THE exercises of this Institution will be resumed on the first Monday in September next.

The known health of the place, its pure mountain air and the fine scenery around, together with the moral and intellectual character of the community, highly commend Jacksonville to parents as a desirable point for the education of their children.

It is exempt from many of those causes that tempt and lead the young to habits of extravagance in the pursuit of fashionable or vicious amusements.

There are several Sunday schools and churches; any of which the pupils can attend, at the option of their parents.

It is respectfully suggested that pupils should enter at the beginning of the session, that they may be properly classed and make an even start with their classmates in their scholastic course.

DR. JOHN BULL'S
Great Remedies:
DR. JOHN BULL,
MANUFACTURER AND VENDER OF THE
Celebrated
Smith's Tonic Syrup!
FOR THE CURE OF
AGUE AND FEVER,
OR CHILLS AND FEVER.

THE proprietor of this celebrated medicene justly claims for it a superiority over all remedies ever offered to the public for the *safe certain speedy and permanent* cure of Ague and fever, or Chills and Fever whether of short or long standing. He refers to the entire Western and South western country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure. If the directions are stricly followed and carried out. In a great many cases a single dose has been suflicent for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health It is however prudent, and in every case more certain to cure if its use is continued in smller doses for a week or two after the disease has been checked, more especially in difficult & longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **Bull's Vegetable Family Pills** will be sufficient.

BULL'S
WORM DESTROYER,
To my United States and World-Wide Readers.

I HAVE recieved many testimonials from professional & medical men, as, my almanacs and various publications have shown, all of which are gennuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever recieved. Dr Clement knows exactly what he speaks of, and his testimony deserves to be writen in letters of gold. Hear what the Doctors say of **Bull's Worm Destroyer:**

VILLANOW, WALKER COUNTY, Ga
June 29, 1866.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" sevral trials, and find it wonderful efficcious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for one articles of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you, is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the *regular* line of M. D.'s, but I see not just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to aleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms.

I am, sir, most respectfully.
JULIUS P. CLEMENT, M. D.

BULL'S
SARSAPARILLA.
A Good Reason for the Captain's Faith.
Read the Captain's Letter and the Letters from his mother:

Benton Barracks, Mo., April 30, 1866.
DR JOHN BULL—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it posesses, I send you the following statement of my case.

I was wounded about two years ago—was taken prisoner & confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general healtih is impaired and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing eles. I wish that that is genuine. Please express me half a dozen bottles, and oblige
CAPT. C. P. JOHNSON,
St. Louis, Mo.

P. S.—The following was written April 30, 1865, by Mrs. Jennie Johnson, mother of Capt, Johnson.

DR. JOHN BULL.—Dear Sir. My husband Dr C. S. Johnson, was a skillful surgeon and physician in central New York, where he died leaveing the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. It CURED HIM. I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever soars, and general debility. Perfect success has atended it. *The cures effected in some cases of scrofula and fever soars were almost miraculous.* I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover. Respectfully,
NIEGEN JOHNSON.

BULL'S
CEDRON BITTERS.
Arkansas heard from.
Testimony of Medical Men.

Stone Point, White Co., Ark., May 23 1866.
DR. JOHN BULL—Dear Sir. Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.
My son-in-law, who was with me in the store has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.
Dr. Gist, who has been in bad health, tried them, and also improved.
Dr. Coffee, who has been in bad health for several years—stomach and liver affected—is improved very much by the use of your Bitters Indeed the Cedron Bitters has given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall—especially your Cedron Bitters and Sarsaparilla. Ship me *via* Memphis, care of Rickett & Neely.
Respectfully,
C. B. WALKER.

POETRY.

Made Perfect Through Suffering.

Hidden in a hamlet lowly,
Simple, peaceful ways he trod;
Kept his spirit pure and holy,
Found a patient path to God.

From his early boyhood illness
Blanched the rose upon his cheek,
Hushed his buoyancy to stillness;
Till for pain he could not speak;

In his lonely chamber lying,
Curtained from the gladsome day,
Suffering, sweet and self-denying,
Cheerful passed the hours away.

Ripened thus his spirit's beauty,
Perfected, celestial love,
Conquered life by faith and duty,
Won an angel's crown above.

The St. Louis *Democrat* (Radical) thus writes the Obituary of its party in Missouri:

The same disease has seized the party in this State, and it will devolve on the State *Journal*, in November, to as gracefully inform its readers of the demise of the infidel concern in Alabama. It will be buried in the Potters Field.

"The Radical party died about half-past twelve o'clock on Friday, September 2d. Its disorder was a rush of mud to the head. The abuse and vilification and general blackguardism with which its proscriptive element has habitually assailed every prominent man who had sense enough to see to-morrow, produced on the part of many of its intelligent members a determination to take care of to-morrow, and let the party take care of itself. The brains went out. The intestines remained. "Time was that when the brains were out the man would die," and the party died. * * *

We have no time to write a history of the deceased. Busy men, in a live world, have no time for funeral ceremonies. Nor can we conscientiously lament its departure. For some time its disease has been so severe that life was a burden to it. The days of its usefulness, as a party of proscription and disfranchisement, were really over when U. S. Grant was elected. Since that time it has only been a question whether the party should kill its principles or its principles kill the party. We deem it fortunate that the principles soared away to a purer and better abode, before they had been altogether destroyed by that rush of mud to the head. So painful were its latter days, that even its best friends longed for the agony to be over—longed for a day when a pure gentleman and a brilliant statesman could utter a noble thought in a caucus of his friends without having hurled at him the epithets of 'rebel,' 'drunkard' and 'infidel;' when a scoundrel should cease to be idolized by loyal men because he raved and blasphemed at rebels; when, in the name of God and loyalty, it should no longer be necessary to keep half a million of the money of the people loaned by favored bank or two; when a newspaper could frankly speak its objection to men or measures without being accused of treachery; when, in short, brave men should not fear to go before the whole people with just principles as their only hope of success."

A Correspondent of the Columbiana *Guide*, has been travelling over some of the Counties of our section, and thus recounteth what he saw, and learned.

Ed. Guide: I have recently visited the counties of Calhoun, Etowah, St. Clair, Jefferson, and I found Conservatism everywhere alive. Radicalism in that part of Alabama is dead, and will be buried in November next. Some of the most rampant of the Radicals have given up the *ghost;* they denounce the *nigger*, the carpet-bagger and the plunderer of the School Fund. Even the *Republican Union*, a Radical paper published at Attalla, has only the name of Smith at his mast-head—says he "can't stomach the balance of the *thing.*" These who will support the entire ticket, are the lowest of the low. I met none who had the nerve to own that they would do so. St. Clair has been Radical ever since the war, but she will at the next election give a handsome Democratic majority; DeKalb has been in the same condition, she is now *all right;* Blount and Marshall will cast their votes almost a unit for Lindsay and Reform; Radicals are unknown in Cherokee.

If Gov. Smith will locate a few more *Patona Courts* in Alabama, and visit the Ashville *Depot* a few more times, he will not leave for his party in that part of the State a corporal's guard.
Yours, CONSERVATIVE.

THE RADICAL HAPPY FAMILY.—There is more fighting among the Radicals of Alabama than we ever before heard of in a peaceful and harmonious family. Gov. Smith abuses Spencer, Sibley & Co., and they abuse him, each charging the other with falsehood and treachery. Smith calls all the members of Congress from Alabama in March, 1869, "unprincipled scoundrels," and Heflin, one of them, says, 'Damn Smith,' and denounces him. Armstrong, a prominent Rad. of Lowndes county, cursed Keffer, the carpet-bag Commissioner of Industrial Resources, for a scoundrel, and mashed his hat over his head, the other day. Two notorious scallawags, Brown of Green and Blackford of Hale had a difficulty at Demopolis last week, in which Brown called Blackford a liar and was only prevented from shooting him by a bystander. Some time ago J. C. Bradley and T. U. Green, scallawags of Huntsville, abused each other and had an altercation; and not many days ago Nick Davis, scallawag, and J. W. McDonald, carpet-bagger, had a political quarrel (about Nick's denunciation of carpet-baggers, we learn) and took a fisticuff rough-roll-and-tumble on the Court Green. "Their cry is peace! peace! when there is no peace!"
Huntsville Democrat.

The Troy Messenger says: "The man who withholds his vote, in the present crisis, and fails to act, from prejudices or like causes, is a thousand times wrose than the 'scallawags' and 'carpet-baggers' whom he is never tired of abusing, but for whose overthrow he will not lift a finger."

Martial Law.

The Jacksonville *Republican*, of the 18th inst. in an editorial, says:

"It has been confidently asserted by members of the Republican party, that this county will be put under martial law before the election, and that we will be thus cheated of our rights."

While we do not wish to see our neighbors of Calhoun county visited by martial law, believing, as we do, that there is not a shadow of necessity for such an infliction,—yet if the clamor for the torture and rack that, in a continuous howl, comes up from the Radical kennel, cannot be appeased in any other way, we know of no people in the State that have the determined fortitude and unflinching courage, to meet the outrage as becomes men and patriots, in a higher degree than the citizens of that county. Let them immolate Calhoun, if they will, on the altar of military despotism; they can find no nobler sacrifice; and, when placed in the shambles, will prove a peace offering to a distracted state, in comparison to which the purification of North Carolina will pale into nothingness. Let Gov. Smith quarter his militiaon the citizens of Calhoun county;—it will be a sore infliction, deeply to be regretted; but it will place beyond peradventure the redemption of Alabama from Radical rule. And if our advice is worth anything, we would suggest to the "melish," when they march into the county, to "keep well closed up."

One Hundred Emigrants Burned to Death.

A very sad occurrence is reported at Rio de Janeiro, namely, the burning of an emigrant ship, and the consequent loss of over one hundred passengers on board. The details of this terrible catastrophe are given by the Captain of the French bark Adele Louise, who succeeded in saving some of the persons from the ill-fated vessel, the Manin Baravina, on its way from Genoa for Monte Video, with 128 passengers and 25 of a crew. It appears that on the 21st of July, about 9 P. M., being at reast of Rio de Jeneiro, the Adele Louise sighted the Barravina in flames some distance astern, and at once went to her assistance. What followed is described in the "Telegraph Maritimo:" "The spectacle presented by the burning ship was extremely awful; the cries of the passengers, the flames leaping out on all sides, the women shrieking frantically, some of them jumping overboard, others holding on by the chains and bow of the vessel, forming a scene of disaster and confusion that defies description. One boat that was lowered was speedily filled with people crowding into her, and went down. It was almost impossible to render assistance, but the bark succeeded in taking off eight persons including captain and mate. The schooner *Mary*, from London to Australia also happened to pass, and rescued ten more, whom she transhipped to the Adele Louise. The remainder, 123 in number, perished." It seems that the conflagration broke out in the chimney of the cooking gallery and spread to a large number of chairs that formed part of the cargo. The passengers immediately became panic-stricken, and in the absence of discipline the captain was unable to take effective measure to suppress the flames or to save the lives of those on board.

A Warning.

Every true Democrat and Alabamian should read the following timely warning from the Tuskegee *News.* The remarks apply throughout the State. Frequently of late we have urged upon the people organization of the Democratic and the necessity of a prompt and thorough Conservative party. The State Executive committee has made a general appeal to the members of the party to form clubs, and thus be in readiness to conduct the canvass. By organization, we do not mean stump-speaking barbecues and other exciting entertainments, but the systemetic machinery, which makes the party a unit and enables it to provide for all emergencies. Unless a Central Club is formed, and auxiliaries established in each Beat, the probability is that on election, day there will be no tickets at the boxes scores of voters will remain at home, and our aggregate vote will be reduced to insignificance.

On the same subject the Evergreen *Observer* says:

Let the different clubs keep themselves well together, and ascertain the name, color and political status of every voter in the beat; prepare private registers and take great care in making them correct so that every man's position can be at once ascertained by a reference to it.

Still hunt over every square rood in your beat, look to our friends, encourage them to come out and vote, and if not registered, then induce them to do so without delay. Be energetic, but kind and use all proper means to poll the last man in our interest you possibly can. Let every man act, as if he had a grave personal duty to perform, and he certainly has, in seeing that every man comes up to the full measure of his obligations to himself his family and his country.

In all instances let your zeal be tempered with moderation and circumspection but be none the less zealous, nevertheless: Citizens of Alabama!—the day of your deliverance is at hand if you will but seize the golden moment and work as you have never worked before. Your enemies, see your strength, as manifest in your singular unanimity, and if you will but persevere the Ides of November will be a glorious day, indeed.

A Prediction Falsified.—We told our friend, Col R. B. Lindsay, that the Secesh Democracy had no use for old Union Douglas Democrats like himself.—*Huntsville Advocate,* (*Rad.*)

But you see that the Democracy of the State, in Convention assembled, liked Mr. Lindsay so well that they selected him for the highest office in their gift. As the Advocate so unequivocally endorses his Union record, we hope to hear no more from it in denunciation of what it calls "Secesh Democracy."

Democratic and Conservative Convention Platform.

The Democratic and Conservative party of the State of Alabama, in entering upon the contest for the redemption of the State Government from the Radical usurpers who now control it, adopt and declare as their platform—

1. That we stand ready to obey the constitution of the United States and the laws passed in pursuance thereof, and the constitution and the laws of the State of Alabama, so long as they remain in force and unrepealed.

2. That we are opposed to the unjust, extravagant and unnecessary taxation, both State and Federal, and with which our people are now oppressed; to the wasteful squandering and embezzlement of the public money and public property; and we are in favor of the strictest economy in public expenditures, and of a rigid and prompt accountability of all public officers.

3. That we are in favor of law and order; fair and peaceful elections, free from fraud and corruption: and that we shall demand a fair count of the ballots cast.

4. That we are in favor of confiding the government of the State to our own people, to men of known capacity and integrity, who accept office for the general good and do not seek official position for public plunder.

5. That the party now in control of this State have obtained power by usurpation, against the will of the people, and they have imposed enormous and unnecessary taxes; they have created unnecessary and useless offices for the sole purpose of feeding their needy followers, they have by profligate extravagance and corruption, increased the debt of the State many millions of dollars, and have even refused to execute the provisions of their own constitution relating to the classification of State Senators and their tenure of office; and by numerous other enormities in legislation they have shown themselves unfit to govern the people of a free State, and they ought to be ejected, through the ballot box, from the offices they hold in defiance of the wishes and in contempt of the interests of the people.

A Horse of Another Color.

We wish to call the attention of the colored men of Calhoun to a fact that they probably have not considered, and we wish our subscribers to read this article to them and thus bring it to their attention. It is this:

After all the voting they have done for the Radical party, thus putting white Radicals into office all over the State, these same white Radicals now turn around and, with a "damn the nigger," declare their intention not to vote for Rapier, a colored man, put on the State ticket at Selma. There are Radicals in this county who say they "cannot go the negro on the ticket." The Radical paper at Attalla, Etowah county, will not support the ticket further than Gov. Smith, because Rapier stands in the way. Thus they treat the negro. They will vote the white part of the Radical ticket; but shy around the black man on it; and this when they are indebted to the negro vote for all the offices they hold and their power as a party in the State. It is not fair. It is dishonest; and the question is, will the negro longer allow himself fooled by these men who have no further use for him than to vote him. In other words, will the black men vote for the white men on the State Radical ticket, when the white Radicals of the State refuse to vote for the black man on that same ticket?

The Radicals were hard pushed for Delegates in the Recent District Convention at Gadsden. From nine counties composing the District, only ten delegates met—five counties being unrepresented. The five counties which thus refused to longer recognize the existence of the Radical party in the District were kindly furnished representation manufactured out of the ten who voted themselves in as proxies. How could they authorize themselves to represent the wishes of the people of a county when no such power had been conferred on them by that people? Lemuel J. Standifer is the Radical nominee of a *minority* of the counties of the District.

We notice that Maj. Gen. Patton Anderson, one of the heroes of the army of Tennessee, is in town.

What Was the Reason?

MR EDITOR:

We desire to know from the delegates, or from any of the Radicals, why the negroes from Calhoun were not allowed seats in the Convention?

They were nominated in a regular convention in Calhoun county, instructed to vote for Nick Davis and came here to take their seats.

Were they bought off, driven off, or how were they disposed of?

FAIR PLAY.
Gadsden Times.

May-be the men who were ashamed to have the names of Burwell Williams and ——Scott (negroes) published as Delegates to the Selma Convention alongside their names, could tell how it was. The Radicals are evidently ashamed of their association with the negroes; but they need not be; for the negroes compose the more respectable part of their party in this State, both in numbers and the estimation of the white people, and the negroes are simply fools for allowing themselves to be crowded out this way by a few pig headed scalawags and carpet-baggers. But for their votes, there would be no Radical party in the State worth mentioning, and they are entitled to a fair showing in all Radical Conventions.

Judge Lemuel J Standifer is the Congressional nag put on the track by the Radical convention of 10 at Gadsden.—We had not imagined there was so much humor in the 10. They are poking fun at us. Standifer is the softest case they could have picked up.

Henry Hoke, and Tom Clark. (negroes) went from this county as Delegates to the Gadsden Convention, but were either persuaded or fooled out their seats in that Convention. Why? Because the white Radicals did not wish to sit in convention, with them. We wish the negroes of this county to remember that the Radicals deliberately denied them a voice in the choice of a representative, and put up a man, Lemuel J. Standifer, who openly declares he is no "nigger man."

Standifer has been a standing aspirant for Congressional honors ever since the accident of war threw the mud to the top. After the utter hopelessness of electing a Radical from this District has been demonstrated in the defeat of their strongest man, (Judge Harralson) they put him out to satisfy him. He may be vain enough to suppose his election possible; but we will bet "forty acres and a mule" no other Radical in the District supposes likewise.

Standifer, we understand, tells his Cherokee creditors (and their name is legion) that if elected he will soon be in position to pay them up. How does he expect to make it? It takes a Congressman's entire salary to maintain him in style befitting his dignity and the honor of his constituents. In old times men never thought of serving in the capacity of legislator for any other consideration than the honor attached and from patriotic impulse. It is left for the Radicals to view such things in a pecuniary light

Senator Sanford of Cherokee is evidently sulky. He was present at the Convention of 10 in Gadsden. When asked if he was a delegate he replied that he did not know. Said he, "they had little ole meetin' up thar; but they did'nt do nothing." With the accommodating spirit which characterized the convention, however, he was voted in as a *delegate*. In fixing the representation they enquired of him the number of Radicals in Cherokee. He did not know, and referred them to Standifer. Shanghai has not been in a good humor since the nomination of the negro Rapier for Secretary of State. He bolted the Selma Convention when that nomination was made.

We learn reliably that the Patona Inquisition has steadily refused for two weeks to allow one of the prisoners, against whom not the slightest evidence has been educed, the privilege of visiting a wife who is lying dangerously sick not two miles distant; and this in the face of every entreaty of friends, and the proffer of bond to an unlimited amount. Dead indeed must be the man to every generous sentiment of humanity who can refuse so simple, so natural a request. If true, this fact is another proof that bad whiskey (taken liberally) and Radicalism, in the end, effectually blunt all the finer feelings of the wretch so unfortunate as to embrace and imbibe.

Gov. Smith in his evidence before the reconstruction committee, cites as one instance of our "hostility to the Government" that we desired to erect monuments to the "rebel dead." How poverty-stricken must be the soul that could ascribe the most sacred feelings of the heart to political prejudice. They show a disposition to erect monuments to the rebel dead!" Let every father who has lost a son, every brother who has lost a brother, every son who has lost a father remember this against Governor Smith in November.

The Red Republican "fools" in Paris are diligently stabbing the Government in the back while it is bravely facing the Prussians in front. We read that they have been attacking the troops in the streets. They do not wish Prussian success; neither do they wish Liberal Republican success. They do not know what they want—they are simply Radical fools; and the breed is the same everywhere both in America and abroad.

Gov. Smith evidently "played off on the lonely 10 in Gadsden. On motion a committee was appointed to invite him to a seat on the floor. The committee went to hunt him; but were unsuccessful. He did not like the association. He was too sharp for them. He hid.

"It takes nine tailors to make a man" says the Proverb. The 10 Radicals in convention at Gadsden would'nt have made a little, coal black, onion-headed, 16 year old nigger boy.

From a speech at Huntsville delivered by Willard Warner, (carpet-bagger) we learn that he has extended, is extending and will still continue to extend the "olive branch." This settles the whole matter. Willard smiles, and all things are made "squve."

We urge the good women of Calhoun to remind their husbands of their duty in regard to registration. The noble women of the South, bless them, held up the hands of the soldiers while fighting for their liberties. Let them not prove less noble in the present struggle against bad government and corruption in office. We know that there is not a married woman in the county that will fail to send her vote through her husband to the polls in November.

We learn that old man Dale, perfectly blind, is already making all preparations to have himself hauled to town, on the day of election, that he, to use his own words, "may vote once more, if it is the last." Other old men, (one almost a hundred) some of whom have not voted for years, declare their intention to come out and contribute a vote to Democracy and Reform, in November.

How deeply stirred must be the great heart of the people, when such old men as these, with vastly more interest in hereafter than here, muster strength to strike a last blow at Radical corruption.

They wish to leave the legacy of good Government to their grand-children, God bless them!

They are no less noble than our Revolutionary Fathers.

With such examples as these, is there, can there be a single man in the county who will fail to cast his vote on the day of election?

We put at the head of our columns, this week, the name of Capt. B. I. Harrison, for member of the Board of Education from the 5th Congressional District; and we trust that when the District Executive Committee meet to put forth a candidate, he will receive the nomination. He is fitted by age, education and manners for the position. A teacher by profession, he would well understand the character of legislation necessary to advance the Educational interests of the State. No better selection for the position could be made, should the committee hunt the State from end to end. If put up, he will do the State ticket great good in the District; for he is both an orator and most logical and convincing speaker.

Court week will be a good time for our derelict subscribers to come forward and pay what they owe us. We are needing the money, and hope they will no longer neglect the preformance of so clear a duty.

A squad of Federal soldiers under command of a captain came into town on Tuesday. They remained but a short time.

OUR POST OFFICE.—Hoping that cause for complaint would pass away or the matter in some way be explained ere this, we have heretofore refrained from making any mention of the loud complaints made against our post office, not only by those in our immediate midst, but from points abroad. The *Gadsden Times* week before last, mentioned that among repeated occurrences of the same sort, one mail bag by way of Jacksonville contained ten letters which had been broken open. The loss of money has become so common by mail that no man can be found now so confiding as to send a letter containing greenbacks. Our citizens complain of the loss of money and letters both going from and coming to Jacksonville; while others complain of having their letters delivered with the evident marks that they had been tampered with. Letters have been found on the streets which should have been delivered and never reached the parties addressed save by accident. The complaint is general and loud-mouthed. We could cite numerous instances giving names, one or two in which even registered letters have not reached their destination; but we do not now desire to go into particulars. The Post master at this place owes it to himself to so explain as to clear his skirts. Does the fraud exist among the route agents or with local Post masters? The Department at Washington owes it to the people to hunt out the matter and see, and put the guilty parties in the Penitentiary speedily. Will the Department take notice of the matter.

Caution!

We desire to caution our friends, in talking or dealing with the Radicals, white or black, against indulging in any expression of sentiment or any act which, by any possibility, can be construed into a threat, or calculated to intimidate.—The Enforcement act fixes a punishment for anything of this sort, and also provides, in such an event, that the election be set aside and the next highest candidates, (Radicals in this instance) be declared elected. It is all a Radical trick to rob us of our victory. They will die hard in the State, and will not fail to avail themselves of any and every dishonorable device to thwart the will of the people. But we can checkmate them in their pretty game. Let us so act, that should any scoundrel swear he has been so intimidated as to prevent him from voting, that we can easily prove him false and send him to the Penitentiary for perjury. The victory is ours. Let us by no rashness or thoughtlessness throw it away.

We return thanks to the Southern Express Company for courtesy shown us in the free transportation of any packages sent from the Republican office. Wm. T. Alexander is the gentlemanly agent at this place.

Hon. Thos. A. Walker and Col. Jno. H. Caldwell will address the people of Cleburne county, at Chulafinnee, Friday, Oct. 14th, and at Arbacoochee, Saturday, Oct. 15th, 1870.

Hon. Peter M. Dox our talented and working member to Congress called on us Monday. He reports the District all right so far as he had been, and predicts the Democracy will carry every county in the District by handsome majorities. More the patriot than office seeker, he is working hard wherever he goes to secure the success of our State ticket, and indeed, one would think after a talk with him that his re-election was a secondary matter with him. Among the campaign Documents sent out by the National Central Executive Committee is his speech on Georgia, delivered in Congress, a compliment of which the people of his District should feel proud. It is rarely the case a member, in so short a time, attracts the attention and commands the respect, that Judge Dox has in Congress—by his splendid talents and scholarly bearing. Knowing him better than when he was first presented to us for our suffrages, we are free to say, the District could do no better in the selection of a Representative, were there no disabilities resting on the most talented and deserving of our State. He will address the people of Calhoun at Jacksonville, as will be seen from the list of appointments, on next Monday, the first day of Court. We hope our citizens will turn out *en-masse* to hear him, especially those from around Oxford and Cross Plains who will be apprised of the notice, though short, through this paper. Other gentlemen will perhaps speak on the same day.—Come everybody.

Nearly every one of our white Radicals say they will not vote for the negro Rapier on the State ticket. They *must* vote for him or else go back on their own loudly professed principles and acknowledge that their association with the Radical party has been more for love of office than a thorough and honest conviction. Let the negroes hold them up to the lick-log, and mark every white Radical who votes for Governor Smith and fails to vote for Rapier.

Col. Hodgson, the talented Editor of the Montgomery *Mail* and the Democratic Nominee for Superintendent of Public Instruction, will address the people of Calhoun, at Jacksonville, on next Wednesday Oct. 5th. He will thoroughly ventilate Radical corruption, and especially the school system as conducted by Cloud and *confreres*. Col. Hodgson is undoubtedly the best posted man in Alabama on this particular subject—a subject in which the people are vitally and deeply interested. This added to his natural eloquence, will, we trust, attract a great crowd to hear him on Wednesday. Amply notice is given. Turn out to a man.

We were pleased to meet in the Republican Office on Thursday, Mr E. A. Morse, traveller for the great firm of J. C. Ayer & Co. Lowell, Mass. We found him a thorough business man and an exceedingly pleasant and agreeable gentleman—calculated to leave a most favorable impression of himself and the firm he represents.

The long advertisement of list of Registered voters, excludes some reading matter this week. To make up for it we enclose address of Col. Hodgson which we want every man to carefully read and hand to his neighbor. Since the publication of that address and the report of the Committee another little Mobile fraud to the amount of something over $8000 has been fastened on Cloud by indisputable evidence.

ANOTHER STORE.—Messrs Rosenburg, who last year sold goods in our town, have returned to Jacksonville, and will open out next week in the house now occupied by J. B. Teruley & Co. We wish them a good trade and success.

Mr. Ed. L Woodward returned from New York Wednesday. The house will have on a splendid stock of Goods in a few days, to be sold at a moderate advance on cost.

The Selma Argus calls our Solicitor, through mistake, a Radical. He is a Democrat, hence, he was superceeded in the Patona investigation.

The Columbia Spectator don't "puff now like it did. Listen: "A big-hearted farmer sends us about three thimblesfull of rancid cider, with the request that we should notice it as a first class article of cider vinegar. We want to be excused. To notice it at all would require a space of not less than ten lines, the price of which would be $150. This thing of telling a one dollar and fifty cent lie for less than three cents, payable in rancid cider, is altogether played out."

Gen. D. C. Turrentine has shown us peaches of fine flavor which he assures us are the second crop. The first crop was of the finest, largest kind. These are smaller but of as fine flavor as any we ever ate. He informs us that there are several trees on his premises that have borne two crops this season.
—GADSDEN TIMES.

Spenser Demoralized.—Upon hearing of the nomination of Hon R. B. Lindsay by the Democratic Convention, Spencer, the carpetbag Kuklux struck Senator, said he would beat Smith, twenty-five thousand votes. He also stated that Lindsay would get all the white votes which have heretofore been given to the Radicals or withheld from the Democracy and that "Republican prospects were gloomy." So say we, and before the middle of November the gloom will be worse than darkness.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malaricus, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

SICKNESS, PAIN AND DEATH.

Legitimately result as penalties for violations of natural laws, from which none escape.

The faded cheek, the pale and wan features, the dull eye, the clouded intellect, the deep heaving sigh, the feeble and emaciated frames, the dejected brow, the tattering gait, all indicate previous transgression of law. Knowing that "procrastination is the thief of time," all intelligent beings apply for some remedy as soon as circumstances permit; while those who do not act upon the principle that "delays are dangerous," generally linger, lose more *time* and pay more *money*.

Thousands of mothers and daughters, in all stations and conditions of life, are suffering, lingering, and dying from the effects of some dreaded and dreadful

FEMALE COMPLAINT,

That claims its victims throughout the length and breadth of our land.

Many females suffer in some way at each monthly period; some girls life in great peril at the commencement of menstruation, while older ones dread its decline at the "turn of life." Sometimes the menstrual flow is too much, or too little, or may be attended with pain; may be irregular or entirely checked, or changed in appearance, attended with other distressing symptoms. Leucorrhœa, or the "Whites," frequently drains the system, or ulceration of the womb may create pain and cause rapid prostration.

Falling of the womb is an exceedingly common complaint, giving much trouble and distress, which, under ordinary treatment, is difficult to cure.

Hysterics, Green Sickness, Irritability of the Womb, and other serious and fatal complaints follow the female sex throughout life. Lives there a medical gentleman who has or can relieve the fair sex of the above troubles? Not many. Is there no combination of remedial agents that will come to her rescue? We answer, Yes,

ENGLISH FEMALE BITTERS,

The only acknowledged Uterine Tonic and Female Regulator known, will cure all those complaints above mentioned in an incredibly short time. The Bitters at once arouses, strengthens and restores the womb to its natural condition, removing obstructions, relieving pain and regulating the monthly period. Yonder stands a pale, feeble and languid girl, just bursting into womanhood; she is the pride of all, but hark! she silently steals a pickle, eats chalk, or a slate pencil, no appetite for food; she turns with a dull eye and seeks solitude; her eye no longer sparkles; her merry laugh is no longer heard ringing through the air; she mopes about with bloodless lips and gums, with heartburn, palpitation, constipation, swimming of the head, cold feet and hands, melancholy; she has a coated tongue, offensive breath, a host of other evils too numerous to mention.

When neglected all these symptoms become aggravated, there is sick stomach, heartburn, a dark line settles under the eyes, the legs and ankles are swollen, the hair loses its gloss and falls off, there is brittleness and splitting of the finger-nails, swollen abdomen, extreme nervousness, fretfulness, pining and aches, dry cough, Hysterical Fits, rapid prostration, epilepsy and death! If you, or any of your friends, are thus afflicted, send at once for a Bottle of English Female Bitters and be cured. Its effects are magical in such complaints. Surely no mother will postpone and delay this duty until

DEATH IS AT THE DOOR.

In all these complaints the system evidently shows a want of red blood, and Mr. Churchill, in his work on Diseases of Females, says: "Bearing in mind that the blood is remarkably deficient in red corpuscles, and the known property of *iron* to correct this condition, theory suggests it as the most to be relied on, the best of which is the Citrate." Citra a of Iron enters largely into the composition of English Female Bitters, combined with powerful vegetable tonics of rare qualities.

Among the mountains of Tennessee and the piney woods of Mississippi, is found a certain hard and flinty root, which has been in secret use by some old midwives for many years, possessing magic powers in regulating and restoring all females suffering with any affection of the womb. This root we have obtained, gave it a fair test in our practice and it is now one of the principle ingredients in these Bitters. Other powerful uterine and general tonics also enter into its composition. We also add Leptandra or Black root, sufficient to act upon the liver and keep the bowels open.

BLOOMING YOUNG GIRLS,

Middle-aged matrons, those at the critical period, and the aged grandmother, are all cured by the use of our English Female Bitters, now prescribed and used by physicians all over the country.

If you are troubled with Falling of the Womb, attended with a sense of weight and bearing down pain in the back and side, and other attendant evils, English Female Bitters will give entire relief.

Those at the "turn of life," mothers after confinement, and all others (male or female) who are convalescents from any protracted or debilitating complaint, who gain strength slowly, and whose digestion is slow and imperfect, will find these Bitters the very thing their system demands. It gives a powerful appetite, aids and assists digestion, arouses the liver, strengthens mentally and physically, and fills the whole system with pure crimson blood coursing through its channels.

COMMON GROG-SHOP BITTERS

Empty Bitter Bottles, of various styles, can be found around almost every dwelling and cabin throughout the land. Their taste is pleasant, and are *advertised* to cure almost every disease, while the manufacturers *know* they possess no medicinal properties whatever. They are so many disguises for *exceedingly common beverages* which do not, nor cannot possibly cure any one.

Beware of these pleasant bitters in quart bottles, they contain a sting for your vitals, and he who buys them carries a "loper's" grog into his house. One man who knows nothing about medicine, says his big bottles of common stuff will cure chills and fever, rheumatism and consumption; another, whose bottle is very fancy, cures all impurities of the blood, makes old men young, casts out devils, restores sight to the blind, and numerous other miracles; while yet another, who presumes every man a drunkard, proposes to cure colic, ingrowing nails, yellow fever, heart disease and love-sick maidens!! We know the people at large are deceived and swindled, and as we desire to ventilate these common humbugs, make the following challenge to one and all,

ONE HUNDRED DOLLARS,

That *one tablespoonful of* ENGLISH FEMALE BITTERS contains as much medicinal properties as *one bottle* of any of the pleasantly tasted common advertised bitters of the day! The medical profession to decide the question. Be it understood that English Female Bitters is not a beverage, but is a powerful Iron and Vegetable Tonic combined, curing long standing chronic female complaints in every direction.

Put up in large bottles at $1.50 per bottle, or six bottles for $8.00 and sold by druggists and merchants everywhere.

THE GREAT Southern Piano MANUFACTURY.

WM. KNABE & CO.
MANUFACTURERS OF GRAND, SQUARE AND UPRIGHT
PIANO FORTES
BALTIMORE, MD.

These Instruments have been before the public for nearly Thirty Years, and upon their excellence alone attained *an unpurchased pre-eminence*, which pronounces them unequaled. Their

TONE

combines great power, sweetness and fine singing quality, as well as great purity of intonation and Sweetness throughout the entire scale. Their

TOUCH

is pliant and elastic, and entirely free from the stiffness found in so many Pianos

IN WORKMANSHIP

they are unequalled using none but the very best SEASONED MATERIAL, the large capital employed in our business enabling us to keep continually an immense stock of lumber, &c., on hand.

☞All our SQUARE PIANOS, have our New Improved *Over Strung Scale* and the AGRAFFE TREBLE.

☞We would call special attention to our late improvements in GRAND PIANOS AND SQUARE GRANDS, Patented August 14, 1866, which bring the Piano nearer perfection than has yet been attained.

Every Piano fully warranted for 5 Years.

We have made arrangements for the SOLE WHOLESALE AGENCY for the most celebrated PARLOR ORGANS AND MELODEONS, which we offer, Wholesale and Retail, at Lowest Factory Prices.

SALE OF LAND,

At Alexandria, Ala.

BY virtue of a Decree of the Probate Court of Calhoun county, Alabama, authorizing me, as the Administratrix of John W. Whatley, deceased, to sell the Real Estate of decedent, I will, as said Administratrix, sell at the late residence of John W. Whatley, in Alexandria, on

The 1st day of October next,

the following described Land:

The south west fourth of Section 35, Township 14, Range 7—and north half of the south west fourth, and the north west fourth of south east fourth, and north west fourth of Section 2, Township 15, Range 7, except that portion of said last fourth, lying east of a line commencing at the north east corner of the north west quarter, and running a south west direction to a spring known as the Heard Spring, thence a south east direction to the south east corner of the north east fourth of the north west fourth of said Section 2.—Will also sell the south west fourth of Section 13, Township 15, Range 7—also an undivided one half interest in the STORE HOUSE LOT, known as the Dickson Store House and Lot, in Alexandria. Of the above lands Dower has been assigned to the widow, consisting of two hundred and forty acres, including the residence and known as follows: West half of south west fourth of section 35, township 14, range 7—west half of north west fourth of Section 2, Township 15, Range 7, and west half of south west fourth of section 13, Township 15, Range 7.

The said Lands will be sold subject to the widow's dower as before described—so that the purchaser at the death of the widow will have a complete title to the Land; the Court having decreed that the reversionary interest be sold in the dower Lands.

The place is known as the John W. Whatley place, near Alexandria, and is one of the most desirable in the valley—well improved—in a high state of cultivation—situated in a highly intelligent and cultivated portion of the county.

ASIATIC CHOLERA IN CHINA.

Almost every case cured with

PAIN KILLER.

[From Rev. R. Telford, Missionary in China, now visiting his home in Penn.]

WASHINGTON, Penn.

Dear Sirs:—During a residence of some ten years as a missionary in Siam and China, I found your Vegetable Pain Killer a most valuable remedy for that fearful scourge, the Cholera.

In administering the medicine I found it most effectual to give a teaspoonful of Pain Killer in a gill of hot water sweetened with sugar; then, after about fifteen minutes begin to give a teaspoonful of the same *mixture* every few minutes until relief was obtained. Apply hot applications to the extremities. Bathe the stomach with the Pain Killer, clear, and rub the limbs briskly. Of those who had the Cholera, and took the medicine faithfully in the way stated above, eight out of ten recovered.

Tru'y yours,

R. TELFORD.

If attacked with the Diarrhea, Dysentery, Cramp, Colic, don't delay the use of the Pain Killer.

FUSCHOW, CHINA.

Dear Sirs:—During a long residence in China I have used your invaluable Pain Killer, both in my own family and among the Chinese, and have found it a most excellent medicine. In the summer of 1862 and '63, while residing in Shanghai, I found it an almost certain cure for Cholera, if used in time. Indeed, using it in a great many instances, I do not remember failing in a single case. For three years I have been residing in this place, more than fifty miles from a physician, and have been obliged often to fall upon my own resources in cases of sickness. The Chinese come to us in great numbers for medicine and advice.—Though without medical knowledge ourselves, the few simple remedies we can command are so much in advance even of their physicians, that we have almost daily applications. We allow them to come, because it brings us in contact with them, and opens a door of usefulness. In diarrhea, colic, vomiting, cholera, coughs, etc., your PAIN KILLER has been my chief medicine.

Yours, very truly,

T. P. CRAWFORD.

Dr. Francis has it for sale.

LOUISIANA CREOLE

HAIR

RESTORATIVE!

The Hair restored naturally to its original color, prevented from falling out, its growth increased, and its softness and beauty multiplied.

The Louisiana Creole Hair Restorer keeps the head clean, cool and healthy, removes all diseases of the scalp, keeps it free from Dandruff, prevents irritation and itching and is an excellent remedy for nervous and other forms of headache.

The Louisiana Creole Hair Restorer is not a dye, but restores gray hair to its original color by supplying the capillary tubes with natural sustenance which may not be assimilated from either age or decay. All *instantaneous* Hair Dyes are composed of *lunar caustic*, destroying the vitality and beauty of the hair and afford of themselves no dressing, but on the contrary make the hair brittle and wiry. The

Louisiana Creole Hair Restorer not only actually *renews* the hair and restores the natural color by natural means, but it imparts to it a luxuriant beauty which it can attain by no other method.

The Louisiana Creole Hair Restorer in addition to its many useful qualities is elegantly perfumed and is entirely free from greasiness and stickiness, so that the finest linen fabric is not spoiled or even stained by its use. It contains no poison to kill the hair, but under its continued use, improvement is steadily manifested and it never fails to give the best satisfaction.

For sale by Druggists generally. Prepared by MANSFIELD & HIGBEE, Memphis, Tenn.

MAGIC ARNICA LINIMENT

WILL CURE PAINS AND ACHES IN FIVE MINUTES.

Prepared from rare Essential Oils, Extract of Camphor, Extract of Arnica, Chlodyne and Magnetic Fluid, chemically combined.

The Magic Arnica Liniment is one of the most powerfully penetrating Fluids known. It is no rancid grease like many of the so-called liniments sold, but a clear, transparent, ruby colored Fluid, which when applied, promptly penetrates through skin and muscles to the very bone itself, striking at the root of the disease and instantly relieving all pain. In cases of Paralysis, Numbness, Bites, Cramps, swellings, and in fact, all classes of diseases that can be reached by external treatment, this liniment will be found efficacious. In Rheumatism it acts promptly, killing the pain in one or two applications, and when used in connection with Mansfield & Higbee's *Great Internal Remedy, the RHEUMATIC COMPOUND, we have never known it to fail in effecting a CURE!* As a

Horse and Cattle Liniment

it is unsurpassed, curing where other liniments fail. A striking evidence of this is its unparalleled success when used in the treatment of Charbone or Erysipelas in Horses or Mules—a disease which at one time threatened to destroy all the stock in the Mississippi Valley. The

Magic Arnica Liniment

was the only remedy that was found to cure in all cases.

With every bottle will be found a circular containing specific directions for using.

For sale by Druggists and Dealers everywhere.

Manufactured only by the sole Proprietors, Mansfield & Higbee, Memphis Tenn. Wholesale Agents at Mobile, McGuire, Blackwood & Co. and at Selma, J. L. McVoy & Co.

Jacksonville Female ACADEMY.
R. I. HARRISON, Principal.

THE exercises of this Institution will be resumed on the first Monday in September next.
The known health of the place, its pure mountain air and the fine scenery around, together with the moral and intellectual character of the community, highly commend Jacksonville to parents as a desirable point for the education of their children.
It is exempt from many of those causes that tempt and lead the young to habits of extravagance in the pursuit of fashionable or vicious amusements.
There are several Sunday schools and churches; any of which the pupils can attend, at the option of their parents.
It is respectfully suggested that pupils should enter at the beginning of the session, that they may be properly classed and make an even start with their classmates in their scholastic course.
For further particulars, apply to any member of the Board of Trustees, whose names are hereto affixed.

DR. JOHN BULL'S
Great Remedies.
DR. JOHN BULL,
MANUFACTURER AND VENDER OF THE
Celebrated
Smith's Tonic Syrup!
FOR THE CURE OF
AGUE AND FEVER,
OR CHILLS AND FEVER.
THE proprietor of this celebrated medicene justly claims for it a superiority over all remedies ever offered to the public for the *safe certain speedy and permanent* cure of Ague and fever, or Chills and Fever whether of short or long standing. He refers to the entire Western and South western country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure. If the directions are strictly followed and carried out. In a great many cases a single dose has been sufficent for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health It is however prudent, and in every case more certain to cure if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult & longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **Bull's Vegetable Family Pills** will be sufficient.

BULL'S
WORM DESTROYER,
To my United States and World-Wide Readers.
I HAVE recieved many testimonials from professional & medical men, as, my almanacs and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I ha ever recieved. Dr Clement knows exactly what he speaks of, and his testimony deserves to be writen in letters of gold. Hear what the Doctors say of **Bull's Worm Destroyer:**
VILLASOW, WALKER COUNTY, Ga }
June 29, 1866. }
DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderful efficacious. It has not failed in a single inst nce to have the wished for effect I am doing a pretty large country practice, and have daily use for one article or of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you, is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the *regular* line of M. D.'s, but I see not just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For m part, I shall make it a rule to use all and any means to relieve a suffering community which I may be able to command—act hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms.
I am, sir, most respectfully.
JULIUS P. CLEMENT, M. D.

BULL'S
SARSAPARILLA.
A Good Reason for the Captain's Faith.
Read the Captain's Letter and the Letters from his mother:
Benton Barracks, Mo., April 30, 1866.
DR JOHN BULL—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case.
I was wounded about two years ago—was taken prisoner & confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing else. I wish that that is genuine. Please express me half a dozen bottles, and oblige
CAPT. C. P. JOHNSON,
St. Louis, Mo

P. S.—The following was written April 30, 1865, by Mrs. Jennie Johnson, mother of Capt, Johnson.
DR. JOHN BULL.—Dear Sir. My husband Dr C. S. Johnson, was a skillful surgeon and physican in central New York, where he died leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. IT CURED HIM I have for ten years recommended it to many in New York, Ohio. and Iowa, for scrofula, fever soars, and general debility. Perfect success has attended it. *The cures effected in some cases of scrofula and fever soars were almost miraculous.* I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover Respectfully,
NIEGEN JOHNSON.

BULL'S
CEDRON BITTERS.
Arkansas heard from.
Testimony of Medical Men.
Stone Point, White Co., Ark., May 23, 1866.
DR. JOHN BULL—Dear Sir. Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedrou Bitters:
My son-in-law, who was with me in the store has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.
Dr. Gist, who has been in bad health, tried them, and also improved.
Dr. Coffee, who has been in bad health for several years—stomach and liver affected—he improved very much by the use of your Bitters Indeed the Cedron Bitters has given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall—especially your Cedron Bitters and Sarsaparilla. Ship me *via* Memphis, care of Rickett & Neely. Respectfully,
C. B. WALKER.

TO PHYSIGIANS.

NEW YORK, August 15th, 1868.
Allow me to call your attention to my **Preparation of Compound Extract Buchu.** The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.
MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.
Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates, the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.
Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation·
With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years' Experience

[From the Largest Manufacturing Chemists in the World.]
NOVEMBER 4, 1854.
"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

Helmbold's Eluid Extract Buchu
Is the great specific for Universal Lassitude, Prostration, &c.
The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or Insanity ensues.

Helmbold's Fluid Extract of Buchu,
In affections peculiar to Females, is unequaled by any other preparation, as in Chlorosis, or Retention, Painfulness. or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash
Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu
In all diseases of the organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.
All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. Price—$1,25 per bottle, or 6 bottles for $6,50. Delivered to any address. Describe symptoms in all communications.

POETRY.

Plain Language from Truthful James.
TABLE MOUNTAIN, 1870.

Which I wish to remark—
And my language is plain—
That for ways that are dark
And for tricks that are vain,
The heathen Chinee is peculiar,
Which the same I would rise to explain

Ah Sin was his name;
And I shall not deny
In regard to the same
What that name might imply,
But his smile it was pensive and child-like,
As I frequently remarked to Bill Nye.

It was August the third:
And quite soft was the skies;
Which it might be inferred
That Ah Sin was likewise,
Yet he played it that day upon William
And me in a way I despise.

Which we played a small game,
And Ah Sin took a hand
It was euchre. The same
He did not understand;
But he smiled as he sat by the table,
With the smile that was child-like and bland.

Yet the cards they were stocked
In a way that I grieve,
And my feelings were shocked
At the state of Nye's sleeve,
Which was stuffed full aces and bowers,
And the same with intent to deceive.

But the hands that were played
By that heathen Chinee,
And the points that he made
Were quite frightful to see—
Till at last he put down a right bower,
Which the same Nye had dealt unto me.

Then I looked up at Nye,
And he gazed upon me;
And he rose with a sigh
And said. "Can this be?
We are ruined by Chinese cheap labor"—
And he went for that heathen Chinee.

In the scene that ensued
I did not take a hand,
But the floor it was strewed
Like the leaves on the strand
With the cards that Ah Sin had been hiding,
In the game "he did not understand."

In his sleeves, which were long,
He had twenty-four packs—
Which was coming it strong,
Yet I state but the facts:
And we found on his nails, which were tapper,
What is frequent in tapers—that's wax.

Which is why I remark,
And my language is plain,
That for ways that are dark,
And for tricks that are vain,
The heathen Chinee is peculiar—
Which the same I am free to maintain.

Judge Dox's Letter of Acceptance.
MADISON COUNTY, ALA.,
September 17th, 1870.
Gentlemen: After a long absence from Alabama, most of which was spent in the service of the 5th Congressional District, as its representative in Congress, I am erected on reaching home by the highest of all rewards in political life—*the approval of my constituents.* This approval has been assured to me, in a manner highly gratifying, by your letter advising me of my nomination for re-election by the representatives of the Democracy which assembled in Convention at Gadsden, on the 17th of August. As already intimated in a former letter to your chairman, I accept the nomination, as their standard bearer tendered me by the Democracy of the 5th District, and it will be my purpose, if re-elected their representative, faithfully to reflect their principles, while I shall at the same time, endeavor by just and enlightened legislation, to promote their material prosperity, and the re-establishment, on an enduring basis, those political rights which are now denied to many of the virtuous, intelligent and most highly esteemed of our fellow-citizens.
I flatter myself also, that without distinction of party, they will concede my fidelity to their local and personal interests. Not one among the many of my constituents who had occasion to write me during the late session of Congress, failed to receive, promptly, that recognition which was due, and, when needing help, my earnest efforts were also most cheerfully given in behalf of each and all, without reference to party relations, who applied for assistance. That assistance, I am gratified in knowing, was not given in vain, in more than one instance.
It was my pleasure as a representative of the State of Alabama, to further, with the co-operation of my Democratic colleagues of the House of Representatives, the appropriations made by Congress, at its late Session, for the improvement of the Tennessee River, and of the harbor at Mobile, and also for the survey of the Coosa, a matter of State importance.
For these several appropriations the people of Alabama are indebted, chiefly to the Democratic members of Congress whose votes made the majority on the passage of the Bills making such appropriations. Indeed; it is my pleasure to say that in no instance, under my observation did the Democratic members fail to respond with alacrity to any occasion which invited their co-operation with your representative in his efforts to aid the people of his District and State. Especially, did the Democratic members demand—on every appropriate occasion—that the political disabilities attached to so many of our people should be removed, that the odious test oath should no longer be exacted; and that the many unjust discriminations against the people of the South which have marked the legislation of Congress since the late civil war, should be at once repealed, never again to be revived. The steady, presistent opposition of the majority of radical representatives to the repeal of the odious restrictions to which I refer, caused me to believe, that no hope for the entire removal of those restrictions, can be justly entertained, so long as the present dominant party retains the control of both houses of Congress. This consideration should stimulate the efforts of every Democrat, and of every southern citizen, to secure the election of such representatives only, as will give additional strength to the Democratic vote in the next Congress.
During my residence in Washington as your Representative. I succeeded in obtaining from the commissioner of public lands, such rulings under existing laws regulating their disposal, or such modifications of former rulings on the same subject, as will, I believe, permanently relieve our people from the apprehension of the unjust exactions with which they were, at one time, threatened.
If I should be mistaken in the supposition that needed relief on this subject is already fully assured, I cannot doubt from the disposition hitherto manifested by Judge Wilson, Commissioner, to do all in his power, under the law to make the conditions of purchase and occupancy of public lands as easy as possible to our citizens, that excellent officer will readily supply, by additional rulings, such further remedies as shall be necessary.
The bill which I introduced at an early day, in the late session for the revival of the grant of public lands to the State in aid of the construction of the Coosa and Tennessee rivers railroad; failed to become a law for want of time to take it from the Speaker's table, unless by unanimous consent. This rendered a single objection fatal to its passage. That objection was made by a member of Congress from New York, whose whole Congressional career has been marked by a peculiar hostility to the Southern people. While I am happy in believing that the bill reviving the grant of lands heretofore made in aid of construction of the Coosa and Tennessee rivers railroad will become a law at the next session, I may also be excused for expressing the satisfaction with which I learned during my recent sojourn in New York, that the radical member whose objection defeated its passage at the late session will not be granted by his own constituents an extended opportunity of displaying on the floor of Congress, his peculiar prejudices to those whom I represent.
I have thus stated, gentleman, fully as I could in the form of a letter, my action and its results, in regard to measures before Congress at its late session, in which my constituents have a peculiar or local interest. In the addresses which I purpose making to the people of the several counties of the 5th Congressional District, I shall again take occasion to refer to these subjects, and to those of a general character, with greater amplitude of remark.
In conclusion, permit me to assure the Democracy of the District, and the whole people of that portion of Alabama whose representative I am, that, so long as I shall be permitted to represent them in the Congress of the United States, it shall be my earnest conscientious purpose to be guided by the teachings of the Democratic Fathers of the Republic; to conserve the civil and political rights of all our citizens; to obey the will, when clearly ascertained, of my immediate constituents; and in all things so to act as their representative, that when the Democratic test, "Is he honest? Is he capable? Is he faithful to the Constitution?" shall be applied to myself each and all of my fellow citizens will be able to give an unhesitating, if not an applauding affirmative.
Very truly, your Representative,
And fellow-citizen,
PETER M DOX.

The German War Losses.
The Brussels correspondent of the Pays, writing on the 5th says: "An officer who has followed attentively all the phases and vicissitudes of the war, has just communicated to me a sort of exposé of the situation of the Prussian army, derived chiefly from information in the journals. The losses may be estimated as follows: Up to the 18th, inclusively, Germany counted 300,000 men disabled. Since that day, six more have elapsed, during which seven French fortresses have been constantly beseiged, giving one hundred and twelve days of combat under their walls. All the letters agree in affirming that the three days of batle before Sedan were more sanguinary than any of the proceeding. The Prussian losses may, therefore, be set down at 100,000 men. Whole regiments were almost destroyed by the mitrailleuses at the moment of passing the bridges. The army of MeMahon had to fight a four days' battle after a series of partial engagements during as many more. We have thus four days of detached actions under McMahon, four of regular battle, five of combats with the free corps, 112 of continued hostilities before the fortresses, four of sorties, under Marshal Bazaine—August 26 and 27; and September 1 and 2—two before Strasburg, and two of the garrisons of Toul and Phalsbourg making in all one hundred and thirty-three days of combats and battles. All this warrants an estimate of the German losses since the 18th at a figure of 200,000 killed and wounded and lost. If, therefore, all the forces of the invading army amounted to 800,000 men, there would remain, but 400,000 to britig into the field."

Famine and Pestilence are following close in the wake of this bloody and destructive war in the fairest departments of France. An area of that country equal, prehaps, to that of the State of New York has been laid waste or exhausted of its cattle, sheep, swine, breadstuffs and forage by the great hostile armies operating therein, and still the work of desolation goes on. From the Rhine to the Seine the inhabitants not by thousands, but by million, are left destitute or very nearly destitute of everything in the way of subsistence. Thousands are roaming about, not only breadless, but houseless, and the summer is over; nothing more can be produced this year from the soil, and the winter approaches. Famine is already among those suffering people, and fevers, resulting from war, hunger and exposure, have already appeared in the fearful form of an epidemic around and in Metz and other battle fields. There is every reason to apprehend a great loss of human life from famine in the French departments ravaged by this war, should it continue even a month or two longer.

Democratic and Conservative Convention Platform.

The Democratic and Conservative party of the State of Alabama, in entering upon the contest for the redemption of the State Government from the Radical usurpers who now control it, adopt the following as their platform—

1. That we stand ready to obey the constitution of the United States and the laws passed in pursuance thereof, and the constitution and the laws of the State of Alabama, so long as they remain in force and unrepealed.

2. That we are opposed to the unjust, extravagant and unnecessary taxation, both State and Federal, and with which our people are now oppressed, to the wasteful squandering and [illegible] of the public money and public property; and we are in favor of the strictest economy in public expenditures, and of a rigid and prompt accountability of all public officers.

3. That we are in favor of law and order, fair and peaceful elections, free from fraud and corruption; and that we shall demand a fair count of the ballots cast.

4. That we are in favor of confiding the government of the State to our own people, to men of known capacity and integrity, who accept office for the general good and do not seek official position for public plunder.

5. That the party now in control of this State have obtained power by usurpation against the will of the people, and they have imposed enormous and unnecessary taxes; they have created unnecessary and useless offices for the sole purpose of feeding their greedy followers, they have by profligate extravagance and corruption, increased the debt of the State many millions of dollars, and have even refused to execute the provisions of their own constitution in [illegible] the re-classification of State Senators and the tenure of office; and by numerous other enormities in legislation they have shown themselves unfit to govern the people of a free State, and they ought to be ejected, through the ballot box, from the places they hold in defiance of the wishes and in contempt of the interests of the people.

Democratic Speeches.

On Monday the ball was opened good in Calhoun, by our able Representative, Hon. Peter M. Dox and our talented town-man, Judge Thos. A. Walker.

Although the notice of Judge Dox's appointment was very short, a large crowd turned out, and when the hour for speaking arrived, the court house was full of his constituents, anxious to do honor to him, who, as their representative, had worked so zealously and faithfully for their interests.

Judge Dox's speech was not long; but it was exceedingly good. He rendered a faithful account of his stewardship, and fore shadowed plainly what his future policy would be. He has been of signal service in the past and if renomed, with an increased Democratic representation in the House, will be able to do much more. As his letter of acceptance, published elsewhere, alludes to some of his acts most beneficial to his immediate constituency, we omit allusion to that portion of his speech touching upon those matters, and only report this week his opening remarks, in which he thanks the noble and ever true people of Calhoun for their hearty endorsement of him, as manifested in their vote for his renomination. We will allude to other portions of his speech in future.

On being introduced by Judge Walker, he said:

Fellow Citizens of Calhoun County.—As the Representative of the whole people of the 5th District of Alabama, in the Congress of the United States, I appear before you to-day, to render an account of my stewardship. Especially as the representative of the Democracy of the District, am I prepared to state that account.

During the time that I have been in your service at the National Capital, no one of any party or of any race can say that my assistance has been appealed to, and that appeal been disregarded.—Whether what was wanted was to be obtained from Congress, or by the action of any department of the Government, no constituent of mine who addressed me a letter on the subject, can do otherwise than testify, that I promptly acknowledged his letter, and as promptly addressed myself to the business to which my attention was asked. White and black, male and female, had in me, as I trust, a representative who neither slighted their applications, nor suffered their wants to be overlooked. The more than eleven hundred letters which I received while in Washington, from my District and other Districts of the State, every one of which I answered with my own pen, will show to you that the place which I have endeavored to fill has been no sinecure; but has compelled me to labor and taxed my utmost energies.

To you, the people, the Democracy of Calhoun, I owe my gratitude for your confidence and support; especially am I not insensible to the recent manifestation of that confidence, as shown in the hearty contribution of your vote, through your chosen delegates, to my renomination when I was kept from the District, many miles away, by the saddest of domestic calamities—the death, inexpressibly sad from its manner and in its circumstances, of one who was to me and mine, not only a brother and the best of friends, but who, by his genius and transcendant personal virtues, illustrated whatever commands the admiration, or wins the affections of men.

That this token of your regard will not pass unheeded, that it will be kept in mind so long as I shall represent you and as long as I shall live, I give you here and now the faithfully renewed pledge to vindicate your rights, and throw myself as a shield between you and whoever would be your oppressors.

This brief salutatory will, I trust, not be unacceptable. My own sensibilities demanded its utterance—my gratitude demanded it *should be made*; if, for no other reason, that you might hold it as the bond, voluntarily given, of my future fidelity as your representative.

At the close of Judge Dox's speech, Hon. Thos. A. Walker took the stand and in a very able effort, proceeded to open the eyes of the people to the foul enormities of the party in power. As Judge Dox was successful in the discussion of national politics, so was Judge Walker in his review of local questions. He made a deep impression and effected much good.

On Tuesday, Cols. Hodgson and Lindsay arrived, and on Wednesday spoke to a crowded house. Most of the business houses were closed in honor of the occasion. At the appointed hour, Col. Jno. H. Caldwell introduced to the expectant audience,

COL. R. B. LINDSAY,

our next Governor by Twenty Thousand majority. He was greeted with cheers. His speech was fluently delivered, full of fire, point and pathos—a speech which at once, stamped him in the minds of the audience as the man for the place. His arraignment of the Radical party was terrible. His handling of his Accidency, Gov. Smith, though marked by no unseemly language, was thoroughly satisfactory. He took the "pretty good Governor" up and completely stripped him of the title, on his record as Governor—not to mention his evidence before the Reconstruction Committee. Out of his own mouth he convicted him of inconsistency, vacillation and weakness of character; if not corruption. Taking Gov. Smith's wild statements made on the stump, he confronted him with the language of his various messages. He made Governor Smith answer candidate Smith. He made Governor Smith convict candidate Smith. In fact, he so completely used up that particular Smith, that we look for the next Democratic Legislature to be overwhelmed with applications for "relief" from the many bearing that unfortunate name. He swept from about him the paltry charges trumped up by a hard run opponent, like cobwebs, and turned those charges into weapons of ridicule against his maligners.

His speech was repeatedly cheered by the delighted audience.

We are glad that he came among us; for by his eloquence and personal bearing, he has turned hosts of men from passive supporters to warm and enthusiastic workers. At the close of Col. L's speech, Col. Caldwell introduced

COL. JOSEPH HODGSON,

the intrepid Editor of the Montgomery MAIL and our candidate for Superintendent of Public Instruction.

His theme—the extravagance and corruption of the officials entrusted with the school fund—though necessarily abounding in detail, was so handled as to rob it of all tediousness and enchain the attention of the crowd. The proofs of his charges were so supported as to be undeniable; and yet they were so startling in character as, but for those proofs, to beget doubt. The thought that entered every mind was: "Do we live in an age and country where so shameless, so barefaced robbery abound, and yet see the perpetrators outside the walls of the State prison?" Col. Hodgson showed a thorough acquaintance with the duties and details of the office he aspires to; and no one could have heard his eloquent allusion to the orphans of Confederate soldiers, whose educational advantages these villians have stolen away, and afterwards doubted but that the school money would be rightly applied, if entrusted to his management. Getting out of the dryer detail of Radical villiany, he rose to the heigth of the grandest eloquence, in a picture he drew of what the Grand Old Democratic party had accomplished in the immediate past and would accomplish in the near future. The house shook with applause. The wildest enthusiasm seized the concourse.—Under the influence of his impassioned eloquence, hope sprang afresh in hearts long sick unto death of hope deferred.—Men wept whose eyes had long been strangers to tears. It reminded us of the days of Harris, Bowden, Curry, Martin and others; and, altogether, it was a real old-fashioned Democratic revival.

We wish every man in the county could have been present.

Governor Smiths' Column.

In the space below we give extracts and short comments on Gov. Smiths' sworn testimony before the Reconstruction Committee, in Washington. We cheerfully yield his Excellency space and will continue to give extracts from and comments upon that remarkable Document heretofore published in the *Republican*, until within a short time of the Election, when we propose to reproduce it entire; for we want the damning record burned into the brains and hearts of our people.

Gov. Smith in his testimony, among other things disparaging of the people of Alabama, said that he frequently heard men say and it was common talk among them (the rebels) that they intended the negroes should yet be returned to slavery.

And yet, these very rebels were the first to set the negroes free by ordinance of their Convention immediately after the war, before the subject had been legislated upon by the National Government, Lincoln's Proclamation being wholly inadequate to the purpose, and entirely inoperative after the war, that being a war measure, And be it remembered, that *Alex. White* and *Joshua Morse*, and possibly one other man, were the only men among the rebels that composed that Convention, who made objection to and voted against this humane measure.

Gov. Smith swore, "That they (the rebels) still persecute union men and negroes. They whip the negroes, shoot them, hang them, kill them now for offences that, under the old Slave Code, they would not hang a white man for."

The first Legislature that met after the war, composed as it was of these rebels, gave the negro all the rights before the law and all the protection under the law that the whitest man in the State enjoyed, to-wit:—the right to sue and be sued, testify in Court &c.. &.

Being asked about the negroes, Gov. Smith replied: They "are behaving themselves so far as I have seen, *better* then the white people; or *at least*, as well."

This is an insult to every white man in the State, and the least we can say of it is, that Gov. Smith is very impudent to now call on those he then thus insulted for the exalted favor of their suffrages.

Gov. Smith thus reports a coversation he had with Gov. Parsons: "I said to him, in substance this: Governor, the course we should persue here, is to *make war on these rebels*. As for the poor, deluded common soldiers, I have sympathy for them: but as for the rest, *we must put them down*."

Yes, and now Gov. Smith is going about over the State asking the votes of these very men he wanted Gov. Parsons to join him in making "war upon." It is our turn now to "put down," and we will see to it that Gov. Smith's case is well attended to.

Gov. Smith stated in his evidence, that the reason he resigned the Circuit Judgeship of this Circuit was because the rebel lawyers would make allusion to the rebellion and glory in it, which he did not like to hear.

The courtesy of the bar to the bench is as proverbial as the courtly manners and old time politeness which characterize the members of that distinguished profession. Though an ignoramus occupied the bench, men grey in learning and law would yield that obeisance to the position which the incumbent could not command; and Gov. Smith's statement bears refutation on its face. We rather suspect that Gov. Smiths' refined sensibilities are not as much responsible for his abdication, as the dim vision of the Gubernatorial chair in the distance.

Supposing that a Congressional Committee (composed probably of lawyers) would hardly swallow his statement of ill treatment at the hands of the bar, Gov. Smith hastens to assign as a further reason why he resigned the Judgeship, that the "Legislature elected a man Solicitor of the Circuit who had been a very violent rebel, *in favor of hanging Union men*."

Now every man in Calhoun County knows COL. JOHN H. CALDWELL, the Solicitor alluded to, sufficiently well, to know that the bare contemplation of such a crime would be revolting to his chivalric nature; and that he made one of the most impartial and faithful Solicitors it has ever been the fortune of the Circuit to have. He knew no man in the discharge of his duty. In the face of this, we ask, can the people of Calhoun support the man, who, to reduce us to our present unfortunate position, thus maligned one of her best and most esteemed citizens?

After his return from bumming after Sherman the house burner, Gov. Smith found the rebels "apparently glad to see him, and very humble." We quote: "They said, that at the time that all they wanted was to be permitted to live in the country and they would be satisfied."

It was very kind in Governor, (then plain Mister) Smith to permit these "very humble" rebels to continue to live in their own country, on their own land and enjoy the fruits of their labors; especially when these same rebels had paroles in their pockets promising protection to them, so long as they observed those paroles. It *would* have been very kind thus to have permitted; but Gov. Smith and his crowd did not do it. Bummers and Carpet-baggers did not regard paroles given by brave men to brave men. As soon as foisted into power, they commenced a system of petty harrassment and high taxation, which forced numbers to seek, in voluntary exile, refuge from ills and burdens too grievous to be borne; as attested by the number of these "very humble" men yet resident in Brazil and the South American Republics, who are scarcely less wretched in their isolation than are their impoverished, carpet-bag ridden friends at home; as attested by the story of the Eutaw prisoners—their incarceration and brutal treatment at Dry Tortugas—and the more recent Patona Inquisition, which need only to be mentioned to recall too fatally distinct the "deep damnation" of the doings of the iniquitous party in power.

Gov. Smith, last year, denounced all the carpet-bag members of Congress (Haughy alone excepted) as unprincipled scoundrels. On being questioned at Columbiana, he said he would support two of these same men, who are again running for Congress. So Governor Smith, by his own admission, supports "unprincipled scoundrels" for our most important offices.

Standifer.

Standifer says in his letter of acceptance: "As to my politics before the war, suffice it to say, that I was an Old Line Whig and a Union man, as all may suppose from the standard which I followed."

What standard? Standifer according to our recollection followed NO standard of his boasted native South, when her brave sons poured out to defend her.—Or, did he, like Gov. Smith, by the light of blazing houses, follow the standard of Sherman—"afar off"? We refer the question to a committee of little niggers.

Standifer believes the masses loyal, if they would only "pause and consider their true interests and not again be led into ruin by men from New York, Novia Scotia, New Foundland or some other foreign State."

Standifer never misses an opportunity to make an ass of himself. We were no. aware before he "availed" himself of the above chance, that gentlemen from any of the "furrin' States" mentioned, had anything to do with precipitating Alabama into the rebellion, so-called.—We will do Standifer the justice, however to say, that in this instance he did not so much design to exhibit his stupidity, as to perpetrate one of his sly jokes on Judge Dox and Col. Rattary.

Here is a tremendous burst of eloquence and pathos. Get your nose rags ready. Standifer says:

"I am a native of the South, cradled in its interests and nurtured in its sympathy, no emotion but for the peace and happiness of its whole people, and should I be the representative of this District, I propose to represent the entire people."

This proposition of Standifer's is certainly a kind one; but it would be impossible for a man of his calibre to represent the brains and intelligence of the 5th District.

Standifer sagely remarks that many errors have crept into legislation, all of which he proposes to correct—among them the present high tax put upon whisky. This he wants reduced to 20 or 30 cents on the gallon. We cannot determine whether this conception fruits Standifer's statemanship, or whether it is ventilated to catch the votes of the one-horse, surreptitious distillers in the coves and hollows of the mountains. We are inclined to both opinions.

Standifer suddenly regards favorably the improvement of the Coosa and Tennessee rivers. We suppose he will oppose uniting them by canal; as the result might be the *overflow of Gadsden*—an event he was once very apprehensive of.

To cap the climax of the absurdities which abound in every line of his circular, Standifer actually has the cheek to try to convince the people of the District that Judge Dox "played off" as a Republican, on his arrival in Washington, in order to gain admittance into Congress. Such a declaration is a reflection on the information and integrity of Congress.—It argues Judge Harralson, Judge Dox's Republican opponent and the Radical luminary of the 5th District, unknown at Washington. It is an insult to the intelligence of the District. It charges the Democracy of the District with stultification in the renomination of a man who, according to Standifer, proved recreant the first opportunity. It puts the Republican party of the District in the ridiculous attitude of now trying to beat one of their own party by another of that party.

The truth is, Standifer learned through Judge Harralson that the compiler of the Congressional Directory, who did his work very carelessly, had made a mistake and printed Harralson a Democrat and Dox a Republican. He also printed Judge Dox as having come to Alabama in the year 1865 (genuine carpet-bagger) when the truth is Judge Dox has been living in Alabama some sixteen or seventeen years. Judge Dox immediately and indignantly called the attention of the man to these errors, and the compiler at once acknowledged his mistake through the Huntsville papers, and in the revised Directory that appeared afterwards, corrected them. If Standifer ever reads a newspaper, or looks into a Congressional Directory, he must have seen the correction and understood the matter, and hence the publication now of such non-ense is tantamount to falsehood. Should he plead ignorance of the facts above stated, he is certainly too little informed to go to Congress.

The many offensive allusions he makes to Judge Dox, reminds us very much of DeQuincy's superannuated jackass lifting his heels against the strong and living Lion. The strong and living jackass kicking at the dead lion would not be in point; as Judge Dox is no more a dead lion, than Standifer is a respectable jackass.

Ku-Klux.

This organization, so far as developed in this county, appears to be composed entirely of the colored gentry. Several negro ku klux are now confined in our jail, and another has been unearthed by the indefatigable, never-tiring Patona Investigators. A negro man who had been whipped by ku-klux, being put upon the stand, swore that he knew at least one of the perpetrators of the outrage—the one who applied the lash. He was eagerly questioned, of course, when to the horror and discomfiture of the prosecuting attorney, he answered, unhesitatingly, *that* ku-klux was one Oliver Duke, a negro and a much relied on State's witness in the Patona farce. This report runs. Has Oliver Duke, the ku-klux and swift witness been arrested? Report says no, although he frequents the Inquisitorial chamber day after day.

In Jefferson County, if report be true, Stanton's loyal Railroad "bosses" have usurped the functions of the Grand Cyclops' ghouls, hobgoblins etc. The Attalla UNION reports the appearance, a few nights since, at the terminus of Stanton's Road, of a body of kuklux, who disported themselves by whipping negroes and breaking up whisky shops generally. The negroes had just drawn pay and were on a regular "bust," and they say this summary means was resorted to, to drive them back to work. Indeed, they claim to have found and identified the hat of one of the employees of the Road. The UNION, Stanton's subsidized sheet, is rather inclined to look upon the affair as a good thing. Perhaps it was; but no less an infraction of the laws of Alabama, and the parties should be brought to trial and punishment. These yankee railroad men are shrewd fellows. By invoking to their aid kuklux semblance and diguise, they more easily manage the superstitious blacks, and at the same time do the Radical party a favor by giving color to the kuklux slanders that float so plentifully, preceeding each election. Of course they care not what retaliatory outrage the aggrieved negroes may visit upon the heads of the peaceable and innocent inhabitants along the line of that road.

The Richmond Flood.

Immense loss of life and property.

On the morning of the 29th, we learned from dispatches that a tremendous rain burst upon the section of Country along the Allaghany Mountains and, in an unparalled short time, so flooded the streams as to stop the trains on the Chespeak, and Ohio Railroad. The storm continued unabated throughout the day, and for the next three days the dispatches teemed with accounts of disasters in various parts of the old commonwealth. The flood was the most distructive ever known—the rivers in some instances rising twenty-five feet higher than ever known in half as many hours. The loss of property both to the Railroad Companies and the cities was immense; but the saddest of all was the unparalled loss of life from such cause. It seems the storm literally came in a wave upon households unaware, sweeping off whole families before escape could be effected. One family was at breakfast when they were all swept away and drowned excepting the head of the family. The families of Messrs. Lemings and Miller, of Richmond were swept away and drowned. A young lady of one of the families clung to a tree forty-eight hours, but was finally swept away, the agonized crowd who witnessed her struggle for life, being unable to save her for want of boats.

On Thursday, at Richmond, while the water was rising, Bates Ranson, daughter and servant, General Root Whitelaw, wife and three children, and a colored woman and two children, were standing on the abutment of the canal bridge waiting for a boat to take them off, when the dredging machine broke loose above, and, drifting against the abatment, carried it away with all on it. All were drowned.

But the loss of life at Harpers Ferry seems to have been most fearful. The following dispatch from that ill fated village tells a story mournful indeed. Let the imagination dwell upon the incidents, and it is a story horrible to contemplate.

Baltimore, Oct. 2.—A private dispatch from Harper's Ferry states that the number of lives lost at that place by the flood is 47. Immense damage was done in the Valley of the Shenandoah.

And Harper's Ferry and Richmond are not the only sufferers in the loss of life. The following dispatch tells further of the ravages of the water fiend.

Scottsville, in Albemarle county, is inundated, and the destruction of property is very great. Eighteen lives were lost. Trains are running regularly between Alexandria and Richmond.

Lynchburg, and other towns and cities suffered as terribly. Next week we will endeavor to give more of the particulars of this, the most destructive flood ever known.

Mrs. Hemans.

The closing scenes of Mrs. Hemans' life display her affection in a high and rich degree. The recurrences of childhood show how quiet her conscience, and how mellowed her memory: her conversations with her sister all breathe a hope of immortality; the anxious yearning of a mind free from the impurities of earth, and ready to participate in that pleasure which is shared in a land her own pen has so touchingly depicted:

"Dreams cannot picture a world so fair,
Sorrow and death may not enter there,
Time doth not breathe on its fadeless bloom."

As is the case with most, if not all who write, day after day, for the bread that perisheth, she endured rather than enjoyed life. A heart disease, with all its distressing accompaniments, harassed her mind, and wore away her frame, which, we are told, became towards the last, almost etherealized. At the comparatively early age of forty-one, on the eve of the Sabbath, her spirit passed away, to enter on the Sabbath of eternal rest, earth having scarcely "profaned what was born for the skies." On her tomb, in St. Ann's Church, Dublin, is inscribed one of her own beautiful verses—her most appropriate epitaph:

"Calm on the bosom of thy God,
Fair spirit! rest thee now!
E'en while with us thy footsteps trod,
His seal was on thy brow.
Dust to the narrow home beneath!
Soul to its place on high!
They that have seen thy look in death,
No more may fear to die."

SICKNESS, PAIN AND DEATH

Legitimately result as penalties for violations of natural laws, from which none escape.

The faded cheek, the pale and wan features, the dull eye, the clouded intellect, the deep heaving sigh, the feeble and emaciated frame, the dejected brow, the tottering gait, all indicate previous transgression of law. Knowing that "procrastination is the thief of time," all intelligent beings apply for some remedy as soon as circumstances permit; while those who do not act upon the principle that "delays are dangerous," generally linger, lose more *time* and pay more *money*.

Thousands of mothers and daughters, in all stations and conditions of life, are suffering, lingering, and dying from the effects of some dreaded and dreadful

FEMALE COMPLAINT,

That claims its victims throughout the length and breadth of our land.

Many females suffer in some way at each monthly period; some girls are in great peril at the commencement of menstruation, while older ones dread its decline at the "turn of life." Sometimes the menstrual flow is too much, or too little, or may be attended with pain; may be irregular or entirely checked, or changed in appearance, attended with other distressing symptoms Leucorrhea, or the "Whites," frequently drains the system, or ulceration of the womb may create pain and cause rapid prostration.

Falling of the womb is an exceedingly common complaint, giving much trouble and distress, which, under ordinary treatment, is difficult to cure.

Hysteries, Green Sickness, Irritability of the Womb, and other serious and fatal complaints follow the female sex throughout life. Lives there a medical gentlemen who has or can relieve the fair sex of the above troubles? Not many. Is there no combination of remedial agents that will come to her rescue? We answer, Yes,

ENGLISH FEMALE BITTERS,

The only acknowledged Uterine Tonic and Female Regulator known, will cure all those complaints above mentioned in an incredibly short time. The Bitters at once arouses, strengthens and restores the womb to its natural condition, removing obstructions, relieving pain and regulating the monthly period. Yonder stands a pale, feeble and languid girl, just bursting into womanhood; she is the pride of all, but hark! she silently steals a pickle, eats chalk, or a slate pencil, no appetite for food; she turns with a dull eye and seeks solitude: her eye no longer sparkles; her merry laugh is no longer heard ringing through the air; she mopes about with bloodless lips and gums, with headache, palpitation, constipation, swimming of the head, cold feet and hands, melancholy; she has a coated tongue, offensive breath, a host of other evils too numerous to mention.

When neglected all these symptoms become aggravated, there is sick stomach, heartburn, a dark line settles under the eyes, the legs and ankles are swollen, the hair loses its gloss and falls off, there is brittleness and splitting of the finger-nails, swollen abdomen, extreme nervousness, fretfulness, pains and aches, dry cough, Hysterical Fits, rapid prostration, epilepsy and death! If you, or any of your friends, are thus afflicted, send at once for a Bottle of English Female Bitters and be cured. Its effects are magical in such complaints. Surely no mother will postpone and delay this duty until

DEATH IS AT THE DOOR.

In all these complaints the system evidently shows a want of red blood, and Mr. Churchill, in his work on Diseases of Females, says: "Bearing in mind that the blood is remarkably deficient in red corpuscles, and the known property of *iron* to correct this condition, theory suggests it as the most to be relied on, the best of which is the Citrate." Citrate of Iron enters largely into the composition of English Female Bitters, combined with powerful vegetable tonics of rare qualities.

Among the mountains of Tennessee and the piney woods of Mississippi, is found a certain hard and flinty root, which has been in secret use by some old midwives for many years, possessing magic powers in regulating and restoring all females suffering with any affection of the womb. This root we have obtained, gave it a fair test in our practice and it is now one of the principle ingredients in these Bitters. Other powerful uterine and general tonics also enter into its composition. We also add Leptandra or Black root, sufficient to act upon the liver and keep the bowels open.

BLOOMING YOUNG GIRLS,

Middle-aged matrons, those at the critical period, and the aged grandmother, are all cured by the use of our English Female Bitters, now prescribed and used by physicians all over the country.

If you are troubled with Falling of the Womb, attended with a sense of weight and bearing down pain in the back and side, and other attendant evils, English Female Bitters will give entire relief.

Those at the "turn of life," mothers after confinement, and all others (male or female) who are convalescents from any protracted or debilitating complaint, who gain strength slowly, and whose digestion is slow and imperfect, will find these Bitters the very thing their system demands. It gives a powerful appetite, aids and assists digestion, arouses the liver, strengthens mentally and physically, and fills the whole system with pure crimson blood coursing through its channels.

COMMON GROG-SHOP BITTERS

Empty Bitter Bottles, of various styles, can be found around almost every dwelling and cabin throughout the land. Their taste is pleasant, and are *advertised* to cure almost every disease, while the manufactures *know* they posses no medicinal properties whatever. They are so many disguises for exceedingly common beverages which do not, nor cannot possibly cure any one.

Beware of these pleasant bitters in quart bottles, they contain a sting for your vitals, and he who buys them carries a "toper's" grog into his house. One man who knows nothing about medicine, says his big bottles of common stuff will cure chills and fever, rheumatism and consumption; another, whose bottle is very fancy, cures all impurities of the blood, makes old men young, casts out devils, restores sight to the blind, and numerous other miracles; while yet another, who presumes every man a drunkard, proposes to cure colic, ingrowing nails, yellow fever, heart disease and love-sick maidens!! We know the people at large are deceived and swindled, and as we desire to ventilate these common humbugs, make the following challenge to one and all,

ONE HUNDRED DOLLARS

That *one tablespoonful* of ENGLISH FEMALE BITTERS contains as much Medicinal properties as *one bottle* of any of the pleasantly tasted common advertised bitters of the day! The medical profession to decide the question. Be it understood that English Female Bitters is not a beverage, but is a powerful Iron and Vegetable Tonic combined, curing long standing chronic female complaints in every direction.

Put up in large bottles at $1.50 per bottle or six bottles for $8.00 and sold by druggists and merchants everywhere.

TURBINE WATER WHEELS, ENGINES &c.

In inviting attention to the card of Messrs. Poole & Hunt, Engineers and Founders, of Baltimore, notice is especially called to their celebrated "Leffel's American Double Turbine Water Wheel," which has established by its superior qualities a national reputation. Some idea may be had of the favor this Water Wheel has found, from the fact that there are now about five thousands in operation.

Messrs. Poole & Hunt are besides thorough Engineers and Founders, and have unsurpassed facilities for supplying everything in their line, including Steam Engines, Flour, Grist and Saw Mill Machinery, Shafting, Pulleys, &c.

The subscription price of the Ledger alone, is $1 50 per annum. The necessity upon our part of always acting upon the cash in advance system, and our desire to favor our readers with as much reading matter as possible, prompts us to the above. E. F. B., the Great Female Regulator.

Attention is directed to the postponement of the Grand Raffle to the 9th day of December. The postponement was necessary, as the scarcity of money has operated against the sale of all the tickets. About two hundred tickets remain to be disposed of between now and December. It is thought these can easily be sold in the time mentioned. The chance of a homestead for $3 is still open.

E. F. B. cures all females.

We tender our thanks to Messrs. E. L. Woodward's Sons, for the neat and fashionable Hat presented to us the other day. The lot from which this hat was selected we thought as fine and as good as ever brought to this market. There were shown at the same time an exceedingly handsome lot of shoes of entirely new style, with which no one could fail to be pleased. Any person wishing to purchase Hats or Shoes, ought by all means to see this assortment before making a selection.

Try English Female Bitters.

We invite the special attention of planters to the advertisement of Mr. J. J. Vandiver, Rome, Ga., who has leased the commodious warehouse near the Railroad depot. He offers them great advantages and facilities in the sale, storage or shipment of cotton. Besides, Mr. V. is well known to many of our citizens as a competent, experienced, prompt and reliable business man.

Our usual telegraphic war news is omitted this week, because nothing of much importance has transpired. Several skirmishes have occurred around Paris, in which the French were generally successful. At the latest dates the Prussians were about to commence the bombardment of Paris, which was hourly expected. In our next we will give the full dispatches of all news of importance.

The Fire Company return thanks to Messrs. Hoffman, Staley & Co. 45 South, Howard Street, Baltimore, wholesale Grocery Dealers, for a handsome donation toward the purchase of the Fire Engine. The Company also, thank the house of Capt. Bethune, known among us in war times, for a similar donation. The Capt. is at present in the Distilling and wholesale whisky business, Springfield Tennessee.

To the Subscribers.

THE Trustees in contracting for the building of the edifice contemplated by the association, incurred liabilities predicated upon your individual subscriptions of stock. The funds are now badly needed to pay the builders, who are rapidly pushing forward the building. We therefore, earnestly appeal to *all concerned,* to come forward promptly, and pay their subscriptions.

ELECTIONS.

On the 11th day of this month, the State of Pennsylvania, Ohio, Indiana, Iowa and Nebraska hold important elections. All these States elect Congress men, and two or three of them full State tickets.

The Republican majorities in these States two years ago were as follows: Pennsylvania, 9,667; Ohio, 17,383; Indiana, 961; Iowa, 46,-359; Nebraska, 2,401.

In the year following when the vote was lighter, the Republican majorities were: Pennsylvania, 4,-596; Ohio, 7,518; Iowa, 39,145; There was no general election in Indiana or Nebraska in 1869.

The present Standing of these States in the United States House of Representatives is as follows: Pennsylvania 7 Democrats and 17 Republicans; Ohio, 6 Democrats and 13 Republicans; Indiana 4 Democrats and 7 Republicans; Iowa, a full Republican delegation; Nebraska, 1 Republican.

But for the negro vote which the 15th Amendment brought into play in the North, the Democrats would undoubtedly have carried some of these States, and largely gained in others. But the negro vote will it is thought go far to counteract Democratic gain. The Democrats are nevertheless sanguine of gaining 7 or eight members of Congress in these States. The Republicans are not disposed to yield this much; but do not count upon more than holding their own. We shall see what we shall see.—

Col. John H. Caldwell cannot speak at Chulafina and Arbacoochee as announced, owing to Court here. Judge Walker will be on hand.

Hon. P. M. Dox, Judge Walker, and our talented friend, Capt. James Crook, addressed a rousing meeting at White Plains on last Saturday. The generous and chivalric people of that country are alive, and we venture they will give a good account of themselves in November.

The sickness of some of the employees, this week, must be our excuse for the delay of one day.

It is more than probable that we will have a political speech, from one of our lawyers, on Monday.

Affairs in Hancock County.

David Dickson writes at Sparta September 27th, to Messrs. S. D. Heard & Son, his factors in Augusta, as follows:

The negroes in this section, especially upon my place, are so demoralized they will not work. I do not expect to save one-half of my cotton, and may get that that is saved burned. The negroes here say that Yankees and home Radicals tell them to organize, kill and burn, to suppress supposed Ku Klux. What the Yankees told them, I know not, but feel the effects of their delusion. Nearly all the negroes on my place are opposed to this deviltry, because they have something to lose; a few I suspect, because they have nothing, and of their guilt I have some evidence.

Last Saturday night, an armed force of negroes came upon my plantation and burned the largest gin house I own. It was forty-eight feet square and contained three gins, two screws and a scaffold; the latter was built the same day it was burned. Four negroes had cotton in it, from two to nine bales each, of which they owned two-thirds. I had in it about thirty bales in all; also, about 3,000 bushels of cotton seed.—I lose between four and five thousand dollars.

We most earnestly invite the attention of Executors, Administrators and Guardians to the Notice of Judge Woods, below. Farther disregard of it will certainly bring somebody into trouble.

Notice to Executors, Administrators and Guardians &c.

I have heretofore given notice in the Jacksonville Republican for Executors, Administrators and Guardians, to come forward and file in my office their accounts and vouchers for a final, partial, or annual settlement, but very few responded to said notice; this is therefore to notify them again, that I have now issued personal notice to them and forwarded the same by Mail, setting a day for filing their accounts, &c., preparatory to making said settlements. I hope all will attend punctually, without any further trouble or cost in the matter.

Railroad Warehouse,
ROME, GA.

HAVING leased the large and commodious Warehouse immediately on the Selma, R. & D. Railroad, and taken out an open policy of insurance, I am now prepared to store, sell or ship COTTON on very liberal terms. Being located immediately on the line of Railroad no drayage will be charged on cotton to or from the depot—50 cents per bale per month will cover all charges including weighing, marking and delivery. Being possessed of the above advantages, together with a long experience in the cotton business, I respectfully ask a liberal patronage from my many friends, who read the Jacksonville Republican.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup,* it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral.* So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure,* and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints,* arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

THE NATIONAL DEBT.

The Reduction—What Might Have Been Done.

The Cincinnati Enquirer makes some strong points about our national finances:

The radical organs claim that in the year and a half Grant's Administration they have reduced the principal of the public debt $169,000,000. We have shown that according to the statements of the financier at the head of the Treasury Department (George S. Boutwell) in Congress, in July, 1868, Andrew Johnson, in the two years and nine months preceeding that time, had paid off $1,056,000,000 of the public debt. Small claims, therefore, has Grant and his friends, admitting their pretentions to be true, to public gratitude. The gratitude must rather be given to President Johnson and his friends.

But we have another point in this connection to make: Had Mr. George H. Pendleton been nominated and elected President in 1868, which ought to have been done, how would the debt now stand under his policy? He would have suppressed the circulation of the National bank notes, and issued greenbacks in their stead. This would, in interest alone, have saved us $20,000,000 a year. The $300,000,000 of bonds, that constitute the basis of the National bank circulation, would have been taken up by an issue of $3000,000,000 of non-interest bearing greenbacks. This would not have added to our paper circulation a dollar. But, in the meantime, an additional $300,000,000 of legal-tender notes would have been put out, which would have given us a currency by no means too large in its figure.

Here would have been another annual saving of $18,000,000 in gold on a debt transferred from an interest to a non-interest bearing basis. Together the whole saving in interest since Grant came into office would have been $60,000,000. A tax of two per cent—the same that other property is taxed—would have been put upon say $1,500,000,000 of five twenty bonds. In a year and a half it would amount to $45,000,000 which, added to the interest, would make a loss of $105,000,000 that we have sustained by the corrupt and mistaken policy of Grant. But this is not all. Grant has paid $160,000,000 in gold for that which we had a right to buy in at from fifty to sixty cents on a dollar. Here has been a needless sqander of the people's money of fully $70,000,000.

This brings up the charges of Grant's squandering to $180,000,000; that is, under Mr. Pendleton's system, we should now have paid in the neighborhood of $350,000,000, instead of $169,000,000. We would have been now carrying a bonded debt of $1,600,000,000, and not $2,200,000,000,, which it is at present. That, in a few years, would have been paid off for $1,000,000,000 in gold; whereas, now, under the Grant bonded system, it would cost at least $1,800,000,000 to do so. Both in the present and in the future the country sustained a terrible loss when it adopted Grant and his policy.

Test-Oaths.

It was a noble saying that Henry A. Wise uttered when he said that rather than touch a pen to sign a test oath he would have his right hand cut from the wrist and nailed to a post to point the way to a gallows!

The iniquitous test-oaths of the religious and civil wars of the Dark Ages have been revived by the Republican party in this country, with more mean and degrading fearures than ever political oaths had before. Although the war terminated five years and a half ago, they still remain to deface our statute-books and disgrace our people.

Many of the best men in the country cannot, many others will not, take them. The first duty of the Democracy, on attaining power, anywhere, must be to abolish them.

A test-oath, like an income tax, offers a premium to fraud and injury. It makes it pay for a man to deny his acts and falsify his record. It excludes from the privileges of citizenship meritorious, if misled men, who have surrendered the cause they believed to be right, but knew to be unsuccessful. Such men accepted the situation in good faith, and were entitled to an oblivion of the past. The test oath keeps alive the heartburnings and jealousies, the hates and revenges of a period which all good citizens would wish to have forever buried in forgetfulness.

Finally, all test oaths are violative of the spirit and letter of our written Constitutions, State and Federal. In obedience to these, we Democrats must wipe them out. For to be a Democrat is to be a respecter, as truly as that to be a Republican is to be a reviler, of the Constitution.—*New York Democrat.*

How the People are Robbed.—There is one fact so practical and easily comprehended, that it ought not to be overlooked, when we come to consider the question of a protective tariff, and it is this: The total value of the whole consumption of iron in this country for the year ending June 31, 1869, was $785,000,000. The amount imported from foreign countries during the same time was valued at $35,000,000. The duty upon the imports was an average of 50 per cent. From this it would appear that the Government collected about $17,500,000, and consumers were compelled to pay $375,000,000 in order that the Government should collect that paltry amount, while the "protected" gentry pocket the immense sum. Could there be a greater swindle? The Government received $17,500,000, and the manufacturers an *extra profit* of 50 per cent. upon the entire amount manufactured in the country.

Vincennes (Indiana) Sun.

You Bet.

We understand, on the best authority, that a staunch old Democrat with plenty of the "needful" has offered the following bets on the election to a well-known Scallawag of this place and found no takers.

$5,000 to $2,500 that Lindsay beats Smith for Governor. The same that he beats him 10,000 votes. The same that the Democrats carry a majority of the legislature.

These proposals are called to the special attention of Stanton and the Railroad Ring. Let them show their faith (if they have any) by planking down some of their "ill-gotten gains" on the "fools and thieves in power."

Huntsville Independent.

A Truth that will Stick, and may Sting.

The following from the resolutions of the Limestone County Convention, applies everywhere with more than usual force at the present crisis of political affairs. We would like to hear any non-registering, luke-warm, milk and water Southern patriot contradict this resolution or justify his own conduct:

Resolved, That in this hour of present evil, and still more threatening future, a refusal to register and to vote is wholly inexcusable, and he who thus acts is negligent of his duty as a good citizen. He that is not *for us*, and does not help us, is *against us*.

ASIATIC CHOLERA IN CHINA.

Almost every case cured with

PAIN KILLER.

[From Rev. R. Telford, Missionary in China, now visiting his home in Penn.]

WASHINGTON, Penn.

Dear Sirs:—During a residence of some ten years as a missionary in Siam and China, I found your Vegetable Pain Killer a most valuable remedy for that fearful scourge, the Cholera.

In administering the medicine I found it most effectual to give a teaspoonful of Pain Killer in a gill of hot water sweetened with sugar; then, after about fifteen minutes begin to give a teaspoonful of the same *mixture* every few minutes until relief was obtained. Apply hot applications to the extremities. Bathe the stomach with the Pain Killer, clear, and rub the limbs briskly. Of those who had the Cholera, and took the medicine faithfully in the way stated above, eight out of ten recovered.

Truly yours,

R. TELFORD.

If attacked with the Diarrhœa, Dysentery, Cramp, Colic, don't delay the use of the Pain Killer.

FUNGCHOW, CHINA.

Dear Sirs:—During a long residence in China I have used your invaluable Pain Killer, both in my own family and among the Chinese, and have found it a most excellent medicine. In the summer of 1862 and '63, while residing in Shanghai, I found it an almost certain cure for Cholera, if used in time. Indeed, using it in a great many instances, I do not remember failing in a single case. For three years I have been residing in this place, more than fifty miles from a physician, and have been obliged often to fall upon my own resources in cases of sickness. The Chinese come to us in great numbers for medicine and advice.—Though without medical knowledge ourselves, the few simple remedies we can command are so much in advance even of their physicians, that we have almost daily applications. We allow them to come, because it brings us in contact with them, and opens a door of usefulness. In diarrhœa, colic, vomiting, cholera, coughs, etc, your PAIN KILLER has been my chief medicine.

Yours, very truly,

T. P. CRAWFORD.

Dr. Francis has it for sale.

LOUISIANA GREOLE

HAIR

RESTORATIVE!

The Hair restored naturally to its original color, prevented from falling out, its growth increased, and its softness and beauty multiplied.

The Louisiana Creole Hair Restorer keeps the head clean, cool and healthy, removes all diseases of the scalp, keeps it free from Dandruff, prevents irritation and itching, and is an excellent remedy for nervous and other forms of headache.

The Louisiana Creole Hair Restorer is not a dye, but restores gray hair to its original color by supplying the capillary tubes with natural sustenance which may not be assimilated from either age or decay. All *instantaneous* Hair Dyes are composed of *lunar caustic*, destroying the vitality and beauty of the hair and afford of themselves no dressing, but on the contrary make the hair brittle and wiry. The

Louisiana Creole Hair Restorer not only actually *renews* the hair and restores the natural color by natural means, but it imparts to it a luxuriant beauty which it can attain by no other method.

The Louisiana Creole Hair Restorer in addition to its many useful qualities is elegantly perfumed and is entirely free from greasiness and stickiness, so that the finest linen fabric is not spoiled or even stained by its use. It contains no poison to kill the hair, but under its continued use, improvement is steadily manifested and it never fails to give the best satisfaction.

For sale by Druggists generally. Prepared by MANSFIELD & HIGBEE, Memphis, Tenn.

MAGIC ARNICA LINIMENT

WILL CURE PAINS AND ACHES IN FIVE MINUTES.

Prepared from rare Essential Oils, Extract of Camphor, Extract of Arnica, Chlodyne and Magnetic Fluid, chemically combined.

The Magic Arnica Liniment is one of the most powerfully penetrating Flu ls known. It is no rancid grease like many of the so-called liniments sold, but a clear, transparent, ruby colored Fluid, which when applied, promptly penetrates through skin and muscles to the very bone itself, striking at the root of the disease and instantly relieving all pain. In cases of Paralysis, Numbness, Bites, Cramps, swellings, and in fact, all classes of diseases that can be reached by external treatment, this liniment will be found efficacious. In Rheumatism it acts promptly, killing the pain in one or two applications, and when used in connection with Mansfield & Higbee's *Great Internal Remedy, the RHEUMATIC COMPOUND, we have never known it to fail in effecting a CURE! As a*

Horse and Cattle Liniment it is unsurpassed, curing where other liniments fail. A striking evidence of this is its unparalleled success when used in the treatment of Charbone or Erysipelas in Horses or Mules—a disease which at one time threatened to dest roy all the stock in th Mississippi Valley; The

Magic Arnica Liniment was the only remedy that was found to cure in all cases.

With every bottle will be found a circular containing specific directions for using.

WHEREAS, by an act of the General Assembly of the State of Alabama approved the 10th day of October, 1868, it is provided as follows: to-Wit: "It shall be the duty of the Probate Judge of each county in this State to designate a newspaper in which all legal advertisements, notices or publications, of any and every character required by law to be made in his County, shall be published; which paper so designated shall be the official organ in and for said county; and in obedience to the requirements of said act, I, as Judge of Probate for Calhoun County, Alabama, did heretofore designate the "St. Clair County Eagle," as the official organ in and for said County of Calhoun, in which all legal advertisements, notices or publications of any and every character, required by law to be made in and for said County of Calhoun should be published, and designation to remain until recalled or changed by me.—

And the "*Jacksonville Republican*" being a County paper, published in the Town of Jacksonville, Alabama, and in my opinion, clearly within the provisions of said act—I therefore recall and change my order designating the St. Clair County Eagle, as the official organ for said County of Calhoun, and designate the said Jacksonville Republican as the official organ hereafter, in which all legal advertisements, notices or publications of any and every character required by Law to be made in and for said County of Calhoun shall be published. This designation to remain so long as in my opinion the Editor of said Jacksonville Republican conducts said paper so as to be within the provisions of said act.

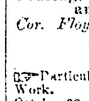
E. I. HARRISON, Principal.



THE exercises of this Institution will be resumed on the first Monday in September next.

The known health of the place, its pure mountain air and the fine scenery around, together with the moral and intellectual character of the community, highly commend Jacksonville to parents as a desirable point for the education of their children.

It is exempt from many of those causes that tempt and lead the young to habits of extravagance in the pursuit of fashionable or vicious amusements.

There are several Sunday schools and churches; any of which the pupils can attend, at the option of their parents.

It is respectfully suggested that pupils should enter at the beginning of the session, that they may be properly classed and make an even start with their classmates in their scholastic course.

Great Remedies.
DR. JOHN BULL,
MANUFACTURER AND VENDER OF THE
Celebrated
Smith's Tonic Syrup!
FOR THE CURE OF
AGUE AND FEVER,
OR CHILLS AND FEVER.

THE proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public as a *certain, speedy and permanent* cure of Ague and fever, or Chills and Fever whether of short or long standing. He refers to the entire Western and South western country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure. If the directions are strictly followed and carried out. In a great many cases a single dose has been sufficent for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health It is however prudent, and in every case more certain to cure if its use is continued in smller doses for a week or two after the disease has been checked, more especially in difficult & longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **Bull's Vegetable Family Pills** will be sufficient.

BULL'S
WORM DESTROYER,
To my United States and World-Wide Readers.

I HAVE recieved many testimonials from professional & medical men, as, my almanacs and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever recieved. Dr Clement knows exactly what he speaks of, and his testimony deserves to be writen in letters of gold. Hear what the Doctors say of **Bull's Worm Destroyer:**
VILLANOW, WALKER COUNTY, Ga }
June 29, 1869.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderful effacious. It has not failed in a single inst nce to have the wished for effect. I am doing a pretty large country practice, and have daily use for one articles of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary ther are uncertain in the extreme. My object in writing you, is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the *regular* line of M. D.'s. but I see not just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms.

I am, sir, most respectfully.
JULIUS P. CLEMENT, M. D.

BULL'S
SARSAPARILLA.
A Good Reason for the Captain's Faith.

Read the Captain's Letter and the Letters from his mother:

Benton Barracks, Mo., April 30, 1866.

DR JOHN BULL—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it posesses, I send you the following statement of my case.

I was wounded about two years ago—was taken prisoner & confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing else. I wish that that is genuine. Please express me half a dozen bottles, and oblige
CAPT. C. P. JOHNSON,
St. Louis, Mo.

P. S.—The following was written April 30, 1865, by Mrs. Jennie Johnson, mother of Capt, Johnson.

DR. JOHN BULL.—Dear Sir. My husband Dr. C. S. Johnson, was a skillful surgeon and physican in central New York, where he died leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. It CURED HIM I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever soars, and general debility. Perfect success has attended it. *The cures effected in some cases of scrofula and fever soars were almost miraculous.* I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover
Respectfully,
NIEGEN JOHNSON.

BULL'S
CEDRON BITTERS.
Arkansas heard from.
Testimony of Medical Men.

Stone Point, White Co., Ark., May 23, 1866.

DR. JOHN BULL—Dear Sir. Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.

My son-in-law, who was with me in the store has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.

Dr. Gist, who has been in bad health, tried them, and also improved.

Dr. Coffee, who has been in bad health for several years—stomach and liver affected—he improved very much by the use of your Bitters Indeed the Cedron Bitters has given you great popularity in this settlement; I think I could sell a great quantity of your medicines this fall—especially your Cedron Bitters and Sarsaparilla. Ship me *via* Memphis, care of Rickett & Neely.
Respectfully,

TO PHYSICIANS.

New York, August 15th, 1868.

Allow me to call your attention to my **Preparation of Compound Extract Buchu.** The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—BUCHU, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates, the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation.

With a feeling of confidence,
I am, very respectfully,

Chaunt For the People.

BY THOMAS DUNN ENGLISH.

The pink of perfection is certainly Sambo,
A bright, shining light, quite an ebony flambeau;
While Summer and Revels go arcades ambo—
Which nobody can deny.

Our forefathers once were believed to be bright men;
We were brought up to think them in government right men;
But the fools thought the land should be governed by white men—
Which nobody can deny.

But now we know better—these old times would kill us;
To return to such notions with horror would fill us;
We bow to the beauty of Dinah and Phillis—
Which nobody can deny.

White roses are sweet, but red roses are sweeter;
Red roses complete, but black roses completer,
With a perfume unusual—some fools call it fustor—
Which nobody can deny.

'Twas for this that we're burdened with terrible taxes;
That carpet-bag knaves may to Congress have access,
And spies tell Ulysses what each at his back says—
Which nobody can deny.

'Twas for this that the North and the South have turned haters;
That greasy field-hands may become legislators,
And men true as steel may be howled at as traitors—
Which nobody can deny.

'Twas for this that our soldier boys toiled in the trenches,
That the White House might now be infested by wenches,
And the East Room be filled by vile African stenches—
Which nobody can deny.

A century hence, what a pleasant narration,
How the land reached the lowermost dark degradation,
And drunkards and noodles made laws for a nation—
Which nobody can deny.

The air is oppressive with outrage and plunder;
How soon will a storm clear the welkin, I wonder?
'Tis coming! that vote of New York sounds like thunder—
Which nobody can deny.

One peal from Connecticut! Oregon flashes
A bolt at the knaves! There'll be heavier crashes,
Till the temple of thieves blaze and fall into ashes—
Which nobody can deny.

ROBERT EMMETT'S LOVE.

A True Tale of a Broken Heart.

BY WASHINGTON IRVING.

Every one must recollect the tragical story of young Emmett, the Irish patriot; it was too touching to be soon forgotten. During the troubles in Ireland he was tried, condemned, and executed, on a charge of treason. His fate made a deep impression on public sympathy. He was so young—so generous—so brave—so everything that we are apt to like in a young man. His conduct under trial, too, was so lofty and intrepid. The noble indignation with which he repelled the charge of treason against his country—the eloquent vindication of his name—and his pathetic appeal to posterity, in the hopeless hour of condemnation—all these entered deeply into every generous bosom, and even his enemies lamented the stern policy that dictated his execution.

But there was one heart, whose anguish it would be impossible to describe. In happier days and fairer fortunes, he had won the affections of the beautiful and interesting Sarah Curran, daughter of John Philpot Curran, the celebrated Irish barrister. She loved him with the disinterested fervor of a woman's first and early love. When every worldly maxim arrayed itself against him; when blasted in fortune, and disgrace and danger darkened around his name, she loved him the more ardently for his very sufferings. If then, his fate could awaken the sympathy of his foes, what must have been the agony of her, whose whole soul was occupied by his image? Let those tell who have had the portals of the tomb suddenly closed between them and the being they most loved on earth—who have sat at its threshold, as one shut out in a cold and lonely world, from whence all that was most lovely and loving had departed.

But then the horrors of such a gravel So frightful, so dishonored! There was nothing for memory to dwell on that could sooth the pang of separation, none of those tender though melancholy circumstances that endear the parting scene—nothing to melt sorrow into those blessed tears, sent, like the dews of Heaven, to revive the heart in the parting hour of anguish. To render her widowed situation more desolate, she incurred her father's displeasure by her attachment, and was an exile from the paternal roof. But could the sympathy and kind offices of friends have reached a spirit so shocked and driven in by horor, she would have experienced no want of consolation, for the Irish are a people of quick and generous sensibilities. The most delicate and cherishing attentions were paid to her by families of wealth and distinction. She was led into society, and they tried by all kinds of occupation and amusement to dissipate her grief, and wean her from the tragical story of her love.

But it was all in vain. There are some strokes of calamity that scathe and scorch the soul—that penetrate to the very vital seat of happiness to blast it, never again to put forth bud or blossom. She never objected to frequent the haunts of pleasure, but she was as much alone there as in the depths of solitude. She walked about in a sad reverie, apparently unconscious of the world around her. She carried with her an inward woe that mocked at all the blandishments of friendship, and "heeded not the song of the charmer, charm he never so wisely."

The person who told me her story had seen her at a masquerade. There can be no exhibition of fargone wretchedness more striking and painful, than to meet it in such a scene. To find it wandering like a specter, lonely and joyless, when all around is gay—to see it dressed out in the trappings of mirth, and looking so wan and woe-begone, as if it had tried in vain to cheat the poor heart into a momentary forgetfulness of sorrow. After strolling through the splendid room and giddy crowd with an air of utter abstraction, she sat herself down on the steps of an orchestra, and looking about for some time with a vacant air, that showed her insensibility to the gaieties around, she began with the capriciousness of a tickly heart, to warble a little plaintive air. She had an exquisite voice; but on this occasion it was so simple, so touching, it breathed forth such a soul of wretchedness, that she drew a crowd, twice and stared around her, and ended every one into tears.

The story of one so true and tender, could not but excite great interest in a country remarkable for enthusiasm. It completely won the heart of a brave officer, who paid his addresses to her, and thought that one so true to the dead, could not but prove affectionate to the living. She declined his attentions, for her thoughts were irrevocably engrossed by the memory of her former lover. He, however, persisted in his suit. He solicited not her tenderness, but her esteem. He was assisted by her conviction of his worth, and her sense of her own destitute and dependent situation, for she was existing on the kindness of her friends. In a word, he at length succeeded in gaining her hand, though with the solemn assurance that her heart was wholly another's.

He took her with him to Sicily, hoping that a change of scene might wear out the remembrance of early woes. She was an amiable and exemplary wife, and made an effort to be a happy one; but nothing could cure the silent and deep melancholy that had entered into her very soul. She wasted away in a slow but hopeless decline, and at length sank into the grave, the victim of a broken heart. Moore has embalmed her sufferings and her memory, in the following touching and well-known verses:

She is from the land where her young heroe keeps,
And lovers around her are sighing;
But coldly she turns from their gaze to weep,
For her heart in his grave is lying.

She sings the wild song of her dear native plains,
Every note which he loved awaking—
Ah! little they think, who delight in her strains,
How the heart of the minstrel is breaking.

He had lived for his love—for his country he died;
They were all that to life had entwined him—
Nor soon shall the tears of his country be dried,
Nor long will his love stay behind him.

Oh! make her a grave where the sunbeams rest,
When they promise a glorious morrow;
They'll shine o'er her sleep like a smile from the west,
From her own loved island of sorrow.

Governor Smith spoke at Columbiana last Wednesday, with Alec White to keep him in countenance and to help him through his troubles. But Alec did not do him much good. Judge Heflin was present; and Judge Heflin availed himself of the opportunity to wring from his salary-receiving and canvass-prosecuting Excellency answers to some questions which to that time his Excellency had avoided.

Governor Smith was opposed to negroes on the ticket of his party. He and his particular friends wanted a white man's ticket. His friends in the mountains will not vote for, nor support the negro Rapier whom the Convention nominated for Secretary of State. In all his speeches, so far, he had avoided any mention of the "colored" people, and particularly of Rapier. Rice spoke at Huntsville two hours to the negroes and about the negroes, and in Dallas and Marengo, and Perry, and other counties in the "black belt" Radical speakers do not talk to anybody but negroes nor about anything but the negroes; but in the several speeches made in Clay, and Etowah, and elsewhere, Governor Smith never said "negro" or "colored man" once. In Shelby county, there isn't perhaps a single white Radical who will vote for Rapier; and hardly one who will vote for any body who will vote for him. So Judge Heflin called the Governor up on this point. It took two or three pointed, pressing questions to make him answer. His first answer were evasive. But what could he do? Ninety-nine out of every hundred the votes he expects to get, are the votes of negroes; and if he refused to pledge himself to vote for Rapier, the last negro vote was lost to him, and $4,000 a year for the next two years was gone glimmering. There was no escape; and he answered that he would vote for Rapier, negro for Secretary of State of Alabama.—*Selma Times, 30th.*

Democratic and Conservative Convention Platform.

The Democratic and Conservative party of the State of Alabama, in entering upon the contest for the redemption of the State Government from the Radical usurpers who now control it, adopt and declare as their platform—

1. That we stand ready to obey the constitution of the United States and the laws passed in pursuance thereof, and the constitution and the laws of the State of Alabama so long as they remain in force and unrepealed.

2. That we are opposed to the unjust, extravagant and unnecessary taxation, both State and Federal, and with which our people are now oppressed; to the wasteful squandering and embezzlement of the public money and public property; and we are in favor of the strictest economy in public expenditures, and of a rigid and prompt accountability of all public officers.

3. That we are in favor of law and order, fair and peaceful elections, free from fraud and corruption; and that we shall demand a fair count of the ballots cast.

4. That we are in favor of confiding the government of the State to our own people, to men of known capacity and integrity, who accept office for the general good and do not seek official position for public plunder.

5. That the party now in control of this State have obtained power by usurpation against the will of the people, and they have imposed enormous and unnecessary taxes; they have created unnecessary and useless offices for the sole purpose of feeding their needy followers, they have by profligate extravagance and corruption, increased the debt of the State many millions of dollars, and have even refused to execute the provisions of their own constitution relating to the classification of State Senators and their tenure of office; and by numerous other enormities in legislation they have shown themselves unfit to govern the people of a free State, and they ought to be ejected, through the ballot box, from the offices they hold in defiance of the wishes and in contempt of the interests of the people.

Death of Gen. Robert E. Lee.

LEXINGTON, Va., Oct. 12, 1870.

Symptoms of an unfavorable character have manifested themselves in the disease of Gen. Lee within the past two days. Indeed, it begins to excite the grave apprehensions of his friends and physicians. The members of his family at a distance have been summoned to his bed.

SECOND DISPATCH.

Lexington, 12 M. Oct. 12, 1870.

Gen. ROBERT E. LEE, the Christian gentleman and Hero of an hundred battles, breathed his last at half nine o'clock this morning of congestion of the brain, aged 63 years, 8 months and 23 days.

We cannot enter upon a eulogy of Gen. Lee—that is already written in the hearts of his countrymen, where his memory is embalmed; but content ourselves for the present with the following extract from the London *Standard*, written in anticipation of his death:

"A country which has given birth to such a man as ROBERT E. LEE may look the proudest nation in the world, and the most chivalric period of the history of Europe fearlessly in the face, for no race has in any age produced a nobler soldier, a more christian gentleman and man, than the heroic Virginia Captain."

The Montgomery *Mail* asserts that the scheme by which Ku-Klux outrages are put forth afresh, and Alabama made a separate Military District, was concocted in Selma between Alex. White, Parsons, Smith and one or two other prominent Radicals. Alex. White argued the question eloquently, and plainly stated that their only hope of success in the election lay in such means. A Charleston Merchant in an adjoining room heard the entire conversation and reported it to Gov. Pettus the following morning.

"PLAYED OUT."

The Patona trial—Smith's election card—the scene of Parsons' triumphs and Peters' debaucheries has "busted," shut up, quit keeping, played out.

Patona has sunk back into her her former insignificance and there is no more oppression within her borders.

The yankees are no longer to sleep on their arms and keep watch for terrible ku klux; nor, like the German Uhlans, make fearless raids into the country around about, capturing innocent men who never ran from them in shooting times, much less now.

The occupation of the few obscure, superservicible tools who danced attendance and strutted the streets, inflated with the enjoyment of a "little brief authority," is gone. They have subsided, slunk back, gone to their holes, and will be heard of no more in the land.

The negro witnesses, trained and tutored to swear away the lives of good men, have resumed "de shovel an' de hoe," with nothing left for their trouble, save the recollection of their intimacy and confidential relations with some of the Radical "big dogs" of the State.

To go and look at Patona now, one would not think it had been so lately honored with a two months tarry of Chief Just-ass Peters and barrister Parsons, much less the recipient of occasional flying visits from his Accidency, Gov Smith, who dropped in now and then just to see how his Inquisition was progressing.—One would not think now, from the New England piety picture looks of the place, that there was issued there (as the guards reported) one of the most brutal and cowardly orders ever a United State soldier was called upon to obey; that here a man claiming the instincts of a man, had refused to a fellow creature an act of humanity a Comanche Indian would not have denied; that there scenes had but recently been enacted, which will go down in history to the eternal shame of the chief actors, a blot as well upon the civilization of the 19th Century as upon the fair fame of this once free country. But, hard as it is to believe, it is no less true.

There free American citizens, more deserving of freedom than the presiding Usurper who wore the ermine, were kept pinioned down with bayonets at their breasts, denied the right of locomotion, denied the embraces of loved ones, treated like felons, for two long months, while Gov. Smith's Inquisitors sat, like a nightmare, upon their breasts guzzling mean whiskey and manufacturing political capital for the use of Northern Radicals in the past Tuesday's elections.

There it was a guiltless man languished, while a wife lay dying, only two miles away, denied the sight of him, denied a single word of endearment from his lips.

There it was (according to report of the guards) an order was given the soldiers, in case of a ku-klux demonstration, *to shoot down the prisoners the first thing*—shoot down defenceless men, who, as proven by the sequel, were innocent of the crime charged. The consciences of the Inquisitors made cowards of them all and this was their mode of defence against imaginary dangers.

Can Alabamians realize—realize in all its black deformity, the fact that such things have been enacted in their very midst within the past few days? Does it not pass comprehension that the prime instigator of this monstrous injustice—Gov. Smith—the outrager of our living and the insulter of our dead, is now traversing the State and, with supreme impudence, asking us to appoint him to again rule over us? Is it possible that he can ask any favors at the hands of outraged freemen? Alas, it is even so—so callous, so shameless does Radicalism make a man.

Let us spit upon his pretentions, work with might and main to hurl him and other of the tyrants from power, grow not weary, faint not, remembering that

> "All ills have bounds—plague whirlwind, fire and flood,
> Ev'n Power can spill but bounded sums of blood.
> States caring not what Freedom's price may be,
> May late or soon, but must at last be free;
> For body-killing tyrants cannot kill
> The public soul—the hereditary will,
> That downward as from sire to son it goes,
> By shifting bosoms more intensely glows;
> Its heirloom is the heart; and slaughter'd men
> Fight fiercer in their orphans o'er again."

What would the people of the State think should every editor in Alabama, in the present vital canvass, deliberately fold their hands and refuse to take up a pen in their interest? What would they think, should every orator in the State put a seal upon their lips and refuse to raise their voice in vindication of their rights and in behalf of good government? What would they think, should every Democratic candidate in the field stand idly still and wait for some outside power to come along and hoist them into office, without so much as an effort on their part? What *should* they think of those men of more private station, who, while profoundly deploring the present unfortunate condition of the country, will not trouble themselves so much as to register and vote—who, while brave and patriotic men are pressing forward to the State's redemption, are found skulking, like cowards, in the rear? To such, we say, drop the delusion that this fight can be won without your aid. Shake off your listlessness, be *men* and fall into ranks with us; for this is a fight in which we are *all* interested—editors, orators, candidates, people—and it is only by the united effort of *all* that victory can be achieved.

A Matter of Great Importance.

We urge upon those of the county who have Registered their names, to go to the Probate Office and see that they are correctly put down. Any mistake in the name would justify the Inspectors in throwing out the ballot. Be sure to attend to this as it is a matter of great importance.

JUDGE FOSTER'S SPEECH.—On last Monday it was announced that Judge Foster would address the people on the political situation, and at the tapping of the town bell, a large crowd gathered to the court house to hear him.

His speech was different in many and better in most respects than any we have listened to during the campaign. Starting at the root of the matter, he exhibited (1) how it is that we now have men filling all the offices of honor and profit in the State who were never elected by the people; (2) how they worked and schemed to bring about such a result, against the wishes of the people; and, (3) their brazen impudence in now asking to be promoted from places of usurpation to the rightful possession of office, from positions of dishonor to posts of honor, by the people. In incidentially referring to Gov. Smith's testimony before the reconstruction committe, so scathing, so withering was his denunciation of the sentiments therein expressed, that our pity blended with contempt for the unfortunate man who could utter them. He showed the relative strength of the two parties in the State and the surety of a Democratic vitory in November, should Democrats but do their duty. The records of the two parties were compared, and the animus, objects and designs of each so plainly, so forcibly set forth that it is difficult to conceive how any white man who heard him can longer refuse to unite his destiny with the Democratic party and henceforth be found battling against the degradation of his own race and blood. Speaking of the Northern men who come among us, he carefully distinguished between the capitalist who seeks investment for his money, or the laboring man who brings to the South a strong arm and an honest heart, and that despicable bird of passage, the carpet-bagger. The carpet bagger was represented with a carpet-bag in his hand containing a bottle of New England rum, a paper collar, a certificate of membership in the Loyal League, a spelling book and a bridle—the rum to assist his native impudence, the paper collar to lend respectability to his appearance when he presents his certificate of membership in the loyal league as his passport to office, the spelling book to teach a negro school with in event of a failure to get office, and, if he misses all, the bridle to steal a horse with to ride back home on.

We will not attempt a further synopsis of his most admirable speech, because, having no notes, we are unable to do him justice. It abounded in good things, had a telling effect and accomplished much good.

The following note was handed Chancellor Foster, on last Monday, after the delivery of his powerful and convincing speech on the situation, by Stephen McLain, one of the most influential and worthy of his race in this county. He is a colored man, and yet finds nothing to prevent him from voting with the Democratic and Conservative party, composed as it is of his former master and old time friends. Steve has about quit believing the lies of the carpet-baggers and scalawags who have no further use for the negroes than to vote them. We hope other of the more sensible colored men of the county will follow his example.

JUDGE FOSTER:
Respected Sir,

After hearing the first true statement of affairs, and being undeceived as to the corruption of the men—the Radicals we have been following the past three years—I take this opportunity of coming out from their midst, converted and unspotted, and offering and pledging my suffrage and influence with my color to the Conservative party.
Most Respectfully.
STEPHEN L. McLAIN.

Verses What's Some.

We had our doubts about the statement, made at the time, to the effect that Judge Peters was drunk, at Patona, on the day of the hoisting of the national flag by the garrison. Since then we have seen the following lines published by him, in the Huntsville Advocate, and all our doubts are removed. He must have mailed them to the Advocate before he got sober.

OUR FLAG.

Written on the occasion of the hoisting of the National Emblem, at the camp of the United States troops at Patona, Ala., Sept. 25, 1870, and respectfully dedicated to ex-Gov. L. E. Parsons of Talladega, Ala.

BY THOMAS M. PETERS, A. M.

> Oh! our Banner is our pride,
> On the Land and on the Tide:
> Everywhere! Everywhere! Everywhere!
>
> 'Tis the Emblem of our Might,
> In the Camp and in the Fight.
> Everywhere.
>
> In the Camp and in the Storm,
> Oh! it keeps our courage warm:
> Everywhere.
>
> And as 'round the World we rove,
> 'Tis the focus of our Love:
> Everywhere.
>
> May its stary folds on high,
> Shine forever in the sky.
> Everywhere.
>
> Let the Poet with his Lays,
> Sing the Glory of its Praise:
> Everywhere.
>
> Till War, Crime and rapine cease
> In one Universal Peace!
> Everywhere! Everywhere! Everywhere!

We would most affectionately advise Peters to "dry up."

The Patona Court, ashamed to call off without anything to show, after releasing some of the victims, bound over the following named gentlemen in the bonds specified: Sanford Clayton, $100; W. C. Estes, $2000; T. J. Estes, $2000; Pat. Craig, two bonds, one of $1000 for assault with intent to murder, and one of $2000 for murder; Shields Keith same charges and bonds as Craig; Maj. A. D. Bailey in $1000 for assault with intent to murder.

Behold the pitiful showing for two months of hard labor. Even this much was accomplished by the worst kind of negro testimony.

Governor Smith the Spy.

So it seems the great man who presents himself to the people of Alabama for the responsible and honorable position of Governor, was claiming to be, during the war, a SPY. Could treachery to country go farther: Not her open enemy, vindicating his convictions with his strong right arm; but playing the contemptible *role* of SPY on his own friends and in the interest of their enemies. But, says the letter below, he did not not have the courage to make a *good* spy, however willing his heart might have been. According to the authority of Col. Tichenor, he added that of cowardice to the other unamiable qualities developed during the days that tried men's souls. Spencer it seems, had complained to this Colonel of Smith's ingratitude when he, (Smith) after getting all he could out of the carpet-baggers, went back on them and called them "unprincipled scoundrels," and that letter brought out the one we publish below. Since then they have made it all up, and Smith and the carpet-baggers are now billing and cooing like mated loves at each other. Even Spencer has laid down the weapons of his rebellion against his Accidency, and now [illegible] all true Republicans to "rally round the flag boys," &c. But the letter. Here it is, copied from the Decatur Times.

From the Decatur Times.

We give below a letter which was handed to the office of the Times for publication, before our connection with it—consequently, we feel constrained to give it publicity.

DES MOINES, July 18, 1870.

My dear Spencer:—I have just received the copy of the "Huntsville Advocate," containing your letter in reply to "Gov." (!) Smith's. While I, as you I believe are convinced, wish you well in all things, I must say that I perused your letter, and meditated upon the circumstances which evoked it, with some degree of satisfaction. You will bear in mind how often and earnestly I caution ed you against that man, and remonstrated with you for harboring, feeding, protecting, and even giving him your friendship, and, in some degree, your confidence, while we were serving as staff officers with Gen. Dodge, and the man, Smith, then a worthless vagrant, was lounging like a lazy, mangy dog, about our head-quarters—the exemplification of Mark Twain's "yaller dog"—sharing the bounty and protection (without which he would be driven from within our lines, and begging pay from the [illegible] *as a spy*—a SPY, forsooth, without courage to sustain him beyond sight of our picket lines—without shrewdness even sufficient to guide him in the collection of information patent even to a casual observer—utterly bankrupt of industry or energy—and, as I verily believe, destitute of zeal or, even interest in our cause. I always regarded him as a refugee, not distasteful to his *principles*, but to his *nerves*.

The same utter lack of courage and indifference to principle, which deterred him from carrying a carbine or grasping a sabre with the brave and devoted loyalists of North Alabama, who fought so gallantly for our flag under your command, kept him from espousing the Confederate cause, and uniting his fortunes with his braver but misguided neighbors and countrymen.

You know this was the estimate placed both on him and a large sandy-complexioned brother of his, also a camp follower and loafer, by nearly every officer attached to our head-quarters; and, for this reason you will remember you had difficulty in securing the commission of Second Lieutenant for a gawky brother of theirs in your Regiment.

You will also bear in mind that, early in 1865 you applied through me for recommendations, and press notices, to assist you in securing for Smith the appointment of Provisional Governor of Alabama, and for his big brother for some other position, and that, notwithstanding our warm friendship for *you*, and desire to serve you, our self-respect, and sense of decency, would not allow us to respond favorably to your request in the premises. We had too much love for the brave Unionists of your State to have them thus "mirrored" by such a specimen—too much respect even for rebel Alabama, to have her thus disgraced—too much regard, indeed, for the rebels, even, to have such a character made their Executive ruler—too much national and party pride to disgrace both by such an appointment.

Surely, if the Republican party of Alabama can survive the sin and disgrace of having elected such a man to the Gubernatorial chair, its power cannot be shaken—it is invulnerable.

As low as had been my estimate of Smith, I did not think him *so* inexpressibly mean as that of "going back on you." *Such* ingratitude marks him down far below the lowest notch in the scale of humanity.

For the sake of the party character and credit—for the sake of the reputation of your State—for the sake of common decency—do not re-nominate that fellow, but consign him to that obscurity from which he should never be allowed to emerge, or rather, from which your friendship dragged him.

Trusting you may learn a valuable lesson from your experience with Smith—one that will serve you as well as the experience of the tender-hearted Frenchman who attempted to pet and caress a skunk, and wishing you success in all your laudable undertakings,

I am, as ever,
Sincerely your friend,
GEO. C. TICHENOR.

But there may be some who will think the foregoing is a Democratic canard, got up for political effect. The reading of the note below, from Geo. E. Spencer, clipped by us from the Huntsville Advocate of the 8th inst., will, however, dissipate all such suspicions. The letter is genuine; and shows what the yankee officers, during the war, thought of our "pretty good Governor."

DECATUR, ALA., Oct. 1st, 1870.

W. B. FIGURES, Esq. Huntsville, Ala.

DEAR SIR:—In justice to myself, I wish to state, that the letter of Col. Tichenor, which appears in to-day's "Decatur Times," was published without my *knowledge or consent*, and its publication I consider an *outrage* upon myself, and have so stated to the Editor of the "Times." How they obtained possession of the letter I do not know. It is said to have been picked up on the street. I am in the habit, when finding letters that belong to others, of returning them to the proper parties.

Some two or three weeks ago, I missed the letter and made an unsuccessful search for it, and knew not its whereabouts until to-day, when I saw it published in the "Times."

I am very truly, yours,
GEO. E. SPENCER.

Judge L. Q. Smith, the rascal who presided over the Radical Convention at Selma, while holding court in South Alabama, a few days ago, ordered the Sheriff to *search the persons* of every man in the court room for *arms*—lawyers, jurymen, bystanders, all of course. The outrage was intended to produce an outbreak, so that the Radicals could raise the cry of persecution, "a Judge driven from the bench" &c. The people acted patiently, however, and foiled him. They are playing out their last cards.

It is very important that election returns be properly made out by the managers of election, or boxes may be thrown out, on account of error. Would it not be well for newspaper men to print blanks and have them circulated among the managers on the day of election; this course will prevent the possible chance of mistake in the form of returns.

Gen. Forney completely knocked the *elan* out of Parsons in his speech at Patona.

PERSONAL.—We were pleased to meet this morning, Mr. J. F. GRANT, the editor of the Jacksonville *Republican*.—He visits our city for business, as well as for the purpose of attending the fair now in progress. The *Republican* is the oldest as well as the best Alabama exchange received at this office. Mr. Grant is the nestor of the Alabama press.

Thank you, friend Grady. The compliment is more highly appreciated, coming as it does from one who *knows* what it takes to constitute a good newspaper.

The situation in France is very little changed. One considerable battle has been fought, in which the Prussians took 10,000 prisoners. The bombardment of Paris has not commenced.

EDITORS REPUBLICAN:—It has been made incumbent upon me, as Sec'y of the M. E. S. S of this town, to present to you an obituary notice and resolution of condolence and respect, upon the death of our dear little pupil, Johnnie Francis, passed at our last meeting. We ask for their publication; and assure you that a compliance on your part will entitle you to the thanks of the Sunday School children. Respectfully,

OBITUARY.

JOHNNIE GRANT FRANCIS.

But six short Summers had bloomed and passed, when the Angel Reaper came and claimed our darling Johnnie as his own. Still, in that short time, for his spotless purity and beaming intellect, we had all learned to love him. There is a certain charm attending the gifted mind that, unawares, calls forth our warmest love and admiration. Almost hourly we could see the blossom of intelligence expanding as it was safely stored in its little casket.

In the death of the young and pure we have a type of the dear Savior, who was once a little child. He loves the little lambs and takes them to his bosom.

Another tiny bud has been snatched from the parent stem, ere it has sipped from the cup of life aught but honied dew-drops, or its leaves had unfurled to the rude blasts of coming sorrows.—Budding gently here, it blooms more sweetly now in Paradisian realms, under the gentle care of our loving Father.

In vain we listen for the patter of his little feet as we wend our way to the Sabbath school; or stop to catch his winsome smile and the loving glance of his bright blue eye. Sadly and mournfully we turn our gaze towards his vacant seat and silently breathe a heartfelt prayer for grace to bear his loss.

Standing around his little bed, with gushing hearts, it was comforting to see his calm serenity and holy resignation, as he spoke of dying and meeting his father whose spirit went up from the crimsoned plains of Petersburg, and his little cousin who, but one month previous, had been gathered to the Good Shepherd.

As a united band of teachers and scholars, we tender our warmest sympathies to the stricken loved ones who gave up their hearts' idol. We miss him sadly. As a Sabbath school we will never forget our bright and beautiful Johnnie. Farewell! little one! We hope to meet thee and join thy song of praise.

TRIBUTE OF RESPECT.

To the Memory of little Johnnie.

Whereas, it hath pleased an all-wise Providence to take from our Sabbath School dear little Johnnie Francis, by death, which occurred at his grand-father's, J. F. Grant, Sept. 21st, 1870, be it

Resolved—That in the death of little Johnnie, we, the pupils and teachers of the M. E. S. S. of Jacksonville, have lost an affectionate pupil, a regular attendant and one, whose little feet treading the right path, was twining himself around the hearts of old and young—one whose bright and happy disposition endeared him to us all.

Resolved—That, though we regret his absence, we rejoice in the crown he inherits from Him who said: "Suffer little children to come unto me, and forbid them not; for of such is the Kingdom of Heaven."

Resolved—That the sympathy and condolence of this S. S. be extended to the sorrowing family and kindred of our dear little pupil, in their deep affliction.

Resolved—That the Sec'y of this S. S. present a copy of the foregoing resolutions to the family of the deceased; and that these proceedings be published in the Sunday School Visitor and Jacksonville Republican.

A Sedan correspondent of the London *Times* writes: "Where was the Emperor during yesterday's battle?", I asked M. Chaumont. "For several hours towards the end of the action," he replied he stood behind a battery and pointed the guns himself." Some of the soldiers attribute their defeat to the badness of the cartridges served out to them. Others believe that Count Bismark "squared," the Emperor; and the Prussians themselves have got hold of a curious fancy to the effect that Napoleon is only to be kept at Wilhelmshohe until Paris is taken and the Republic quashed, when, to punish the French, Count Bismarck will reinstate him.

LAWYER—Mr. Jenkins will you have the goodness to answer directly and categorically, a few plain questions?

LAWYER—Is she under your protection?

LAWYER—Do you support her?

LAWYER—Have you ever been married to her?

Manhood: How Lost, How Restored.

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of SPERMATORRHOEA, or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY and Fits, induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only 6 cts. The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, private ly, and *radically*.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, to any address, in a plain envelope, on the receipt of six cents, or two postage stamps, by addressing the publishers. Also Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers.

SICKNESS, PAIN AND DEATH

Legitimately result as penalties for violations of natural laws, from which none escape.

The faded cheek, the pale and wan features, the dull eye, the clouded intellect, the deep heaving sigh, the feeble and emaciated frame, the dejected brow, the tottering gait, all indicate previous transgression of law. Knowing that "procrastination is the thief of time," all intelligent beings apply for some remedy as soon as circumstances permit; while those who do not act upon the principle that "delays are dangerous," generally linger, lose more *time* and pay more *money*.

Thousands of mothers and daughters, in all stations and conditions of life, are suffering, lingering, and dying from the effects of some dreaded and dreadful

FEMALE COMPLAINT,

That claims its victims throughout the length and breadth of our land.

Many females suffer in some way at each monthly period; some girls are in great peril at the commencement of menstruation, while older ones dread its decline at the "turn of life." Sometimes the menstrual flow is too much, or too little, or may be attended with pain; may be irregular or entirely checked, or changed in appearance, attended with other distressing symptoms. Leucorrhoea, or the "Whites," frequently drains the system, or ulceration of the womb may create pain and cause rapid prostration.

Falling of the womb is an exceedingly common complaint, giving much trouble and distress, which, under ordinary treatment, is difficult to cure.

Hysterics, Green Sickness, Irritability of the Womb, and other serious and fatal complaints follow the female sex throughout life. Lives there a medical gentlemen who has or can relieve the fair sex of the above troubles? Not many. Is there no combination of remedial agents that will come to her rescue? We answer, Yes,

ENGLISH FEMALE BITTERS,

The only acknowledged Uterine Tonic and Female Regulator known, will cure all those complaints above mentioned in an incredibly short time. The Bitters at once arouses, strengthens and restores the womb to its natural condition, removing obstructions, relieving pain and regulating the monthly period. Yonder stands a pale, feeble and languid girl, just bursting into womanhood; she is the pride of all, but hark! she silently steals a pickle, eats chalk, or a slate pencil, no appetite for food; she turns with a dull eye and seeks solitude: her eye no longer sparkles; her merry laugh is no longer heard ringing through the air; she mopes about with bloodless lips and gums, with headache, palpitation, constipation, swimming of the head, cold feet and hands, melancholy; she has a coated tongue, offensive breath, a host of other evils too numerous to mention.

When neglected all these symptoms become aggravated, there is sick stomach, heartburn, a dark line settles under the eyes, the legs and ankles are swollen, the hair loses its gloss and falls off, there is brittleness and splitting of the finger-nails, swollen abdomen, extreme nervousness, fretfulness, pains and aches, dry cough, Hysterical Fits, rapid prostration, epilepsy and death! If you, or any of your friends, are thus afflicted, send at once for a Bottle of English Female Bitters and be cured. Its effects are magical in such complaints. Surely no mother will postpone and delay this duty until

DEATH IS AT THE DOOR.

In all these complaints the system evidently shows a want of red blood, and Mr. Churchill, in his work on Diseases of Females, says: "Bearing in mind that the blood is remarkably deficient in red corpuscles, and the known property of *iron* to correct this condition, theory suggests it as the most to be relied on, the best of which is the Citrate." Citrate of Iron enters largely into the composition of English Female Bitters, combined with powerful vegetable tonics of rare qualities.

Among the mountains of Tennessee and the piney woods of Mississippi, is found a certain hard and flinty root, which has been a secret use by some old midwives for many years, possessing magic powers in regulating and restoring all females suffering with any affection of the womb. This root we have obtained, gave it a fair test in our practice and it is now one of the principle ingredients in these Bitters. Other powerful uterine and general tonics also enter into its composition. We also add Leptandra or Black root, sufficient to act upon the liver and keep the bowels open.

BLOOMING YOUNG GIRLS,

Middle-aged matrons, those at the critical period, and the aged grandmother, are all cured by the use of our English Female Bitters, now prescribed and used by physicians all over the country.

If you are troubled with Falling of the Womb, attended with a sense of weight and bearing down pain in the back and side, and other attendant evils, English Female Bitters will give entire relief.

Those at the "turn of life," mothers after confinement, and all others (male or female) who are convalescents from any protracted or debilitating complaint, who gain strength slowly, and whose digestion is slow and imperfect, will find these Bitters the very thing their system demands. It gives a powerful appetite, aids and assists digestion, arouses the liver, strengthens mentally and physically, and fills the whole system with pure crimson blood coursing through its channels.

COMMON GROG-SHOP BITTERS

Empty Bitter Bottles, of various styles, can be found around almost every dwelling and cal in throughout the land. Their taste is pleasant, and are *advertised* to cure almost every disease, while the manufactures *know* they possess no medicinal properties whatever. They are so many disguises for *exceedingly common beverages* which do not, nor cannot possibly cure any one.

Beware of these pleasant bitters in quart bottles, they contain a sting for your vitals, and he who buys them carries a "toper's" grog into his house. One man who knows nothing about medicine, says his big bottles of common stuff will cure chills and fever, rheumatism and consumption; another, whose bottle is very fancy, cures all impurities of the blood, makes old men young, casts out devils, restores sight to the blind; and numerous other miracles; while yet another, who presumes every man a drunkard, proposes to cure colic, ingrowing nails, yellow fever, heart disease and love-sick maidens!! We know the people at large are deceived and swindled, and as we desire to ventilate these common humbugs, make the following challenge to one and all,

ONE HUNDRED DOLLARS

That *one tablespoonful of* ENGLISH FEMALE BITTERS contains as much medicinal properties as *one bottle* of any of the pleasantly tasted common advertised bitters of the day! The medical profession to decide the question. Be it understood that English Female Bitters is not a beverage, but is a powerful Iron and Vegetable Tonic combined, curing long standing chronic female complaints in every direction.

"The Universal Ayer."—On my journeys over the continent—through Turkey, India, China, Japan, Peru, Chili, Paraguay, Brazil, and Mexico, and the United States—in them all to some extent and in some to a great extent, I have found the universal Ayer represented by his family medicines which are often held in fabulous esteem. Whether they win their marvelous reputation by their cures, I know not, but I know they have it to such a degree that it frequently gave me importance to have come from the same country. THE GREAT FLOOD.

Fearful Scenes.

[From the New York Sun, 6th.]

The scene at Harper's Ferry on Saturday was one to be remembered. Shanandoah street and the low grounds lying below it and the Shenandoah river were entirely submerged. The edge of the street is washed by the canal, and between the canal and the river are three islands, separated by ditches. The upper island is called Overton, the next Hall's, and the next the island of Virginius. On the inner side of Shenandoah street is a precipitous ledge, perhaps 500 feet high, which formed a barrier to the flood and hemmed it in, but it went rushing down the street all the more violently and swept away or greatly injured all the buildings on the water side. Among them was the Government stable, with walls immensely thick and strong, which were lifted from their foundation, the brick being thrown about as though they had been sand. Fifteen other buildings, mainly dwellings, were swept away with all their contents, the inmates barely escaping with their lives, and ten were badly damaged.

At the lower end of the village, near the Baltimore and Ohio Railroad, is a short street, running parallel with Shenandoah street, and between it and the river, on which were several stone and brick houses. On Friday evening the water suddenly rose six feet, filling the first floors of these houses and driving the inmates to the upper stories. The Webb family were in the greatest peril, the water constantly rising and the foundations of their house giving way. Mrs. Webb stepped to a window with an infant in her arms and held it up, appealing for its rescue. A young man suggested

A BASKET FERRY,

and forthwith a large clothes-basket was procured, a rope drawn through the handles, and one end was thrown to the window of the house. A small rope was tied to each of the basket handles, and the free end of the one held by the men on the bridge and the other by Mr. Webb at the window. The basket was drawn over, the passenger tied in, and then drawn back. In this way seven persons, including two twin babies, were rescued. Three other families, the Williamses and Reeveses and Andersons, who had taken refuge in Mr. Williams' house, a strongly built stone structure, concluded to remain rather than risk the perils of the basket ferry. All night long they waited and watched while the flood raged without, and rose inch by inch, until finally they retreated to the attic,

THE LAST PLACE OF REFUGE.

The house remained firm until morning; then the foundation wall next the canal gave way, then the rear wall fell, but the imprisoned souls still clung to the front. When morning came they were wildly signaling for help, but the distance was so great that no man could throw a rope across. At last, after many trials, a ball, to which a twine string was attached, was thrown to the window of the falling house, and by means of this string a rope was drawn across and a basket ferry rigged up as before, by which fifteen persons were safely brought to land. One chubby little fellow, two years old, was put in the basket without being tied, and was being pulled across when he began to make the most lively efforts to climb up the sides and jump out. He was hauled back to the window and tied, and his little legs bound firmly together, and with these fetters on his sturdy limbs he was taken over the gulf.

A HEROIC WOMAN.

In one of the brick houses on Herr's Island lived the Rev. Dr. Dutton, pastor of the Presbyterian Church, his wife and two colored servants. On Friday night the foundations of his house began to give way, and, stepping out into the hall, he was struck by a falling timber and knocked senseless to the floor, Mrs. Dutton signaled to the house immediately opposite, a strong building, and from the second story a rope was thrown to her. She tied this around one of the servant girls, and she was drawn across the street to the next house through the water fifteen feet deep. The rope was returned, the other servant was sent over in the same way, then the still unconscious husband, and last the heroic wife herself crossed the perilous flood after she had seen all her household safely over. The house proved to be a strong house of refuge, and, although the winds blew and the floods came, it fell not. On Saturday they were taken off the island.

EFFORTS OF A YOUNG HUSBAND TO SAVE HIS WIFE.

James Shipe lived with his wife, to whom he had been wedded about five months, on Overton's Island. When the flood swept away his house on Friday night, he stripped himself for a mighty swim, and, taking his wife on his back, plunged out into the raging water, hoping to strike a tree or some of the strong houses that had not yielded to the waves. He bravely struggled along, holding to his precious burden, and seizing one object after another, only to find it give way under his grasp.

At last he caught by the water tank on Hall's Island, and at least ten times he endeavored to get hold of it, but was as often beaten back by the waves that surged around it. His wife entreated him to let her go, and save himself. "You are not prepared to die, my dear husband, and I trust that I am," were her words. He next caught the branches of a floating tree, on which he supported himself for a few minutes, and lifting up his wife's head, which he had been unable to keep above the water, he found that

SHE WAS DEAD.

The beloved form which he had borne for five hundred yards, now cold and lifeless, dropped from his grasp and disappeared beneath the yellow waters.

An excited multitude were gathered on Bolivar Hights on Friday evening watching with agonizing interest the fearful scenes. The moonlight was not sufficient to enable them to see distinctly, but they heard the crash of the buildings, and the

CRIES OF MENTAL AGONY.

of their inmates. Before Shipe's house was swept away cries of terror proved too truly that a human being was hopelessly struggling in the waves. It is now known that this was Samuel Hoff, who resided near Shipe's house. His wife had gone to the mainland, and he preferred swimming ashore to the chance of being carried away with his house, when perhaps the water would have gained still greater force. He was swept away and drowned.

A WHOLE FAMILY DROWNED.

A large brick house of the group owned by Mr. Murphy, but from which he had escaped in time, was next overturned and carried away. An old and very worthy colored man named Jerry Harris had fled to it with his family from his own house, which was much smaller and of course more liable to be destroyed. When Mrs. Overton's house disappeared Harris was heared to moan piteously and pray, and soon he and his family, with the house in which they had sought refuge, disappeared in the angry waves. There were five of this family drowned—Harris and his wife, daughter and two granchildren. Next went the remainder of Shipe's house.

Of the people living between Shenandoah City and the mouth of the river

THIRTY-THREE HAVE BEEN LOST,

as follows: Benjamine Bateman, his wife and five children; James Bateman, wife and four children; Adam Bateman, Heaton Myers, wife and three children; Jno. Brady Beckie Harris, colored; Mrs. Overton, daughter and grandchild; Mrs. Shipe, Samuel Huff and Mrs. Eliza Carroll, a daughter of Harry Rusk, colored, and her child. The body of Mr. Lewis, flour merchant, residing six miles above here, has been found. The body of an unknown colored woman was found fast in the roots of a sycamore tree.

SEVENTY MILES ON A RAFT.

On Sunday morning an old and very corpulent negress was picked up from the river at Overton, about three miles below Harper's Ferry. She was sailing down the river on a piece of roof, and was composedly smoking a short pipe. She hails from Page county, some sixty-five miles up the valley, and had a ride of nearly seventy miles in all.

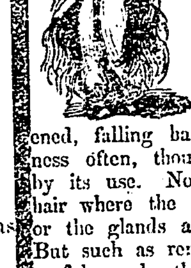
Ayer's
Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.



A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

A Louisiana Colored Minister's Politics.

The Rev. Thompson O. Bannon, colored minister on Ackland plantation, Black river, Louisiana, writes a letter to the Harrisonburg (Cathahoula parish) New Era, in which he makes the following sensible remarks:

My attention has been called to the fact that my name has been placed as a member of the Parish Executive Committee of the Republican party, &c. I beg leave to state through the columns of your paper that this has been done without my knowledge or consent, and further, that my conviction leads me to act, politically, in concert with my old neighbors and friends of this vicinity, who have generally extended cheerfully to the colored people of the parish all the politically rights and privileges due them in their changed relations, and give them liberal wages to support themselves and families. In my opinion, the best interests of the colored people require them to stand by and sustain those with whom they have been raised, and they know to be honest true and faithful to their promises to their race. There exists a mutual dependence, which is fast producing a state of mutual confidence, kindness and good feelings, which, I trust and believe, will soon be firmly established. Experience teaches us to be suspicious of the promises of those made by we don't know whom or when or where to find.

REPUBLICAN ELECTIONEERING IN THE SOUTH.—A dispatch from Washington states that the condition of Alabama has created "grave uneasiness" at the national capital for some time, and was the subject of consideration in the Cabinet on Tuesday last. The dispatch referred to continues:—

As a result the President has issued orders directing that the State be constituted a separate military district in the Department of the South, under command of General S. W. Crawford. Ten additional companies of troops have also been ordered into the State. Gen. Crawford left for Montgomery to-night, accompanied by Senator Warner, who goes to resume the canvass in the State. Senator Warner has been successful in raising considerable money for campaign purposes, and reports the political prospects in the State to be cheering.

That there should be "grave uneasiness" at Washington on account of the aspect of affairs in the South—and that aspect is really of a happy and encouraging nature—is not at all surprising. But why Alabama, a State that was supposed to have been thoroughly reconstructed, should be singled out for especial attention, is somewhat remarkable. This double team of a military commander and a political campaign lecturer perambulating Alabama together does not speak well for the sagacity of those who have the managing of the matter.

New York Herald.

We are informed by Mr. Ben Neal, the Elyton and Blountsville mail rider, that Mrs. Whorton, wife of Benjamin Whorton, gave birth to a son that resembled the ku-klux in his disguise in the most striking manner. The infant was seen and examined by many persons, who described the child as having a loose skin growing from ear to ear, across the mould of the head formed like a ku-klux's cap; a white spot on its breast; red marks round the eyes; red and white marks on the arms, body and legs.—*Elyton Herald.*

A great many people imagine that printers live on old rollers, wood type, "pi" and "sack fixings." This is a mistake. Printers live as other people do, and in order to do that, they must have money to buy the necessaries of life, and flatter themselves that they will get it some day from their patrons.

The luxury of being ruled by Radicals has cost Alamama, by direct taxation, sixteen hundred thousand dollars per annum, against eight hundred and fifty thousand in 1857: but the Democrats will change all this in November, the Lord willing.

Those who registered under the military registration, and have not done so under the act of the Legislature, should go at once to the Probate Judge's office and register.

"Every cloud has a silver lining" except the Public Instruction one, that has a greenback stuffing.

It is reported that the Attorney General of Alabama, who shot N. E. Thomas in the back at Butler, lately re-visited that place accompanied by a body guard, in the midst of whom he settled a debt of $26,50 at the mouth of a pistol, after having first peremptorily refused to pay it.

An exchange truly says, that "one hundred thousand white voters ruled by 79,000 mongrel voters is a spectacle that should and *will* stir blood in every genuine white man n the State."

ASIATIC CHOLERA IN CHINA.

Almost every case cured with

PAIN KILLER.

[From Rev. R. Telford, Missionary in China, now visiting his home in Penn.]

WASHINGTON, Penn.

Dear Sirs:—During a residence of some ten years as a missionary in Siam and China, I found your Vegetable Pain Killer a most valuable remedy for that fearful scourge, the Cholera.

In administering the medicine I found it most effectual to give a teaspoonful of Pain Killer in a gill of hot water sweetened with sugar; then, after about fifteen minutes begin to give a teaspoonful of the same *mixture* every few minutes until relief was obtained. Apply hot applications to the extremities. Bathe the stomach with the Pain Killer, clear, and rub the limbs briskly. Of those who had the Cholera, and took the medicine faithfully in the way stated above, eight out of ten recovered.

Truly yours,
R. TELFORD.

If attacked with the Diarrhœa, Dysentery, Cramp, Colic, don't delay the use of the Pain Killer.

FUNGCHOW, CHINA.

Dear Sirs:—During a long residence in China I have used your invaluable Pain Killer, both in my own family and among the Chinese, and have found it a most excellent medicine. In the summer of 1862 and '63, while residing in Shanghai, I found it an almost certain cure for Cholera, if used in time. Indeed, using it in a great many instances, I do not remember failing in a single case. For three years I have been residing in this place, more than fifty miles from a physician, and have been obliged often to fall upon my own resources in cases of sickness. The Chinese come to us in great numbers for medicine and advice.—Though without medical knowledge ourselves, the few simple remedies we can command are so much in advance even of their physicians, that we have almost daily applications. We allow them to come, because it brings us in contact with them, and opens a door of usefulness. In diarrhœa, colic, vomiting, cholera, coughs, etc, your PAIN KILLER has been my chief medicine.

Yours, very truly,
T. P. CRAWFORD.

Dr. Francis has it for sale.

LOUISIANA CREOLE

HAIR

RESTORATIVE!

The Hair restored naturally to its original color, prevented from falling out, its growth increased, and its softness and beauty multiplied.

The Louisiana Creole Hair Restorer keeps the head clean, cool and healthy, removes all diseases of the scalp, keeps it free from Dandruff, prevents irritation and itching and is an excellent remedy for nervous and other forms of headache.

The Louisiana Creole Hair Restorer is not a dye, but restores gray hair to its original color by supplying the capillary tubes with natural sustenance which may not be assimilated from either age or decay. All *instantaneous* Hair Dyes are composed of *lunar caustic*, destroying the vitality and beauty of the hair and afford of themselves no dressing, but on the contrary make the hair brittle and wiry. The

Louisiana Creole Hair Restorer not only actually *renews* the hair and restores the natural color by natural means, but it imparts to it a luxuriant beauty which it can attain by no other method

The Louisiana Creole Hair Restorer in addition to its many useful qualities is elegantly perfumed and is entirely free from greasiness and stickiness, so that the finest linen fabric is not spoiled or even stained by its use. It contains no poison to kill the hair, but under its continued use, improvement is steadily manifested and it never fails to give the best satisfaction.

For sale by Druggists generally. Prepared by MANSFIELD & HIGBEE, Memphis, Tenn.

Prepared from rare Essential Oils, Extract of Camphor, Extract of Arnica, Chlodyne and Magnetic Fluid, chemically combined.

The Magic Arnica Liniment is one of the most powerfully penetrating Flu Is known. It is no rancid grease like many of the so-called liniments sold, but a clear, transparent, ruby colored Fluid, which when applied, promptly penetrates through skin and muscles to the very bone itself, striking at the root of the disease and instantly relieving all pain In cases of Paralysis, Numbness, Bites, Cramps, swellings, and in fact, all classes of diseases that can be reached by external treatment, this liniment will be found efficacious. In Rheumatism it acts promptly, killing the pain in one or two applications, and when used in connection with Mansfield & Higbee's *Great Internal Remedy, the RHEUMATIC COMPOUND, we have never known it to fail in effecting a CURE! As a*

Horse and Cattle Liniment it is unsurpassed, curing where other liniments fail. A striking evidence of this is its unparalleled success when used in the treatment of Charbone or Erysipelas in Horses or Mules—a disease which at one time threatened to destroy all the stock in th Mississippi Valley; The

Magic Arnica Liniment was the only remedy that was found to cure in all cases.

With every bottle will be found a circular containing specific directions for using.

For sale by Druggists and Dealers everywhere.

Manufactured only by the sole Proprietors, Mansfield & Higbee, Memphis Tenn. Wholesale Agents at Mobile, McGuire, Blackwood & Co and at Selma, J. L. McVoy & Co.

WHEREAS, by an act of the General Assembly of the State of Alabama, approved the 15th day of October, 1868, it is provided as follows: to-wit: "It shall be the duty of the Probate Judge of each county in this State to designate a newspaper in which all legal advertisements, notices or publications, of any and every character required by law to be made in his County, shall be published; which paper so designated shall be the official organ in and for said county; and in obedience to the requirements of said act, I, as Judge of Probate for Calhoun County, Alabama, did heretofore designate the "St. Clair County Eagle," as the official organ in and for said County of Calhoun, in which all legal advertisements, notices or publications of any and every character as required by law to be made in and for said County of Calhoun should be published, said designation to remain until recalled or changed by me.—

And the "*Jacksonville Republican*" being a County paper, published in the Town of Jacksonville, Alabama, and in my opinion, clearly within the provisions of said act, I therefore recall and change my order designating the St. Clair County Eagle, as the official organ for said County of Calhoun, and designate the said Jacksonville Republican as the official organ hereafter, in which all legal advertisements, notices or publications of any and every character required by Law to be made in and for said County of Calhoun shall be published. This designation to remain so long as in my opinion, the Editor of said Jacksonville Republican conducts said paper so as to be within the provisions of said act.

B. I. HARRISON, Principal.
THE exercises of this institution will be resumed on the first Monday in September next.
The known health of the place, its pure mountain air and the fine scenery around, together with the moral and intellectual character of the community, highly commend Jacksonville to parents as a desirable point for the education of their children.
It is exempt from many of those causes that tempt and lead the young to habits of extravagance in the pursuit of fashionable or vicious amusements.
There are several Sunday schools and churches; any of which the pupils can attend, at the option of their parents.
It is respectfully suggested that pupils should enter at the beginning of the session, that they may be properly classed and make an even start with their classmates in their scholastic course.

DR. JOHN BULL'S
Great Remedies.
DR. JOHN BULL,
MANUFACTURER AND VENDER OF THE
Celebrated
Smith's Tonic Syrup!
FOR THE CURE OF
AGUE AND FEVER,
OR CHILLS AND FEVER.
THE proprietor of this celebrated medicene justly claims for it a superiority over all remedies ever offered to the public for the *safe certain speedy and permanent* cure of Ague and fever, or Chills and Fever whether of short or long standing. He refers to the entire Western and South western country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure. If the directions are strictly followed and carried out. In a great many cases a single dose has been sufficent for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health It is however prudent, and in every case more certain to cure if its use is continued in smller doses for a week or two after the disease has been checked, more especially in difficult & longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **Bull's Vegetable Family Pills** will be sufficient.

BULL'S
WORM DESTROYER,
To my United States and World-Wide Readers.
I HAVE recieved many testimonials from professional & medical men, as, my almanacs and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever recieved. Dr Clement knows exactly what he speaks of, and his testimony deserves to be writen in letters of gold. Hear what the Doctors say of **Bull's Worm Destroyer:**
VILLANOW, WALKER COUNTY, Ga. June 29, 1866.
DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials and find it wonderful efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for one articles of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you, is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the *regular* line of M. D.'s, but I see not just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than mysel may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms.
I am, sir, most respectfully,
JULIUS P. CLEMENT, M. D.

BULL'S
SARSAPARILLA.
A Good Reason for the Captain's Faith.
Read the Captain's Letter and the Letters from his mother:
Benton Barracks, Mo., April 30, 1866.
DR JOHN BULL—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case.
I was wounded about two years ago—was taken prisoner & confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing else. I wish that that is genuine. Please express me half a dozen bottles, and oblige
CAPT. C. P. JOHNSON,
St. Louis, Mo.
P. S.—The following was written April 30, 1865, by Mrs. Jeanie Johnson, mother of Capt, Johnson.
DR. JOHN BULL—Dear Sir. My husband Dr C. S. Johnson, was a skillful surgeon and physician in central New York; where he died leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. IT CURED HIM. I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever sores, and general debility. Perfect success has atended it. *The cures effected in some cases of scrofula and fever sores were almost miraculous.* I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.
Respectfully,
NIEGEN JOHNSON.

BULL'S
CEDRON BITTERS.
Arkansas heard from.
Testimony of Medical Men.
Stone Point, White Co., Ark., May 23, 1866.
DR. JOHN BULL—Dear Sir. Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.
My son-in-law, who was with me in the store has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.
Dr. Gist, who has been in bad health, tried them, and also improved.
Dr. Coffee, who has been in bad health for several years—stomach and liver affected—he improved very much by the use of your Bitters Indeed the Cedron Bitters has given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall—especially your Cedron Bitters, and Sarsaparilla. Ship me *via* Memphis, care of Rickett & Neely. Respectfully,
C. B. WALKER.

TO PHYSICIANS.

NEW YORK, August 15th, 1868.
Allow me to call your attention to my **Preparation of Compound Extract Buchu**
The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.
MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.
Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates, the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.
Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation.
With a feeling of confidence,
I am, very respectfully,

In affections peculiar to Females, is unequaled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of the organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

What is a Newspaper.

Organs that gentlemen play, my boy,
To answer to the taste of the day, my boy,
Whatever it may be,
They hit on the key,
And pipe in concert away, my boy,

News from all countries and climes, my boy,
Advertisements, essays, and rhymes my boy,
Mixed up with all sorts,
Of (f) lying reports,
And published at regular times, my boy,

Articles able and wise, my boy,
At least in the editor's eyes, my boy,
And logic so grand
That few understand,
To what in the world it applies, my boy,

Statistics, reflections, reviews, my boy,
Little scraps to instruct and amuse, my boy,
And lengthy debate
Upon matters of State,
For wise-headed folks to peruse, my boy.

The funds as they were and they are, my boy,
The quibbles and quirks of the bar, my boy,
And every week
A clever critique,
On some rising theatrical star, my boy.

The age of Jupiter's moon's, my boy,
The stealing of somebody's spoons, my boy,
The state of the crops
The style of the fops,
And the wit of the public buffoons, my boy

Lists of all physical ills, my boy,
Banished by somebody's pills, my boy,
Till you ask with surprise
Why any one dies,
Or what's the disorder that kills, my boy.

Who has got married, to whom, my boy,
Who were cut off in their bloom, my boy,
Who has a birth
On this sorrow-stained earth,
Who totters first to the tomb, my boy.

The prices of cattle and grain, my boy,
Directions to dig and to drain, my boy,
But 'twould take me too long
To tell you in song,
A quarter of what they contain, my boy.

THE BABY THAT'S GONE.

Silent we stood by the window,
Watching the twilight fall.
Till the cold gray shadows of evening
Had gathered over all.

And now the lamp has been lighted,
And the fire burns warm and bright,
How sadly our thoughts still wander
Without to the cold dark night!

There are children playing around us,
As in many a bygone year,
But one little voice is missing,
Which we never more shall hear.

The parlor is warm and lightsome,
But without how the night winds rave!
And we think of the darkness falling
Round a little lonely grave!

Prefatory and Explanatory.

With the private affairs of Governor Smith and the other candidates of the radical party, we, as journalists, have nothing to do, and cannot with propriety interfere. Our dealings are with the public opinion and public acts of public men, and to these we desire to confine them. If in referring to the matters mentioned below, we appear to have trespassed upon subjects which under our own rule are not fit and proper for newspaper discussion, we think the sin is in appearance only. Governor Smith's friends ask his election mainly because he is an honest man and has honestly administered his high office; and the facts we give are made public because of their manifest bearing upon his claim, which, if well-founded, would neutralize the objection upon which we base our opposition to him.

In this connection, we beg our readers to remember, that besides the general feeling and fear that Governor Smith has in some way, unknown and improper, made his high office the means of personal aggrandizement, he is directly and flatly charged with corruption by one of the leaders of his own party in the State, a long time his most intimate and trusted friend, now a Senator of the radical party in the Congress of the United States—George E. Spencer. Senator Spencer, in his letter of July 2nd last, to the Editor of the Huntsville Advocate, a republican paper, republished on the first page of this week's *Argus*, distinctally charges that Governor Smith has been "seeking and accomplishing his own aggrandizement while ignoring his duties as the Chief Executive," that he "has been criminally derelict in the commonest essentials of his office," of which honesty is chief, that the people of Alabama "speak trumpet-tongued in denunciation of his unjust stewardship," that "the 'very vitals' alluded to [by the Governor] are the rapacious pockets of himself and a very small coterie of admiring toadies," &c.

With this introduction and explanation, we give the following figures, which may be relied upon as correct, they having been transcribed from the tax lists of Randolph county:—

BEFORE TAKING THE GOVERNORSHIP.

In 1868, Governor Smith paid taxes upon lands valued at $400, and town lots valued at $800, and, except a total tax of $2 upon personal property, on nothing more;—nothing on income or salary, nothing on money at interest, nothing on horses or carriages. This was all. He was a poor man,—as poor, almost, as many others who had lost all in the war, and had struggled in vain to re-establish themselves upon a solid financial footing; and his poverty was honorable to him, for it was presumptive evidence of honesty.

AFTER TAKING THE GOVERNORSHIP.

In 1868, Willian H. Smith became Governor of Alabama upon a salary of $4,000 per annum. The office has no honest perquisites. It requires the entire time and talents of its incumbent. According to his own showing, made under oath, Governor Smith had no capital to invest in outside speculations were such proper in the Governor. And yet in two years, Governor Smith has become rich, as the following figures show. In 1870 he returns the following taxable property to the Assessor of Randolph county:—Lands $1,075; town lots $5,000; money at interest $3,500; personal property $13,000; household furniture $600; jewelry $250; carriages, etc., $700; horses $600—total 24,725. In addition to this, he returns incomes or gains over $1,000, $2,000; salary, etc., over $1,000, $4,000.

CONCLUDING COMMENTS.

These figures have been furnished us by a friend of high standing and unquestioned integrity, who has them direct from the records, and who vouches for their correctness. They speak for themselves in language so strong that the most vigorous commentary would weaken its force. We submit them to the people of Alabama for their consideration.—*Selma Argus.*

The State Debt Again.

A few of the Radical papers in Alabama are striving to show that the State debt does not exceed eight millions of dollars and a few hundred thousand besides. So far as the State debt proper is concerned that is true but under Radical rule the State has become responsible for the payment of about twenty millions of Rail Road bonds, all of which it may have to pay, and the interest on which it must certainly pay. Here then are $28,000,000 for which the State is legaly bound—and a legal bond is considered a debt the world over. But the $20,000,000 in bonds have twenty years to run—bearing 8 per cent. interest. By the time they fall due therefore the present debt of $28,000,000 will have risen to one of $60,000,000! The annual interest on $20,000,000 is $1,600,000. The regular annual expenditures of the government amount to $1,400,000 more.—Henceforth, therefore, taxation in Alabama must be doubled if we would meet the regular expenditures of the government and the interest on the State's bonds besides. Three millions of dollars per annum will call for an annual average taxation amounting to eighteen dollars for each and every voter in the State. And seventy five per cent for county tax and we have THIRTY-ONE 56-100 DOLLARS as the average to be henceforward paid by each voter in the State for having been two or three years under Radical rule! Can our people—especially our poorer people—trust the men two years longer? Not if they are wise.—*Marion Commonwealth.*

CLOSE OF THE WAR IN NORTH CAROLINA.—The Grand-Holden-Kirk war in this State has nearly closed. All the companies of United States artillery sent here by President Grant, under the false representations of Holden, Pool and Settle, left last Friday on their return to Fortress Monroe. Only one company of United States infantry remain. All of Holden's State troops are gone also, except a few negroes at the arsenal, Burgin, who is in jail, and Kirk, who is in the Marshal's custody. Some of the "melish" that were disbanded have arrived at their homes in Tennessee and other places: the remainder are in the different jails of the State. On Friday the quarter master's stores of Holden's army were sold in this city at public auction. The horses, which cost in the aggregate $2,860, sold for $1,820; the other things, we learn, came nearer bringing their value, considering the manner in which they were abused during the campaign.
Raleigh Sentinel.

FREE BALLOT—FREE SPEECH.—These are said to be some of the mottoes of the Radical Party in Alabama. The Radical Board of Education show their love for it, by taking away from the people the right to elect their own County Superintendents of Education. The Radical State Senate show their love for it, by refusing to draw for long and short terms, so that the people are deprived of the right of electing, at the coming election, one-half of the Senate.
Tuscaloosa Monitor.

A Precious Little Document.

As we stated in the Advertiser yesterday morning the Radical Party managers levy and *collect* a specified sum from all their office holders for election purposes. The following letter, is the copy of one sent by the Radicals to every office holder in Alabama:

MONTGOMERY, Sept. 20, 1870.

SIR: The State Executive Committee of the Republican party, have instructed me to notify you that you are expected to contribute three per cent. of the annual emoluments of your office to the general fund for campaign purposes.

You will recognize the necessity of means for available work in the campaign, and it is hoped that you will respond promptly by letter to Jos. W. Dimmick, Montgomery, who is the Treasurer of the Committee.
Respectfully yours,
R. W. HEALY,
Chairman State Ex. Com.

Radical Hatred and Proscription.

Before the reconstruction of Texas a large number of citizens were arrested for various offences, tried by court-martial, and sentenced. Most of them were for a long time confined in stockades at Jefferson. About twelve of them yet remain; and are now in the State penitentiary at Huntsville. Upon an application recently made by one of them, General Reynolds endorsed a recommendation that the whole number should be pardoned by the President. This recommendation was approved, and President Grant ordered the pardons to be made out, but a number of Radical politicians and members of Congress now in Washington, hearing of it, have set all their energies at work to stop Executive clemency with such success that the pardons are now withheld for further consideration. Among the prisoners are some of the wealthiest and most influential citizens of the State.

Smith vs. Smith.

Gov. Smith is engaged in the little business of pretending that the Democrats squandered the School Fund. In his message to the Legislature in November, 1869, he said exactly the contrary, as the following extract from that message will show.

"In pursuance of a law for the purpose, the State took the money arising from the sales of donated lands, under express statutory obligations to pay interest upon it. This was done many years ago; and the State has scrupulously complied with its engagements, by promptly paying the required interest; while the trustee (the Legislature) made effective provision for the application of the interest to the support of common schools in the appropriate township. In all this there is no misapplication of the funds."

Democratic and Conservative Convention Platform.

The Democratic and Conservative party of the State of Alabama, in entering upon the contest for the redemption of the State Government from the Radical usurpers who now control it, adopt and declare as their platform—

1. That we stand ready to obey the constitution of the United States and the laws passed in pursuance thereof, and the constitution and the laws of the State of Alabama, so long as they remain in force and unrepealed.

2. That we are opposed to the unjust, extravagant and unnecessary taxation, both State and Federal, and with which our people are now oppressed; to the wasteful squandering and embezzlement of the public money and public property; and we are in favor of the strictest economy in public expenditures, and of a rigid and prompt accountability of all public officers.

3. That we are in favor of law and order; fair and peaceful elections, free from fraud and corruption; and that we shall demand a fair count of the ballots cast.

4. That we are in favor of confiding the government of the State to our own people, to men of known capacity and integrity, who accept office for the general good and do not seek official position for public plunder.

5. That the party now in control of this State have obtained power by usurpation, against the will of the people, and they have imposed enormous and unnecessary taxes; they have created unnecessary and useless offices for the sole purpose of feeding their needy followers, they have by profligate extravagance and corruption, increased the debt of the State many millions of dollars, and have even refused to execute the provisions of their own constitution relating to the classification of State Senators and their tenure of office and by numerous other enormities in legislation they have shown themselves unfit to govern the people of a free State, and they ought to be ejected, though in the ballot box, from the offices they hold in defiance of the wishes and in contempt of the interests of the people.

We hope to see a rousing meeting on that day.

Change in the State Ticket.

It will be seen by reference to the address of the Central State Democratic Executive Committee, and extracts from several democratic papers, that a change in the Ticket has been determined upon by the withdrawal of the name of Mr. McCoy, and the substitution of my name in its place.

Believing the Committee to have been uninfluenced by any personal prejudices or partialities and actuated solely by a desire to promote the success of the Democratic party and principles and the good of the State, I am unwilling, at this late period of the canvass, to embarrass them by refusing the use of my name, for that purpose. I most heartily and cheerfully accepted the ticket as at first nominated; and this paper has labored as ardently and earnestly for its success, as it could possibly have done under any other circumstances. It is true that I do not feel the same confidence in my ability to perform the duties of the trust proposed to be reposed in me, as that expressed by the Committee and a number of our brethren of the press; but I can with perfect candor, and without the slightest evasion, promise them and the people of Alabama, that in case of my election, I will perform the duties of the office, with *honesty, fidelity* and *faithfulness*; and that so far as my personal and official action, example and influence may avail, it shall be in favor of rigid economy in the administration of the State government, and strict official accountability.

J. F. GRANT.

ATTENTION RETURNING OFFICERS.—The Election Law constitutes Returning Officers, Registrars on the day of election and makes it obligatory upon them to open books, not over 100 yards from the polls, to register all who may apply, and to return such list of registered voters, after the election, to the Probate Judge, together with the return of the managers.

To the People of Alabama.

We presume we do not err in assuming that the Convention of the Democratic and Conservative party of the State designed, in making its nominations, to present candidates against whom no personal charge could be brought which could not be fully and satisfactorily refuted. The charge recently made against one of our nominees, Mr. L. McCoy, involving an abuse and perversion of the school fund of the State, may in some respects be exaggerated and unfounded; but the explanation made by him, as to the receipt of fifteen hundred dollars as a fee for the collection of a portion of the fund referred to, is unsatisfactory. We have had an interview with Mr. McCoy, and, after hearing from his own lips substantially the same explanation which he has since given through the public press, we advised him at once to withdraw his name, which, after due consideration, he has declined to do. Under these circumstances, influenced alone by a sense of duty to the party, and satisfied that its best interests will be prejudiced by the continuance of Mr. McCoy as the nominee of the party for the responsible position of State Treasurer, we *recommend* that his name be withdrawn, and that in its place be substituted that of J. F. GRANT of Calhoun county, who is, as we are advised, well qualified to discharge the duties of the office; against whom no personal charges can be made, and who received in the Convention the next highest vote to its nominee.

In conclusion we would state, that the action of the committee, in recommending the withdrawal of Mr. McCoy, has been taken after full deliberation and consultation, not only among themselves, but with other gentlemen of the same party whose opinion is entitled to every respect, and with special reference to the fact that it is now too late to assemble a Convention to make another nomination; and that the course we have adopted is based upon the conviction, not only that the present nominee is an unfit candidate for the support of the Democratic and Conservative party of Alabama, but that the success of the party will be imperilled by retaining his name upon the ticket.

JAS. H. CLANTON, Ch'n.
GEO. GOLDTHWAITE,
THOMAS H. WATTS,
P. T. SAYRE,
Central Committee.

From the Montgomery Mail.

For Treasurer—J. F. Grant of Calhoun.

In accordance with the recommendation of the Central Executive Committee of the Democratic and Conservative Party of Alabama, we to-day place at our mast-head, among the names of the candidates of that party for the various State Offices, the name of J. F. GRANT, of Calhoun, for Treasurer—the name of Mr. McCOY being withdrawn.

Mr. GRANT is well known to the people of Alabama as a scrupulously honorable, honest and upright citizen, in every way capable of and fitted for discharging the duties of the high and responsible office for which he is urged. We present him to the people for their suffrages, believing that there is no man in the State who can poll a larger vote for the office than can Mr. GRANT, and no man will the people more gladly support. He has been one of our hard-working people, one of our useful citizens, for forty years, and not a single act of his long life among us can be brought against him to tarnish his fair name or weaken the State ticket of which he now becomes a part. We are confident no better or fitter candidate could be suggested for the position.

In withdrawing the name of Mr. McCoy, we make no apology to the people, nor do we intend any reflection upon him. The withdrawal of his name was effected in consequence of a strong influence brought to bear within the ranks of the Democratic party, which neither the Executive Committee nor the press of Alabama have a right to resist.

In this character one of our leaders in the heat of the campaign, and just before the election, the Democracy give away to the people of Alabama a pledge that they will support for office none but men of honor, capacity, and of unblemished and acknowledged integrity, and that when the political control of the State shall pass into their hands, their policy in the administration of the affairs of the State shall be one exclusively of ECONOMY, RETRENCHMENT AND REFORM.

From the Selma Times.

For State Treasurer.

For reasons that we presume will be hereafter made publicly the Committee of the Democratic State Executive Committee have substituted the name of J. F. GRANT, of Jacksonville, for that of L. F. McCOY, as the Democratic candidate for State Treasurer. The announcement will give the liveliest satisfaction. Father Grant, as he is familiarly called, has been for more than thirty years connected with the press of the State. He is widely known. His capacity and fitness are above question. He is emphatically, the right man in the right place.

Slightly Inaccurate.

Gov. Smith, in a speech supposed to have been delivered at Florence, Oct. 8th, in the midst of a demagogical appeal to the poor men (we are all poor and he helped make us so) said:

"The Jacksonville Republican says, in effect, that Judge Standifer, the Republican candidate for Congress from the 5th District, is either too poor or too honest to go to Congress, because he says he will devote his salary to Congressman to the payment of his home creditors. Has the time come in this free country that the poor men are to be ignored when offices are to be chosen and laws made? I think not gentlemen."

To be polite, we will only characterize the above as "a slide of his Excellency's tongue." Some people would call it square lying. We certainly, certainly did not object to Standifer on the ground of his honesty. Oh, no! "No more of that Hal, 'an thou lovest me." Neither was our objection founded on his poverty. We only innocently enquired how he expected to make it. It might have been a "green" question—a superfluous question, in Governor Smith's eyes; but we can't help that. Here is what we said.

Standifer, we understand, tells his Cherokee creditors (and their name is legion) that if elected he will soon be in position to pay them up. How does he expect to make it? It takes a Congressman's entire salary to maintain him in style befitting his dignity and the honor of his constituents. In old times men never thought of serving in the capacity of legislator for any other consideration than the honor attached and from patriotic impulse. It is left for the Radicals to view such things in a pecuniary light.

The Radicals were certain of carrying Delaware by the help of the negro vote; but there, as in Indiana and Pennsylvania, they found Sambo a snare and a delusion. Delaware went Democratic.

GOV. SMITH.

The Republican candidate for Governor opened the canvass in a speech at Ashland, in which he says it is the duty of the voters to investigate the antecedents and character of the candidates, before casting their votes.

We agree with him; and being familiar with his political "antecedents and character," we give our readers an outline of his Excellency's votes and political associations in the past. He is now about forty-four years of age, and has voted in Randolph from 1847 to 1862, when he went North and remained until after the surrender.

In the State and Congressional elections of 1847, he voted for the Democratic candidates.

In 1848, he voted for Gen. Cass, for President.

In 1849, he voted the Democratic ticket in the Congressional and State elections.

In 1851, the canvass was a very exciting one; especially between Samuel F. Rice and Alexander White for Congress. Gov. Smith voted and worked actively for Rice.

The Democratic party held a Convention at Montgomery, January 19, 1852, to reorganize the party. Gov. Smith was a delegate and voted for the platform then adopted. He also supported Mr. Pierce for President, in the same year.

In 1853, he voted for John A. Winston for Governor, James F. Dowdell, for Congress, and the nominees of his party for the Legislature and County offices. He was then among the working men of the party with which he acted.

In 1855 he was the nominee of the Democratic party of his county for a seat in the representative branch of the Legislature, and issued a circular letter to the voters of the county, asserting the Calhoun doctrine on State Rights, State Sovreignty and State Remedies, and was elected on these issues. He supported Winston for Governor and Harris for Congress.

In January, 1856, he was a delegate to the Democratic Convention, at Montgomery, the proceedings of which show that Wm. L. Yancy was chairman of the committee on resolutions and reported the platform. It embodied the sentiments of Mr. Yancy on the questions then agitated between the North and the South and was adopted without a dissenting voice. Gov. Smith supported Buchanman and Breckenridge and vindicated that platform on the hustings in the canvass of that year.

In 1857, he was an aspirant for senatorial honors. He did not receive the nomination; but was nominated and elected to the representative branch of the Legislature, without abating a single political opinion indicated by his previous record.

At the session of 1857-8 he was a candidate for the then Ninth Judicial Circuit and claimed the support of the Southern Rights Democrats on the ground of coincidence of political opinion. He was disappointed in his aspirations by the action of his party in the selection of Hon. J. J. Woodward, the then incumbent. This offended the disappointed aspirant who went "sulking to his tent," to be farther surprised and disappointed at the failure of his party to nominate him for the same office in 1859. Two successive failures were more than he could endure—especially when the Commercial Hall Convention tendered him a place on the Douglas electoral ticket, which he accepted, thus severing his political relations with the men that had given him the only political preferment he had ever received.

In 1861, this same Wm. H. Smith was a candidate before the Secession Convention for Delegate to the Provisional Congress of the Confederate States and came in three votes of being elected. This last defeat was more than his wounded pride could brook. While writhing under the sting of a disappointed ambition, he abandoned Alabama, December 24th, 1862, went North and, according to his evidence before the Reconstruction Committee, acted as recruiting sergeant for the Federal service.

In 1865, he was appointed Judge of the 10th Judicial Circuit by Provisional Governor Parsons, which position he held until he resigned and went to Washington in 1866, as a witness before the Reconstruction Committee. There he spent much of the time, until the passage of the reconstruction laws, March 2nd, 1867.

When Gen. Pope took command under the Reconstruction Acts, he appointed this same William Holden Smith Chief of Registration in Alabama, the duties of which office occupied his time until the black and tan Convention of Nov. 1867 nominated candidates for the offices to be filled at the election in February, 1868, when he became a candidate for Governor, was defeated by the popular vote according to the law under which the election was held, and was afterwards made Governor, by Congress, against the will of the people.

This analysis of the "character and antecedents" of this candidate shows that he has held or sought office under every form of Government, whether "loyal," "rebel," civil or military, under which he has ever lived. No doubt but he believes that he is fully competent to the emoluments of any office, and, from his "antecedents and character," will, like the daughters of the horse leech, ever cry "more."

Gov Smith's War Record and Reconstruction Evidence.

The first thing that gave Gov. Smith notoriety after the secession of Alabama from the Union, was his candidacy before the Secession Convention, in 1861, for a seat in the Provisional Congress of the Confederate States, as Delegate from the Seventh Congressional District, when he was defeated by Mr. Curry. Gov. Smith authorized the delegates from Randolph to put his name in nomination and avowed his intention to abide the action the State had taken.

His next prominence was acquired in making a speech, in 1862, encouraging the arms-bearing population to engage as volunteers in the military service of the Confederate States. This occurred when Col. Hundly was in Randolph, in 1862, recruiting the 31st Alabama Regiment.

Failing to obtain office, and not realizing that "virtue is its own reward," about the 24th of December, he became dissatisfied with his surroundings, suddenly abandoned home, country, wife, children and friends; and early in 1863 he turned up at Cornith, and made, for publication, an affidavit that he was a refugee from the reign of terror then prevailing in Alabama. This affidavit was in keeping with his evidence before the Reconstruction Committee, subsequently.

The *role* that he played, after going North, is best described by Geo. C. Tichenor, in his letter to Senator Spencer, in which he says: "You will bear in mind how often and earnestly I cautioned you against that man, and remonstrated with you for harboring, feeding, protecting, and even giving him your friendship, and, in some degree, your confidence, while we were serving as staff officers with Gen. Dodge, and the man, Smith, then a worthless vagrant, was lounging like a lazy, mangy dog, about our head-quarters—the exemplification of Mark Twain's "yaller dog"—sharing the bounty and protection (without which he would be driven from within our lines) and begging pay from the secret fund *as a spy*—a spy, forsooth, without courage to sustain him beyond sight of our picket lines—without shrewdness even sufficient to guide him in the collection of information patent even to a casual observer—utterly bankrupt of industry or energy—and, as I verily believe destitute of zeal or, even interest in our cause. I always regarded him as a refugee, not distasteful to his *principles*, but to his *nerves*.

The same utter lack of courage and indifference to principle, which deterred him from carrying a carbine or grasping a sabre with the brave and devoted loyalists of North Alabama, who fought so gallantly for our flag under your command, kept him from espousing the Confederate cause, and uniting his fortunes with his brave but misguided neighbors and countrymen.

You know this was the estimate placed both on him and a large sandy complexioned brother of his, also a camp follower and loafer, by nearly every officer attached to our head-quarters; and, for this reason you will remember you had difficulty in securing the commission of Second Lieut. for a gawky brother of theirs in your Regiment.

You will also bear in mind that early in 1863 you applied through me for recommendations, and press notices, to assist you in securing for Smith the appointment of Provisional Governor of Alabama, and for his big brother for some other position, and that, notwithstanding our warm friendship for *you* and desire to serve you, our self-respect and sense of decency, would not allow us to respond favorably to your request in the premises."

Lapse of time and the fortunes of war brought Gov. Smith to Rome Georgia, when it was first occupied by the Federal military forces. From there he wrote his famous letter, dated Rome, Ga., July 4th, 1864, to Richard V. Yates, Governor of Illinois, in which he reviewed the causes that produced the war, in a manner in strict consonance with the description given by him, before the Reconstruction Committee, of the events that occurred subsequent to the war. In this letter he advised the prosecution of the campaign against the South, on a plan at which humanity revolts.

Gov. Smith testified before the Reconstruction Committee that he was originally a union man and refused to take part in the war, thus showing that he had forgotten his candidacy for the Confederate Congress, his political career from 1849 to 1860, when the associate and admirer of W. L. Yancy, and his speech in 1862 to aid in raising Col. Hundley's regiment.

He further testified that, on his return to Alabama, in 1865, he found the rebels "very humble;" but he omitted to state that, within a few days after his return, his brother, Charles A. Smith, who had acted in concert with Him during his sojourn North, went to Talladega and from there, accompanied by a Federal cavalry force, to Randolph and procured the arrest of John Gooden, O. W. Shepherd and others; and that, when John Gooden was a prisoner, in military custody, surrounded by an armed soldiery, he (Gov. Smith) cursed and abused Gooden, (he being armed and Gooden unarmed) using many opprobrious epithets, accompanied with insults, taunts and jeers. These prisoners were sent to Talladega and discharged by the Commandant.

Gov. Smith also testified that he resigned the Judgship, because the rebel lawyers were insulting in their speeches and upheld by the authorities—not by remarks made directly to him, but by allusions to the rebellion and glorying in it. That the people talked about building monuments to the Confederate dead and held meetings for that purpose.—These, like other portions of his evidence, are false in statement and conclusion; and there is not a respectable person in the Circuit that will corroborate the evidence above referred to, as well as many other parts of it; and the press of his party in the State, do not pretend to defend his evidence before the committee.

The Governor states correctly, however, that he accompanied Sherman's command through Georgia, South Carolina and North Carolina. According to Geo. C. Tichenor's letter, he was a camp follower. The work of devastation was commenced as soon as Sherman left Atlanta, and soon thereafter his command reached the place where Gov. Smith was born, (a few miles east of Jonesboro, Ga) where still lived females who had visited the Governor's mother at his birth and nursed him in his infancy. Upon these the ravages of Sherman's command fell heavily. It is known that camp followers commit more depredations than the soldiers; but we leave it with Gov. Smith to show what part he acted in the work of devastation at and around the home of his childhood.

The Election North.

DEMOCRATIC VICTORIES.

The returns from the elections in the great States of Pennsylvania, Indiana and Ohio, are more cheering than the most sanguine among us dared hope for, in view of the negro vote which we knew would be cast for the first time in those States, under the operation of the 15th Amendment. We thought that the Democracy would do well to hold its own, in the face of the Radical negro recruits; but to our gratification, it more than held its own, made vast inroads into the Radical rank, and snatched whole States from Radical grasp. We invite attention to the dispatches and returns below, which we believe to be substantially correct.

PENNSYLVANIA.

The Democrats Carry the State on the Congressional Vote—Gain of Six and Probably Seven Congressmen.

HARRISBURG, October 13.—The Democrats have a popular majority of about 4,000 in the State. They have also elected twelve Congressmen out of twenty-four. Randall, of First District, by over 4,000 majority; Reading, Fifth District, small majority; Acker, Sixth District, 500; Getze, Eighth District, 6,000; Storms, Eleventh District, 6,000; Heideman, Fifteenth District, 3,400; Mayers, Sixteenth District, 1,000; Speer, Seventeenth District, 125; Sherwood, Eighteenth District, 100; Griffith, Twentieth District, 500; Foster, Twenty-first District, 500; McClelland, Twenty-fourth District, 700. Governor Geary concedes to the Democrats a net gain of six Democrats, and also fears that Brockaway's election in the Thirteenth District is probable. The complexion of Legislature is as follows: Senate—Democrats, 16; Radicals, 17. House—Democrats, 46, Radicals, 54. About eight thousand negroes voted in the State.

INDIANA.

Senator Morton Gives Up the State —Democratic Majority, 2,000.

WASHINGTON, October 13.—Senator Morton telegraphs to Secretary Boutwell that Indiana has gone Democratic by 2,000 majority. This is understood to mean also that Mr. Morton declines the mission to England.

The Legislature Democratic by Eight Majority on Joint Ballot.

INDIANAPOLIS, October 13.—The Democratic ticket is conceded by all parties. In eighty-five counties heard from—the most of which are official accounts—a Democratic majority of 1,276 is given. The seven counties yet to be heard from gave a Democratic majority at the State election in 1868 of 416. The Democratic have eight of a majority in the House of Representatives. In the Senate there is a tie. General Shank's Republican majority in the Ninth Congressional district will not exceed 200. The result for Congress in the Fifth District is still unknown. General Cobarn's Republican majority in the Fifth District is 373.

Another private dispatch from Mount Vernon, Indiana, says Morgan's majority is about 2,500; an increase over 1868 of 800.

CONGRESSMEN ELECTED.

We republish the list of members of Congress elected in Pennsylvania, Ohio, Indiana on Tuesday, corrected by the very latest returns. In many instances the official majorities are given; in others the majorities are estimates upon the best information received from the contested districts. Members of the present Congress are indicated by an asterisk.

The new delegation stands: 6 Democrats and 5 Radicals, against 4 Democrats and 7 Radicals elected in 1868—a Democratic gain of 2.

Among the noted Radical members flung out of Congress by these elections are MORRELL (the Bessemer steel monopolist), COVODE, O'NEILL, and CESSNA, in PENNSYLVANIA; SCHENCK (the ablest Republican member on the floor and foremost leader of the protectionists), in OHIO: and probably ORTH and SHANKS in INDIANA. In several districts the Republicans have succeeded by nominating free-traders or men of liberal views, as in the First OHIO and Second PENNSYLVANIA District. Such free-trade successes are loosening an important segment of the Republican party which will soon cleave off and fall into the Democracy.

SICKNESS, PAIN AND DEATH

Legitimately result as penalties for violations of natural laws, from which none escape.

The faded cheek, the pale and wan features, the dull eye, the clouded intellect, the deep heaving sigh, the feeble and emaciated frame, the dejected brow, the tottering gait, all indicate previous transgression of law. Knowing that "procrastination is the thief of time," all intelligent beings apply for some remedy as soon as circumstances permit; while those who do not act upon the principle that "delays are dangerous," generally linger, lose more *time* and pay more *money*.

Thousands of mothers and daughters, in all stations and conditions of life, are suffering, lingering, and dying from the effects of some dreaded and dreadful

FEMALE COMPLAINT,

That claims its victims throughout the length and breadth of our land.

Many females suffer in some way at each monthly period; some girls are in great peril at the commencement of menstruation, while older ones dread its decline at the "turn of life." Sometimes the menstrual flow is too much, or too little, or may be attended with pain; may be irregular or entirely checked, or changed in appearance, "attended with other distressing symptoms. Leucorrhœa, or the "Whites," frequently drains the system, or ulceration of the womb may create pain and cause rapid prostration.

Falling of the womb is an exceedingly common complaint, giving much trouble and distress, which, under ordinary treatment, is difficult to cure.

Hysterics, Green Sickness, Irritability of the Womb, and other serious and fatal complaints follow the female sex throughout life. Lives there a medical gentlemen who has or can relieve the fair sex of the above troubles? Not many. Is there no combination of remedial agents that will come to her rescue? We answer, Yes,

ENGLISH FEMALE BITTERS,

The only acknowledged Uterine Tonic and Female Regulator known, will cure all those complaints above mentioned in an incredibly short time. The Bitters at once arouses, strengthens and restores the womb to its natural condition, removing obstructions, relieving pain and regulating the monthly period. Yonder stands a pale, feeble and languid girl, just bursting into womanhood; she is the pride of all, but hark! she silently steals a pickle, eats chalk, or a slate pencil, no appetite for food; she turns with a dull eye and seeks solitude; her eye no longer sparkles; her merry laugh is no longer heard ringing through the air; she mopes about with bloodless lips and gums, with headache, palpitation, constipation, swimming of the head, cold feet and hands, melancholy; she has a coated tongue, offensive breath, a host of other evils too numerous to mention.

When neglected all these symptoms become aggravated, there is sick stomach, heartburn, a dark line settles under the eyes, the legs and ankles are swollen, the hair loses its gloss and falls off, there is brittleness and splitting of the finger-nails, swollen abdomen, extreme nervousness, fretfulness, pains and aches, dry cough, Hysterical Fits, rapid prostration, epilepsy and death! If you, or any of your friends, are thus afflicted, send at once for a Bottle of English Female Bitters and be cured. Its effects are magical in such complaints. Surely no mother will postpone and delay this duty until

DEATH IS AT THE DOOR.

In all these complaints the system evidently shows a want of red blood, and Mr. Churchill, in his work on Diseases of Females, says: "Bearing in mind that the blood is remarkably deficient in red corpuscles, and the known property of *iron* to correct this condition, theory suggests it as the most to be relied on, the best of which is the Citrate." Citrate of Iron enters largely into the composition of English Female Bitters, combined with powerful vegetable tonics of rare qualities.

Among the mountains of Tennessee and the piney woods of Mississippi, is found a certain hard and flinty root, which has been in secret use by some old midwives for many years, possessing magic powers in regulating and restoring all females suffering with the affection of the womb. This root we have examined, gave it a fair test in our practice and it is now one of the principle ingredients in these Bitters. Other powerful uterine and general tonics also enter into its composition. We also add Leptandra or Black root, sufficient to act upon the liver and keep the bowels open.

BLOOMING YOUNG GIRLS,

Middle-aged matrons, those at the critical period, and the aged grandmother, are all cured by the use of our English Female Bitters, now prescribed and used by physicians all over the country.

If you are troubled with Falling of the Womb, attended with a sense of weight and bearing down pain in the back and side, and other attendant evils, English Female Bitters will give entire relief.

Those at the "turn of life," mothers after confinement, and all others (male or female) who are convalescents from any protracted or debilitating complaint, who gain strength slowly, and whose digestion is slow and imperfect, will find these Bitters the very thing their system demands. It gives a powerful appetite, aids and assists digestion, arouses the liver, strengthens mentally and physically, and fills the whole system with pure crimson blood coursing through its channels.

COMMON GROG-SHOP BITTERS

Empty Bitter Bottles, of various styles, can be found around almost every dwelling and cabin throughout the land. Their taste is pleasant, and are *advertised* to cure almost every disease, while the manufacturers *know* they possess no medicinal properties whatever. They are so many disguises for *exceedingly common beverages* which do not, nor cannot possibly cure any one.

Beware of these pleasant bitters in quart bottles, they contain a sting for your vitals, and he who buys them carries a "toper's" grog into his house. One man who knows nothing about medicine, says his big bottles of common stuff will cure chills and fever, rheumatism and consumption; another, whose bottle is very fancy, cures all impurities of the blood, makes old men young, casts out devils, restores sight to the blind; and numerous other miracles; while yet another, who presumes every man a drunkard, proposes to cure colic, ingrowing nails, yellow fever, heart disease and love-sick maidens!! We know the people at large are deceived and swindled, and as we desire to ventilate these common humbugs, make the following challenge to one and all,

ONE HUNDRED DOLLARS

That *one tablespoonful of* ENGLISH FEMALE BITTERS contains as much medicinal properties as *one bottle* of any of the pleasantly tasted common advertised bitters of the day! The medical profession to decide the question. Be it understood that English Female Bitters is not a beverage, but is a powerful Iron and Vegetable Tonic combined, curing long standing chronic female complaints in every direction.

Put up in large bottles at $1.50 per bottle, or six bottles for $8.00 and sold by druggists and merchants everywhere.

According to announcement Col. Sand spoke to a large crowd in our Court ouse on Wednesday last. His speech as immensely well received, repeatedly elicting cheers. Our patriotic merchts, as usual, closed their stores and rned out to hear him; and we venture at none regret the time spent in listeng to his masterly expose of the iniquius party in power. We will not attempt a synopsis of his speech—suffice to say, it was the most thorough and haustive of any we have yet heard om any of the candidates, and left a ep impression.

Old Cloud was "pirouting" around cksonville last Sunday. He did not y with us long enough to explain away y of the many charges of corruption at have been made against him.—Why is this thus?"

We direct attention to the new advertement of Whisenant & Driskill. Their ock is very large and well selected.—e ladies will be pleased at their fine sortment of Shawls. Capt. Whisenant ll devote himself with renewed energy his department. Go everybody and k at their Stock.

We know that the Ladies, (especially those without servants,) will be ad to learn that "Aunt" Violet is baing nice Light Bread, Pound Cake, ponge Cake, Fruit Cake, &c., which e will leave at Whisenant & Driskill's d Montgomery Bros. for sale. She is known by everybody in Jacksonville to one of the best, neatest and most anly cooks in town. Scarcely a wedng supper is given, that she does not ist at the baking.

Such an arrangement will be greatly the relief and benefit of families, and should be encouraged at the start. Cakes can be had at the above named ces now, and orders left for fresh light ad will be promptly filled.

Attention is invited to the advertsement of Mr. JAMES H. COOPER, of ome, Ga. who proposes to sell Cotton very reasonable terms, and also to ake liberal cash advances on that which Store. Mr. Cooper is a competent d experienced business man—prompt, liable and accurate in all his business nsactions. None will regret availing themselves of his valuable assistance.

Only a Prejudice.

The New York *Standard* edited y John Russell Young, the metropolitan organ *par excellence* of Grant dministration, has a recent article n deprecation of the refusal of leading New York Hotels to receive negroes as guests on equal terms with heir white patrons, in which it says:

"A colored State Senator from Texas desires rooms for himself and wife at some of our principal hotels, but was not able to obtain them on the ordinary terms. The proprietors of the Metripolitan Hotel and the Astor House did not even answer the request, and those of the Hoffman, the Brevoort, the Everett, the St. James and the Grand Hotel adopted the old trick of being "full." The Fifth Avanue was undecided and thought the applicants might be received if their appearance was satisfactory. What is a satisfactory appearance in guests at hotels we are not told, but we always thought ability to pay the proper test. This prejudice against color has gone far enough. No person objects to being served by a colored waiter. Then how can any one object to staying in the house with colored guests? We hope this foolish prejudice will soon be extiguished."

This is exactly the ground, as we understand it, taken by Alexander White and others of the more advanced Republican leaders in Alabama—the equality of the races, not alone in the courts of the country, not alone at the ballot box, but also in the schools and in society.—*Selma Times*

ADMISSION, 75c. Children under 12 50c.

The average of human life is thirty-three years. "It is supposed" says the accurate calculator, "one half die before the age of seventeen years." This would not be so if every family Kept constantly on hand a supply of "Texas Tonic Syrup to cure Fever and Ague, and Dr. Wm. Brazier's Liver Cordial to regulate the Liver, Stomach and Bowels"—Don't allow your family to be without them.

Females, old and young, who have so long been troubled with some female complaint, should not despair. Let us whisper words of comfort. *You can be cured.* You can be snatched from the monster which has so long prostrated and paralyzed your whole system. You can regain your health, your beauty, your strength and buoyancy. Take courage, despond not, be cheerful; a remedy is at hand prepared by experinced physicians, specially for just such diseases as afflict you; and as the profession are using and prescribing this with much success, we feel proud in calling your attention to it. It comes highly recommended, and we earnestly advise all suffering females to use this great female medicine at once. We allude to the "English Female Bitters," advertised in another column.

VINEGAR BITTERS.

Hundreds of Thousands
Bear testimony to their wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of **Poor Rum, Whiskey, Proof Spirits, and Refuse Liquors,** doctored, spiced, and sweetened to please the taste, called "Tonics" "Appetizers," "Restorers," &c., that lead the victim on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. Any person can take these Bitters, according to directions, and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs beyond the point of repair.

For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. **Such Diseases are caused by Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms which are the offsprings of Dyspepsia, are cured by these Bitters.

Whenever the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

Ayer's
Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those delcterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

A LEAF FROM CONFEDERATE HISTORY.

Remarkable Career of a Remarkable Craft—Fate of Lieut. Dixon and his Craft.

In 1864 the fleet of Admiral Farragut was blockading Mobile, while a heavy land and naval attack was directed against Charleston.

During our long defensive war a great deal of ingenuity had been expended by the Confederates upon torpedoes and torpedoboats.

The most remarkable of these boats was constructed in Mobile by Messrs. Hundley & McClintock, and launched in 1864; and nothing which has gone down into the sea was more wonderfully and more fearfully contrived to wreak distruction and vengeance upon friend and foe.

She was built of boiler iron, and impervious to water or air. Her extreme length was about thirty feet, with five or six feet beam and about six feet depth of hold. In general contour she resembled a cigar, sharp at both ends. She was propelled by a screw, the shaft of which ran horizontally along her hold, almost from stem to stern, and turned by the mutual force of eight men, seated along it on either side.

The only hatchway was circular, about two feet in diameter, with a low combing around it, which was placed well forward, and when desired could be closed by an iron cap working on hinges, and made air tight.

In the forward part of this cap was inserted a clear glass bull's eye, through which the pilot could see. She was provided with water-tight compartments by filling or emptying which she would sink or rise, and to enable her to rise instantly her ballasting of railroad bars was placed on her bottom, outside of her hull, and by means of keys, accessible to her crew, could be detached in a moment, so that she would rise quickly to the surface.

Besides her rudder, which was of the usual form, this vessel was equipped with side paddles or fins, which, like those of a fish, served to guide it up or down with reference to the surface of the water.

To prepare for action a floating torpedo was secured to her stern by a line more than one hundred feet long, and her crew having embarked, the water tanks were filled until the boat was in equilibrio, and almost submerged. The hatchway was closed, the men revolved the shaft, the captain or pilot standing under the hatch, steered the boat, regulating at the same time, by the action of her lateral fins, the depth at which she would move.

Her greatest speed did not exceed four knots. She could remain submerged for half an hour, or an hour, without any great inconvenience to her crew—and on one occasion has been known to remain under water two hours without actual injury to them; although no means were provided for procuring fresh air, and from the moment the hatch was closed, the men thus fastened in their living tomb inhaled and exhaled continuously the atmosphere which was inclosed with them.

The plan of attack proposed by the inventors was to dive beneath the keel of an enemy's ship, hauling the torpedo after her. Its triggers or sensitive primers would thus press against the ship's bottom, explode the torpedo and inevitably sink the ship.

Not anticipating an early opportunity of using this dangerous vessel against the fleet of Farragut, General Maury sent her by rail to General Beauregard at Charleston, believing the waters of that harbor better suited to her particular construction, while in the Ironsides, or some other war ship then attacking Charleston, might be found an object worth the great risk to which her own crew was exposed in any enterprise they might undertake in her.

General Beauregard changed the arrangement of the torpedo by fastening it to the bow. Its front was terminated by a sharp and barbed lancehead, so that when the boat was driven end on against a ship's side the lancehead would be forced deep into the timbers, below the water line and would fasten the torpedo firmly against the ship. Then the torpedo boat would back off and explode by a lanyard.

General Beauregard's call upon the Confederate fleet for volunteers to man this dangerous craft was promptly answered by Lieutenant Payne, a Virginian, and eight sailors. They were soon ready for action; and on the evening set for their expedition, the last preparation had been made. The torpedo boat was lying alongside the steamer from which the crew had embarked; she was submerged till the combing of her hatch alone was visible above the water.—Her commander, Payne, was standing in the hatchway, in the act of ordering her to be cast off, when the swell of a passing steamer rolled over her and sunk her instantly with her eight men, in several fathoms of water. Lieutenant Payne sprang out of the hatchway as the boat sunk from under him, and he alone was left alive.

In the course of a few days she was raised and again made ready for service. Again Payne volunteered, and eight men with him.

The embarkation for their second attempt was made from Fort Sumter, and as before, all having been made ready, Payne standing at his post in the hatchway, ordered the hawser to be cast off—when the boat careened and sunk instantly. Payne sprang out, two of the men followed him; the other six went down in the boat and perished.

Again the boat was raised and made ready for action, and her owner, Captain Hundley, took her for an experimental trip into the Stone River, where after going through her usual revolution, she dived in deep water, and for hours and for days, the return of poor Hundley and his crew was watched for and looked for in vain.—After near a week's search she was found inclining at an angle of forty degrees: her nozzle was driven deep into the soft mud of the bottom. Her crew of nine dead men were standing, sitting, lying about in her hold asphixarated. Hundley was standing dead at his post, a candle in one hand, while the other had grown stiff with death in his vain efforts to unclamp the hatch.—Others had been working at the keys of the ballast, but the inclination at which the boat had gone down had jammed the keys so that the men could not cast off the heavy weight which held them down: Their deaths had been hard and lingering.

Again this fated vessel was made ready for action, and volunteers being called for Lieutenant Dixon, Twenty-first Alabama Volunteers, a native of Mobile, and eight men, volunteered to take her against the enemy.

The new and powerful war ship Housatonic, was selected for attack: and on a quiet night the bravest crew set out from Charleston, in this terrible, nameless torpedo boat, that over manned craft before.

We all know the fate of Housatonic. Brave Dixon guided the torpedo fairly against her, the explosion tore up the great war ship's sides, so that she went down with nearly all her crew within two minutes.

The torpedo vessel also disappeared forever from mortal view. Whether she went down with her enemy, or whether she drifted out to sea to bury her gallant dead, was never known, and their fate was left till the great day when the sea shall give up its dead.

But within a few weeks past divers in submarine armor have visited the wreck of the Housatonic, and they have found the little torpedo vessel lying by her huge victim, and within her are the bones of the most devoted and daring men who ever went to war. No forlorn hope or other desperate enterprise of war can furnish the parallel to the courage of Dixon and his comrades. Their names we have not at hand, but they are known and recorded, and we hope to see the honor which is due paid to the great virtue they illustrated.

AN INCIDENT.

Soon after the bloody battle of Franklin, two Confederate soldiers, of them suffering from an amputation of an arm from a wound received in the battle referred to, and both of them in a wretched condition—dirty and almost starved, while returning to their homes, in North Alabama, at night stopped at a house, and asked for food. A gentleman inquired who they were. They replied they were tired and hungry Confederate soldiers. They were invited into the house, hospitality entertained for the night, and when they went to leave in the morning, as Confederate money would not pass, a silver half dollar was placed in the hands of each, to help them on their way to their homes.

The gentleman who entertained these soldiers was Hon. P. M. Dox, and one of the soldiers was Mr. Sims, who now lives in Gadsden and made this statement.

Many a Confederate soldier can bear testimony to the benevolence of Judge Dox, and many a poor mother has had her heart gladdened by his acts of kindness to her poor distressed soldier boy.—*Gadsden Times.*

While the party Governor Smith abuses had power in the State, taxation was not felt, and the public debt in a long series of years footed up but a trifle; while under the control of the party whose candidate Governor Smith is, and under his administration, taxation is an intolerable burden, eating out the substance of all the people, and the liabilities of the State are annually doubling.

DELAWARE.

The Radicals were so sure of carrying Delaware this year by the aid of the negro vote that they proclaimed their success in advance of the returns, and claimed 250 majority. It now turns out that it has gone Democratic by 1,200 majority.

Sutler Senator Spencer is careering madly around Huntsville, log-rolling for Smith, whom he despises in a carpet-bagian sense only.

ARREST OF SOUTH CAROLINA POSTMASTER FOR ROBBING THE MAILS.—On last Tuesday, Mr. P. H. Woodward, the active and vigilant special agent of the Post Office Department, accomplished the arrest of A. M. PAIN KILLER. PERRY DAVIS & SON PROP.S PROVIDENCE R.I. 1840 1870

ASIATIC CHOLERA IN CHINA.
Almost every case cured with

PAIN KILLER.

[From Rev. R. Telford, Missionary in China, now visiting his home in Penn.]

WASHINGTON, Penn.

Dear Sirs:—During a residence of some ten years as a missionary in Siam and China, I found your Vegetable Pain Killer a most valuable remedy for that fearful scourge, the Cholera.

In administering the medicine I found it most effectual to give a teaspoonful of Pain Killer in a gill of hot water sweetened with sugar; then, after about fifteen minutes begin to give a teaspoonful of the same *mixture* every few minutes until relief was obtained. Apply hot applications to the extremities. Bathe the stomach with the Pain Killer, clear, and rub the limbs briskly. Of those who had the Cholera, and took the medicine faithfully in the way stated above, eight out of ten recovered.

Truly yours,
R. TELFORD.

If attacked with the Diarrhoea, Dysentery, Cramp, Colic, don't delay the use of the Pain Killer.

FUNGCHOW, CHINA.

Dear Sirs:—During a long residence in China I have used your invaluable Pain Killer, both in my own family and among the Chinese, and have found it a most excellent medicine. In the summer of 1862 and '63, while residing in Shanghai, I found it an almost certain cure for Cholera. *If used* in time. Indeed, using it in a great many instances, I do not remember failing in a single case. For three years I have been residing in this place, more than fifty miles from a physician, and have been obliged often to fall upon my own resources in cases of sickness. The Chinese come to us in great numbers for medicine and advice.—Though without medical knowledge ourselves, the few simple remedies we can command are so much in advance even of their physicians, that we have almost daily applications. We allow them to come, because it brings us in contact with them, and opens a door of usefulness. In diarrhœa, colic, vomiting, cholera, coughs, etc., your PAIN KILLER has been my chief medicine.

Yours, very truly,
T. P. CRAWFORD.

Dr. Francis has it for sale.

LOUISIANA GREOLE HAIR RESTORATIVE!

The Hair restored naturally to its original color, prevented from falling out, its growth increased, and its softness and beauty multiplied.

The Louisiana Creole Hair Restorer keeps the head clean, cool and healthy, removes all diseases of the scalp, keeps it free from Dandruff, prevents irritation and itching and is an excellent remedy for nervous and other forms of headache.

The Louisiana Creole Hair Restorer is not a dye, but restores gray hair to its original color by supplying the capillary tubes with natural sustenance which may not be assimilated from either age or decay. All *instantaneous* Hair Dyes are composed of *lunar caustic*, destroying the vitality and beauty of the hair and afford of themselves no dressing, but on the contrary make the hair brittle and wiry. The

Louisiana Creole Hair Restorer not only actually *restores* the hair and restores the natural color by natural means, but it imparts to it a luxuriant beauty which it can attain by no other method.

The Louisiana Creole Hair Restorer in addition to its many useful qualities is elegantly perfumed and is entirely free from greasiness and stickiness, so that the finest linen fabric is not spoiled or even stained by its use. It contains no poison to kill the hair, but under its continued use, improvement is steadily manifested and it never fails to give the best satisfaction.

For sale by Druggists generally. Prepared by MANSFIELD & HIGBEE, Memphis, Tenn.

MAGIC ARNICA LINIMENT

WILL CURE PAINS AND ACHES IN FIVE MINUTES.

Prepared from rare Essential Oils, Extract of Camphor, Extract of Arnica, Chlodyne and Magnetic Fluid, chemically combined.

The Magic Arnica Liniment is one of the most powerfully penetrating Flu is known. It is no rancid grease like many of the so-called liniments sold, but a clear, transparent, ruby colored Fluid, which when applied, promptly penetrates through skin and muscles to the very bone itself, striking at the root of the disease and instantly relieving all pain. In cases of Paralysis, Numbness, Bites, Cramps, swellings, and in fact, all classes of diseases that can be reached by external treatment, this liniment will be found efficacious. In Rheumatism it acts promptly, killing the pain in one or two applications, and when used in connection with Mansfield & Higbee's *Great Internal Remedy, the RHEUMATIC COMPOUND, we have never known it to fail in effecting a CURE! As a*

Horse and Cattle Liniment

it is unsurpassed, curing where other liniments fail. A striking evidence of this is its unparalleled success when used in the treatment of Charbone or Erysipelas in Horses or Mules—a disease which at one time threatened to destroy all the stock in the Mississippi Valley: The

Magic Arnica Liniment

was the only remedy that was found to cure in all cases.

With every bottle will be found a circular containing specific directions for using.

For sale by Druggists and Dealers everywhere.

Jacksonville Female ACADEMY.
B. I. HARRISON, Principal.

THE exercises of this Institution will be resumed on the first Monday in September next.
The known health of the place, its pure mountain air and the fine scenery around, together with the moral and intellectual character of the community, highly commend Jacksonville to parents as a desirable point for the education of their children.
It is exempt from many of those causes that tempt and lead the young to habits of extravagance in the pursuit of fashionable or vicious amusements.
There are several Sunday schools and churches; any of which the pupils can attend, at the option of their parents.
It is respectfully suggested that pupils should enter at the beginning of the session, that they may be properly classed and make an even start with their classmates in their scholastic course.

DR. JOHN BULL'S
Great Remedies.
DR. JOHN BULL,
MANUFACTURER AND VENDER OF THE
Celebrated
Smith's Tonic Syrup!
FOR THE CURE OF
AGUE AND FEVER,
OR CHILLS AND FEVER.

THE proprietor of this celebrated medicene justly claims for it a superiority over all remedies ever offered to the public for the *safe certain speedy and permanent* cure of Ague and fever, or Chills and Fever whether of short or long standing. He refers to the entire Western and South western country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure. If the directions are strictly followed and carried out. In a great many cases a single dose has been sufficent for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health It is however prudent, and in every case more certain to cure if its use is continued in smller doses for a week or two after the disease has been checked, more especially in difficult & longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **Bull's Vegetable Family Pills** will be sufficient.

BULL'S
WORM DESTROYER,

To my United States and World-Wide Readers.

I HAVE recieved many testimonials from professional & medical men, as, my almanacs and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia is certainly one of the most sensible communications I have ever recieved. Dr Clement knows exactly what he speaks of, and his testimony deserves to be writen in letters of gold. Hear what the Doctors say of **Bull's Worm Destroyer:**
VILLANOW, WALKER COUNTY, Ga }
June 29, 1866.
DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderful efficacious. It has not failed in a single inst ance to have the wished for effect. I am doing a pretty large country practice, and have daily use for one articles of the kind I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you, is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the *regular* line of M. D's. but I see not just cause or good sense in discarding a remedy which we know to be concise, simple because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms.
I am, sir, most respectfully,
JULIUS P. CLEMENT, M. D.

BULL'S
SARSAPARILLA.

A Good Reason for the Captain's Faith.

Read the Captain's Letter and the Letters from his mother:

Benton Barracks, Mo., April 30, 1866.
DR JOHN BULL—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case.
I was wounded about two years ago—was taken prisoner & confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing else. I wish that that is genuine. Please express me half a dozen bottles, and oblige
Capt. C. P. JOHNSON,
St. Louis, Mo.

P. S.—The following was written April 30, 1865, by Mrs. Jennie Johnson, mother of Capt. Johnson.
DR. JOHN BULL.—Dear Sir. My husband Dr. C. S. Johnson, was a skillful surgeon and physician in central New York, where he died leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. Dr CEDRON BIX I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever sores, and general debility. Perfect success has attended it. *The cases effected in some cases of scrofula and fever sores were almost miraculous.* I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover
Respectfully,
NIEGEN JOHNSON.

BULL'S
CEDRON BITTERS.
Arkansas heard from.
Testimony of Medical Men.

Stone Point, White Co., Ark., May 23, 1866.
DR. JOHN BULL—Dear Sir. Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.
My son-in-law, who was with me in the store has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.
Dr. Gist, who has been in bad health, tried them, and also improved.
Dr. Coffee, who has been in bad health for several years—stomach and liver affected—he improved very much by the use of your Bitters Indeed the Cedron Bitters has given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall—especially your Cedron Bitters and Sarsaparilla. Ship me *via* Memphis, care of Rickett & Neely. Respectfully,
C. B. WALKER.

TO PHYSICIANS.

NEW YORK, August 15th, 1869.
Allow me to call your attention to my **Preparation of Compound Extract Buchu.** The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.
MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any *now in use.*
Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates, the smallest quantity of the other ingredients are added, to prevent fermention; upon inspection, it will be found not to be a Tincture, as made in Pharmacopees, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.
Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation.
With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years' Experience

[From the Largest Manufacturing Chemist in the World.]
NOVEMBER 4, 1854.
"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."
WILLIAM WEIGHTMAN,
Firm of Powers & Weightman,

Ninth and Brown streets, Philadelphia.

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.
The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of the organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

These suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.
All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. PRICE—$1,25 per bottle, or 6 bottles for $6,50. Delivered to any address. Describe symptoms in all communications.

POETRY.

(Republished by request.)

MY FRIEND.

(Written by Col. W. S. Hawkins, C. S. A. (prisoner of war at Camp Chase,) a friend of a fellow-prisoner who was engaged to be married to a Southern lady. She proved faithless to him. The letter arrived soon after his death, and was answered by Col. H. in the following lines:)

Your letter came but came too late,
For heaven had claimed its own;
Ah, sudden change from prison bars,
Unto the Great White Throne.
And yet I think she would have stayed
For one more day of pain,
Could he have read those tardy words
Which you have sent in vain.

Why did you wait, fair lady,
Through so many a weary hour?
Had you other lovers with you,
In that silken dainty bower?
Did others bow before your charms,
And twine bright garlands there?
And yet I ween in all the throng
His spirit had no peer.

I wish that you were by me now
As I draw the sheet aside,
To see how pure the look he wore
A while before he died.
Yet the sorrow that you gave him
Still has left its weary trace,
And a meek and saintly sadness
Dwells upon that pallid face.

"Her love" said he "could change for me
The Winter's cold to Spring"
Ah! trust of thoughtless maiden's love,
Thou art a bitter thing!
For when these valleys fair, in May,
Once more with blooms shall wave,
The Northern violets shall blow
Upon his humble grave.

Your dole of scanty words had been
But one more pang to bear:
Thought to the last he kissed with love
This tress of your soft hair.
I did not put it where he said,
For when the angels come,
I would not have them find the sign
Of falsehood in his tomb.

I've read your letter, and I know
The wiles that you have wrought
To win that noble heart of his,
And gain it; fearful thought!
What lavish worth men sometimes give
For a trifle light and small:
What manly forms are often held
In folly's flimsy thrall.

You shall not pity him, for now
He's past your hope and fear;
Although I wish that you could stand
With me beside his bier.
Still I forgive you, Heaven knows,
For mercy you'll have need,
Since God his awful judgement sends
On each unworthy deed.

To night the cold wind whistles by,
As I my vigils keep
Within the prison dead-house, where
Few mourners come to weep.
A rude plank coffin holds him now,
Yet death gives always grace;
And I had rather see him thus
Than clasped in your embrace.

To night your rooms are very gay,
With wit, and wine, and song;
And you are smiling just as if
You never did a wrong.
Your hand, so fair, that none would think
It penned these words of pain;
Your skin so white—would to God your soul
Were half so free of stain.

I'd rather be this dear, dear friend
Than you in all your glee;
For you are held in grevious bonds,
While he's forever free.
Whom serve we in this life, we serve
In that which is to come.
He chose his way, you, yours; let God
Pronounce the fitting doom!

[From the Gadsden Times.

ESCAPE FROM PARIS IN A BALLOON.

On the——day of October, 1870, standing in front of No. 236, Rue de Lanarstine, there could be seen a young man, whose appearance indicated that he was no Frenchman. His face wore an expression of anxiety and dread pitiable to behold. A fierce and howling mob of Red Republicans, had just passed, and it was only through the interference of one of their leaders, who happened to recognise him, that he was prevented from being torn to pieces by the demons, who, "without reason," had charged him with being a Prussian spy. Henry Claremont, for such was his name, had come to Paris on an important mission, in the interest of the banking house of Welson & Co., known as the most extensive bankers in one of the largest commercial towns of England, and unwilling to leave the beautiful city, now almost cut off from the outside world by the advancing and victorious Prussians, until the object of his mission had been accomplished, he had remained until it was too late for him to pass outside the city, through the lines of the besiegers. Gen. Moltke had issued orders that no one would be allowed to pass without the city, and that all persons caught in attempting to do so, would be treated as prisoners of war.
Claremont made every effort his ingenuity could devise; but no bribes or strategy would move the Prussian videttes, and he was an unwilling prisoner in the gay capitol of France, shut up within the walls of a beleaguered city, where factions were rending each other every day and where, at any moment, the immense siege pieces of the Prussians, might commence a deadly fire of shot and shell. No wonder his face wore an expression of anguish and dread as he stood in front of No. 236 not knowing what to do or where to go.
A loud shout as if from ten thousand voices, followed by continued cheering, that rang throughout the city, announced that another balloon was ascending, and looking in the direction of the noise he saw the most magnificent "air ship" of modern times, sailing with a swiftness and grace, comparable only to the moving of a cloud, rising and floating away—away from the many hearts longing for freedom, and praying that the man standing within the car, waving his hand to the crowd below him, might safely pass the Prussian lines, and let the world know the great heart of Paris was unwilling to give up the hope of a Republic or bow the neck to the yoke of the invader.
"Who leaves Paris in the balloon today," he enquired of a passer by in French.
"*Monsieur Gambetta, Vive Gambetta, Vive Republique,*" fairly screamed the excited *Gamin*, as he rushed down the street to get a better sight of the balloon, obstructed from view by the houses.
A new idea occurred to Henry Claremont. Why should he not leave Paris in a balloon? No accident had yet occurred to those who had thus made their escape from the city.
He went back to his hotel on the Place de la Concorde, and there continued to ask himself such questions. There was great danger in the undertaking but should he safely reach old England's shore, the house of Welson & Co. would be the gainers by millions of francs, and as for himself, his success would secure him a sufficient sum to lead to the altar one whose image had haunted him, and been uppermost in all his thoughts in his attempts to leave the city. To be absent from her for the many months, and to receive no news from the idol of his heart, during the long, time he must remain shut up within the walls of Paris, was more than he could bear, and he resolved that on the morrow he would make the attempt, if it cost him his life.
He found that it would require several days to complete all his arrangements; but at last at the end of the fourth day he found that on the morrow he would be ready to start on his dangerous voyage. He had been improving these days in learning from a skillful æronant how to use the balloon in ascending and descending and taking advantage of everything possible, in case of an accident.
On the morning of the fifth day after forming his determination, he was besieged with anxious ones, eager to send messages of love to those who could not communicate with them, and it was near 12 o'clock, before he began his perilous journey in the air, amid the shouts of the thousands assembled to witness the ascension. The sensation of flying through the air, is most fascinating and soon overcomes the fear first felt on leaving *terra firma*. The scene below was grand beyond description, when he arose far above the highest steeples, and looked down upon the most magnificent city of Europe, and the thousands of snowy tents of the besieging army. In his admiration of a spectacle so sublime, he forget for a time his situation, and was awakened from the almost trance into which he had fallen, by the whistle of a bullet, and the shout of a voice near by:
"*Haraute, oder wir oeffnen Feuer!*" and another bullet whizzed past the car.
Claremont discovered the voice came from some one near by, and soon afterwards saw a balloon just above him, and several beyond this one, above and below in the direction he was sailing. In the car of each balloon were two Prussian soldiers, armed with needleguns.
He could not understand a word of German language, and hence paid no attention to their commands and kept steadily on his way.
Bang! Whiz, and another bullet came so close to the thin silk of the balloon, that he almost gave himself up for lost. Should one of their bullets pierce it, the hydrogen gas with which it was inflated on coming in contact with the atmosphere, would cause an immediate conflagration of the whole body of the balloon. Whiz! and a sudden shock proved that a bullet had cut one of the fastenings of his car.
By this time all the balloons in range had opened fire upon the one containing poor Claremont. The bullets whizzed past him in fearful proximity. All his courage and presence of mind were now necessary to extricate himself from his perilous position. He turned the escape valve and descended as rapidly as possible to the earth, and was soon out of reach of the bullets, of the souldiers in the Prussian balloons, which were held in their places by ropes reaching to the earth, and could not follow with any hopes of overtaking him and hence remained stationary, waiting to intercept the escape of any others who might attempt to leave the beseiged city.
The situation of Claremont was by no means pleasant. He had escaped the bullets of the souldiers, and his balloon was sound, but the fastenings to his car had been cut, and he was tossed and turned about with a velocity that required all his strength to prevent his being thrown out and dashed to pieces, by falling thousands of feet to the earth below. His gradual descent would soon carry him to *terra firma*, and if his strength would only hold out, he could descend in safety—but in the distance he sees a squadron of German Uhlans, who had been watching the attack of the balloons upon him, galloping rapidly towards where he would alight. Here was new danger. He had better have remained in Paris. He might be robbed, murdered, or, at best, made a prisoner of war. But descend he must: his strength was fast failing him.
In two minutes more he had alighted in a beautiful plateau, free from trees or obstruction. With the assistance of a half frightened peasant, who had been watching his descent, he succeeded in readjusting the ropes, just as the Uhlans appeared in sight, riding at full speed, and shouting at the top of their voices, confident of having captured him. To throw himself into the car, and hurl to the ground the bags of sand that had been of such great benefit in his descent, was but the work of a moment, and his balloon rising rapidly in the air, he was far beyond the range of the guns of the Uhlans, before they reached the place he had just left.
Once more on his journey, he soon passed far beyond the Prussian lines, and arrived safely at Tours, two days afterwards, bringing joy and gladness to the hearts of many who longed to hear from husbands, brothers and friends, shut up in the beleaguered city.
He reached England in safety a few days afterwards, and was received with open arms by his affianced, whom he will soon call by the sweetest name known to human tongue—wife.
The house of Welson & Co., realized all they could have anticipated, by reason of Claremont's success, and have rewarded him handsomely.
Society is honizing him now, as the man who ESCAPED FROM PARIS IN A BALLOON.

Democratic and Conservative Convention Platform.

The Democratic and Conservative party of the State of Alabama, in entering upon the contest for the redemption of the State Government from the Radical usurpers who now control it, adopt and declare as their platform:—

1. That we stand ready to obey the constitution of the United States and the laws passed in pursuance thereof, and the constitution and the laws of the State of Alabama, so long as they remain in force and unrepealed.

2. That we are opposed to the unjust, extravagant and unnecessary taxation, both State and Federal, and with which our people are now oppressed; to the wasteful squandering and embezzlement of the public money and public property; and we are in favor of the strictest economy in public expenditures, and of a rigid and prompt accountability of all public officers.

3. That we are in favor of law and order; fair and peaceful elections, free from fraud and corruption; and that we shall demand a fair count of the ballots cast.

4. That we are in favor of confining the government of the State to our own people, to men of known, capacity and integrity who accept office for the general good and do not seek official position for public plunder.

5. That the party now in control of this State have obtained power by usurpation against the will of the people, and they have imposed enormous and unnecessary taxes; they have created unnecessary and useless offices for the sole purpose of feeding their needy followers, they have by profligate extravagance and corruption, increased the debt of the State many millions of dollars, and have even refused to exempt the provisions of their own constitution relating to the classification of State Surveyors and their tenure of office; and by numerous other enormities in legislation they have shown themselves unfit to govern the people of a free State, and they ought to be ejected, through the ballot box, from the offices they hold in defiance of the wishes and in contempt of the interests of the people.

Mr. J. J. PARKER, the Democratic and Conservative candidate for Secretary of State, will address the people of Calhoun County, at Jacksonville, on TUESDAY, NOVEMBER 1ST, 1870.

We hope to see a rousing meeting on that day.

FORWARD ALL.

Before our next paper can be issued and generally distributed, the time for talking will have passed and the time for action have arrived.

In this issue, we wish to impress upon the people of Chalhoun more deeply, if possible, the importance of the present struggle and the necessity for vigorous WORK between now and election day.

This is the only chance we have had to throw off the burden under which the people groan, since the Radicals usurped power.

It may be our last chance.

Certainly the only chance for the next two years; and the Radicals, in the meantime, if successful, will have stolen all worth contending for.

The present election is truly the most important that will ever be held in Alabama again; and any single Democrat's vote will be worth more to the country next Tuesday week, than any ten votes he can over cast again.

By work, we do not mean to imply that a man should devote the week to running here and there, to the neglect of business, (although a week is not too much to give to one's country;) but we mean quiet, earnest work among immediate neighbors and associates. Let every man fix, in his mind; upon some one man who has not registered yet and who will probably not vote, and set influences to work to bring him out. Every man can do good in this way. We only need to bring out our full strength to elect the Democratic ticket overwhelmingly. Explain to men how *easy* it is *now* to throw off the rule of the Radicals and HIGH TAXATION. Scatter tickets. Cheer the desponding. Encourage the downhearted.

We have reason to be of good cheer. Pennsylvania, Indiana and Ohio send tidings of great Democratic victories; and from every nook and corner of our State comes accounts of an active, hopeful, working Democracy and a despondent and dismayed enemy.

People of old, tried and true Calhoun, let us not be missing when the roll of honor—the roll of victorious counties is called. Let us rather, as in the grand old times agone, emerge from the contest the BANNER COUNTY OF THE STATE.

Fall in honest men, and on November 8, rout the rascals from their places of power and plunder.

To allay any apprehensions that might possibly exist, and satisfy some enquiry on the subject of the change in the Democratic State Ticket, we would inform our friends in this section, that every Democratic paper in the State, so far as we have seen, has promptly and cheerfully made the change in accordance with the recommendation of the State Executive Committee. No dissatisfaction has been manifested, so far as we can learn, and not the slightest jar in the Democratic and Conservative ranks has been produced.

As specimens of the spirit in which the change has been made, we copy below several extracts from prominent and influential papers:

The Mobile *Register* says:

"The name of Mr. McCoy, as a candidate for Treasurer, having been withdrawn, we place in its stead that of J. F. Grant Esq. of Calhoun county, in accordance with the recommendation of the Central Executive Committee of the Democratic party of Alabama. Mr. Grant is an old & respectable citizen of great integrity, energy and ability, and well merits the hearty support of all opposed to Radicalism.

The Talladega *Watchtower* says:

"We publish in another column the address of the Central committee to the people of the State recommending the substitution of J. F. GRANT, of Calhoun, in the place of Mr. McCoy, for the position of State Treasurer. Mr. GRANT is well known in Alabama as a gentleman of fine, practical sense, sterling integrity, irreproachable moral character, and unblemished reputation. He has been the editor of the Jacksonville Republican for the past thirty years, and has always been true and faithful to what he regarded the best interests of the people. We cheerfully give him our support."

The Talladega *Mountain Home* says:

"We therefore cheerfully act on the recommendation of Committee, & place at the head of our columns the name of J. F. GRANT, of the Jacksonville *Republican*, knowing him to be a man of honesty and integrity, who has lived almost in our very midst for more than a quarter of a century, & who has alike in the darkest hour of her affliction as in the noonday of her glory remembered his allegiance to Alabama, and in all times and under all circumstances zealously labored to maintain her dignity and advance the interest of her people."

The Huntsville *Independent* says:

"Of "Father Grant" as he is familiarly and lovingly known in North Alabama, we have to say that he was our first choice, and we will support him with all our might. For forty years, he has walked before our people, and bears a name untarnished, and will give positive strength to the ticket."

The Montgomery *Advertiser* says:

"There is no man in the State whose name we hail upon the ticket with more satisfaction than that of J. F. GRANT."

The Radical party is fast hastening to its dissolution in Alabama. The election will reveal not a corporal's guard left in the white counties of North Alabama; and in South Alabama, the negroes are deserting the party by scores as shown by the Resolutions and Dispatch below. Accounts of the some nature came to us from all parts of South Alabama. Let the white men of this section come out well and the work is done. Clinton Beat mentioned below is in Greene County. The club now numbers Sixteen members and is rapidly augmenting.

Resolutions.

We, the colored citizens of Clinton beat, having assembled for the purpose of organizing ourselves into a body, so as to co-operate with the Democratic Conservative party in the approaching November election, do hereby resolve that our organization shall be known as the Colored Democratic-Conservative Club of Clinton, and that whereas, we have the privilege of ascertaining our rights and preferences at the polls, we intend to do so with the fear of God before us and the good of the country at heart, therefore be it further

Resolved, That we believe that it is to our best interests to co-operate with the people with whom we have been raised and lived all our lives, satisfied that they do not envy the liberty we now enjoy, but would rather assist in promoting our happiness and welfare, therefore it behooves us, as sensible and thinking men, to withdraw entirely from the party who are betraying our confidence in every possible way, which must ultimately result in destruction to our race.

Resolved, therefore, That we pledge ourselves, individually and collectively, to support the ticket put forth by the Democratic Conservative Convention recently held in the city of Montgomery, and cordially endorse the platform and principles there adopted, and that we will use all honorable means to induce our colored friends to forsake the Radical ranks and assist in handing up for ourselves homes in the South, where the graves of our fathers, mothers, children and friends are to be seen, and where, when it pleases God to call us hence, we want our dust to mingle with their's

LIVINGSTON, Oct. 24.—Gov. Smith, Lewis E. Parsons, and Senator Warner spoke here to-day to a crowd not exceeding one hundred and fifty negroes. The negroes became dissatisfied and afterward organized a meeting of their own in which some thirty or more of them bade farewell to the Radical party, and declared a purpose to make common cause with their white neighbors.

The negroes in Perry county are dropping off likewise. From a letter in the Marion *Commonwelth* we extract the following:

(Bush Creek) Beat indignantly repudiate the Radical party. They say they don't *want to vote for a spy*, and Smith proclaimed himself a *spy* during the war. They profess to have been deceived by the fools and thieves now in power, and are consequently disposed to distrust *all parties*. Under the circumstances, they told me that they "preferred to have nothing to do with the election."

[Special to the Times.]

FLORENCE, Oct. 25.—The Democracy are sweeping North Alabama. Smith will not get ten Democratic votes in ten counties. White and colored Republicans are rallying to Lindsay and the constitution by hundreds. Governor Patton made a telling speech here to-day for Democracy. His exposure of Radical extravagance was terrible.

Public Speaking—Shooting.

While Capt. James Crook was speaking at Davis Town, on Monday last, some excitement was caused by the discharge of a pistol in the hands of John A. DeArman, the Radical candidate opposing Capt. Crook for the Legislature. There had been the usual questions asked and retorts made, during Capt. Crook's speech, previous to the firing. Accounts differ as to whether the pistol was aimed at Capt. Crook, or discharged accidentally. DeArman, we learn, says the pistol went off accidentally. Another account has it that he fired upon Capt. Crook and afterwards stood cursing him until disarmed—Crook being unarmed the meanwhile.

Capt. Crook was filling one of his published appointments, and has not yet returned. We have seen no one who was an eye witness; and, having no desire to make political capital out of, or in any way misrepresent the affair, we await further facts before publishing more.

Certain it is, had the case been reversed and the pistol have fired in the hands of Capt. Crook instead, the Radicals all over Alabama and even outside of Alabama would now be howling "persecution" lustily enough, perhaps, to drown the voice of "the people," at the polls in November. We need no such clap-trap to carry the election. We can afford to set all difficulties between individuals aside, and run the race victoriously through on the principles and records of the two parties.

Since the above was in type, we have received the following communication, accompanied by a letter, asking its publication, signed by twenty-six of the most prominent citizens living in the immediate vicinity of the occurrence.

Davis Town, Oct. 24, 1870.

MR. EDITOR:

The old adage—"Whom the gods would destroy they first make mad," was clearly exemplified in our democratic meeting held here to-day. Captain Crook, our worthy nominee and candidate for Representative met the people of Davis Town, Teagues Cross Roads, Corn Grove and vicinity by appointment at 12 o'clock M. in the Davistown Academy, and addressed them in a clear, explicit and caustic exposition of the Radical party. His premises were well taken, from which he adduced arguments cogent, conclusive and unanswerable, as will be seen from the following state of facts: Jno. A. DeArman, opposing candidate, of Radical notoriety, came into the meeting, and no doubt with the view of creating confusion, proceeded to propound sundry questions, to all of which Capt. Crook promptly responded. When however he had spoken about an hour, he requested DeArman to permit him to proceed with his speech uninterruptedly, telling him at the same time that the appointment was his (Crooks) but that he was perfectly willing that he DeArman should reply; but DeArman continued his interruptions, when Crook asked him if he had not said he (DeArman was afraid to take the census of Calhoun county, that his life was in danger. DeArman replied that he had not, and that if Crook alluded to him again, this being the first time, he would hold him personally responsible for it. Crook advanced toward him, and announced that he was responsible when on the stump or in the field for anything he had or might say. Turning around he walked back to the speaker's stand, saying that he would not bear any insult; and then turning his face towards the audience remarked that he would read to them the political history of Gov. Smith as detailed by one who knew him. In proceeding to do this, he stooped to get a paper out of his saddle bags, with his back to DeArman, who fired upon him and stood with his pistol presented and cursing him, when by standers interfered DeArman gave his pistol to one of them. Crook then proceeded with his speech, and held his audience in the silence of a imitation for nearly half an hour. DeArman left the house exclaiming that he would not discuss politics in any such a d—n'd community, when a man could make any assertion, and the people would believe it. His purpose was, no doubt, two fold to make a little reputation and scare somebody or to break up the meeting in a row and thereby make capital for his party. In both of which his failure was equaled only by his folly. To-days proceedings has done more to stimulate the people in the great *cause* of *liberty* and *reform* than anything that could have occurred. We have heard much of Radicalism. To-day we have had a practical exemplification of its workings; and rest assured, on the 8th of Nov., next, this beat will roll up a Democratic vote, that will teach our oppressors that there is life and manhood in the old land yet.

MANY CITIZENS.

In Wine there is Truth.

On September 15th, the garrison had a flag raising at Patoma. It was a scene and an occasion that will long be cherished in the recollection of the faithful. At the appointed hour, Peters and Parsons seized the

"Emblem of our Might,
In the Camp and in the Fight:
Everywhere,"

and after a few vigorous pulls, hoisted it to the masthead. Then the yankees shot; next came the "dead-shot," and then Peters shot off the following, in his opening remarks:

"The elevation of the National Banner at the village of Patoma is not an event calculated to stir the public mind with any very deep emotions."

(Right here we beg leave to state, that we agree with Peters exactly.)

Further on in his speech, which was not long, he took occasion to pay the Democratic party a deserved compliment and plainly foreshadowed the doom of the Radical party, thus:

"The great masses of our people are too wise and too patriotic not to know that the wisdom [meaning the Democratic party] which has covered the nation with prosperity and honor, beyond all other lands beneath the sun, must, in the end, be greatly preferred to that wisdom [meaning the Radical party] which has covered all with ruin and dismay."

After blurting out this long pent up truth, the orator got thirsty, and, with a grace that would have done honor to Artemus Ward, he retired after the following fashion:

"I must now stop. From the appearance of the clouds, the rain will soon be upon us, and I must withdraw to allow you to hear a few words from our eloquent and distinguished friend, Governor Parsons."

In other words Thomas, went out "to see a man" at this juncture; and while he was gone, Parsons arose and electrified the crowd with the following startling announcement.

"This is the flag of OUR COUNTRY.
" " " " " WHOLE COUNTRY"

Here the feelings of the orator overcame him. The soldiers were visably affected They wept, as did the French soldiers when the Prince Imperial picked that bullet up at Saarbruck. Recovering himself, the barrister proceeded. He gradually led them away from the affecting theme; and gently soothed their loyal emotions. All was rapidly becoming serene; but, the truth that is in wine would out, and to the amazement of the yankees, the orator blurted this stinger:

"The Bible constitutes the only rule of christian faith and action—yet there have been instances, not a few, in which those who profess to be governed by its teachings, have taken it in one hand—the sword and torch in the other—to enforce their construction of its doctrines; but this does not cause the true christian to loose faith in that book; neither should our regard for this flag, nor our confidence in the principles of government which it embodies be in the least abated, because it is, for the time, in the hands of men who advocate a policy we do not approve."

This honest confession about closed the performance. The enthusiasm suddenly went out. "To your tents, oh, Israel," rang through the camp. There was no more shooting that day, except the shooting of champaigne corks, and—"bloody hangs a tale," which has been "often told" of late, to the discomfiture of Thos. M. Peters, Master of Arts, Poet &c.

Do you wish relief from burdensome taxation? Then vote the Democratic Ticket.

Do you wish to hold up your heads again as men in the Government? Then vote the Democratic ticket.

Do you wish to rid the State of the low, contemptible, mean, selfish, thieving carpet bag crew? Then vote the Democratic ticket.

The election of the Democratic ticket means light taxation.

Let every man vote at least one other man. Every man ought to be able to gain one Democratic vote on election day.

We learn that there is actually some few men (Democrats at that) in Calhoun County, (fact) who will not register because. (we hate to tell it out of the family.) because they are afraid they may be *drawn as jurors* in the course of the next five or ten years. Such men may be opposed to Radical rule; but nobody will be believe so, if they refuse to vote this time to put the Radicals out.

ELECTION TICKETS at this office. Call and get them for precincts not already supplied.

Boys who have reached the age of 21, since last election should come and register.

ET TU BRUTE.—The Talladega *Sun* copies old Peter's verses, beginning;

"*Oh*, our Banner is our Pride."

We have received of Mr. J. M. Patterson, an exceeding large Cabbage head, of the Flat Dutch kind weighing 10 lbs and 1 oz. The seed was purchased of Dr. Francis, and was sown the 20th of June.

We are told that the Republican party is the peculiar friend of education. By forcing negro equality it has broken up the State Universities of North Carolina and Alabama, white students refusing and negroes failing to attend; and the ruin of the Mississippi University comes next There are but seventy students this year against two hundred last and having been menace with negro disciples, the faculty threaten to resign. Hand in hand with this wholesale demolition of the higher institution of learning, we do not hear that the reconstructed State governments are doing more for primary instruction than the payment of fat salaries to a host of interloping vagabonds. *N. Y. World.*

CLAY.—We had the pleasure, last week, of receiving a visit from Mr. JAS. H. WHITE, the Democratic and Conservative candidate for the Legislature in Clay. Mr. White represents the feeling in his county as excellent; the people are aroused; and will do their duty manfully on the 8th of November. Mr. White is making a through canvass of the county being an intelligent and agreeable gentle man, cannot fail to make friends wherever he goes. He will worthily represent a good people in the next Legislature, as his election is certain by at least 500 majority.

MONTGOMERY, Oct. 25, 1870.

Col. James Gilchrist:

Dear Sir—Please state what Charles W. Buckley said in favor of amalgamation to you since the war, and oblige,

Your friend,
J. H. CLANTON.

Gen. Clanton.

Dear Sir—Charles Buckley, member of Congres from this District, when Bureau Agent, since the war, said to me that he was in favor of "the amalgamation" and affiliation of the *blacks* with the lower class *whites* in the South, and that it was what they designed bringing about. This he said to me in the court house in Montgomery. Your friend
JAS. G. GILCHRIST.

Reported Conflict of Races in South Carolina.

It was reported last night that information had been received in Augusta that a collision had taken place on Thursday between Scott's negro militia and the white citizens of Laurens county, South Carolina. The report states that the difficulty commenced at the polls on Tuesday, and culminated in an attack by the negro soldiers on the whites, in which the former were worsted and driven from the town.

Rumor states, says "the Savannah *Republican*, that a large number of whites were killed in the melee, and that the number of negroes lost their lives was twice as great We learn that telegrams were sent to different points in Georgia and elsewhere for United States troops. Collisions are also reported to have taken place at other points in South Carolina on election day.

It will be remembered that Scott the Radical Governor, has while organizing and arming the negroes, persistently refused to receive white militia companies, and made his boast in Washington that the "Winchester rifle, with which he armed the negroes, would rule Carolina." The reports current here may be exaggerated. We hope they are. If are true they forebode serious evil for the present, but these troubles will relieve South Carolina very effectually of negro rule, as the men who fought at Sumter and Wagner, and Whose deeds have covered their State with imperishable glory, will certainly be victors in the fight brought about by carpetbaggers and scallawags, and in which their dupes, the negroes, must bear the brunt.

CENTRAL EXEC. COM. ROOMS,
MONTGOMERY, October, 1870.

To the Chairmen of the County Executive Committees of the Democratic and Conservative Party of Alabama:

Should you want any election tickets printed at this point, it will be necessary that the ticket should be made correctly, especially as to the first or christian names of the county candidates, as we have been put to much trouble from the want of accuracy in this particular. We print herewith a form, which please follow. You will also give us the number of tickets you wish for each of the counties, as each will be different. We could deliver them at points on the railroads running from this place, but the best course is to send some one down after them, and then there will be no mistake. The price of tickets here is $250 per thousand.

ST. CLAIR COUNTY.

ASHVILLE, ALA., Oct, 13th, '70.

Editors Mail:

GENTLEMEN—The political news in this part of the State is fine. In traveling over the country you scarcely ever meet with one who will support the entire Radical ticket, and with but few Smith men. Rapier will not get twenty-five white votes in this county. Many of our oldest Radicals have embraced Democratic religion, and we have reason to believe that they will not *fall from grace*. This county gave Grant a large majority; she will give Lindsay a much greater one. Box, the Democratic candidate for the Legislature, will beat his opponent several hundred. The news is generally good in all the adjoining counties. A complete revolution has been effected in this part of the State. Colonel Hodgson by his speeches, made for himself and the ticket many votes up here. I hear many persons say that they thought he was an extreme man, but after seeing and hearing the Colonel, they rather fear he is not quite extreme enough to follow such a man as Cloud. We are sure of a Democratic victory in November.

Since the Springfields left here, lands have advanced one hundred per cent, in price. Rice lands in Canoe Creek Valley, (one of the finest valleys of land in this part of Alabama) which could have been purchased at one time since the war and up to the time they left, at from three to five dollars per acre, can not now be bought for ten. So much for Radical rule and Radical outlaws. Yet Governor Smith keeps our town garrisoned with near one hundred Federal soldiers, for the purpose, as we think, of bringing back and sustaining these outlaws. Governor, it will take more than the presence of one hundred Yankees to re-locate them here: they know the extent and nature of their crimes.

CONSERVATIVE.

Telegraphic.

Washington.

WASHINGTON, October 27.—The Secretary has ordered the troops from Georgia and North Carolina to the South Carolina districts, that are reported turbulent by Gov. Scott.

France.

TOURS, October 27.—From all parts of the country come hopes that the Government will accept no humilitating terms.

The journals of this city are unanimous.

The only hope for fair terms lies in the indefinite prosecution of the war.

The Prussian movement eastward has been stopped.

The march upon Lyons was checked by Gambetta's victories.

Garibaldi has been active. He has taken many prisoners and cannon. He has accomplished the object for which he went forth.

The inhabitants in the departments of Jura and Verges petition against peace, involving the territory.

The Prussian movements in the Vosges have been prevented by the wind and cold. It is noticed that the Prussian inhumanity increases with their difficulties. They destroy farming utensils, looms, factories, tear down dwellings, kill horses, cattle, and destroy food they cannot eat.

France tireurs are taking advantage of the bad weather, and are inflicting heavy damage.

Information has been received from Orleans that all shops are closed and the streets deserted, except by the women, who universally appear in mourning. The Prussian officers ineffectually attempt to dispel the gloom. At Marsailles, affairs are more orderly. The journals, formerly suppressed, are allowed to reappear by order of Gambetta. The civil guard are less unruly.

Prussia.

BERLIN, Oct. 27.—King William telegraphs to the Queen, to-day: "This morning Bazaine and Metz capitulated with one hundred and fifty thousand prisoners, including twenty thousand wounded. The army and garrison laid down their arms this afternoon. This is one of the most important events of the war. Providence be thanked.

France.

TOURS, Oct. 27.—It is announced that the Prussians have at last granted Theirs safe conduct to Versailles but no further. Theirs declines acceptance as he must consult with the Paris authority.

No important military movements have been announced.

The weather continues stormy and other wise unfavorable to military movements.

A large portion of the army of the Duke of Mecklenburg, Schwerin, are moving rapidly towards Paris, abandoning St. Quintin, and also the movement on Amiens. The siege of La Forte has also been raised.

VIRGINIA.

RICHMOND, Oct. 27.—Ex-Mayor Chahoon was convicted for forgery and sentenced to four years in the penitentiary. Chahoon's council will ask for a new trial.

MARKET REPORT.

New York, October 27.—Cotton dull and lower and unsettled; sales 1,800; uplands 16¾.

Wheat heavy; low winter red and amber; western $1 24. Corn scarce and better; good western 79 to 81.

Nobody keeps nicer or more substantial furniture than Crawford. It makes one's mouth water to look at it. His furniture is substantially made and lasts through several generations. He has an elegant stock of material on hand and can supply all orders.

The ladies are invited to look at the elegant dress goods at M. Rosenburg's Store.

Attention is invited to the enlarged advertisement of Messrs. Johnson & Draper. They are constantly increasing their Stock, and as rapidly selling off. They sell goods cheap, you see.

Special attention is invited to the advertisement of Mrs. Rowland, who has lately received a large additional Stock of Millinery & Dress Goods, Jewelry &c. The Ladies should go and take a look.

The attention of Land buyers is called to the advertisement of Mrs F. A. Stewart, Executrix of S. B. Stewart, who will sell valuable lands on the 29th of November next.

DeHaven's Circus, as announced by their bills, exhibited here on Wednesday. The attendance was not large. The balloon ascension was the chief feature. About 2 o'clock it rose gracefully in the air, and ascended for something like half a mile in a perfectly straight line; then veering South it rapidly descended and the "MAN WHO ESCAPED" from Jacksonville IN A BALLOON," regained *terra firma* without an accident.

In the present uncertain state of the *mails*, we would suggest to our citizens the propriety of sending all money packages (however small) by Express. It would be better too to send or order all light packages of articles by Express, thereby securing perfect safety and rapidity in the shipment. The Express is also a fine medium through which our merchants and others can make collections on notes &c. The very gentlemanly Agent at this place, Mr. Alexander, will attend promptly to the shipment or delivery of all packages.

The fruit cakes, pound cakes, sponge cakes, tea cakes, &c, put at Messrs. Bickell & Whisenant, and Montgomery Bros. by Violet, were taken immediately. The ladies know that Violet is the best and most cleanly cook in town, and they purchase readily. The ladies encourage her to continue baking. It is more convenient to buy sometimes than to cook.

Apprehended Trouble in New York.

We copy the following from the special New York dispatches of the 17th inst. to Western papers:

Attorney General Akerman, Marshal Charlie, and Judge Woodruff, of the U. S. District Court, have been in close consultation all day and to-night, preparing their plans and measurers for putting in force the act relating to election passed the late Congress. Your reporter interviewed Akerman late to-night at his hotel. He was reticent but courteous. When asked if the Government would enforce the law, he said;

"Yes, if 100,000 volunteers have to be called upon to do it."

"Do you think they will be needed?"

"The regular troops and Republicans now in the city may be enough," he replied.

"But will not Gov. Hoffman call out the State troops?"

"I think he will but hope he will not."

Marshal Sharpe was very reticent.—"The law will be enforced," said he, very slowly, and it was no use trying to get anything more out of him.

Gov Hoffman has fully decided upon his course. He has submitted the question to Charles O'Conor, George Ticknor, T. C. Curtis, J. Vandyke, Dem. and Rep. They unanimously think the law is plainly unconstitutional and of no effect, and that the Governor must follow the plain constitutional law of the State and every deputy marshal who obstructs or hinders polling of votes, or who conspires to do so must be promptly arrested, tried and sentenced. The militia all throughout the city and State will be kept under arms, and if any attempt is made to enforce the law by Federal bayonets, it will be promptly resisted by an overwhelming force.

From the Montgomery Mail.

Robbery! Robbery.

The late Legislature passed an act to create a Democratic and build up Radical papers, which Gov. SMITH did not veto. Taking advantage of this infamous legal advertising law, Pierce Burton, Radical candidate for Lieut. Governor, established a paper at Demopolis. Now see, people of Alabama, how the honest tax payers are robbed to put money in the pockets of an unscrupulous Carpet-bagger. The Demopolis Exponent says.

A widow, who now resides in Texas, owns a plantation in this county which was advertised for taxes. She wrote to a lawyer in this city, directing him to take the necessary steps to prevent sale of the property. He examined the list of property advertised, could not find the tract of land she described as hers after careful investigation he discovered that the plantation had been divided into *sixteen* different traces of forty acres each, and thus advertised, that Burton might get sixteen fees, instead one, for advertising. This Burton is the radical candidate for Lieutenant Governor and talks about protecting widows and orphans.

Manhood: How Lost, How Restored

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc; also CONSUMPTION, EPILEPSY and Fits, induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only 6 cts.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.

This Lecture should be in the hands of every youth and every man in the land.

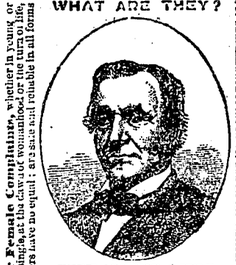
Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands Bear testimony to their wonderful Curative Effects.

WHAT ARE THEY?



THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits, and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics" "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the GREAT BLOOD PURIFIER, and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters, according to directions, and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs have not yet passed the point of repair.

For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms which are the offsprings of Dyspepsia, are cured by these Bitters.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French, and Spanish.

Ayer's
Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

...ar Tickets.

...e following is one among a number of letters addressed to us on the same subject, we publish it, together with our reply, for public information.

Editors Advertiser: Will you please send me a copy of the ticket to be printed and distributed. Our officers are in doubt as to whether two boxes or only one should be opened—whether the State ticket, member of Board of Education and member of Legislature should be on one ticket or separate—whether member to Congress goes on same ticket or separate, &c. Will you give me all information necessary, so that there may be no mistake made in the management in this County?

The old law required tickets for State officers to be placed in one box, and tickets for members of Congress in another. We have carefully examined the new election law and find that it makes no provision for separate boxes; and therefore, conclude that the names of all candidates for State and County offices and for Congress can be placed on one ticket and that but one box will be kept fo their reception. The Radicals have already printed their tickets by tens of thousands and have distributed them in every nook and corner of the State.—We trust that steps will be taken by the Democratic candidates in every County to have tickets prepared at once. Do not wait on anything or anybody, but go ahead at once and attend to this all important duty. The ticket at the head of our column is in exact shape, and will be the one voted by the Democrats of this County, just as we have printed it. In other Counties of this, the 2d District, the only change to be made will be in the names of candidates for the Legislature, and in other Districts the only changes to make will be in the names of the candidates for Congress, Board of Education, and members of the Legislature. We trust our cotemporaries will give this matter prompt attention, and urge the proper persons in their localities to see that tickets are prepared at once in the form we have indicated.

The following is a correct copy of the State ticket as it now stands, and will be voted, the only change necessary in the other Districts and Counties, being the substitution of the District and County nominees instead of those of this District and County.

The Death of Gen. Lee.

FULL PARTICULARS OF HIS LAST ILLNESS—THE REMOTE AND THE IMMEDIATE CAUSE OF HIS DEATH.

LEXINGTON, VA., VIA STANTON, October 13, 1870.

This is a day of gloom and sadness here. The telegraph has announced the death of Gen. Robert E. Lee. Since Tuesday noon it had been understood that the more favorable symptoms which he exhibited early in the morning had given place to more alarming ones than he had yet shown. Early this morning it was whispered through the community that he was fast sinking, and with beating hearts our people waited the issue.

With the first peals of the tolling bells the news ran through the town, and all classes wept together as the word passed from lip to lip, "Gen. Lee is dead." In a moment, and without any concert of action, every store, shop or other place of business was closed. Even freedmen left their work, and all mingled in the common grief.

The exercise at the College and institute were suspended, and every young man seemed to feel he had sustained an irreparable personal bereavement. All of the small schools were closed, and the children wept as they realized that one of their best friends had gone from them.

Your correspondent has taken especial pains to obtain from his physitians (Dr. Barton and Madison) a full and accurate statement of Gen. Lee's illness and death. The remote and real cause was the long continuance of depressing influences incident to the crushing responsibilities which were upon him during the last year of the war, the disastrous termination of the struggle for the cause he so dearly loved, and the affliction of his native South since the surrender.

As he saw his little army gradually melt away before the countless hosts opposed to them, and compelled to yield at last to overwhelming numbers and resources; as he witnessed the sufferings of his "poor boys," as he was accustomed to call them, and thought of the condition of their families and of the South; as his mails have been every day since flooded with most pietous letters from maimed soldiers or from the widows and orphans of the noble men who followed him, he has borne a calm exterior, and struggled for the good of his State and the South with a heroism surpassing any which he ever displayed on the field of battle. But the very fibres of his great heart have been gradually wearing away until they have at last broken and the vital spark has fled. Both of his eminent physicians concur in the opinion that Gen. Lee has died rather for moral than physical causes; that his physical development was well nigh perfect, and that there was no merely physical reason why he might not have lived for years to come. The immediate cause of his death was, in the opinion of his physitians, "mental and physical fatigue, inducing venous congestion of the brain, which, however, never proceeded as far as apoplexy or paralysis, but gradually caused cerebral exhaustion and death.

On Wednesday, September 28th, he was more than unusually busy. After attending chapel service, as he always did, he spent the whole morning attending to various matters connected with the interests of the College. At 4 o'clock P. M., he went to a meeting of the vestry of his church, over which he presided. Matters of great importance to the interests of the church were under consideration, and the meeting was protracted for three hours. Returning home just in time for tea, he was sitting at the table with his family when he was suddenly attacked and became apparently speechless and incapable of motion. The next morning he rallied, and as there was no decisive indications of paralysis or apoplexy, it was hoped that the attack would prove nothing more serious than a temporary nervous prostration. All of the indications seemed favorable to his recovery until that Monday. He spoke but little, and that only in answer to questions concerning his physical condition. But this showed that he had recovered the power of speech. His intellect seemed entirely clear, and he gave most unmistakable evidences that while he lay for the most part in a stupor, to which the medicines given him no doubt largely contributed, he was, when aroused, entirely conscious. He seemed so much better on Saturday that Dr. Madison playfully said to him: "General, you must make haste and get up from this bed. 'Traveller' is getting lazy, and you must make haste and give him the exercise he needs." The General fixed his eyes steadily upon him and shook his head very emphatically, as if to indicate that he did not expect to ride "Traveller" again.

On Monday he became suddenly worse, and dispite the best efforts of as fine medical skill as the country affords, and the fervent prayers of anxious hearts, he gradually sunk until yesterday morning at 9½ o'clock, when he breathed his last.

The nature of his illness was such that there was no opportunity for protracted conversation with him, and he uttered no word which can be seized on for sensational reports of his last hours. He was stricken at the post of duty. He fell with the harness on, and his calm, quiet death is a fit termination of his noble life. We need no "last words of Robert E. Lee." His deeds belong to history, while his life of devoted, unostentatious piety, and his firm and living trust in Jesus as his personal Redeemer, give unmistakable evidence that he now wears a crown of fadeless glory, and has indeed entered upon that "Rest that remaineth for the people of God."

KUKLUX.—As the carpet-baggers press is in want of campaign documents to convict the Kuklux Rebels of disloilty, we can only say that there is a case for them near Gordonsville, some 8 miles from Hayneville. The acting Sub-Assistant Deputy Grand Cyclops and merry men are on the rampage there, and Gov. SMITH and his military and cock-eyed inquisition is sadly needed in that neighborhood. For several nights past in this stage of the bloody moon a band of a dozen Kukluxes have been galloping over the plantations of Messrs. MOSS, MONCRIEF, and McDUFFIE with their tails for cruppers, their heads under their arms. Armed, too, to the teeth, in accordance with orders from the Den of the Dead, and in fierce pursuit of a man and brother who doubtless votes the carpet-bagger ticket. Night after night have these terrible foes of loilty careered over the plantations named, seeking with fearful order the life of a loil citizen. They rode up in one of these plantations a night or two ago. A loil man of color hailed them. The reply was a rush on him with a big Kuklux knife, and a rake at him which ripped open the vestments on his right side. Half a step nearer to him and the Kuklux would have cut him in two. The negro got away from there. The Kuklux exclaimed as he made his stroke, "You's de one what put Mr. MONCRIEF after us!" A peace warrant was taken out for these Kuklux last Monday by the disloil whites living out there, who of course give their own version—in the interest of the mystic klan—of this startling attempt to intimidate the negroes from voting for the Radical candidate for president in 1886. They say that the affair originated about negress out there who cohabitated with a loil black man for some years. But he refused to marry her, and she got another negro to do it. The irate loil man, thus discarded, has solemnly conspired, with eleven evilminded loilists to disturb the connubial felicity of the happy pair. They seek the sable benedict with deadly intent. If this rebel version be true, then it's all well enough. The negroes are not to be interrupted in the pursuit of happiness, even if it extends to the shooting of somebody. If so, what becomes of the declaration of independence, the reconstruction acts, and the battle of Bunker Hill. But, if it turns out as every loil man suspects, viz: that it is a kuklux attempt to intimidate voters, then we want Gov. SMITH, old PARSONS and cockeyed PETERS to come this way with the military.—*Hayneville Ex.*

About Registration.

In 1867, there was a registration of voters under the Provisional Government of Alabama, preparatory to the election on the adoption of the State Constitution. That registration applied to that election, only; and does not hold good now. Subsequently, (in 1868), there was a registration of voters under an Act of the State Legislature; and that registration is still in effect. Persons who registered then (in 1868) are entitled to vote at the coming election, without registering again. But no one are entitled to vote who shall not at the time of offering to vote, have registered since 1867. This of course includes all who have become of age previous to the day of election.

THE RETURNING OFFICER A REGISTRAR.

An Act of Legislature approved March 3d 1870, provides as follows;

SEC. 2. Be it further enacted, That it shall be the duty of the returning officer of each election precinct, to attend, on the day of election, at some place convenient, but not nearer than one hundred feet to the polls, and as a special registrar, and in the manner as now provided by law for registration before the probate judge, register the names of all persons who shall apply for registration, and who for any cause shall have failed or neglected to register with the probate judge. and such returning officer shall return with the poll lists and ballot boxes, the names of all persons so registered by him to the probate judge, who shall add the same to the list of registered voters in in his office.

LOUISIANA CREOLE

HAIR

RESTORATIVE!

The Hair restored naturally to its original color, prevented from falling out, its growth increased, and its softness and beauty multiplied.

The Louisiana Creole Hair Restorer keeps the head clean, cool and healthy, removes all diseases of the scalp, keeps it free from Dandruff, prevents irritation and itching and is an excellent remedy for nervous and other forms of headache.

The Louisiana Creole Hair Restorer is not a dye, but restores gray hair to its original color by supplying the capillary tubes with natural sustenance which may not be assimilated from either age or decay. All *instantaneous* Hair Dyes are composed of *lunar caustic*, destroying the vitality and beauty of the hair and afford of themselves no dressing, but on the contrary make the hair brittle and wiry. The

Louisiana Creole Hair Restorer not only actually *renews* the hair and restores the natural color by natural means, but it imparts to it a luxuriant beauty which it can attain by no other method

The Louisiana Creole Hair Restorer in addition to its many useful qualities is elegantly perfumed and is entirely free from greasiness and stickiness, so that the finest linen fabric is not spoiled or even stained by its use. It contains no poison to kill the hair, but under its continued use, improvement is steadily manifested and it n v er fails to give the best satisfaction.

WHEREAS, by act of the General Assembly of the State of Alabama approved the 10th day of October, 1868, it is provided as follows: to wit: "It shall be the duty of the Probate Judge of each county in this State to designate a newspaper in which all legal advertisements, notices or publications, of any and every character required by law to be made in his County, shall be published; which paper so designated shall be the official organ in and for said county;" and in obedience to the requirements of said act, I, as Judge of Probate for Calhoun County, Alabama, did heretofore designate the "St. Clair County Eagle," as the official organ in and for said County of Calhoun, in which all legal advertisements, notices or publications of any and every character, required by law to be made in and for said County of Calhoun should be published, said designation to remain until recalled or changed by me.—

And the "*Jacksonville Republican*" being a County paper, published in the Town of Jacksonville, Alabama; and in my opinion, clearly within the provisions of, said act:— I therefore recall and change my order designating the St. Clair County Eagle, as the official organ for said County of Calhoun, and designate the said Jacksonville Republican as the official organ hereafter, in which all legal advertisements, notices or publications of any and every character required by Law to be made in and for said County of Calhoun shall be published. This designation to remain so long as in my opinion, the Editor of said Jacksonville Republican conducts said paper so as to be within the provisions of said act.

A. WOODS, Judge of Probate.
