 13 years, she sought an interest in the nationing blood of a dear Redeemer, and sought it not in vain: She became a consistent member of the M. E. Church at Zion, Spartanburgh Dist., So. Ca.—After her marriage and removal with her husband (R. W. Draper) to Calhoun County, Ala., she became a member of the Baptist Church of which she lived a consistent and exemplary member until death closed her mortal life.—She was kind and affable to all around her; a loving and devoted wife, kind, affectionate mother: she possessed those traits of character seldom ever excelled by woman, mild and even tempered; she bore her affliction with christian-like fortitude. She often spoke of death and would ask her friends what they thought of her case, to which they would answer that they thought she would get well; Oh, she would say, thus what you all tell me, you need not be afraid to tell me the truth, it does not alarm me, I am not afraid to die; all that bound her to earth was her husband and dear little children. I remember after she had removed with her husband from Calhoun Co., Ala. to Lamar Co., Texas to have seen her in a revival of religion with her brothers and only sister around her, in which her soul was set on fire by the powers of the Holy Ghost. She spoke of Heaven and meeting loved ones that had passed on before; and of that number was her dear mother and her sweet little boy.—She rejoiced and again rejoiced, and if I ever saw christianity depicted in the soul, it was on that occasion. Oh that we her surviving friends and relatives could but imitate her christian example. She leaves a husband and 7 children, 3 girls and 4 boys, to mourn her loss; but they sorrow not as those that have no hope, for if we believe that Christ died and rose again, so those that sleep in Jesus will be brought forth. One of her favorite songs was—
And let this feeble body fail,
And let it faint and die;
My soul shall quit this mournful veil,
And sore to worlds on high.
Come sinner see a christian die,
No tear bedews or dims their eye;
When no earth born clouds arise,
To invade their passage to the skies.

L. W. GRANT, Assignee.

Letter from the Speaker of the House.

The Orders for the Election as Provided in the Code, to be Issued, and the People to vote as they please.

Editors Chambers Tribune:

Sir: I regret to see from some publications in the Montgomery papers that the action of the Legislature, in reference to the Registration question, is at least by some, grossly misunderstood.

The Senate Bill providing for a registration came up in the House on the evening of the last day of the Session, and was then defeated. As I made a speech against the Bill, I may not be considered an intruder in stating my object in doing so.

Long before the assembling of the Legislature, my attention was called to this very subject by the Hon. E. G. Richards and he then suggested to me that the Constitution left in the discretion of the Legislature as to the time a Registration law should be put in force.

His idea was that by adopting the Code, all necessary elections could be held without running the State to unnecessary expense in the enactment of a new and expensive Registration system.

The Legislature had already adopted the Code, which certainly makes ample provisions for all elections by the people. My earnest endeavor, while in the Legislature, was to secure a free, full, and fair election by the people.

I protested against the Bill which proposed to take the election of "Presidential Electors" from the people, and as the Code gives all citizens a free and fair chance in the coming Presidential election, I could see no reason for the enactment of a new law for Registering voters.

Under the very same provisions as are now in the Code we have held elections for years in Alabama. Why not continue to do so? I can see nothing in the present Constitution of the State forbidding an election by the people for Electors in November next.

Nor can I see that the Legislature failed to do any thing necessary to be done in order to give the people that right. The truth is that the whole of that part of the Constitution having reference to a system of Registration is directory and not mandatory. It was so construed in the House. But while the General Assembly did fail to adopt a harsh, severe and expensive Registration law, they did better. They exercised the discretion vested in them by the Constitution, and in the simple act of adopting the Code provided for a fair and legal election by the people.

Gov. Smith's Veto of the Electoral Bill met my hearty approval. That Veto effectually killed and buried the Bill. I hope the newspapers will hush their unfounded doubts—that the orders for the election as provided in the Code will be issued and the people in their ancient elective franchise vote as they please.

I am very respectfully,
Your Obedt. Servt.
B. B. McCRAW.

Good News.—A letter from an influential gentleman of this city, from a friend in New York, speaks in strong terms of the necessity of preserving the peace under all circumstances throughout the South, and especially in New Orleans. The provocations may be great, but they will only be temporary either as to duration or effect.

Before the close of November, Radical power will be virtually at an end. The letter goes on to say: "We are certain of electing Seymour without the vote of a single Southern State, but with trouble in New Orleans we will be very severely damaged in the North."

* Pennsylvania will give us a clear majority of 40,000, which will settle Indiana, Illinois, and the remainder of the West. Doubtless writes that he is amazed at the changes in Wisconsin. Be of good cheer, as day is breaking. Cheering news of this nature is brought to us from all points of the compass. Grant stock is constantly going down.—N. O. Times.

SEYMOUR AND BLAIR IN MICHIGAN.—Yesterday morning two gentlemen while taking a cup of coffee and a sandwich at the railroad depot, got into a conversation about the political prospects in Michigan. One insisted that it would go Democratic, the other discredited the statement. The first speaker, by way of attesting his faith in the correctness of the statement, offered to bet one hundred dollars that it would go Democratic. He said he lived in that State, and knew what he was talking about. He said that Republicans are leaving the republican party in hundreds. The man who at first disputed the correctness of the statement was inclined to take the bet, but on a little reflection declined to do so. Massachusetts is the only State the Republicans would be safe in betting much money on.—Columbus (O) Statesman.

Why do the Southern people love General Butler? Because, "where our treasure is, there is our heart also." The N. O. Crescent is responsible for the above.

THE GREAT Southern Preparations

COMPRISE a class of pure and select Family Medicines, prepared from pure Drugs, by a class of experienced Southern Physicians, specially for the diseases incident to a Southern locality. They are not secret nor potent mixtures, and are recommended to be used in lieu of those prepared by our Northern friends, who know but little about Southern treatment. Ours is the only class of Family Medicines ever offered to the public which were prepared by the Medical Profession.

FEMALES OF THE SOUTH.

Diseases peculiar to your sex, incident to all localities, called from the passing breeze that fans you with its perfumed breath, or snatched from some pendant dew-drop, are to you a constant and abiding trouble. Whether an inhabitant of city or country, hill or dale, palace or hovel, disease rangles and preys upon your vitality. Gloom and despair are your constant companions. Your pale and ghastly countenance, your colorless cheeks, your listless eye, your feeble and tottering walk, your palpitating heart, your dejected brow, all tell of that disease which is gradually and steadily making inroads upon your declining system.

The Sunshine of Hope

Now bursts upon your vision, and the clouds of despair that hangs as a heavy pall of gloom upon your brow can be driven back, and the bright visions of health, in all its grandeur, are offered you. DROMGOOLE & CO'S

ENGLISH FEMALE BITTERS

Is the only combination that actually and positively arouses and restores the womb to its natural healthy condition. It removes all unnatural obstructions, relieves painful or suppressed Menstruation, cures Leucorrhoea or Whites, Falling of the Womb, Hysterics, Chlorosis, Palpitation, Nervousness, Swelling and Giddiness of the Head, Melancholy, Ulceration and Irritation of the Womb, Derangements of the Kidneys and Bladder, and all diseases that are peculiar to the female sex—afflicting old or young, married or single. Send and get one Bottle, it will do you good.

YOUR LIFE BLOOD

Must be changed in order to be relieved of that troublesome class of diseases requiring pure blood. DROMGOOLE & CO'S

Constitutional Monarch

Is recognized by the Medical Profession as the BEST and most CERTAIN Blood Purifier now before the public, and why? Simply because it is composed of the best medicines known, viz: Silligina, Yellow Dock, Sarsaparilla, Burdock, and Iodide of Potash. For Scrofula, Cutaneous Eruptions, Skin Diseases, Gout, Rheumatism, Glandular Tumor, and Swellings, old Ulcers and Sores, Constitutional Derangements, etc., it acts like a charm.

DROMGOOLE & CO'S Fluid Ext. Bearberry, Cubeb and Buchu.

A highly concentrated medicinal compound, expressly for affections of the KIDNEYS & BLADDER, such as Incontinence, Frequent Desire to Urinate, Urinary Deposits, Thick or Milky Urine, Effluvia of early Discharge, Nervous Trembling, Gravel, Gout, Pains in the Back, Gleet, Loss of energy, Strangury, and all affections requiring a quick and reliable Diuretic. In all cases of a want of action on the part of the Kidneys and Bladder, affecting old or young, male or female, this compound can be relied on.

CHILLS AND FEVER

Can be easily cured by using one Bottle of Dromgoole & Co's KING OF CHILLS, which never fails to arouse the Liver, cleanse the Stomach, open the bowels and relieve the most inveterate cases of Chills. One Bottle will cure a case of six months standing.

DROMGOOLE & CO'S Red Diarrhoea Remedy.

The most certain and effectual cure for all forms of Diarrhoea, Nausea and Vomiting, Cholera Morbus, pain in Stomach, summer complaint of children while teething, etc. It is exceeding pleasant, cools and quiets the stomach, is not an alcoholic preparation, contains no kink, catkins, galls, tannin, logwood, etc. It imparts tone to the nearly debilitated stomach and bowels, and no family should be without a bottle. It never fails to cure.

PILES! PILES!!

Why is it you continue to suffer with Piles, when the remedy to cure you can be so easily obtained? Do not suffer another day; send immediately and procure one box of Dromgoole & Co's PILE SALVE and be cured. Internal or external Piles, whether recent or long standing can be cured immediately. Cannot Southern Physicians cure the Piles as well as any one else? Try our remedy, then.

Those Who Do Not Think

Gray hairs honorable, can have them restored to their natural color without staining the skin or scalp. It does not dye the hair, but simply RESTORES to its former color, and at the same time prevents it from falling off, cleanses the scalp of all dandruff and scurf, imparts a beautiful gloss and comes as near restoring hair to the bald as any other preparation. It is Dromgoole & Co's Tonic Hair Restorer. It is warranted.

THE GREAT SOUTHERN PREPARATIONS

as a class of Family Medicines should be used by every body. J. P. DROMGOOLE & CO., Proprietors, Memphis, Tenn. Sold Wholesale by Edwin Morris & Co., Louisville, Ky. T. C. DUBES & Co., Mobile, Ala. FLEMING, WARD & Co., New Orleans, La. COLLINS Bro's, St. Louis, Mo. Also for sale in JACKSONVILLE at the Drug Store. Mar. 1868. And by Druggists everywhere.

AMOS KENVALL.

Views of One of General Jackson's Cabinet on the Situation.

Hickory Sense.

Straight-out Old-fashioned Democratic Doctrine.

The following able and interesting letter was read at the grand Democratic jubilee in Washington on the 21st instant. It has the old bugle sound that once roused the country.

KENDALL GREEN, Aug 20, 1868. Alex. Rutherford, Esq., Chairman, &c.

DEAR SIR—I duly received your letter of the 15th instant as chairman of a committee of a Jackson Democratic Association, inviting me to attend at the dedication of their hall on the evening of Thursday next, and expressing the belief that my association with General Jackson will enable me "to add to the interest of the occasion."

In reply, I have the honor to thank you and your committee for remembering me in my seclusion, and to inform you that my duties elsewhere on that evening, and my disinclination, at the age of seventy-nine years, to mingle in political excitements, forbid an acceptance of your kind invitation. But recognizing the duty of every living man to do what he can to serve his country in times of danger, I have no hesitation in communicating to you and your association the views I entertain upon the issues involved in the elections of this year.

THE CANDIDATES.

Of the men who are candidates I have nothing to say. It seems to me the duty of every true patriot, in this momentous crisis, to think only of the great principles and results involved, and overlooking all that is merely personal in the candidates, consider them merely as instruments in maintaining those principles and affecting those results.

THE WAR.

A vast majority of our Northern people went into the late war for the preservation of the Union. The war was successful, and the Union was preserved. The rebels everywhere laid down their arms, and peace was restored throughout the land. All that was needed to make that peace perpetual was State officers in all the seceding States sworn to support the Constitution of the United States.

True, every man who had borne arms against the United States, and every one who had given them aid and comfort, had, under the Constitution and existing laws, incurred the penalties of death and confiscation. From these penalties they could be relieved only by the constitutional pardoning power, or by trial and acquittal in the courts. The subject was exclusively executive and judicial, and altogether beyond the rightful jurisdiction of the legislative power. Now, who does not know that had the amnesty proclamations of the President been allowed to have their legal effect and the Southern States been permitted to reorganize themselves under officers sworn to support the Constitution of the United States, we should long ago have had peace and comparative prosperity throughout our borders? Why is it not so?

USURPATION OF THE RADICAL CONGRESS.

It is attributable entirely to the usurpations of Congress. That body began by adopting the absurdity that the successful war for the preservation of the Union had in fact destroyed the Union; that in compelling the seceding States to remain in the Union our armies had in fact thrust them out; and that, however anxious the Southern people might be to stay in or get in, they could not do so without assenting to such conditions as Congress might prescribe. If the success of the war put the Southern States out of the Union, would this absurdity have kept them in? On this absurdity was based the entire reconstruction legislation of Congress. They assumed that the seceding States, instead of being portions of our great republic, were altogether foreign, and that their people, instead of being repentant rebels, were conquered enemies. Upon these pretexts they took them out of the constitutional supervision of the executive and judicial departments of the government, and subjected them to the unlimited power of Congress, irrespective of the Constitution. Instead of leaving them to be pardoned under the laws in existence when their crime was committed, they passed ex post facto laws, disabilities, from which their victims could, according to their theory and practice, be relieved only by the usurping and absolute power which had imposed them; and when the President and judiciary indicated a disposition to exercise their constitutional rights, they sought to deprive them of their rightful powers by legislation, and by threats of punishment by impeachment. Thus, practically, has Congress subverted the Constitution, and, on this subject, taken into their own hands all the powers of government—legislative, executive, and judicial. If their theory were true, instead of being false, as it is, where did they get the power to legislate over the seceding States—to treat them as outlaws, and put them out of the pale of civilized and republican institutions? Not, surely, in the Constitution of the United States. And if not there, what rightful power had they, beyond that of any other body of usurpers not bearing the title of Congress, to legislate over these people at all? The party which has produced all this wrong, usurpation, and oppression calls itself *Republican*. Before and during the war, its leaders maintained that the Southern States had not republican governments, because the negroes had no right to vote. The same men have joined in imposing governments upon those States in which large numbers of white men have no right to vote; and yet these governments are republican enough for them. And these Republican leaders have shown their regard for republican government by the scheme lately concocted in Washington, and sent out to be executed by their tools in the South, for taking even from these new fledged voters the right to vote for Presidential electors—a right long exercised by the people of every State in the Union, except South Carolina, the most aristocratic in the Confederacy. And this plan has been actually adopted in Florida, and so far defeated in Alabama by the veto of a Southern-born Governor, who strangely imagines that modern republicanism means something more than a design to retain control of the government even at the expense of every truly republican principle and institution. Look at the rest of the new States which Congress has admitted into the Union, without the population of a second-rate city, each having as many Senators as old States with their swarming millions.

MODERN REPUBLICANISM

Is it republican that twenty thousand voters in the Western plains and mountains should have the same representation in the Senate and the same vote for President, in case of an election by the House of Representatives, as a million of voters in Ohio, New York, Pennsylvania, and other great States? Yes, it is modern republicanism; it is that republicanism which tramples upon every fundamental principle of free government to secure political power; which casts the Constitution behind it when it is an obstacle in its way; which dispenses with the civil authorities in peaceful States, and governs with the bayonet; which takes suffrage from intelligence, and vests it in ignorance; which imposes constitutions on unwilling communities, and calls them free States; which would impeach an honest President for attempting to protect and defend a violated Constitution, and deprives an upright judiciary of its legitimate jurisdiction, lest it should commit the same offense, which punishes crimes canceled by the pardoning power, and compels citizens, by test oaths, to testify against themselves; and which arrogates to itself, over ten States, notwithstanding the constitutional limitation of its authority, all the powers claimed and exercised by the veriest despot on earth.

THE RECONSTRUCTION.

But there seems to be a pause in the mad career of the usurpers. Reconstruction, lately urged on with railroad speed, seems to be suddenly suspended. What is the matter? Do the tools so eagerly grasped by the usurpers begin to cut their own fingers? Do the negroes begin to rebel against their new masters? Is it certain that their new-fledged voters in the South will not vote against the radicals in the approaching Presidential election? Behold their expedients to avoid such a calamity! The first is, to take from the people in the reconstructed States the right to vote for electors. The second is to deny to the unreconstructed States the right to choose electors in any mode. By these two expedients they expect to secure the electoral votes of the one class of States and avoided the danger of having the votes of the other cast against them. Of the latter class of States are Virginia, Mississippi, and Texas. Is Virginia in the Union, or out? She went to war to get out, and was forced to stay in. If she is not in now, who has put her out? What but Congress? And have Congress power to put States out of the Union? They have practically usurped that power, and have passed an act prohibiting that and the other unreconstructed States from taking part in the approaching Presidential election. If Congress can at will put States out of the Union, and can establish a military empire outside of the Union, we be to the cause of liberty within the Union!

THE PEOPLE WILL HOLD CONGRESS RESPONSIBLE.

The members of Congress cannot escape their responsibility to the people and their allegiance to the Constitution by any such subterfuge. The people will ask them why they denied all representation to the Southern people in Congress, when, in their unquestioned privilege to judge of the qualifications of their own members, they had the power to exclude all members elect who had taken part in the rebellion, or were disloyal to the government. They will ask why they suspended the writ of habeas corpus in ten peaceful States, subjecting the people thereof to a military despotism, when the Constitution expressly forbids the suspension of that writ, "except in cases of rebellion or invasion," and then only when "the public safety may require it? They will ask why, when there was no resistance to the civil courts, the citizens of ten States have been subjected to military tribunals, in violation of positive law, and the most sacred principles of free government? They will ask why so many little States have been carved out of the Western wilderness; why the President has been impeached, and the Supreme Court threatened and paralyzed; why Congress has usurped the power to regulate suffrage in the States; why, in the exercise of this usurped power, every male negro in the South, twenty-one years of age, has been made a voter, and multitudes of white men disfranchised; why, by *ex post facto* laws, they imposed; new disabilities upon men who had been pardoned by the President; why they have removed them for many of the most notorious rebels, and enforced them upon the less guilty; and finally, why they now propose to deprive even the negroes as well as the whites in the South of the right to vote for Presidential electors.

THEIR ANSWER.

To all these questions, and many more, the radical leaders can in truth give but one answer, and that is—**"WE INTEND TO KEEP POSSESSION OF THE GOVERNMENT."** We feared the people of the Southern States would vote against us if they were suffered to remain in the Union, and for that reason we practically thrust them out. We knew they would still vote against us if allowed to come in on the basis of the Constitution, and for that reason we had to legislate outside of the Constitution, assume the power to regulate suffrage, enfranchise the negroes, disfranchise the whites, and impose upon them constitutions virtually of our own making. Fearing there might be some resistance to our plan for securing to our party the votes of the South by disfranchising the whites, and subjecting them to the government of their late slaves, we thought it necessary to suspend the writ of habeas corpus, and put them all under martial law.—The President was in our way, and we stripped him of his legitimate powers as far as we could by legislation; and not satisfied with that, we would have removed him from office, but for treason in our own ranks. It was rumored that the Supreme Court would set aside all our legislation outside of the Constitution, and to prevent that we restricted its jurisdiction, and denounced its members. Sad to relate, our new-fledged voters of the South most ungratefully showed signs unmistakable of a disposition to go over to the enemy; so, to make sure of the votes of the reconstructed States for our candidates next fall, we have advised their legislatures, composed chiefly of our minions, to take the appointment of electors into their own hands; and as Virginia, if reconstructed, would immediately follow the example of the adjoining States—Maryland and Kentucky—and go for the Democratic ticket by an overwhelming majority, we determined to prevent that catastrophe, and have decreed by act of Congress, though outside of the Constitution it may be, that she, as well as Mississippi and Texas, shall have no vote at all. We remove the disabilities of every "red-headed" rebel who will vote our ticket, and enforce them upon every man who seems inclined to vote against us. In short, the political power of the nation we are determined to retain by any and all necessary means, whether inside or outside of the Constitution.

THE ROAD TO PEACE.

What sort of peace is to be expected in the South so long as white people are proscribed and negroes allowed to govern may be safely inferred from the condition of those reconstructed States—Louisiana and Tennessee. Their Governors and Legislatures are calling for military aid, avowing incapacity to maintain peace and enforce the laws by the civil authorities. If this be so, it is conclusive proof that Congressional reconstruction, as a means of tranquillizing the South, is a failure. The road to peace is in another direction. Let Congress retire within the limitations of the Constitution. Let them abolish their test oaths and remove their disabilities. Let them restore to the President his legitimate functions, and allow his pardons to have their constitutional effect. Let them strengthen instead of weaken the judiciary, and sustain it in its full exercise of its powers, for the protection of both the white and black. Wipe out as with a sponge all your *ex post facto* legislation, and restore to all the States their constitutional rights—Do this, and you will have peace. They whom you now hold disfranchised and have pushed to the verge of despair will become your surities for the preservation of peace, and the restoration of order. Reverse the picture, and what are the

YOUR MONEY OR YOUR LIFE.

Let us have tame submission to all the measures of our party to secure their own ascendancy, however unconstitutional, unjust, and oppressive. And if any of their victims evince a disposition to resist their usurpations and oppressions, and seek relief, even by peaceful means, they denounce them as unrepentant rebels, seeking a renewal of the civil war.

THE LESSON OF HISTORY.

Has any man, worthy to be trusted in public life, read so little of history, or studied human nature so unprofitably as to believe that the white people of the South are to be pacified by being thrust out of the pale of the Constitution and subjected to the absolute power of their lately emancipated slaves? Have ages of oppression made Ireland love England? Have oppression and massacre reconciled the Poles to the domination of Russia? Human nature is the same everywhere. Reduced to despair by oppression, the oppressed will resort to desperate remedies. Nay, where all hope is lost they will sooner rush upon death itself than live degraded and dishonored lives.

IF THERE BE ANY PEOPLE IN THE WORLD

who will not submit to hopeless repression it is those who have been raised under the free institutions of the United States. Let each voter of the North ask himself how he would feel and what he would do if an usurping Congress were to deprive him of the rights of a freeman and subject him in life, liberty, and property to the absolute control of ignorant and peniless negroes. As he would answer their inquiry so let him act. Let him not wonder that notes such as he himself might utter under like circumstances reach his ears occasionally from the South; and let him ask himself whether he is prepared by his vote to re-produce on this continent the conduct of England towards Ireland, and of Russia towards Poland. No man of sense and intelligence can expect in the South so long as a large portion of the white population are excluded from all participation in their own government, and opposed by their late slaves, led on by adventurers from the North. They laid down their arms in good faith; they gave up their slaves; they surrendered the principle for which they had fought; they accepted the poverty to which they were reduced; and they sought only to be allowed the privilege of free and loyal citizens under the old flag. This President Lincoln, and President Johnson following in his footsteps, desired to concede to them.—The former fell by the hand of a rebel assassin; the latter has been hunted ferociously by another class of assassins. The policy of the two Presidents was identical; and yet our radicals, with singular inconsistency, defy the dead Lincoln and crucify the living Johnson. Why is this? Lincoln is out of their way, and they would profit by his virtues; Johnson is a lion in their path and they would destroy his fidelity in attempting to protect the Constitution.

THE ROAD TO PEACE.

What sort of peace is to be expected in the South so long as white people are proscribed and negroes allowed to govern may be safely inferred from the condition of those reconstructed States—Louisiana and Tennessee. Their Governors and Legislatures are calling for military aid, avowing incapacity to maintain peace and enforce the laws by the civil authorities. If this be so, it is conclusive proof that Congressional reconstruction, as a means of tranquillizing the South, is a failure. The road to peace is in another direction. Let Congress retire within the limitations of the Constitution. Let them abolish their test oaths and remove their disabilities. Let them restore to the President his legitimate functions, and allow his pardons to have their constitutional effect. Let them strengthen instead of weaken the judiciary, and sustain it in its full exercise of its powers, for the protection of both the white and black. Wipe out as with a sponge all your *ex post facto* legislation, and restore to all the States their constitutional rights—Do this, and you will have peace. They whom you now hold disfranchised and have pushed to the verge of despair will become your surities for the preservation of peace, and the restoration of order. Reverse the picture, and what are the

prospects of this country? Attempt to sustain these negro governments by force, and you reduce the proscribed white men to despair. Your army, instead of being reduced, must be doubled. The taxes instead of being diminished must be increased. If Congress can not (as they have not) prevent an increase of frightful national debt in times of peace, what mountains must be added to it by a renewal of war? And in the anarchy which must ensue, what is to become of our republican institutions? Are we, like the people of so many other republics which have lived and perished, destined to seek for repose in the arms of a military despotism? I implore my countrymen to look the dangers of the crisis in the face, and to the power left to them as to secure union, peace, and prosperity, without further resort to proscription or the sword. These views come from one who warned the South against secession as the road to ruin, but in vain; from one who warned the Democratic party against yielding to the counsels of a few leaders who were lukewarm, or worse in support of the war for the Union, but in vain; from one who thinks he sees the fatal results of persistence in radical reconstruction as distinctly as he foresees the results of secession, and the effects of Democratic policy during the war; from one who wants nothing from his government but to be protected and let alone; from one who must soon be summoned before his Maker to account for the manner in which he has discharged his duties to his God, his country, and his fellow-men.

JACKSONVILLE ALABAMA
SATURDAY, SEPT. 12, 1868.

FOR PRESIDENT,
HON. HORATIO SEYMOUR
OF NEW YORK.

FOR VICE-PRESIDENT,
GEN. FRANK P. BLAIR,
OF MISSOURI.

We call attention to the notice, published in this paper, of a meeting at the Court House, on the first day of Court to take into consideration the propriety of establishing a Male College.

We hope there will be a full attendance of our prominent citizens. That the establishment of a College at this place will be of great benefit to our country, none will deny. That this place possesses great advantages for the location of such an institution, in point of accessibility, healthfulness of climate, beauty of scenery and cheapness of living, is equally evident. Let us then take hold with spirit—make a "long pull, a strong pull and a pull altogether," with a determination to succeed in the very first effort.

Important.
All persons indebted to us, are earnestly requested to call in a few days, and settle their accounts with us. We need the money to enable us to purchase a new stock.

We want to buy a lot of wheat and will pay cash for it. Call and see us.
J. M. CARROLL & CO.

New Drug Store.—We have heretofore deferred calling special attention to the card of Dr. J. C. Francis, awaiting the arrival of the bulk of his Drugs, Medicines, &c.

Of Dr. Francis, as a competent, skillful and successful practitioner of Medicine it is unnecessary for us to speak, in a community where he has been known as such for more than thirty years. His Drugs and Medicines, of which he has a fine supply, embracing every variety, are all fresh, pure, and of the finest quality. He has also a large assortment of Perfumery, Toilet articles and Fancy Stationery, of the finest quality. Tobacco and Cigars, the finest ever brought to the place. All these articles are offered at prices as low as they can be purchased in Rome, Selma or other markets; and surely it needs no argument on our part to convince all, that it is both to their interest and convenience to encourage this kind of trade at home.

Call and see his truly fine and beautiful assortment.

Valuable Land for Sale.
By reference to the advertisement of Jas. B. Neighbors, Adm., it will be seen that a valuable and desirable tract of Land will be sold on the 15th of October next. This tract of Land is situated at the head-spring of Cold Water Creek—the soil is good and in a fine state of cultivation, surrounded by fine stock range—in short, such a place is not often offered for sale at any price.

Blank applications for the Removal of Suffrage Disabilities, under the Law of the late Legislature, with the certificate of the Judge of Probate have been printed, and can be obtained on

application at this office, and also at the several stores, and News-Agency.

The citizens of Calhoun County are requested to meet at the Court House in Jacksonville, on Monday the first day of Court, for the purpose of taking into consideration the propriety of establishing a Male College at this place.
Sept. 9, '68. MANY CITIZENS.

Patriotic Letter from the Hon. Jos. W. Taylor, Addressed to the Democratic Mass Meeting at Jacksonville, on the 3d Inst.

ETAUW ALA., Aug. 28th, 1868.

It would afford me very great pleasure to be able to accept your invitation to attend and address the mass meeting of the Democrats and Conservatives of Calhoun County, to be held in Jacksonville on the 3d Sept. prox. But an engagement of several weeks standing to address a similar meeting in Marengo on the 15th of the same month puts it entirely out of my power to be with you. This I very much regret, as there is no section of the State which I am more anxious to visit than yours, and there is no portion of the people of Alabama with whom I would be more pleased to mingle and interchange opinions, than with the patriotic and intelligent Democrats and Conservatives of the Avalanche District.

But, though separated from you in person, I shall be present with you in sympathy and interest, on the occasion of your proposed meeting. Every enervator of mind, every impulse of my heart is enlisted in behalf of the great cause which that meeting is intended to promote. And gladly would I come to your distant County, or go to the uttermost corner of the State could I hope, by word or thought, to advance that cause in any particular or degree.

We are engaged in a struggle totally unlike any that has gone before it in the past history of the country. Heretofore, in our quadrennial Presidential elections, the contest has been chiefly for the supremacy of a particular party and the inauguration of its distinctive policies in the practical administration of the government. The success or failure of either side, neither made nor marred the future of the country, which went on in its career of improvement and development, comparatively little disturbed by the party rivalries and vicissitudes of the day. But the present is not a struggle of that sort. The constitution which the wisdom of our fathers framed, the Union under it which they established, the liberties of the American people, the social and political future of the South, the honor and the traditional supremacy of the white race on this continent and the constitutional equality of the States of the Union are the transcendental interests now at stake, and it is not a matter of comparative indifference which side shall prevail in the contest but a question of the life or death of the Republic itself.

The success of the Radical party in November will consummate the overthrow of the constitution and the union, already so fearfully begun, and close the career of constitutional republicanism on this continent, if not throughout the world. It is essentially, by the very logic of its construction and from the avowed purposes of its organization, less a legitimate party in the field of American politics, than an organized and powerful conspiracy against the supremacy of the constitution, the integrity of the Union, the liberties of the people and the sanctities of American life.

It was born of miserable inter-sectional jealousies and of sectarian hates against the institutions and the people of the South. It grew up under the patronage of bad men, and drew its chief nutriment from the bloody soil of revolution. It drenched a continent in blood to inaugurate the hateful and impossible dogma of black supremacy, and to gratify revenge and hates which are without palliation or excuse. Its creed is drawn from the despotisms of the East and not from the text of the constitution or the traditions and opinions of the great fathers of the Republic. Its practice exemplifies the ruffianism of politics in the wildest excess of revolutionary madness and violence. Its past record is one of infamy and dishonor. Its present hope, as its future purpose, is to overthrow the constitution and the Union, to destroy the liberties of the free North, to punish civilization as a crime in the manacled South, and to establish a Congressional despotism, or rather an oligarchy of untaxed bondholders and raving fanatics upon the ruin of the constitution and the Union.

The triumph of such a party at the polls in November would be well-nigh the greatest political calamity that could befall the people of America. It would be the knell of the constitution, of the Union and of the liberties of the whole country. In that hour of doom the South would pass into the shades of a social and political eclipse, appalling to contemplate, even in the perspective of the future and the epitaph of her glory and her prosperity would at once be needed.

On the contrary the triumph of the conservative hosts that are now rallying under the name and the standards of Democracy will restore the constitution in its pristine vigor and purity, re-establish the Union on the basis of the equality of States and the equal rights of the people of all the States, rescue the liberties of the people from peril, deliver the South from the worse than Egyptian bondage of Radical misrule

and oppression; reform abuses in the administration of the government, economize the public expenditures, arrest the accumulation of the public debt, restore the white race in the South to its traditional supremacy and rightful rule, and brighten the whole horizon of the country with the radiance of fairer prospects and better days. A triumph which would bring blessings like these, and even more than these, in its train is a consummation devoutly to be wished for by every patriot, and as strenuously labored for as deserved.

The times demand strenuous labor and patriotic sacrifices at the hands of all who value the public safety and welfare. Even the remotest probability of the success of the radical party should kindle the fervors of youth and warm the chill bosom of age in behalf of the Democratic party; which is now the sole hope of the country and of the imperiled South. Amid the perils which encompass us on every hand, political neutrality is offense, yea is a crime, of little less dark hue than treason itself. "He that is not for us is against us," and he that helpeth not to gather into the Democratic fold scatterseth abroad into the ranks of the radicals.

Whatever may have been the past political antecedents of any man in the South, there is no possible excuse or evasion that will justify a refusal to co-operate with the Democratic party in the present contest.

An old-line Democrat, whether he belonged to the Breckinridge or the Douglas wing of the party in 1860, must recognize in the Democratic party of 1868 that grand old historic party to which he gave his earliest political leech; which is as old as the constitution or the government itself, which numbered in its membership most of the great names of our earlier political history; which controlled and administered the government through more than three-fourths of the period of its existence; which gave to the country the most of its Presidents; which impressed its policy both at home and abroad, upon every interest of the Republic; which revered the Constitution, maintained the Union and supported the laws; which interpreted the organic law of the land strictly in the interest of the rights of the States and of the people; which, united, never sustained a defeat; which has survived the desolations of war and the alienations of peace; and which today, purified by defeat and undismayed by reverse, sounds its battle-cry, as of yore, to rally its multitudinous hosts to the contest for the constitution, the Union and the right. Surely no old-line Democrat can withhold either his sympathy or his active alliance, from a party entitled, by so many claims, both to his confidence and support.

As to the old-line Whigs the path of duty and of action lies clear and plain before them in this struggle. The pure and noble party to which they once belonged has passed away. The issues which separated between it and the Democratic party have disappeared from American politics. Nearly all its great leaders are numbered with the dead, the few who survive being avowedly in active sympathy and alliance with the Democracy in the present struggle.

Under these circumstances it would seem to be the dictate both of prudence, and of patriotism, that every old-line Whig should at once come into cordial alliance or co-operation with the Democratic party and help to push its columns on to victory in November. Unquestionably there is nothing either in the platform or the nominees of the party to forbid or repel the alliance.

The platform is, in substance, however expanded in expression, simply "the Constitution, the Union and the enforcement of the laws." The nominees of the party are two of the wisest, ablest and most accomplished men in America. Any man among us who is unwilling to stand upon such a platform is unfit to stand upon the soil of the South and he who refuses to support the candidates who are running upon such a platform is a traitor to the South and disloyal to the true interests of the country at large. Indeed, it is difficult to conceive upon what possible ground, either of reason or of argument, any man in the South can withhold a cordial support from either the platform or the nominees of the Democratic party. Names are absolutely nothing when the substance is all that we seek or desire. To me, old-line Whig that I was, as long as there was any sense in calling myself a Whig, the platform and the nominees of the New York Convention, seem nearly, if not quite faultless. I would not, if I could, add to, or subtract from, the platform a single iota. It is done at once in its simplicity, its completeness and its strength. Nor would I, if I could, change a name upon the ticket. It blends civic and military virtue and fame in due and graceful proportion. It gives the double guaranty of accomplishment in arts and in arms for the future peace and prosperity of the country.

The present and the ever multiplying indications are that this platform will receive the endorsement and this ticket the support of an overwhelming majority of the American people at the polls in November next. The signs of a universal and overwhelming popular reaction against the Radical party in the North are too numerous to mislead and too plain to be mistaken even by the most careless observer. The doom of Radicalism is already sealed there in advance of the November verdict at the polls.

Throughout the South the white race is almost a unit in support both of the platform and the nominees of the Democracy. The enthusiasm which they

have kindled in the minds and the hopes which they have awakened in the hearts of our people are prophetic of auspicious results. Our own State, I am persuaded, should a fair election be permitted, will go by an overwhelming majority for the Democratic nominees and platform.

I think, Gentlemen, that the night of our bondage draws to a close. Tendering my thanks for the compliment implied by your invitation and also the assurance of my hearty sympathy and zealous co-operation with you and all the friends of Seymour and Blair, I am very respectfully yours,
JOS. W. TAYLOR.

To Messrs. Jno. H. CARROLL and others, Com. &c.

Stand from Under.

The Montgomery MAIL gives the following correspondence from Coosa county:

To the Editor of the Mail
A great revolution has taken place in the Radical ranks up here. Thomas Lambert, State Senator; James Vassant, Representative; Thos. H. Ferguson, Probate Judge; Geo. W. Richardson, Solicitor; John A. Filbert, Circuit Clerk; W. C. Lusk, Sheriff; A. W. McBrayer, the old He Radical of this section; John Walker, W. L. Roberts, W. W. Richardson, Elijah Sellers, Geo. Varner, &c., &c. have declared for Seymour and Blair! Almost every negro in Coosa is for Seymour and Blair! Grant won't receive a dozen votes in this county!

Judge Ferguson has just received a letter from W. B. Dennis, of Wetumpka, announcing that himself, the Judges, W. G. Delnoy, Solicitor; and many other prominent Radicals of that county are out for SEYMOUR and BLAIR.

Judge Pelham, of Talladega, is out making speeches for SEYMOUR and BLAIR. The signs are glorious. Carpet-Bagging and Scallawagism are dead in Alabama. Insert the enclosed note from McBrayer.

Respectfully,
CONSERVATIVE
[The above is from a reliable citizen of Coosa county. He encloses in his letter the following copy of a note from the leading Radical of that county.—Ed. MAIL.]
WE OTHERS, SEYMOUR, COOSA CO., AUG. 23.

How, then, H. Ferguson: I go for SEYMOUR and BLAIR. Jackson, Walker, Roberts and Varner do the same. Go with us, Tom. Grant won't carry a single State in November.
Truly yours,
A. W. McBRAYER.

The Election Prospects.
Reports brought from the North and West, by a few of our returned absentees, are very cheering. The Democrats are everywhere working like beavers, and confident of the most complete and splendid political triumph ever seen in America. The conservative expresses anything known before. The Radicals are desperate and for that they see any hope at all in their surroundings, but lose all their expectations on things afar off. They count with great certainty upon pretty nearly a solid vote for Grant in the Southern States! Meanwhile, they are losing strength every day. Thousands are forsaking them; and the chance everywhere is for a change. Men long known as Radicals say, the country is going to ruin, and we must have a change—we can't be worsted. Almost the entire foreign vote of the North and West will be cast for Seymour. In short, but one report reaches us by travelers from the North, and that assures us of a complete and overwhelming triumph to the Democratic cause.—*Jackson Telegraph.*

Where Has it Gone.
Mr. Pendleton, in his late speech at Hartford, stated some startling financial facts, which, however, have been stated in substance several times and all the time without contradiction or without any possibility of contradiction. He said: "The Republicans have not only prevented our government, but have bankrupted the country. During these three years of peace we have collected fifteen hundred and ninety four millions of dollars."

Of all this frightful amount, how much has been paid on account of the public debt? Mr. Pendleton correctly states one hundred and twenty four millions. Well, what has become of the rest? Where has the fourteen hundred and twenty millions gone? How, when, and where did it evaporate? Who were the skillful chemists that transformed so much money into vapor?

About fifteen hundred millions evaporated, nobody knows where, in the time of peace! More than a tenth of the whole property of the country—money, crops, houses, steamboats, railroads, farms, mules, horses, cattle, sheep, and everything else. Mr. Pendleton truly states that during this same period Great Britain has spent only one-third of her resources, and France only one-fourth of hers.

Can we stand this? Shall we try to stand it? Will we if not a nation of lunatics?—*Louisville Journal.*

Some demented radical in Chattanooga, anxious to illustrate the old adage that "a fool and his money is soon parted," offered to let \$500 that Grant would be elected. A gentleman in Augusta at once put the amount in bank to cover the Grant money, with an offer to double it. The Chattanooga man reconsidered. He hasn't "come to time."—*Selma Times.*

IS ACHIEVED IN THE WONDERS!
DISCOVERY OF NEW
GENERAL PRINCIPLES IN
DR. RADWAY'S
Perfect Purgative Pills
COATED WITH SWEET GUM

1st Principle—A vegetable substitute for Calomel or Mercury is used.
2d Principle—It cleanses the Alimentary Canal and its neighboring Veins as thoroughly as Calomel does the stomach.
3d Principle—Therapy is resorted to the secreting vessels of all the organs and glands in the system.
4th Principle—Purification and equalization of the circulation of the blood.
5th Principle—The Pills communicate a nutritious principle to the blood and reparative system.
6th Principle—A great want is supplied in their soothing, healing and expulsive power in cases of intestinal obstruction, as in Febrile Fever, where a cure depends upon the evacuation of the bowels.
7th Principle—The aged and persons suffering from dyspepsia, the bowels, by the use of one Pill per day, secure regular evacuations.

Persons suffering with any disturbance of the secretory organs, or of the Alimentary Canal, and the contents of their bowels, or who are in the habit of taking Pills or opening medicines, should try one box of these Pills, and be convinced of the happiness of their effects on the system, and the satisfactory evidence one box will give you of their wonderful curative powers. Will continue to send you Pills and trust them will become firmly established.

THE PROPERTIES OF
DR. RADWAY'S PILLS.
They Equalize the Circulation, Purify the Blood, and Cure Catarrh and all the various Humors and retained deposits from the system in six hours.
As a Cathartic, they increase when suspended, the peristaltic movement of the bowels, and promote a quick evacuation of the contents. Their influence is extended throughout the system, purging the retained deposits in the stomach into the colon, stimulating the liver, and increasing the power and vigor in the promotion and increase of the flow of bile and pancreatic fluids.
Purgatives of common abuse exert irritation on the colon and rectum by irritation of the mucous membrane, without influencing the liver or its secretions. Such cathartics are usually only for general use. The famous Cathartic Pills, that induce natural liquid discharges, should never be given in cases of indigestion, or when there is obstruction of the intestinal canal.
The Aperient and mild Laxative properties of Radway's Pills are the best arranged in these disorders, and in all cases of epidemic and malignant fevers their balsamic, cooling and soothing properties protect the organs of the alimentary passage against the irritant and scorific influence of the fever.
The Nutritious and Tonic properties of these Pills are of great service in depleting fevers and febrile disorders, and in all cases of epidemic and malignant fevers their balsamic, cooling and soothing properties protect the organs of the alimentary passage against the irritant and scorific influence of the fever.
Their Sedative properties affect pain in the nervous system, stomach and bowels, either from indigestion, colic, catarrh, or any other cause, and promote a quick evacuation of the contents of the system where there is inflammation, congestion or irritation, stimulating the blood and nervous fluids in the contractile vessels, and equalizing its circulation. The principle of Coercion (Irritation) is generally applied to external remedies. Its application to the interior of the system, by a purgative medicine, exemplified in Radway's Pills, has proved a wonderful curative principle, really "drawing down" the blood and fluids their secret and irritating humors.
As Diaphoretic or Sudorifics they stimulate the secretions of the skin, induce exhalation of colored perspiration.
Their Diuretic properties act on the kidneys, correcting and regulating the flow of urine.
Their Anti-Bilious properties stimulate the liver in the secretion of bile, and its discharge through the biliary ducts. In all cases of Febrile, Jaundice, Bilious Attacks, Saffron-colored Stool, IMPERFECT DIGESTION, caused by the over-accumulation of bile in the system, these Pills, in doses of four to six, will quickly regulate the action of the liver and free the patient from these difficulties. One or two boxes of Radway's Pills, by those subject to bilious pains and torpidity of the liver, will keep the system regular and insure healthy digestion.

Inflammation of the Bowels.
In cases where there is severe inflammation of the bowels, and a speedy discharge of their contents required, grind six of the pills to a powder and take with preserves or water. In half an hour the Pills, given in this manner, will generally operate. The dose can be repeated, if necessary, in two hours. We have known the Pills, given in this form, to open the bowels when the Pills, given in their ordinary form, had failed. It is to be noted that a full dose will be required in these cases of Intestinal Obstructions.

N. B.—As for Radway's Regulating Pills.
The price of Radway's Pills is 25 cents per box all over the world. 5 boxes for \$1. 12 boxes for \$2.50. Sent by mail to any part of the United States. All letters requiring medical advice addressed to our Dispensary, N. B. Business letters to RADWAY & CO., 87 Maiden Lane, N. Y.

LATEST NEWS.

FROM ATLANTA. Atlanta, Sept. 3.—The long discussion on the eligibility of the negro members of the House closed this afternoon, and the resolution declaring them ineligible was adopted, yeas 80, nays 28.

This vote unseats 25 members. Four negroes who claim to be white men remain. Their case is to be investigated. Turner, one of the rejected negroes, walked out and brushed the dust from his feet. The others bowed to the Speaker and waved their hats to the white members.

Heavy rains have fallen for two days. New York, Sept. 5.—The steamship Ocean Queen brings three hundred and fifty-five thousand of treasure.

Severe earthquakes have occurred in Peru. The damage is supposed to be very great.

Excessive rains in Chili have caused much damage, and many lives have been lost.

New Orleans, Sept. 5.—Pinchback, the mulatto recently installed in Jewell's place as Senator, from the second district, Orleans parish, rising to a question of privilege, replying to a newspaper paragraph concerning him, after charging the people of this city with murdering and manifesting a growing disposition to murder men for political opinions and the color of the skin, uttered the following: "I want to tell them to beware! I want to tell them they have nearly reached their end. The next outrage of the kind which they commit will be the signal for the dawn of retribution—a retribution of which they have not dreamed—a signal that will cause ten thousand torches to be applied to this city, for patience will then have ceased to be a virtue, and this city will then be reduced to ashes."

He was here called to order, but proceeding with his speech, he reiterated his threat, adding a notification to the Democratic party that they, the negroes, propose to take the matter into their own hands in the future, and propose to have a peace if they have to conquer a peace.

The Undertow.
Look out for the Political Overthrow.
What a paper Neutral in Politics Says.
Seymour's Election a Fixed Fact.
 From the N. Y. Saturday Courier, (Neutral) THE SILENT VOTE.
 The political campaign is practically finished, and victory won before any apparent blow has been struck or battle delivered. The Republicans are defeated—hoax, foot and artillery—before they have hardly set their squadrons in the field. We are not talking now as partisans. We put aside all questions of predilection. We dismiss any consideration of the justice or propriety of the result itself. Political reasons have, undoubtedly, conduced to it in a large degree. The very thorough reorganization of the Democratic party, the quenching of all feuds and cisms in it, and its compact union for a common end, would, of course, have made it formidable in any event. But causes, many of them subtle, and all of them superior to the common political causes which govern a quadrennial election, have operated to produce this result. Let us consider them.
 Many very wise old merchants have laid it down as a business axiom that there is a financial convulsion in the United States every seven years. The men rush ahead in wild speculation for success; but on the seventh comes a kind of jubilee of destruction, and everything goes to smash. It is much the same with political parties—a period of wonderful success, and then a terrible collapse. The jubilee of destruction, the terrible seventh year of collapse, has overtaken the Republican party. Go where you will, talk to whom you will, the signs are all the same. Everywhere men say, "Well, we think it's about time for a change. The Republicans have had their chance and it's about time to give the other a turn. The Republicans have had full swing for seven years, and made innumerable promises of economy, reform, peace, good times, etc., etc. None of their promises have been kept, and we are tired of waiting for the good time which don't come. Let us give the other side a chance, and see if they will do better." Such is the common talk of the great "middle party," which holds to-day, as it always has held, the balance of power in the United States; and every politician knows that as that middle party goes so goes the Union. For it is well understood by shrewd politicians and by dispassionate observers of the course of events in the United States, from 1801 to the present year of grace, that the real and earnest Federalists and Democrats, the real whigs and Democrats, or the real Republicans and Democrats, never carried an election by their own unaided strength. The parties which in 1801 crystallized first around the antagonistic principles of centralization and decentralization attracted in those two directions all the earnest thinkers, from that time to this, men with whom politics is a faith, have as conviction led them, joined either side, and the two parties have been very nearly balanced. But between these two, lie a great mass of voters whose political opinions yield to the passions or impulse of the moment, to hard times or flush times; who have perhaps, neither the capacity nor the antecedents which fix them in stubborn adherence to the principles and fortunes of a party; who aim at no office and sympathize with the party out of power, not so much because they believe in it very strongly, but because they don't believe in anything deeply, and particularly disbelieve in the party of "ins" because it has failed to satisfy their expectation. This is the character and power of the great party in the nation commonly known as the "silent vote," and everything indicates that this silent vote has resolved to cast itself for Seymour and Blair.
 As the Democratic party was overthrown by "Tippecanoe and Tyler too," as it was swept down by Zachary Taylor, when this "silent vote" declared against it, so now that the vote has declared for it, all shrewd men see that it must succeed overwhelmingly, and that, with its success, the Republican party, with all its deeds, vanishes, as a party, entity, from the field of American politics, and that those whom its principles are a faith and a reality must slowly recombine under a new name, and attempt to regain popular favor by presenting new issues or artfully repeating the old ones.
 "THE D—EST FOOL."—Recently in Vicksburg there was a large Democratic procession in which were borne several United States flags, which, at the request of several citizens, had been loaned them by the post quartermaster. The parade of voters being large and impressive, alarmed the carpet baggers, and one of them called on Gen. Gillam and complained that his officers had been hoisted flags to a procession which was "impeding reconstruction." "Gentlemen," said the General, "you are the d—est fools I ever saw. I fought these people four years to make them carry the flag, and now you are mad because they wish to march under it."

Manhood: How Lost, How Restored.
 Just published, a new edition of
Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Involuntary Seminal Losses, Ismurexy, Mental and Physical Impairment, Impediments to Marriage, etc.; also Consumption, Emphyse, and Fiss, induced by self-indulgence or sexual extravagance.
 Price in a sealed envelope, only 6 cts.
 The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
 This Lecture should be in the hands of every youth and every man in the land.
 Sent under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the publishers,

Dr. S. C. WILLIAMS,

Practising Physician,

OXFORD, Ala.

Is now receiving a large assortment of MEDICINES, which he offers low for Cash. May 30, 1868.—2m.

THE GREAT Southern Preparations

COMPRISE a class of pure and select Family Medicines, prepared from pure Drugs, by a class of experienced Southern Physicians, specially for the diseases incident to a Southern locality. They are not secret nor patent mixtures, and are recommended to be used in lieu of those prepared by our Northern friends, who know but little about Southern treatment. Ours is the only class of Family Medicines ever offered to the public which were prepared by the Medical Profession.

FEMALES OF THE SOUTH.

Diseases peculiar to your sex, incident to all localities, called from the passing breeze that fans you with its perfumed breath, or snatched from some pent-up dew-drop, are to you a constant and abiding trouble. Whether an inhabitant of city or country, hill or dale, palace or hotel, disease rangles and preys upon your vitals. Gloom and despair are your constant companions. Your pale and ghastly countenance, your colorless cheeks, your lifeless eye, your feeble and tottering walk, your palpitating heart, your dejected brow, all tell of that disease which is gradually and steadily making inroads upon your declining system.

The Sunshine of Hope.

New bursts upon your vision, and the clouds of despair that hangs as a heavy pall of gloom upon your brow can be driven back, and the bright visions of health, in all its grandeur, are offered you. DROMGOOLE & CO'S

ENGLISH FEMALE BITTERS

Is the only combination that actually and positively arouses and restores the womb to its natural healthy condition. It removes all unnatural obstructions, relieves painful or suppressed Menstruation, cures Leucorrhoea or Whites, Falling of the Womb, Hysterics, Chlorosis, Palpitation, Nervousness, Swelling and Giddiness of the Head, Melancholy, Ulceration and Irritation of the Womb, Derangements of the Kidneys and Bladder, and all diseases that are peculiar to the female sex—afflicting old or young, married or single. Send and get one Bottle, it will do you good.

YOUR LIFE BLOOD

Must be changed in order to be relieved of that troublesome class of diseases requiring pure blood. DROMGOOLE & CO'S

Constitutional Monarch

Is recognized by the Medical Profession as the BEST and most CERTAIN Blood Purifier now before the public, and why? Simply because it is composed of the best medicines for that purpose, viz: Stillinger's, Yellow Dock, Sarsaparilla, Burdock, and lotions of Potash. For Scrofula, Cutaneous Eruptions, Skin Diseases, Gout, Rheumatism, Glandular Tumor, and Swellings, old Ulcers and Sores, Constitutional Derangements, etc., it acts like a charm.

DROMGOOLE & CO'S

Fluid Ext. Bearberry, Cubebs and Buchu,

A highly concentrated medicinal compound, especially for affections of the KIDNEYS & BLADDER, such as Incontinence, Frequent Desire to Urinate, Urinary Deposits, Thick or Milky Urine, Effects of early Dissipation, Nervous Trembling, Gravel, Gout, Pains in the Back, Gleet, Loss of energy, Strangury, and all affections requiring a quick and reliable Diuretic.

In all cases of a want of action on the part of the Kidneys and Bladder, affecting old or young, male or female, this compound can be relied on.

CHILLS AND FEVER

Can be easily cured by using one Bottle of Dromgoole & Co's KING OF CHILLS, which never fails to arouse the Liver, cleanse the stomach, open the bowels and relieve the most inveterate cases of Chills. One Bottle will cure a case of six months standing.

DROMGOOLE & CO'S

Red Diarrhoea Remedy,

The most certain and effectual cure for all forms of Diarrhoea, Nausea and Vomiting, Cramps, Cholera Morbus, pain in Stomach, summer complaint of children, white teething, and all other ailments of the stomach, and quiets the stomach, is not an alcoholic preparation, contains no kino, catechu galls, tannin, logwood, etc. It imparts tone to the already debilitated stomach and bowels, and no family should be without a bottle. It never fails to cure.

PILES! PILES!!

Why is it you continue to suffer with Piles, when the remedy to cure you can be so easily obtained? Do not suffer another day; send immediately and procure one box of Dromgoole & Co's PILE SALVE and be cured internal or external Piles, whether recent or long standing can be cured immediately. Cannot Southern Physicians cure the Piles as well as any one else? Try our remedy, then.

Those Who Do Not Think

Gray hairs honorable, can have them restored to their natural color without staining the skin or scalp. It does not dye the hair, but simply RESTORES to its former color, and at the same time prevents it from falling off, cleanses the scalp of all dandruff and scurf, imparts a beautiful gloss and comes as near restoring hair to the bald as any other preparation. It is Dromgoole & Co's Tonic Hair Restorer. It is warranted.

THE GREAT SOUTHERN PREPARATIONS, as a class of Family Medicines should be used by every body.

Leaving the Sinking Ship.

The New York Mercury gives the following descriptions from the Radical party, clipped from its exchanges received in a single day:

Ex-Governor William H. Johnston, of Pennsylvania, declares that Radicalism is despotism, and supports Seymour and Blair. James A. Wharton, Esq., of Parkersburg, West Va., an eminent and lifelong Republican, made a speech at Wheeling the other day, announcing his abandonment of the Republican party. A dispatch from Springfield, Mass states that the German paper of that city, which has always been supported, because it could not find enough German Radicals to support it, "Die Zukunft," the established organ of the Turners, the largest German organization in America, has taken the Radical party to task for its two faced platform; and after dissecting it and showing its corruptions, comes out square for Seymour and Blair. Hon. J. A. Mason, formerly a Whig candidate for Governor of Indiana, in opposition to Joseph A. Wright, and lately a Radical Republican, has in a public speech announced his intention to support Seymour and Blair as the only way of restoring peace to the country, and W. L. Lancaster, Esq., a prominent lawyer in Shelbyville, Indiana, and until lately Republican, follows suit. Gen. W. H. Irwin, has taken the stump for Seymour and Blair in the lower counties of Pennsylvania. He supported Lincoln in 1865; but having been connected with Gen. Hancock's administration in New Orleans, he had an opportunity of learning the practical workings of Radical reconstruction, and is now one of its most determined enemies. In the town of Anderson, in the county of Ashland, in that State, fifty men, heretofore Radicals, have joined the Democratic club, and that county will cast one thousand more Democratic votes this year than ever before. The Pittsburgh Post says it has the names of eighty two Republicans of that city who have joined Seymour and Blair clubs, and will vote the entire Democratic ticket at the next election. Judge A. S. Blake, of Goshon, Indiana, hitherto a leading Radical, publicly abandons Grant and Colfax, and comes out for Seymour and Blair. The venerable Peyton Kay, of Washington, on the 3d inst., voted the entire Democratic ticket. It was the first time he had ever voted for a man calling himself a Democrat, during a life of more than ninety years, but he declares that radical misrule can no longer be endured. Dr. Morgan, a prominent and influential citizen of Evansville, Indiana, who has been a life long opponent of the Democracy, has left the Radical party and come out for Seymour and Blair. He made a great speech at Evansville, Wednesday night of last week, in which he exposed the rottenness and incompetency of the Radical leaders. Hiram B. Reed, another prominent Radical of the same place, has followed suit. Alfred H. Pownall, Esq., of Hampshire county, West Virginia, was appointed by the Radical State Central Committee assistant elector for his county. Here is his letter: "Near Romney, West Va., August 8.—To the editor of the West Branch Intelligencer.—Sir—I noticed in your issue of the 7th inst., that the 'Union Republican State Central Committee for the Tenth District' have, as I suppose in good faith, conferred upon me the honors of Assistant-County Elector. I take this opportunity to state that I do not support the aforesaid party in their practical workings at the present day; and, although opposed to secession or any of its adjuncts, I am now, as at the outbreak of the war, a Union man, and can see no union in the present policy of the 'Union Republican or Radical party.' Respectfully, etc., ALFRED H. POWNALL.

and Blair, has heretofore been a Republican, used to edit a Republican paper at Toledo, Ohio. Rathbone Van Winkle, son of the Western Virginia Senator, has recently declared for Seymour and Blair. "The St. Louis Times" says: "Tom Neiderweiser, formerly the leader of the St. Louis German Radicals; John C. Vogel, their late Sheriff, and one of the most substantial men in their party; and George Babcock, elected by the Radicals a member of the present City Council from the Seventh Ward, have openly declared their intention to vote for Seymour and Blair against grant and negro suffrage. These three men are worth thousands of votes to the Seymour ticket." Judge Mellen, of Pittsburgh, Pa., an influential Radical, has renounced the error of his way, and become a supporter of Seymour and Blair. C. D. Robertson, Esq., an efficient Radical stumpor, made a speech for Seymour and Blair, at a ratification-meeting in Brownsville, Iowa, for which he is terribly abused by the Radical organ. At a recent Democratic meeting in Alleghany, Pa., says the Pittsburgh Post, Robt. S. Morrison, Esq., a young and brilliant lawyer, hitherto a Radical, son of the ex-Mayor of Alleghany, was introduced and delivered a stirring speech. At a meeting in Parkersburg, West Va. Gen. J. S. What, Attorney-Gen'l under the Pierpont Government of Virginia, made a speech in favor of Seymour, and declared he should cast his first Democratic vote this fall. S. F. Gilmore, Esq., the leading Republican of Edinburg, Ill., has declared for Seymour and Blair. John Manning, hitherto a prominent Radical of Clinton New Jersey, abandons that party, "because it has shown itself incompetent to restore peace and secure the fruits of victory since the war. Dr. Alonzo Garcelon, of Lewiston, Me., has always been a radical till since the nomination of Grant. He now comes out for Seymour and Blair. In a letter defining his position, the Doctor says: "Earnestly desiring the success of impartial suffrage based upon reasonable educational qualifications and applicable to the whole nation and to people of all races and color, I cannot consent to lend my influence in ostracizing large masses of our own race, especially after they have made all the amendment in their power for their past political offences." The Greenburg (Ind.) Expositor, hitherto a Radical sheet, has declared for Seymour and Blair. It says that "the German Republicans of Indiana are abandoning that party by thousands and enrolling themselves among the supporters of Seymour and Blair." The Lipton (Wis.) Representative, hitherto an influential Radical organ, openly deserts that party, and identifies itself with the National Democracy.

Keep Your Temper.

No Democrat has now any occasion to be ill-natured. He should be as calm and smiling as a summer's morning. Things are working all right. Radicalism is going to be blown higher than a kite; and it will be hard to find pieces after the 3d of November. The very effort of the Radicals to precipitate collisions of forces in the South are now doing them terrible damage. Everything in fact, which they have done, or attempted, in the last three months, to save themselves, is conspiring to plunge them deeper in the mire. Unless all signs fail, and the popular engine is reversed, they are going to be more utterly demolished in the next election than any political party ever was before; and they ought to be—nobody can gainsay that. Any Radical put upon the truth would be obliged to confess it. Then smoothie and plumb the political track and get up your steam. Seymore and Blair are going through by the fast line, and if they don't carry all the States, they will come, as Sambo says, 'mighty nigh it'—Masson Telegraph.

THE CARPET-BAGGER.—The Brown-

ville, Tenn., Boe has the following literary essay on a carpet-bagger: Of all that is low and mean and infamously "cussed" on earth, in air, or in the sea, the carpet-bagger is the lowest, the meanest, the "cusseddest" save one—the scallawag. This latter institution we must reserve for a future article. The carpet bagger is a species of vermin with which every country is more or less cursed; in extraordinary times like the present they come to the surface in hordes, and as fast as they can steal money enough to pay their passage they pour into the oppressed South.—They are like the scavengers which pick up the leavings of their betters. Ready for anything that is calculated to support them. To pick a pocket or practice law, to cut a purse or preach a sermon; to teach a negro school or go to Congress, to sit on a Judge's bench or steal a mule. To rob a white man or cheat a negro. In their own country they are too degraded to hold any rank among decent people so they come here to herd and consort with poor ignorant negroes—to delude, to pilfer from, to cheat and swindle the negro. To rob, pillage and plunder the oppressed South. Your carpet-bagger is a cross between the turkey buzzard and a Jackal with a good spice of hyena and a heavy allowance of skunk thrown in.

Glorious Kentucky.

Nearly one hundred and fifteen thousand Democratic majority in Kentucky for Governor Stevenson! Glory enough for one day. In behalf of and for the millions of patriots, Democrats and lovers of their country everywhere, we thank the earnest Democracy of that great State for the glorious and important victory just and justly achieved at the ballot-box. It is a victory for the right. A victory for liberty. A victory for the people. A victory for those who have been robbed, insulted, oppressed, maligned and murdered by a cruel, tyrannical, unjust, despotic administration.

It is a victory for Democracy, the like of which was never before known in the world, and its influence reaches from the Atlantic to the Pacific, from Lake Itasca to the Gulf. It indicates the great reaction now going on everywhere, and presages the storm of Democratic ballots which this fall will sweep Republicanism from the country. God bless the brave, true, fearless Democracy of gallant Kentucky! Like men, they were united, and like heroes, they carried on the fight. We are more than proud of Kentucky, and congratulate our thousands of subscribers there, and the thousands who are Democrats, on the wondrous victory just achieved.

No more negro ballots—no more Radical bayonets at the throat of her citizens—no more interference by Congress with the supreme rights of a State—Kentucky, she is free and will remain so. We call upon the brave young Democrats of the other States to emulate the glorious example. Press on the fight. Give no quarters to the expiring foe.—Press home to them charges of infamies, atrocities, usurpations, despotisms, extravagance, corruptions and negligence committed in the name of loyalty. Demand a settlement of those who have rulled to ruin. Hold them to account for the men and money squandered to destroy a country and build up a party. Consult your own interests—work and vote for yourselves and the people, more than for those who war against the people, and in a few weeks the example just given by Kentucky will be emulated in every State of the Union but five. Democrats of New York—let us not be outdone by Kentucky, for the same questions affect us all.

GREAT DESTRUCTION OF RATTLESNAKES

On Wednesday last a fine bull belonging to Mr. Richard Young, in Nauvague Cove, Walden's Ridge, in the upper part of Hamilton County, was stung by a rattlesnake and died in a few minutes.

The loss the of bull exasperated Mr. Young and his sons, three in number, to such a degree that they made preparations for a hunt on the rattlesnake. On Thursday morning armed with clubs, the entire party sallied out to wage war on the snakes.

About ten o'clock in the morning they came upon a ledge of rocks on which lazily reposing in the sunshine they discovered countless numbers of the snakes. They immediately commenced the killing, and after arduous and exciting work for two hours the ledge was cleared of the venomous reptiles. One hundred and thirty-four snakes had been killed in the short space of 2 hours, or more than one snake a minute. The party then returned to the farm house for dinner, pretty well satisfied that they had squelched most of the snakes in that vicinity.

A SINGULAR BIRD.—On Sunday of

last week a novelty in the bird line was killed in Kentucky, opposite Mound City, Ill., by a man named Jim Henry, of that city. The Cario Democrat says: It is larger than the ostrich, and weighs one hundred and four pounds.—The body of this wonderful bird is covered with snow white down, and its head is of a fiery red. The wings, of deep black, measure fifteen feet from tip to tip, and the bill, of a yellow color, twenty-four inches. Its legs are slender and sinewy, pea green in color, and measure forty-eight inches in length.—One of the feet resembles that of a duck, and the other—that of a turkey. Mr. Henry shot it at a distance of one hundred yards, from the topmost branch of a dead tree, where it was perched, preying upon a full sized sheep that it had carried from the ground.

This strange species of bird, who is said to have existed extensively during the days of the mastodon, is almost entirely extinct—the last one having been seen in the State of New York during the year 1812. Potter has it on exhibition in his office at Mound City. Its flight across the town and river was witnessed by hundreds of citizens.

Daily Inquirer.

Old and Dead.

Before us, in a mingled mass, lie a heap of type, cast off from the forms of our paper, as one would cast off an old suit of clothes that had become ragged and soiled. There they lie by hundreds and thousands, and by ten of thousands, the life and beauty gone out of them, leaving them old and dead. But we cannot help thinking what that mingled mass of type have been doing for the past eleven years. They came to us bright and shining, looking beautiful as they stood in their columns, before the printer's devil had blackened their faces with the ink-roller. Then, week after week, they grew darker and darker in color as they told their story on the clean white paper that was pressed to their speaking lips. And what a history they have related within the past eleven years! They have told many a pleasing story of love and romance; related many an anecdote, provoked many a smile with witty paragraphs, and caused a tear to start with a touching sentiment. They have told of wars, bloodshed, defeats and victories; of famine, pestilence, earthquakes, storms and shipwrecks; of departed and new-born joys; of local events and foreign news; of pleasant happenings and fearful accidents; of wares for sale and sales that have been consummated. In fact, a full history of events which the world has produced in the years in which the cast-off type have been growing old.

Their work is now done, and to the foundry from whence they came they will return, and in a short time they will go into the crucible, to be purged of dross and dirt, from whence they will again emerge, bright and beautiful as when they first stood in our office awaiting the acquaintance of the roller-boy. Old friends, adieu!

Vermont.

The Bridgport Farmer says the Radicals roosting lower. Instead of a majority of 30,000, as at first reported, they now claim only 25,000, which is one sixth less than their majority in 1864, and it is doubtful if the official returns will show even that majority. They have done the tallest kind of lying for political effect, but they are unable to keep back the truth which, is slowly coming to light. The leading Republican paper in Vermont concedes us thirty seven members, which is one-half more than we had last year. A reduced radical majority of at least five thousand and a gain of twelve Democratic Representatives is not bad for one day's work in Vermont, and the Standard must excuse us if we do feel somewhat "jubilant."

CHEERING NEWS.—Gen L. P. Walker

who has spent several weeks in New York State, and Pennsylvania, returned home yesterday morning, and brings most encouraging news. He is confident of the success of the Democratic ticket, that the North is completely revolutionized, and the defenders of freedom aroused as they never were before.—Huntsville Independent.

About Wheat Growing.

Let all farmers "put their best foot forward" in getting in wheat this fall; begin to plough immediately after "gathering into barns" is over with. Plough deep & if possible follow the plough with a subsoiler and stir up the ground from the bottom. Sod ground that has already been ploughed had better not be ploughed again; but harrow the seed in thoroughly. Sow with a drill if one can possibly be had. Two acres of wheat will very likely pay for one, and once obtained, it will last a lifetime if properly treated with a good shelter.

EXECUTIVE DEPARTMENT, STATE OF ALABAMA.

Montgomery Sept. 7, 1868. To the Judge of Probate, Sheriff, &c., of Calhoun County.

GENTLEMEN—By an act of the General Assembly of Alabama, approved August 12, 1868, entitled 'An Act to regulate the publication of Legal and other Notices in the State of Alabama,' it is made the duty of the Governor to designate one or more newspapers in each Congressional District...

Any officer, therefore, within the limits of the said Congressional District, who is required by law to publish official notices or advertisements of any kind, can make choice of any of the newspapers above designated...

Very respectfully, WILLIAM H. SMITH, Governor of Alabama.

TALLADEGA, ALA., Sept. 10, '68. Editor of Jacksonville Republican.

The District Meeting of the M. E. Church, for the Jacksonville District, Montgomery Conference, held in Oxford on the 28th and 29 of August last, unanimously adopted the following report and resolutions of the Committee on Family Religion...

Yours truly, W. H. THORNTON, Sec'y.

The Committee on Family Religion would make the following report:

We are fully convinced that there is a great neglect of this duty in our Church, and are fully satisfied in our own minds, that there are many heads of families that neglect the duty of Family Prayer...

1st. That we do not tolerate the indulgence of any member of our Church in indulging in any games of any kind such as playing billiards, drafts, cards, dice, dominoes, attending dancing parties, circuses, or theatres.

2d. That we earnestly recommend all the heads of Families in our Church, to have prayers in the family night and morning; and never neglect secret prayer, at least three times every day.

3rd. That we insist on all the Preachers, (local and travelling) on our District to recommend and preach on the subject of Family Religion often.

SINGULAR INCIDENT. In a recent speech at Buffalo, New York, Hon. John T. Hoffman declared that "the day of the sword is passed," and related the following:

"An incident occurred at the meeting of the National Convention which was an omen. That grand hall where the Convention met was full of patriotic men. Upon its walls were placed the shields of thirty-seven States, and around every shield was the American flag. Upon the platform stood two bronze statues of noble soldiers, one leaning upon a great bronze sword. The Convention had been in session for several days; ballot after ballot had been taken. First one was up and then another, and at last a gallant General whose name has never been mentioned anywhere save with respect—I mean General Hancock. No man knew whether on the next ballot he was or not to be chosen. Everything was uncertain, when suddenly the great bronze sword in the hand of that noble statue swayed asunder at the hilt. It was not touched by mortal hands—no human agency broke it. Some mysterious, invisible, and irresistible power snapped it at the hilt, and the word went forth that the country was henceforth to have a statesman and not a soldier for a leader. [Tremendous cheering.]

The Expulsion of the Negroes From the Georgia Legislature.—The white Radicals Responsible therefor.

[From the Atlanta Constitution.]

We have already published in these columns the action and the vote of the Convention, on the question of negro office holding, which shows clearly to every honest mind that it was the intention of the Convention or at least the white members of it, to withhold from the negro the right to hold office.

If the action of the 14th of February, striking out the 10th Section was equivocal and ambiguous, the debate in the Radical cause the night of the 18th, in the City Hall, and the conclusion to

which the caucus came, stripped the proposition to strike out, and the striking out itself, of all doubtful meaning and all vagueness of purpose.

There were forty-four Radical members of the Convention, who had resolved to bolt the Convention and abandon the party, if the negro was made eligible to office. The views of these forty-four were well known to the party, and the caucus was held in consequence thereof. Governor Brown and other leaders of the party, outside of the Convention, held similar views and were invited to the caucus. In that caucus Brown spoke in terms of positive disapproval of the proposition to enable the negro to hold office, and announced his determination to abandon the party, in the event of the passage of the 10th section, and to stump the State against the adoption of the Constitution. Many outside leaders and the said Party-men, coincided with Brown's views and threats, and the caucus resolved to strike out the section. The negro members were not invited to, or present in that caucus, but another caucus was called for them, and a counsellor found in the person of Langston, the Ohio colored speaker, to advise them to vote to strike out.

Now, whether the negro was deliberately and purposely deceived or not, makes no difference so far as the responsibility of turning him out of the Legislature is concerned. It is very certain that he was intentionally and adversely denied the right to a seat by his own party for party purposes; and that he was inveigled by his pretended friends to vote himself ineligible and unfit to hold office. By a vote of 126 to 12 the 10th section was stricken out, and the white radicals of the Convention shouldered the responsibility. If they were responsible then, they are responsible now, and they shall not shift that responsibility to the shoulders of honest men, who, under oath to support that action, voted to vacate the seats occupied by free persons of color in the present Legislature. We write this article with positive proof of the substance of the facts stated, and if any half way responsible seigneur or carpet-sack-bagger denies the truth of what we state, we stand pledged and ready to produce the testimony.

A Word to Planters.

Last year's cotton movement is repeating itself the present season. With an inadequate supply abroad, and our home ports not well stocked and not likely to be, because of the diminished acreage of the growing crop, one million eight-hundred thousand bales is a liberal estimate—nevertheless the tendency of the market is downward, downward. Our advice to planters is to send cotton forward and square their balances with the merchants who have provided the means wherewith to raise it. Except by consent of parties, fulfillment of obligations of this kind, cannot be honorably delayed. With whatever portion of the crop is left over, profiting by the example of last year, it would be wise to "tie up," and await the spring market, if the downward movement still continues, as we suppose it will.

The foreign crop has fallen below expectations, and there is but one report from the cotton region of the South.—The failure is undoubted, and the question is, not whether a good crop will be made, but what will be the extent of the falling off from last year. Planters would consult their own interest and that of factors also, by standing from under if their necessities and obligations do not put them under the control of the powerful combination of speculators who profited so largely last year by their misfortunes. Fortunately our planters have guarded against a recurrence of the imposition practised upon them last season, by raising largely of grain, and conducting their business upon the most economical scale. The embarrassment which they now experience, is due to the improvidence of 1866 and '7, when they paid extravagant prices for wretchedly inefficient labor, and staked everything upon cotton to the neglect of more essential productions. Jackson Clarion.

EXCITING SCENE IN COURT.—A remarkable case of crime and detection occurred at St Paul on the 14th inst. J. B. Schlichter, successor to the mercantile firm of Putnam & Paar, was arrested on the complaint of H. D. McGregor, a messenger of the M. U. Express Company, for forging the name of Putnam & Paar in the delivery book of the Express Company. The high character of Mr. Schlichter at once raised doubts as to his guilt. The signature was the only evidence presented of the alleged forgery, and bore no resemblance to Mr. Schlichter's handwriting. After much testimony on this point, says the Express, the defence requested McGregor himself to write the name of Putnam & Paar. In reply to this unexpected demand, he wrote what proved to be a facsimile of the characteristic features of the signature, but also the peculiar misspelling of the name Paar, which, as in the forged signature, he wrote Parr. Nothing else was needed to demonstrate that he was the real forger, and before the echoes died away of the joyous cheers which greeted Mr. Schlichter's triumphant acquittal, his own counsel furnishing the affidavit upon which the warrant was issued.

Indian Outrages.

The news from the Indian country seems to get worse and worse, the savages murdering and plundering right and left. The army has been ordered to expel them from the scene of their depredations by force. We think the New York Express only states what is reasonable when it says that all of this might have been avoided, if the Radicals, instead of sending troops to prop up their military despotism over white men South, had sent them to garrison the forts on the frontier, to protect the emigrant trains, etc.

AND TO

The following beautiful lines, which must touch more or less deeply the hearts of all of us, first made their appearance some twenty-five years since in the columns of an obscure newspaper published in Tipperary, Ireland. We thought at the time, and still believe, they could have come from none other than the pen of the lamented Gerald Griffin.

WE ARE GROWING OLD

We are growing old—how the thought will rise
When a glance is backward cast,
On some long-remembered spot that lies
In the silence of the past.
It may be the shrine of our early vows,
Or the tomb of early tears,
But it seems like a far-off isle to us,
In the stormy sea of years.
Oh! wide and wild are the waves that part
Our steps from its greenness now.
And we miss the joy of many a heart,
And the light of many a brow,
For deep or many a wailing bark
Have the whelming billows rolled,
That steered with us from that early mark—
Oh, friends! we are growing old!

Old in the dimness of the dust
Of our daily toils and cares—
Old in the wrecks of love and trust,
Which our burdened memory bears,
Each form may wear to the passing gaze
The bloom of life's freshness yet,
And beams may brighten our latter days
Which the morning never met.
But oh! the changes we have seen,
In the far and winding way,
The graves in our paths that have grown green
And the locks that have grown gray!
The Winters still on our own may spare
The sable of the gold;
But we see their snows upon brighter hair
And, friends, we are growing old!

We have gained the world's cold wisdom now
We have learned to pause and fear,
But where are living fountains whose flow
Was a joy of heart to hear?
We have won the wealth of many a clime,
And the lore of many a page,
But where is the hope that saw in time
But its boundless heritage?
Will it come again when the violet wakes,
And the woods their youth renew?
Will it stand in the light of sunny brakes
When the bloom is deep and blue,
And our souls might joy in the Spring time
But the eye was faint and cold!

THE SOUTH.

BY FATHER RYAN.

Yes, give me the land
Where the ruins are spread,
And the living tread light
On the hearts of the dead;
Yes, give me the land
That hath legends and lays,
That tell of the memories
Of long vanished days.

Yes, give me the land
That hath story and song,
To tell of the strife,
Of the wright with the wrong;
Yes, give me the land,
With a grave in each spot,
And names in the grave
That shall not be forgot.

Yes, give me the land
Of the wreck and the tomb;
There's grandeur in graves—
There's glory in gloom;
For out of the gloom
Future brightness is born,
As, after the night,
Looms the sunrise of morn.

And the graves of the dead,
With the grass overgrown,
May yet form the footstool
Of Liberty's throne;
And each simple wreck
In the way path of might,
Shall yet be a rock
In the temple of Right.

Many of our citizens witnessed
Herr Lingel's performance in the lion's
cage in Ames Circus and Menagerie,
and many of us thought he incurred
more danger than was justifiable for
the amusement and entertainment of
others, while many, of course, thought
the animals were not half as mad as they
pretended to be, and that the "Lion
King's" danger was all imaginary—
Last week, however, in a similar per-
formance, at Madison, Ind., he was so
terribly injured by the animals that he
has since died.—Selma Times.

the Democratic party is gaining ground
Voorhees expects to carry his district by
a handsome majority; and we shall carry
the entire State by a cool ten thousand.
This is exactly as it should be, for a
Democratic victory in Indiana in October
will secure the election of Seymour and
Blair in November beyond a doubt. So,
roll in, Hoosiers, and give us a sample
of the old metal that was hard to match
in the palmiest days of the old line, and
never beaten when it was put to the
touch!—Loisville Journal

Bloody Tragedy in Arkansas.—Memphis, Sept. 5.—The Arkadelphia (Dal-
las county) Standard of the 20th ult.,
has a report that a bloody tragedy oc-
curred last week in Louisville, Lafayette
county, in the extreme southwestern por-
tion of the State, resulting in the death
of seven negroes and five white men.
The circumstances of the case were sub-
stantially as follows: A negro had com-
mitted a horrid outrage upon a little
girl 15 years old and the citizens execu-
ted summary punishment upon him by
hanging. A brother of the negro went
to witness the execution, and behaved
himself in a very insubordinate man-
ner, and using threats against those who
had hung his brother. The people of the
place, after hearing his insults for some
time, hung him also. The negroes of the
town and neighborhood then collected
together, to the number of some forty
or fifty, and made a general attack upon
the town, which was met by the citizens
with the above result.

Geo. D. Shottidge, Jr., Esq., died at
his residence in Dallas county, August
29th.

FOR PRESIDENT, HON. HORATIO SEYMOUR OF NEW YORK.

FOR VICE-PRESIDENT, GEN. FRANK P. BLAIR, OF MISSOURI.

THE LEGISLATURE—We have not thought proper to encumber our columns this week with the wrangling Journal of the proceedings of the seal-law and carpet bag Legislature now in session at Montgomery.

On the sixth day of the session they introduced a resolution to appoint a committee to wait on the Governor, to enquire of him what he wanted them to do, notwithstanding the Governor had told them in his message, as plain as language could express, that he wished them to provide for a fair and economical registration, and confine themselves strictly to the business for which they were called together.

VERMONT AND MAINE ELECTORS—The Radicals seems very much elated at the result of the Vermont and Maine elections, although there is said to be a democratic gain of from ten to thirteen thousand in the latter State over the vote of 1866.

Our thanks are due to Mrs. Rowland of the News Agency for copies of "The Old Guard," "Nick Nac," "The Wonder," and Brick Pomeroy on Beast Butler.

We notice that the new Proprietor, Mr. W. B. Wynn is repainting and thoroughly refitting the Jacksonville Hotel. He will leave nothing undone for the comfort and convenience of travellers.

Goods Arrived.—The bulk of Goods purchased by Woodward & Son, which were somewhat delayed by the Railroad, have now arrived.

Call and see their magnificent stock of Dry Goods and Groceries of superior quality.

We are much pleased to learn that the new Chancellor has re-appointed the present worthy and competent Register, Wm. M. Hames, Esq. This will be agreeable news to all who have business in the Chancery Court of this District.

ENGLISH FEMALE BITTERS.—A few bottles of this truly excellent and valuable medicine, prepared by an association of Scientific and Skillful Southern Physicians, can now be obtained at the Drug Store of Dr. J. C. Francis, and also that of Nisbet & Vandiver.

This medicine has proved its excellence by practical use for twelve months in this section, and the demand has always exceeded the supply. We would recommend Druggists and Physicians to order a supply from Messrs. Drougool & Co. of Memphis.

A few bottles King of Chills can also be obtained at the Drug Stores.

See notice of improved and cheap Sewing Machine for sale by Mrs. M. E. Rowland at the News Agency.

STARTLING NEWS FROM GEORGIA!

A Bloody Riot—Carpenter Baggers Lead Negroes into Trouble!—Fifty Killed and Wounded!—The White Leaders Run Away!—An Armed Demonstration Dispersed!—Great Excitement in Georgia!

FROM ATLANTA.

Atlanta, Sept. 22.—The particulars of the riot at Canilla, as telegraphed from Bainbridge to Augusta yesterday, were incorrect and exaggerated.

O. H. Howard, Brevet Major of the United States Army, and sub-assistant Commissioner Freedmen's Bureau, telegraphs to Gen. Sibley, Commanding the District, from Albany, Sept. 19th, as follows:—

At 1 o'clock p. m., Ismael Lamar, a freedman, reported himself direct from Canilla, Mitchell County, stating that he had left there at 2 o'clock p. m. in a forenoon of this day he approached Canilla with John Murphy, W. R. Pearce, candidate for Congress in the 3d district, and F. P. Putney, white, and about seventy-five colored persons, all en route to Canilla, where Pearce and Murphy were to deliver political addresses; that in approaching Canilla, a relator being in advance, he was accosted by an armed and mounted white man, who at first stated that he was in search of a doctor to attend a negro who had been hurt by the falling of a tree, but who subsequently stated that he was a courier and advised the relator and others of the party who had overtaken him not to go to town, as the people there were determined the radicals should not speak in Canilla; that notwithstanding the warning, the party moved on towards Canilla, when they were met by the sheriff and a posse, who accosted Capt. Pearce, and who was assured by Capt. Pearce that he desired and intended to speak in Canilla on political subjects; that the Sheriff endeavored to dissuade them from doing so, telling them that the people would not permit it; that the Sheriff then went back to Canilla, and returned, saying that he had done all in his power to dissuade the party from violence, but with no avail; that the party moved on into town; that Pearce and Putney entered town and dismounted from their buggy, and hitched their horse to the Courthouse; that as the wagon containing the music entered town it was fired upon by the mounted white man who had first accosted him and by several other white men; that the freedmen then attempted to escape to the woods; that Pearce and Putney attempted to rally them, calling on them not to fly, that the colored men being unarmed would not stop; that the relator being mounted dashed out past five white men on foot and past the musicians who had abandoned their wagon; that Murphy and Philip Joiner in the buggy also drove rapidly away towards Albany; that the relator kept ahead of them; that when about seven miles from Canilla the buggy containing Murphy and Joiner was overtaken by five or six white men mounted and armed; that the buggy was stopped; that one horse came fiercer up the road towards the relator; that the relator saw persons around the buggy, some of them dismounted; that the relator then came on as rapidly as possible to Albany.

The following is the statement of the Sheriff, sworn to by himself and several other prominent citizens:—

"On the 19th inst., it was made known to the citizens of Canilla that Murphy, of Albany, had issued a circular, and secretly circulated the same among the colored men of this county, ordering them to bring their arms to a political meeting advertised for that day at this place. This information was corroborated by statements made by Robert Cochran, Jones and others, who came from the road in the direction of Albany, and reported that armed negroes were assembling in large numbers at China Grove Church, and waiting for the delegation from Albany headed by the said Murphy and Pearce, candidate for Congress, who were to be the speakers on the occasion. At the request of the citizens, M. J. Power, Sheriff, with a committee of six

other citizens, went out to meet said procession and protest against armed negroes being marched in procession into town, and to state to them distinctly that if they would put down their arms no objection would be made to their entering town and holding their political meeting. The Sheriff delivered this message to Murphy and Pearce, the leaders of the procession, who replied that they had nothing to do with these armed men; that the arms belonged to them, and they were in the habit of carrying them wherever they went. The Sheriff replied, that as a peace officer, it was his duty under the law to forbid the assembling of armed men at a political meeting, and assured them that if they entered town with their music and banners followed by armed men, as they then were, it would be a breach of the peace, and he would not be responsible for the consequences.

"Shortly after this, the column moved into town in regular order headed by Pearce, candidate for Congress, and one Putney, white, in a buggy, armed with a double-barrelled shot gun, a Spencer rifle, and two pistols, and a quantity of ammunition as was afterwards ascertained. Next followed a four horse wagon, containing a band and a number of armed negroes. Next followed a column of 300 or 400 negroes on foot, attended by about 20 mounted outsiders. At least one half, if not two thirds, were armed with guns, and most of them with pistols. The music was playing and the crowd was noisy and threatening in their conduct. Murphy and one Philip Joiner, colored, in a buggy, in the rear.

"As the head of the column approached the square, one of our citizens, James Johns, who was interested, approached within a few feet of the column, and ordered the music to stop, which was not obeyed, and the column moved on. When it was about twenty steps from him, Johns' gun was fired, whether intentionally or unintentionally, is not known; but it was pointed in a different direction, and the contents struck the ground about 12 feet from him.

"The column fired a volley, some of the shots at Johns, but most of them in the direction of Maple's store, some thirty or forty steps from the column, where there were a number of citizens, all unarmed, wounding six citizens.

"Immediately about twenty of our citizens sprang to their arms, and fired into the column, by which two negroes were killed, and a number unknown wounded.

"The negroes immediately broke to a thick cluster of timber about one hundred yards north of the Court House. At this point there was an attempt made by Pearce to rally his routed forces. Our citizens immediately, to the number of about thirty, part of them wounded, made a charge and completely dispersed the whole force. Pearce, Murphy and Joiner escaping in their buggy up the road toward Albany.

"Seven negroes were killed from the best information we have been able to procure. Between thirty and forty were wounded, all of whom have been properly cared for.

"It is a source of deep regret that the fatalities consequent upon this affair fell exclusively on the poor divided negroes, who were led on by white men, Murphy, and Pearce, and Putney, who made good their escape in the hour of danger, without injury to themselves. This result is to be attributed more to the shrewdness and sagacity of those gallant leaders in effecting their escape than to the want of intention on the part of our people.

"We disavow any purpose or intent on the part of ourselves or our citizens to violate the laws or the peace of the State in what was done. We were willing, and so expressed ourselves to their leaders, for them to hold their political meeting at the Courthouse in our town if the negroes were disarmed; but we did think, and still think, that it was our duty to obey the orders of the Sheriff as a civil officer of this State, in breaking up this unlawful assemblage. We felt that as the number of these armed men greatly exceeded that of our citizens present, that if this meeting took place, the life of our wives and children would be at the mercy of an infuriated mob. While the consequences are to be regretted, and we do not boast of what was done by our people, we feel that they have but discharged a painful duty imposed upon them by wicked and corrupt white men now engaged in leading a stray into nets of lawlessness the colored people of our country. We appeal to the law-making power of Georgia and to the lawful authorities of the United States Government to check the progress of these stirring criminals, who are prowling about the homes and disturbing the quiet of our war-stricken people."

The foregoing statements from the civil and military authorities give full particulars of the riot.

The Governor to-day sent a special message to the Legislature recommending that the President be petitioned for troops for Georgia.

CIVIL WAR.

The Contest Actually Began.

The Kuklux bill is producing its legitimate results already, and first of a series of engagements that will soon become general all over the State, is triumphantly announced in the Whig of Tuesday, as follows:

THE BATTLE OF KNOB CREEK. JONESBORO, TENN., Sept. 14th, 1868. Editors of the Whig:

On Friday last the Union League of Buffalo Ridge, of this county, made a raid upon a Kuklux organization of Knob Creek, a few miles distant. Before approaching the house where these rebel ruffians and scoundrels were holding their council, they were fired upon by their pickets; this brought on a general engagement, in which there were some two hundred shots fired, without killing or injuring any one on our side. Whether any casualties on the K. K. K. side it is not known. The leaders and members of the K. K. K. are known, and in a short time will be given to the public.

There is little necessity for comment upon this statement. It simply means, "Let us have peace."—Knoxville Herald.

A Washington dispatch to the N. Y. World says: The fact that the Republicans are in a predicament, everywhere apparent here, in the departments, on the streets, at the hotels, and at all the public resorts, they are becoming aware of the result in November of each day. Even those who have been first sanguine of success are becoming nervous and despondent, and all admit that if victory is possible under any circumstances it can only be achieved through the hardest and most exhaustive presentation of the cause. The Republicans are everywhere concentrated in their points, through their speakers, and by every means, to be vigilant and active, and none is so hardy as to deny that Seymour today stands, in point of influence, four times the chance of election by all when he was first nominated, and that his chances are daily strengthening as he and his opponent become better known throughout the country. The Southern Radicals make a re-announcement of their opinions, and openly declare that unless Congress holds a session in November the South will be left to them. They do not care what a session of Congress will do them, but they can do nothing without it, and they want anything that promises help.

LATEST NEWS.

FROM WASHINGTON. Washington, Sept. 19.—There is but little hope of a quorum on Monday noon, but it is understood that the officials of either House regard that they have the power to take recesses and prolong the Congressional day indefinitely. On this theory Monday's session may cover a week or two. There seems to be no doubt of an ultimate quorum then, as agreed upon by the Conference at which Wade, Colfax, Schenck and others were present. Congress will be adjourned on the 15th of October.

FROM NEW ORLEANS. New Orleans, Sept. 19.—The Senate yesterday passed finally the negro equality bill, which prohibits distinction in any place of public resort or public conveyance under penalty of fine and imprisonment.

Washington, Sept. 20.—Capt E. B. Ormsud, disbursing agent of the Post-office Department, has absconded with from \$50,000 to \$100,000 of the public funds.

Surratt's conspiracy trial will commence to-morrow. A writ praecipe will be entered on the murder indictment.

Sixty members of the House, and eighteen Senators, are now here. It is thought the early trains to-morrow will bring a quorum. Nearly all the southern members are here.

Gen. Howard has returned. The President, replying to the address of the Columbian Minister, said: "I hope that it has been made to appear clearly to all men that the United States do not covet the absorption, conquest, or protectorate of the Spanish-American republics."

The Spanish naval forces Cadiz have revolted.

The Generals recently banished have returned and joined the insurrection which Marshal De La Torre heads and which the leaders of the old O'Donnell party support.

Several towns have joined the insurrection. There is intense excitement at Court. Troops had been sent southward under General Couch.

A report prevailed in Paris that Queen Isabella had abdicated. The war feeling in Europe is quiet. The ambiguity of Napoleon causes a crowd of indignation, as all other rulers are known to desire peace.

The Hungaria Diet proposes universal religious toleration. The Catholic Clergy in Galway oppose the candidates who don't support Gladstone's resolutions.

Washington, Sept. 12. A note prepared was entered on the murder indictment against Surratt.

Surratt's counsel make a special plea, that the second indictment against him is barred by the amnesty proclamation issued before it was found. Court adjourned.

Both Houses have agreed to adjourn on the 16th October, from that to the 18th of November, and from that to the 1st Monday in December.

Montgomery Sept 21.—The Senate this morning adopted a resolution asking the President to send U. S. soldiers to aid in preserving the peace.

The democratic Senators denounced the resolution as a libel upon the people of Alabama, and as being a political scheme to control the polls and create the impression that the people of the State are not peaceable.

The resolution passed the House also where it was bitterly denounced by the democratic members.

A Committee of five has been appointed to take the memorial to the President. They will leave for Washington in the morning.

The House passed a bill authorizing the publication of all the laws passed by the Legislature in some "royal" paper. It is intended for the benefit of a new radical paper started here which has no legitimate patronage.

It is now thought a registry law will be passed, and an election held in November.

FROM MONTGOMERY. Montgomery, Sept. 22.—But little was done in either House to-day. In the House a resolution was adopted for the appointment of a committee to wait on the Governor and learn what he desires the Legislature to do.

A resolution was offered, directing the Committee on Registration to report progress to-morrow. It was seconded by a member of the Committee who said the Registration bill was delayed because every member of the Committee except himself was opposed to an election by the people in November.

FROM SPAIN. London, Sept. 21.—Midnight.—The following has been received from Spain: The resignation of Gonzales Bravo and his cabinet had been accepted.

A parley had been held between some of the loyal officers and the rebel leaders, the result of which had not transpired.

Fourteen thousand rebels were gathered near Valladolid to prevent the Queen's return to Madrid. The revolutionists hold the whole of Andalusia. It is stated the revolutionists are acting in the support of the Duke of Montpensier.

Bravo, the resigned Minister, had ed. The Queen is at St. Sabasta. The roads are infested with revolutionists, which prevents her return to the Capital. Generals Prim and De Rada are at the head of the insurgents marching on Madrid.
