It is, perhaps after all, easier for a lady to redder her own cheeks than to blacken other people's faces.

Lincoln and Slavery.

As the negroes in this section have had it "pounded" to them by the carpet-baggers, who have been holding the office and getting the money since the surrender, that the war was made and fought alone to free them, it is not surprising that the following letter from Mr. Lincoln to Hon. A. H. Stephens, which the latter has lately given to the public in the second volume of his history of the "War between the States." It is as follows:

FOR YOUR OWN EYES ONLY.

SPRINGFIELD, ILL., Dec. 22, 1860.

Hon. A. H. Stephens:—Your obliging answer to my short note is just received, and I fully appreciate the present position of the country in, and the weight of responsibility on me. Do the people of the South really entertain fears that a Republican administration would, directly or indirectly, interfere with the slave, or with them about the slave? If they do, I wish to assure you, as once a friend, and still, I hope, not an enemy, that there is no cause for such fears. The South would be no more dangerous to the slave, or to the Union, in the hands of Washington, I suppose, however, this does not meet the case. You think slavery is right and ought to be extended, while we think it is wrong and ought to be restricted. That, I suppose, is the rub. It certainly is the only substantial difference between us.

Yours, very truly,

A. LINCOLN.

Let the negroes keep their title, and the next time they hear one of those "light free" fellows talking of "rights" and "rights," tell them that the only way to get from slavery to freedom, read this letter and ask him what it means.

The Ruby.

We generally speak of the diamond as the most valuable of gems, but this is not really the case. Ruby is the most valuable, but it depends for its rarity upon its color. The ruby is the next hardest thing to the diamond. It is found principally in the East.

Siam, and Ava, and Ceylon, afford the most plentiful supplies. In Burma, the finding of one of the rubies, and what a state event, the grandeur of the empire go out to meet it with elephants and all the grandeur of eastern state. There are many shades of red, but the most approved, and commanding the highest price, is that of the pigeon's blood. The ruby, in common with many other precious stones, had magical properties attributed to it by the ancients; indeed, we do not doubt that the belief in the superstitious ideas connected with it is as old as ever. Our ancestors believed that it was a preservative against evil thoughts and that much dreaded thing of old poison. It kept the wearer safe from all evil spirits, and what was more, its potent power was held to be so great that he was said never to suffer in bodily health. Moreover, it was supposed to be endowed with a certain occult intelligence. It was believed that the gem darkened when danger awaited the person, and grew bright again when the peril had passed away.

The king of Burma, one of whose titles is that of lord of the Rubies, has one the size of a pigeon's egg. This value of these gems goes beyond the question of a much higher price than that of the diamond. When its weight is as much as four carats, its value varies from \$400 to \$450, a sum more than double that of a diamond of the same weight.

CHOLERA!!!

The following letter is from Mr. Woodward, of St. Louis, to J. N. Harris, Esq., of New London, Conn. It is a gentleman of high respectability, and during the prevalence of the cholera in St. Louis, watched the result of the application of the Pain Killer for this disease, and his testimony can be relied on with the utmost confidence.

Dear Sir:—You recollect when I saw you in January last, my expressing to you my most sanguine expectations that DAVIS' PAIN KILLER would have a tremendous sale in the west this season, and my anticipations have been more than realized, and the testimony of thousands who have used it has been a most gratifying and profitable one to me.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer, that many who purchased it, and the testimony of thousands who have used it has been a most gratifying and profitable one to me.

It is a most reliable remedy, and I have not heard of any individual in my family who used the Pain Killer when attacked but specially recovered.

The clerk informed me that he administered it to persons when cold or in the grippe, and it gave immediate relief, and still it should be given quickly, for when the discharge of "rice water" has begun, the hope of recovery is gone, and the patient probably will be not recovered, and I am confident if the Pain Killer is used, not a single death by Cholera will occur in your city.

Respectfully yours,

A. T. WOODWARD.

The Pain Killer is sold by all druggists in Family Medicine.

Nabst will supply the above.

LOUISIANA GREOLE

HAIR RESTORATIVE.

The Louisiana Greole Hair Restorer keeps the hair clean, cool and healthy, removes all diseases of the scalp, keeps it free from dandruff, prevents itching and itching, and is an excellent remedy for nervous and other forms of headache.

The Louisiana Greole Hair Restorer is not a dye, but restores gray hair to its original color by supplying the capillary tubes with natural substances which may not be assimilated from either age or decay. All instantaneously Hair Dyes are composed of arsenic, destroying the vitality and beauty of the hair and afford of themselves no dressing, but on the contrary make the hair brittle and wiry.

The Louisiana Greole Hair Restorer not only actually restores the hair and restores the natural color by natural means, but it imparts to it a luxuriant beauty which it can obtain by no other method.

The Louisiana Greole Hair Restorer is elegantly perfumed and is entirely free from freckles and dandruff, so that the finest hair fabric is not spoiled or even stained by its use. It contains no poison to kill the hair, but under its influence, it grows and is prevented from falling out, and it never fails to give the best satisfaction.

For sale by druggists generally. Prepared by HANSFELD & HIGGEE, Memphis, Tenn.

WILL CURE PAINS AND ACHES IN FIVE MINUTES.

Prepared from pure Essential Oils, Extract of Camphor, Extract of Anise, Chloride and Magnesia Fluid, chemically combined.

The Magic Arnica Liniment is one of the most powerfully penetrating fluids known. It is no niggard grease like many of the so-called liniments sold, but a clear, transparent, ruby colored fluid, which when applied, penetrates through the skin and muscles to the very bone itself, striking at the root of the disease and instantly relieving all pain. In cases of Rheumatism, Neuralgia, Migraine, Sciatica, and in fact, all classes of diseases that can be reached by external treatment, this liniment will be found efficacious. In Rheumatism, it acts promptly, killing the pain in one or two applications, and when used in connection with Mansfield & Higgee's Great Internal Remedy, the RHEUMATIC COMPOUND, we have never known it fail in effecting a CURE! As a Horse and Cattle Liniment it is unsurpassed, curing where other liniments fail. A striking evidence of this is its unparalleled success when used in the treatment of Charbon or Erysipelas in Horses or Mules—a disease which at one time threatened to destroy nearly all the stock in Mississippi Valley. The Magic Arnica Liniment was the only remedy that was found to cure in all cases.

With every bottle will be found a circular containing specific directions for using.

For sale by Druggists and Dealers everywhere.

Manufactured only by the sole Proprietors, Mansfield & Higgee, Memphis Tenn. Wholesale Agents at Mobile, McQuire, Blackwood & Co., and at St. Louis, J. L. McVay & Co. April 1870-71.

B. J. HARRISON, Principal.

712 exercises of this institution will be resumed on the first Monday in September next.

The known health of the place, its pure mountain air and the fine scenery around, together with the moral and intellectual character of the community, highly commend Jacksonville to business men and parents for the education of their children.

It is exempt from many of the causes that tempt and lead the young to habits of extravagance in the pursuit of dissipation and vicious amusements.

There are several Sunday schools and churches, any of which the pupils can attend, at the option of their parents.

It is respectfully suggested that pupils should enter at the beginning of the session, that they may be properly classed, and make an even start with their classmates in their scholastic course.

For further particulars, apply to any member of the Board of Trustees, whose names are hereto affixed.

DR. JOHN BULL'S Great Remedies.

DR. JOHN BULL'S, MANUFACTURER AND VENDOR OF THE Celebrated Smith's Tonic Syrup!

FOR THE CURE OF AGUE AND FEVER, OR CHILLS AND FEVER.

THE PROPRIETOR OF THIS celebrated medicine justly claims for its superiority over all remedies ever offered to the public for the cure of ague and fever, and for the cure of short or long standing. It refers to the entire Western and South Western country to bear testimony to the truth of the assertion that in no case whatever will it fail to cure. If the directions are strictly followed and carried out, in a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is a powerful purgative, and in every case more certain to cure the ague and fever, than any other medicine. Political Changes.

The more liberal thinking men of the Republican Party, since our ticket and platform have been published, are coming over to the cause of constitutional government, retrenchment and reform—the Democratic and Conservative party. Among the most distinguished of

these are Albert Elmore, B. F. Saffold, W. J. Bibb, D. H. Metcalf and others whose names the papers are not yet at liberty to use. We publish a few letters coming from some of the converted ones from the Montgomery papers.

COL. W. B. BOWEN.—The many friends of this gentleman will read the subjoined correspondence with pleasure. He has been a consistent and conscientious reconstructionist, but cannot and

will not go with the Republican party, when it puts up such men as NORRIS, as its standard bearers.

TUSKEGEE, Sept. 7th, 1870.

COL. W. B. BOWEN:

Dear Sir—It has been rumored that you would, under no circumstances support Maj. B. W. Norris, the Radical nominee for Congress in this District. In the spirit of friendship, and desiring to know your position on the subject, I take the liberty of asking you whether or

You will support Morris, with a view
 to the publication of your reply. Very
 truly, Your Friend,
 F. S. FERGUSON.
 TUESDAY, Sept. 7th, 1870.
 CAPT. FERGUSON:
Dear Sir—In reply to your friendly
 note of this date, I have to say, that
 under no circumstances will I support
 Maj. Morris, the Republican nominee
 for Congress in this District. I do not
 consider him a proper person to represent

myself, or my fellow citizens of Alabama, and while I have heretofore conscientiously acted with the Republican party, I cannot, and will not cooperate with it in the election of a man who is opposed to the best interests of the State. You are at liberty to publish this note.

Very truly, your friend,
W. L. BOWEN.

MONTGOMERY, Sept. 9th, 1870.
Messrs Editors: I see in your paper

of yesterday my name used and some allusion to my past and present political status. I think I know my own records as well as any person, editors not excepted.

Before the war I was a Douglas Democrat, and being reared up in the Jeffersonian Republican Democracy still hold to the same doctrine. Since the war I found my country torn to pieces in a deplorable condition, with more anarchy than order or law. Having been raised

up in good society I aimed to keep—my
my former associations among high-toned
gentlemen. With this in view my idea
was to bring order and law once more to
our distracted land. For this I associated
myself with others in reconstructing
upon the true republican prin-
ciples. I very soon found I was in bad com-
pany. The few men whose aim was
good were soon over-largued by numer-
ous and unprincipled aspirants like vam-
pires, ready to destroy for their own
good.

What good patriot could stand this and not come from among wicked when he sees the dark cloud hang lowering over his country to be followed up by a still darker tornado—ready to sweep over this lovely land, and not raise his voice to stop the impending danger. He who would longer doubt is not worthy the name of a man. I speak only for myself. I am not the man to hesitate. "Lindsey and Reform" is my motto. Yours, &c.

W. J. BAILEY.

The following is from a most worthy gentleman, a working man of our city, who has been an alderman, under, we believe, the auspices of the Republican party; but like all the other *gentle* Union men of the State, he gives in his adhesion to the great party of constitutional government.

MONTGOMERY, Sept. 8. 1870.

GEN. J. H. CLANTON, *Chairman*

Dear Sir—I was raised in Ohio, but have lived in the South, twenty-five years, and in this city, twenty years of the time, and have supported my family as an honest mechanic, by the sweat of my brow. Like yourself, I was an Old Line Union Whig—I opposed secession because I believed it would ruin the South. After the war I joined the Republican party, and voted for Gen. Grant.

Oran, through the influence of a few old friends,—all of whom have managed since to get offices and fill their pockets at the expense of the people. I am now satisfied that the State of Alabama will be bankrupt, and industry paralyzed if the Radical party succeed in this election, and I shall cast my vote for **Lindsay** and reform. Very respectfully,
C. S. ROBERTS.

G. Sanford, Senator from Cherokee; Mr. Lambert, Senator from Coosa; Mr. Masterson Representative from Law-
rence; Wm. L. Peters, Esq., and our
old friend, Pat. Ragland, late Supreme
Court-Librarian, have all repudiated the
Selma nominations; and promise sup-
port to the Conservative ticket in the
pending canvass. "The work goes
bravely on."

We understand from a most reliable source that Mr. William Miller, the present Senator from the Butler and Conocochee District, will support the Democratic nominees. Mr. Miller has heretofore been a Republican, tho' always

THE MOST COMPREHENSIVE, has come out in an entirely new dress, and is now one of the nearest as well as most highly edited papers in the South. Col. Robert Tyler, the Editor, appears to have an exceeding clear and comprehensive view of the political situation, and it is fortunate for the democratic party that they have such an auxiliary in the present important crisis.

WILLIE C. FRANCIS, Sec'y.

Some of our merchants have left for New York to lay in their Fall stock. We may look for them to return with all the latest styles both in pattern and make. The new cotton crop will bring money into the country, business will revive and people can begin to pay their subscription to the Republican. Haston auspicious day.

E. F. B., the Great Female Regulator.

The College goes rapidly forward to completion. Hand in your subscription to Mr. Roman.

Our thanks are returned Mr. Edwin D. Newton, Sec'y of the Agricultural and Mechanical Fair Association for Cherokee Georgia and Alabama, for a complimentary ticket to the exhibition of the same, which occurs at Rome, Oct. 11th, 12th, 13th & 14th. We expect the attendance from this section of the country will be large.

What means E. F. B?

We are now receiving the Tri-Weekly Enterprise, published at Calvert Texas, and edited by our old friend and former woman, M. L. Oppenheimer. It is a political and very ably edited. We learn from that Oppenheimer is a Captain of "Company Q" of the State Militia. His General order to his company through the paper is very amusing. Unlike Fustler's recruits, his company is made up of the best men of the country who have enrolled themselves in the militia to save the country from the rule of a negro and tory militia.

The Don-tons all want E. F. B.

The Gadsden Times has a new and pretty head. It has opened out in the campaign with zeal. This latter coupled with the great ability with which is conducted, will make it an extremely interesting campaign paper. "Times" please copy.

The Daily Rome Commercial, edited by Henry Grady and brother, is one of the very best dailies that comes to our table.

Great stir in town about E. F. B.

Four.—On last Thursday, "Johnny," a Prussian, was cut in several places, by a man named Johnson, recently from Georgia. None of the wounds of a serious character. Whisky the cause.

One thanks are tendered Messrs Alexander Morris & Co. for present of superior tobacco and cigars. They have heretofore laid us under similar obligations.

We omit all the telegraphic dispatches of the week, with the exception of those of the last day, as they are of no great importance. All attention is directed to Europe, and the state of affairs there is given in the dispatches published. Next week we expect the news to be of most interesting and startling nature.

We are more crowded with advertisements than is desirable. We wish more space during the campaign and to that end we are trying to effect an arrangement by which we can give our readers an extra two pages, containing miscellaneous news and reading matter.

Messrs Z. & J. Y. Henderson advertise the valuable town property for sale.—Read it.

"PUT YOURSELF IN HIS PLACE."—This highly entertaining and intensely interesting story by Charles Reade, the distinguished English Novelist, and said to be his best production, is announced for publication in the Mobile Weekly Register, to commence with the first week in September and will run some four months.

The Mobile Weekly Register is very entertaining in securing the best stories and matter generally, in fact as a Family Journal it has no superior in the United States. It is published at the low price of \$1.00 per year, or \$1.00 for four months. Madame Adelaide DeV. Claudron, whose charming translations are so well known, contributes to the Register.

A WONDERFUL MICROSCOPE

Rev Daniel Wise, D. D., editor of the New York Sunday School Advocate, thus speaks of the celebrated Craig Microscope:

"Its simplicity, cheapness and great magnifying power struck me with surprise. I was examining a fly's eye by its aid, and was struck with wonder at skill and power of the Creator which is displayed in its structure. When I saw a statement in an advertisement that the Craig Microscope magnified one hundred diameters and could be bought for \$2.50, I thought it was one of the hours, for I had paid \$20 for a microscope not so good as this. But now I should like to see it introduced into the families of our readers in place of the manifold useless toys which are for an hour's amusement, and which I advise every boy and girl who wishes to know the wonders which are in little things to get it. It will cost him but \$2.75, which will pay for the microscope and the postage when sent by mail."

As a holiday gift, this microscope is unsurpassed, being ornamental, instructive, amusing and cheap, and never loses its interest. Agents and dealers supplied on liberal terms. A sample will be mailed, and appear at a Special Term of said Court, to be held at the Court House of said County on said 10th day of Oct. next, and contest the making of said settlement if they think proper.

A. WOODS, Judge of Probate.

European Wars of the Past.

The numbers enlisted in the present war, by the way, is curiously suggestive of the fact that the world is getting no better fast when compared with the numbers engaged in former European wars.

At Marengo (1800) there were 28,000 French and 30,000 Austrians; 18,000 killed or wounded.

At Austerlitz, 80,000 French, 80,000 Austrians and Russians; 30,000 killed or wounded.

At Jena, 100,000 French, 100,000 Prussians; 34,000 killed or wounded.

At Wagram, 150,000 French, 130,000 Austrians; 24,000 killed or wounded.

At Borodino, 125,000 French, 125,000 Russians; 80,000 killed or wounded.

At Leipzig, 200,000 French, 280,000 Allies; 60,000 killed or wounded.

At Waterloo, 70,000 French, 70,000 English; 15,000 killed or wounded.

At Solferino, 125,000 French and Sardinians, 130,000 Austrians; 27,000 killed or wounded.

At Konigsgratz, 200,000 Prussians, 200,000 Austrians and Saxons; 28,000 killed or wounded.

In the present war there are already engaged 800,000 of which the majority by 500,000 or more are on the Prussian side. At this moment Prussia has very nearly a million available (armed) men, including garrison, etc., and no doubt France can, under stress, get nearly the same number. But unquestionably the late Prussian conquests have made Prussia a more round forty millions of population than France.

Change of French Rulers.

Louis XVI. was executed in 1793, and his son, the Dauphin, after barbarous usages, died in 1795. Napoleon I. had two abdications and two exiles. His son died in Austria and never attained the imperial sceptre. Louis XVIII. who came next was an exile for twenty years, was restored to the throne by the bayonets of Europe; was chased off by Napoleon, driven into exile, but was again put back by the military forces of the continent. He died after a reign of nine years.

His brother Charles X., whose youth had been spent in exile, was driven from the throne by the revolution of 1830, and died far from his native land. His successor, Louis Philippe, whose father had been executed in 1793, was in turn driven from the kingdom, when an old man after a prosperous reign of eighteen years. His successor was Louis Napoleon. Of all the sovereigns of France since 1773, he has had the longest reign, as President and Emperor. They thus compare:

Louis XVI., eighteen years.
Napoleon I., fifteen years.
Louis XVIII., nine years.
Charles X., six years.
Louis Philippe, eighteen years.
Louis Napoleon, twenty-two years.

The Probate Judge of St. Clair county having asked that martial law should be declared in Ashville, the following reply was made to that request by the military authority in this State:

HEADQUARTERS, PATONA ALA.,
August 23rd, 1870.

Capt. Geo. H. McLaughlin, 2nd Infantry, Comd'g U. S. Troops, Ashville, St. Clair County, Ala.:
Captain—Yours of August 18th has just been received. I regard the condition of things in St. Clair county as critical. It will require exercise of the greatest prudence and judgment upon your part to prevent your being involved in the difficulties there. But I feel assured that you will so conduct yourself in the exercise of your command that whatever you feel called upon to do will be done strictly within the limits of the law. I enclose to you herewith a copy of the instructions issued to 1st Lieut. Harkins in command at this point; you will confine yourself strictly to the limits laid down in those instructions. Remember that the people among whom you are thrown are in a large degree ignorant, excitable and irresponsible. The difficulty in St. Clair county seems to partake of a personal character mainly, and with such a difficulty you can have in your official capacity nothing to do. The request of the Probate Judge that you would put the town under military rule, you will at once decline to accede to. His communication and request should have been made to the Governor of the State who was at Ashville Junction on Saturday, and in communication with the town and its civil officers. You will support the civil officers when called upon under the restrictions heretofore communicated. The Probate Judge is a conservator of the peace under the statute equally with the Sheriff and you will execute his orders when called upon, but you will not permit yourself to be used for any purpose properly devolving upon those officers themselves. You are merely to support their authority and in no way to supersede it.

Upon the arrival of Company "E," at this point, 1st Lieut. Harkins with the detachment of your company now here, will be ordered to report to you.

You will please communicate frequently with me whilst the disturbances in St. Clair county continue.

W. Crawford, U. S. A.

CHOLERA!!!

The following letter is from Mr. Woodward, of St. Louis, to N. H. Hays, Esq., New London, Conn. Mr. W. is a gentleman of high respectability, and during the prevalence of the cholera in St. Louis, watched the result of the application of the Pain Killer to this disease, and his testimony can be relied upon with the utmost confidence.

DEAR SIR:—You recollect when I saw you in January last, my expressing to you my most anxious desire to have used the Pain Killer in the case of the cholera.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remarked to me that they had no fears of the cholera as long as they had the Pain Killer, and hundreds took it daily as a preventive, for no person can have a derangement of the bowels or diarrhoea if they use this medicine. This was the case with the cholera in this city, and the testimony of thousands who have used it daily as a remedy, that many who purchased it remarked to me that they had no fears of the cholera as long as they had the Pain Killer, and hundreds took it daily as a preventive, for no person can have a derangement of the bowels or diarrhoea if they use this medicine.

I consider it an infallible remedy. I have not heard of any individual who has used the Pain Killer when attacked but specially recovered.

The clerk informed me that he administered it to persons who were in the groups of cholera, and that still it should be given quickly, for when the discharge of "rice water" has begun, the hope of recovery is lost. Should the disease manifest itself among you, as in all probability it will, be not alarmed; you and all others there have the remedy, and I am confident that the cholera will be a single death by cholera will occur in your city.

Respectfully,
A. T. WOODWARD.
The Pain Killer is sold by all dealers in Family Medicine.

Nobel will supply the above.

Great air in town about E. F. B.

Readers of the Republican will look over the absence of Editorial matter, when they know that the family of the Editors has suffered in the death of a little one, very dear to both.

The Boston all want E. F. B.
Attention is directed to the new advertisement of Messrs. J. B. Turnley, & Co.

What means E. F. B?
The Fire Company only lack Three Hundred Dollars of having a sufficient amount to purchase a good hand Engine. The balance ought at once be made up to them by our liberal hearted citizens.

E. F. B. cures all females.
We received word before last from Mr. Dowle a specimen of fine Sorghum Molasses, made from the new cane. It was very fine, having been clarified by a process of his own invention.
Try English Female Bitters.

THE GREAT SOUTHERN PIANO FACTORY.
We refer with special pleasure to the advertisement of the Great Southern Piano Factory of Messrs. Wm. K. East & Co. of Jacksonville. This factory is now one of the largest in the world, employing three hundred and fifty hands, and turning out over four hundred pianos per week.
The Kable Piano has by its superiority not only well nigh driven those of Northern manufacture from the home market, but has also a large sale in New York, Philadelphia and throughout the entire North and West, besides their largely increased home market. We have received no less than 60 first premiums among which we note those at the fairs at New Orleans, Jackson, Memphis, Wilmington, Richmond, Macon, Ala., and the late season. For durability we would specially recommend them as being made in a Southern City, with special view to the trying changes of Southern climate.

The \$12 Lever Watch, No. 12,580, purchased from Chas. P. Norton & Co. 86 Nassau Street New York, January 5th, has been carried by me over six months, with a total variation in time of only 26 seconds. Without the slightest regulating, and presents the same brilliancy of color as when purchased.

Sept. 17-3m.

I have for the past eight months, constantly used one of the \$12 Gold Lever Watches, manufactured by Chas. P. Norton & Co. 86 Nassau Street New York, and found the total variation in its time but one minute, (30 seconds), and it retains the same appearance and looks as new. I have several of our men use them with the same results. I cheerfully recommend them for correctness and wear.

Among the philanthropists of our day, known and respected for the good they have done, we can not refrain from mentioning Messrs. Mansfield & Higbee, of Memphis. The medicine that are sold under their labels are among the very best ever presented to the American public, and in saying this we feel confident that our words are a pertinent cure for Chills and their concomitant, their Malaria Diarrhoea, Cordial, which was introduced in this State, to meet the disease in every family medicine chest in the Commonwealth. The Trichinae Spirals of Pork Worm.
Perhaps it is not generally known that the worm, was first discovered in America by Dr. R. C. Kendall, Philadelphia, Pa., with Microscope, costing only \$2.75, after repeated failures to discover the worm with the naked eye. This fact Dr. Kendall stands ready to prove at any time. "Craig" Microscope in neat box with full directions is mailed anywhere for \$2.75, by H. Ross, 313 Locust st., St. Louis, Mo.

A WONDERFUL MICROSCOPE.
Dr. Daniel Wise, D. C., editor of the New York Sunday School Advocate, thus speaks of the celebrated Craig Microscope:
"Its simplicity, cheapness and great magnifying power struck me with surprise. Then I was examined by its eye by its aid, and was struck with wonder at skill and power of the Creator which is displayed in its structure. When I saw a statement to the effect that it cost only \$2.75, I thought it was one of the best for \$2.75 I had ever seen. I bought it to be a really valuable instrument, which I should like to see introduced into the families of our readers in place of the manifold useless toys that are sold for an hour and then destroyed. This microscope would do both amuse and instruct them and I advise every boy and girl who wishes to know the wonders which lie in little things to save his money until he can buy this. I will pay for the microscope and the postage when sent by mail."
As a holiday gift this microscope is unsurpassed, being ornamental, instructive, amusing and cheap, and never loses its interest. Agents and dealers supplied on liberal terms. A sample will be mailed, post paid, for an address for \$2.75, by H. Ross, 313 Locust St. St. Louis, Mo. June 25 3mo.
