TESTIMONIAL.

Piedmont, Ala., May 18, 1887.

My brother, B. F. Savage, of Leadiga, Ala., has been afflicted with scrofula, of the worst form, all his life, but able to work till about ten years ago; the disease then broke out in great rotten sores, all over his body, inside the mouth and on his tongue, so that he couldn't go out of his room, nor talk. He was treated by all the doctors of this section of country for two years, and also by Dr. W. H. Westmoreland, of Atlanta, which only fed the disease in check, without any prospects of cure, and so pronounced by the doctors. In this condition he lay in his room three more years. So offensive was the breath you could not sit in the room, especially in warm weather, and it was decided by doctors and all that saw him that it was only a matter of time when the disease would eat him up.

In August, 1886, I heard that Dr. Baker's Blood and Liver Cure had cured one of my neighbors, Mr. J. D. Braswell, of a bad case, and at once procured some of the medicine and gave it to my brother. About the first of November, 1886, all sores disappeared; and, although I used every means to make them break out again, I failed. My brother, by degrees, got able to work some, and he continued to improve in health and strength, until to-day he is stouter and in better health than ever before in his life. No sign of the disease has reappeared for over six months. I am perfectly satisfied that he is permanently cured. And I would recommend all persons afflicted with scrofula or blood diseases to give Dr. Baker's Blood and Liver Cure a trial, feeling sure it will cure every case. It is no humbug. It is a purely vegetable preparation.

I have said this much, and could say more, of this medicine, and without any solicitation but alone for suffering humanity that may be similarly afflicted. My brother is as well and as a dollar to-day and a living testimony of the worth of Dr. Baker's Blood and Liver Cure. JAMES H. SAVAGE,

WORK IN CONGRESS.

THE MOST IMPORTANT MATTERS CULLED AND CONDENSED.

Notable Events in the Legislative and Executive Branches of the National Government.

Monday.

WASHINGTON, April 25.—In the senate, the bill "To prohibit the coming of Chinese persons into the United States," after a number of amendments had been agreed to, was passed. A conference with the house was asked, and Messrs. Dolph, Davis and Butler were appointed conferees.

On a call of the house, upon the motion to table the motion to expunge from the records certain portions of speeches which were never made in the house, a question was raised upon the quorum rules which involved considerable discussion, and the motion to table did not prevail.

Tuesday.

WASHINGTON, April 26.—In the senate, the day was spent in the discussion of the Morgan silver resolution and the army appropriations bill.

In the house, Blount of Georgia, asked unanimous consent that the house go into committee of the whole for the consideration of the diplomatic and consular appropriation bill. There was no objection, but Mr. Blanchard, of Louisiana, gave notice that on Monday next he would call up the river and harbor bill. The house then went into committee of the whole on the diplomatic and consular appropriation bill. Mr. Blount explained the provisions of the measure. It appropriated $1,584,925, being $72,000 less than the current law and $553,541 less than the estimates.

Wednesday.

WASHINGTON, April 27.—Both branches of congress spent the day upon appropriation bills. In the senate, the resolution offered several weeks ago by Mr. Stewart, calling on the secretary of the treasury for certain information as to the purchase of silver bullion and the coinage of standard silver dollars under the act of 1890, was taken up for action and was agreed to with the amendment offered by Mr. Merrill, requiring the secretary to state also the amount which the silver dollars and bullion on hand would have cost at the present price of silver buillion.

Thursday.

WASHINGTON, April 27.—Senator Colquitt introduced a measure to refund to Elsas, May & Co., manufacturers of Atlanta, Ga., an amount aggregating about $500, for customs duties paid on non-dutiable goods and coming under the refunding clause of the McKinley bill.

In the house, a resolution, making the position of assistant journal clerk annual instead of a session one, having finally been adopted, the house went into committee of the whole on the diplomatic and consular appropriation bill.

Friday.

WASHINGTON, April 29.—In the house, the Republicans refused to vote, and there were not enough Democrats present to make a quorum without the Republicans, and the sergeant-at-arms was sent out to compel attendance. Members were found at home, at the races and at various other places. A lot of them were hauled up before the bar to answer why they were absent without leave. All rendered excuses, which were accepted by the house.

Saturday.

WASHINGTON, April 30.—This being an ideal day for the races, there were not 100 members present when the speaker called the house to order at noon. The house, by unanimous consent, went into committee of the whole on the diplomatic and consular appropriation bill, the pending amendment being that offered by Mr. Hitt, restoring $7,500, the salary of the minister to Venezuela, which the bill proposed to reduce to $5,000. The amendment was lost—yeas, 19; nays, 149.

It Is Not Credited.

WASHINGTON, April 30.—Officials at the State Department place no credence in the reports that Canadian sealers propose to enter Behring Sea under the protection of governments other than Great Britian and the United States. They say that both countries would resent such a palpable fraud and that it is not likely that any other country would consent to the use of its flag for the solo purpose of violating the laws of the United States in regard to seal poaching. An agent of the North American Commercial company has informed the treasury department that it was reported that the poachers intended to sell their vessels to Mexicans and enter the sea flying the flag of that country, but that no one attached much importance to the report.

Distress on the Rio Grande.

CORPUS CHRISTI, Tex., May 2.—The distribution of food sent from this section to the famine sufferers on the Rio Grande, in the Rio Grande City section, has begun, and rations have been issued to 500 people, some of whom were actually starving. Unless further assistance is is soon had, many of the sufferers will die. The greatest distress is reported from the country back from the Rio Grande, where there are many cases of Mexicans who had hundreds of cattle before the drought, but are now destitute, their stock having died.

Killed in a Crowd.

BIRMINGHAM, Ala., May 2. — At Blockton Frank Dexter shot and killed Joe Lisle as the result of an old feud. Lisle had for several days threatened to do up Dexter, and both men met in a large crowd at the depot and drew pistols. Dexter fired three times before Lisle could fire. Several other people narrowly escaped being shot and many women fainted. Dexter surrendered. Both men have families.

THE CORDAGE TRUST.

It Will Find a Formidable Foe in John Goode.

NEW YORK, April 30.—The Herald says: The National Cordage company, popularly known as the Cordage trust, has been paying John Goode, the millionaire inventor and twine manufacturer, $300,000 a year to keep his mills shut down, and it has held an option, said to be for $7,000,000, on his plant, which includes a new twine machine that is expected to revolutionize the trade.

The trust announced semi-officially some time ago that this option had been taken up, but it leaked out that Mr. Goode has notified the trust that he did not consider his contracts binding, and that he would again open his mills and keep them open. When asked about it Mr. Goode acknowledged that he had severed his relations with the Cordage trust. He said:

"In a very short time I can perfect arrangements to turn out enough rope and twine to supply half the demand of the United States, and let me say here that, having declared to resume operations on my own account, I am going to fight it out on that line for many summers."

DELEGATES TO MINNEAPOLIS.

Maine Sends an Uninstructed Delegation. Harrison Is Endorsed.

BANGOR, April 30.—The Republican convention of this state elected delegates to Minneapolis. The platform was short and noncommittal, excepting that it endorsed protection. The last plank read as follows:

We recognize the marked success of the present administration, its wise conduct of affairs in all the departments at home and its marked triumphs in the diplomatic complications which have arisen between the United States and other nations, a record of which establishes their confidence in President Harrison, and they believe that the interests of their party and of the country will be answered by his renomination and re-election.

General Thomas W. Hyde of Bath, and Hon. Wm. Nash of Cherryfield, were chosen presidential electors, and delegates-at-large were chosen as follows: Edmund B. Mallett, Charles E. Littlefield, Edmund F. Webb and John L. Cutter.

Immediately after the resolutions were read, Mr. Cutter of Bangor, asked if the last resolution was intended for instructions to delegates. Ex-Governor David replied that it was not, and upon this understanding they were unanimously adopted.

THE MECKLENBURG CELEBRATION.

Arrangements for a Grand Time in North Carolina.

CHARLOTTE, N. C., April 30.—The anniversary of the Mecklenburg declaration of independence will be celebrated in grand style in Charlotte. The gala days will be the 18th, 19th and 20th of May.

Our people are sparing no pains to make these three days the greatest in the history of the Queen City. The attractions that have been booked are many, and will draw a large crowd. A theme which touches the tenderest chords in the make up of the Charlotte citizen is that of the historic event that occurred on the main square of this city, rightly named Independence square. Senator Hill and other prominent men have declared their intention of being in Charlotte on the 20th, and their visit to the Queen City is an assured fact. The business men of the city are taking an active part in the varied attractions for this special occasion, and in fact, all seem to have no higher ambition than that of seeing this noted event heralded with all due respect and homage.

THE BISHOPS GATHER.

The Preliminary Meeting of the Quadrennial Conference in Omaha.

OMAHA, Neb., April 28.—Delegates to the Methodist quadrennial convention have commenced to arrive. The morning trains brought a number of the bishops into the city for their meeting preliminary to the conference. They were Bishops W. X. Ninde of Topeka, John H. Vincent of Buffalo, J. N. Fitzgerald of Minneapolis, R. S. Foster of Boston, John F. Hurst of Washington, C. H. Fowler of San Francisco, J. M. Walden of Cincinnati, Isaac W. Joyce of Chattanooga, Thomas Bowman of St. Louis, C. D. Foss of Philadelphia, Bishops Merrill of Chicago, and Andrews of New York. The bishops held their semi-annual meeting in the afternoon.

Mrs. Taylor Failed to Identify Him.

SEDALIA, Mo., April 30.—Mr. and Mrs. Charles Taylor have arrived here from Houston, Tex., where they went to see the negro confined in jail there, suspected of being the fiend who committed the outrage upon Mrs. Taylor last February. In an interview they denied that they had recognized the man; nor did Mrs. Taylor faint when she saw him, as stated in the sensational dispatches sent out. The fact is they were in doubt, and do not know yet whether McMillan is the man. Detective Kinney has not given up the belief, however, that he is the right party, and is continuing the hunt for evidence.

Dr. Parkhurst Upheld by Baptists.

NEW YORK, April 30.—At a meeting of the Baptist Ministers' Conference of New York, held in the Tabernacle Church, the following resolution was unanimously adopted:

Resolved, That the Baptist ministers' of New York and vicinity extend to the Rev. Dr. Charles H. Parkhurst their appreciation of his determined and manly efforts to give increased efficiency to the work of the Society for the Prevention of Crime, of which he is president.

Tillman's Staunch Supporter.

AUGUSTA, Ga., April 30. — United States Senator Irby, of South Carolina, spent the morning in Augusta, on his way to Laurens, S. C. The senator believes that Tillman is as solid in Carolina as he was last election, and thinks Tillman will be re-elected and carry every county in the state. He does not take any stock in the third party, and he thinks it is full grown now, and that there is nothing in it.

BLANTON'S BAD BREAK.

A Mob of Infuriated Citizens of Florence Send Him Adrift.

FLORENCE, Ala., April 29.—I. M. Blanton, well known as the boy preacher, was run out of town by a mob of infuriated citizens. The direct cause for his being run out was an insulting note which he wrote to a prominent lady in this city. At a late hour at night a crowd of indignant men went on a search for the offender. He was found in Sweetwater at about 1 o'clock, and said that he had expected them, and knew that he had done wrong. He was at once taken to the Memphis & Charleston bridge and given a taste of hanging, being drawn once or twice to show him how it felt. He was then given a good whipping and started across the bridge with the warning not to return under penalty of being skinned alive.

Blanton has been a resident of Florence for several years. He has been stationed as a minister at several towns in this section, off and on, and was considered at one time a promising divine. But he has not preached for several months, and recently, had been engaged in the grocery business here. He has become addicted to drinking lately, and being a confirmed opium eater besides, his fall was swift. His wife left him several weeks ago, and since then he has sunk to the lowest level.

Several times lately he has been taken in charge by friends, in the hope of reforming him, but invariably he went back to his bad habits. He recently threatened the life of another minister here, and has gotten into several other scrapes. His last act, however, was more than the people could bear, and they decided to punish him. Among the crowd which had him in charge were many prominent men. He promised never to return, and should he do so he will fare badly.

THIS IS SIGNIFICANT.

Following the Teller Movement, Which Has Already Been Printed.

DENVER, Col., April 28.—The state convention of Colorado silver leagues met here with representatives to the number of 500 present. Delegates were selected to the national silver convention at Washington, May 26, and resolutions adopted that in event of the Democratic and Republican national conventions failing to nominate for president and vice president men with pronounced silver views, it will be the duty of voters to support any party that may promise the speedy reinstatement of silver, and "this silver convention, representing, as it does, the people of Colorado, irrespective of party, pledges our faithful and unequivocal support in favor of the political party that will faithfully carry out the purpose of the free coinage of silver."

It was also resolved as the sentiment of the convention that Colorado state conventions should instruct their delegates to the national conventions to withdraw from the conventions if they do not succeed in getting free silver planks in the party platforms.

A DEBATE OFF.

Governor Tillman Called to Washington on State Business.

COLUMBIA, S. C., April 29.—Governor Tillman will leave Columbia for Washington on Saturday, and for this reason the proposed debates at Spartanburg on the 30th inst., and Laurens on May 2, have been indefinitely postponed.

Governor Tillman goes to Washington for the purpose of securing $9,000 interest on the direct tax fund, this being the amount claimed that the United States is withholding from South Carolina claimants. The fact that Governor Tillman will, from necessity, be unable to attend either the Spartanburg or Laurens meetings, is being used by his opponents to have it appear that Tillman is unwilling to meet Sheppard at Spartanburg on account of the fierce opposition to him at that place. This, however, is hardly probable, as Governor Tillman had positive appointments with the government officials at Washington before either of the above named dates were fixed.

Twenty-Five Dollars and a Thrashing.

KIRKSVILLE, Mo., April 28.—A man named Henry Krant was fined $25 here for insulting several Kirksville ladies on the streets. After paying his fine he started for home about two miles southwest of the city, but he was followed by W. E. Patterson and Jim Guinan, whose wives were among those insulted, and when they had reached the Wabash railroad track some little distance from the business portion of the city they called to him to stop, which he did, and coming up one of the men seized him while the other administered a terrible punishment with a cane.

Death of William Astor.

NEW YORK, April 28.—A special to The Evening World from Paris states that William Astor died there at the Hotel Liverpool. The cause was heart failure. Mr. Astor was the father of Mrs. J. Coleman Drayton, and was greatly worried over the Borrowe-Fox-Milbank scandal, in which she was involved. Next to his nephew, William Waldorf Astor, and probably Jay Gould, William Astor was the richest citizen of America. His wealth was recently estimated at between fifty and sixty millions. The greater part is invested in New York real estate.

A Town Burned Up.

WOOSTER, Ohio, April 28.—A message from Shreve states that one half of the town has been burned. Both sides of Market street, the main street of the village, was in flames for two blocks south from the Ft. Wayne Depot.

A message to this city appealed for help, and in response nearly 100 persons, with a portion of the Wooster Fire Department, left on a special train for the burning town. The fire originated in the office of Dr. J. D. Pocock.

What They Are Proud Of.

JONESBORO, Ga., April 29.—This is the opening of a new and improved era in the business facilities of our little city. Telephone connection has been secured with Atlanta and a message sent announcing this improved feature of Jonesboro's progressive advancement.

SOUTHERN GROWTH.

WHAT IS BEING DONE IN THE DIFFERENT STATES.

A Weekly Summary of New Enterprises That Have Sprung Up in the Busy Centers.

CHATTANOOGA, May 2.—The Tradesman, in its review of the new industries established in the southern states for the week ending April 30, says that the reports received from its correspondents throughout the southern states indicate that the weather of the past week has been very favorable, and has been generally taken advantage of by farmers. Cotton planting is far advanced, and reports show that the acreage will be reduced from 20 to 35 per per cent. The development of textile manufactures continues, and several new cotton mills are reported for the week.

The low range of prices in iron show little signs of improvement, but a better demand is reported, and the output continues unusually large, nearly every southern furnace being in blast.

General business is reported as fairly satisfactory, and there is less stringency in the money market than for a considerable time. Good loans are readily placed, and some bankers complain of a lack of desirable commercial paper for discount.

It reports sixty-one new industries as established or incorporated during the week, together with eight enlargements of manufactories, and twenty-eight important new buildings. Among the new industries reported are agricultural implement works with $50,000 capital at Atlanta, Ga.; brick works at Cleveland, Tenn.; a $100,000 brewery at Huntingdon, W. Va.; a button factory at Dayton, Tenn.; canneries at Guyton, Ga., and Aiken, S. C., and cotton compresses at Plantersville and Waxahachie, Tex. A distillery will be built at Paris, Tenn., electric lighting plants established at Madisonville, Ky., and Brownsville, Tenn., and a grain elevator at Renner, Texas. Flouring mills will be built at Clarksville, Tenn., Elizabethton, Ky., and Graham, Texas; corn mills at Nashville, Tenn., and Rossville, Ga.; glass works at Fairmont, W. Va., a $50,000 harness factory at Parkersburg, W. Va., and ice factory at Little Rock, Ark., and a $500,000 refrigerating works at Wheeling, W. Va.

The Tradesman also reports machine shops at Sumter, S. C., plow works at Temple, Tex., wire works at Huntsville, Ala., and a $200,000 manufacturing and power company at New Braunfels, Tex. A $250,000 oil company has been chartered at Columbus, S. C., one with $100,000 capital at Dallas, Tex., a $500,000 one at Itaska, Tex., and one at Raleigh, N. C. A rice mill with $250,000 capital has been established at New Orleans, La., a shoe factory at Bristol, Tenn. and a large tannery at Johnson City, Tenn. Cotton mills are reported at Chester, S. C., capital $100,000, at Camden, and Denmark, S. C., at Huntsville, Ala., and Rome, Ga., and a large tobacco packing house at Quincy, Fla.

A box factory will be built at Statesville, N. C., handle works at Camden, Ark., lumber companies are reported at Fort Motte, S. C., and Wittsburg, Ark., planing mills at Elmore, Ark., and Hawkins, Tex., saw and shingle mills at Decatur, Ala., and Marshall and Pittsburg, Tex., a stave mill at Camden, Ark., and a $30,000 wheel factory at Birmingham, Ala.

Enlargements of cotton mills are reported at Natchez, Miss., and Rosalie, Ga., of furniture works at Knoxville, Tenn., of novelty works at Middlesborough, Ky., of a tannery at Salem, Va., and phosphate works at Anthony, Fla. Among the new buildings of the week as reported by The Tradesman are business houses at Birmingham, Ala., Knoxville and Morristown, Tenn., Little Rock, Ark., Rome, Ga., Pensacola, Fla., Vicksburg, Miss., and Salem, Va., colleges and school buildings at Abingdon and Richmond, Va., Atlanta, Ga., Morristown and Sweetwater, Tenn., and Belleview, Fla., a $40,000 court house at Carrollton, Ga., railroad depots at Albany, Ga., and Liberty Hill, Texas, and a $180,000 opera house at Knoxville, Tenn.

A COTTON REPORT.

The Acreage Has Been Reduced Nearly Twenty-five Per cent.

CHICAGO, April 29.—The extremely low price of cotton and the reduced acreage agitation having attracted so much attention, an association of Chicago business men authorized Mr. W. Hoffman the editor of the Chicago markets, to procure an accurate and reliable report of the acreage planted for 1892. Mr. Hoffman mailed a circular letter of inquiry on April 9 to the leading merchant in every town containing fifty or more population in the states of Texas, Louisiana, Arkansas, Mississippi, Alabama, Georgia, North Carolina, South Carolina and Tennessee, requesting that at least ten reliable planters be interviewed in each locality as to the planting for the year.

A total of 1,017 replies received up to date from every county and almost every township in the cotton belt (Florida and the Indian Territory alone excepted) report 23,936 planters interviewed, and a summarizing of all replies received gives an average reduction in acreage over the entire cotton belt of 22½ per cent.; that 40 per cent. less fertilizers have been used; that planting is two to three weeks late; that the season is cold, wet and rainy, and the ground in much worse condition than at the corresponding time last year. This result is regarded as accurate and reliable, and indicates a largely decreased production of cotton for this season.

The World's Cotton Supply.

NEW YORK, May 2.—The total visible supply of cotton for the world is 4,202,685, of which 3,549,685 is American, against 3,167,772 and 2,463,070 respectively last year. Receipts from all interior towns, 28,114. Receipts from plantations, 30,512. Crop in sight, 3,602,992.

To Speak for Democracy.

WASHINGTON, May 2.—The following orators have been appointed to serve on the executive committee of the Democratic national campaign committee: Messrs. Butler, Colquitt, Blackburn, Jones of Arkansas, Bate, Faulkner, Turpie, Blodgett, Barbour and Mills.

FIGHTING THE PRESIDENT.

Senator Quay Actively Working Against His Administration—An Old Grudge.

WASHINGTON, April 27.—The Post says:

"Last week Ex-Speaker Reed held several conferences with anti-administration Senators and although he will say nothing publicly, it is known that he has joined in active participation with the movement to accomplish the defeat of President Harrison.

His grievances have been nursed for some time, and in private conversation he denounced the President with all the biting wit of merciless satire of which he is so thoroughly a master.

The trouble began during the administration of President Arthur, when Reed reccommended the appointment of Fred Dow, editor of the Portland Express, as Collector of Customs at that port, and was most instrumental in securing his selection. When Mr. Cleveland became President Mr. Dow was removed. Subsequently Mr. Dow and Mr. Reed became estranged. The two Maine Senators united in a request to President Harrison to appoint Mr. Dow to his old place. To this Mr. Reed strenuously protested without avail, as Mr. Harrison reappointed Mr. Dow to his old position.

A NEW MOVEMENT.

Teller May Head the Third Party Ticket. A Single Plank.

WASHINGTON, April 27.—Senators Teller, Morgan, Daniel and Sanders are said to have taken an active part during the past week in the secret proceedings of the national silver committee, which has been in session in this city.

Twenty states were represented, and it was developed that the meeting was one of more than ordinary importance. It is stated by members of the committee that a last effort will be made by the free-coinage advocates at this convention, which has been called to meet in Washington on May 26, to induce one of the great political parties to incorporate in its platform a free-coinage plank; that if efforts in that direction fail, the free coinage men will take steps to organize a third party, the basis of which will be the Farmers' Alliance and all devoted advocates of free silver that a convention will be called at which Senator Teller will be nominated for president and Colonel Polk of the Farmers' Alliance, for vice president, and a platform advocated containing but a single plank, providing for the free and unlimited coinage of both gold and silver. Friends of Senator Teller maintain that he will accept the nomination upon a strictly financial platform, provided the great parties nominate men unfriendly to free coinage.

IOWA'S GRAND GIFT.

Magnificent Offering of a Prosperous People to the Starving Russians.

NEW YORK, April 26.—The magnificent offering of the people of the state of Iowa to the starving people of famine-stricken Russia is thirty-two hundred tons of breadstuffs, gathered under the direction of the Society of the Red Cross by the women of that great state, will leave this city within the next two or three days by the steamer Lynehead.

The grain which the vessel will take with her to relieve the sufferings of the starving people have been accumulating here in car loads for the past few weeks and is now awaiting the arrival of the vessel. The storage and inspection of the grain has been free of charge.

Watson's Resolution Disposed Of.

WASHINGTON, April 28.—After having considered the question of constitutionality for a long time, the house judiciary committee decided to report a resolution directing an investigation to be made into the Pinkerton system. The committee came to the conclusion that as the charges alleged the use of Pinkerton men by interstate commerce carriers, and also that their employment had resulted in violence to persons and property, that it would recommend an investigation to ascertain if the charges were true.

The committee will report a substitute for the Watson resolution, and will strike out the allegations of fact made in the Watson resolution, and simply provide for an investigation.

Three Suicides in One Day.

MINNEAPOLIS, April 28.—Three suicides in twenty-four hours have occurred in Minneapolis. J. B. Van Pelt, a traveling man who cut his throat at the Hughes Institute for the cure of drunkenness, is dead. Coroner Byrnes was called to inquire into the death of James Hanson, an employe of the Minneapolis Thresher works at Hopkins. Hanson shot himself dead. His wife is insane, and in confinement.

At the Micallet house, W. W. Garrison, representing an Indianapolis paper house, took chloroform. He died in spite of medical efforts. Little is known of Harrison here, or of his family connections.

A Chicago Fire.

CHICAGO, April 28.—The Athenaeum building was the scene of a fire which resulted in a loss of $60,000. On the seventh floor, to which the fire was confined, were the paintings of a local society or artists, valued at $25,000, and these were completely destroyed, as was the furniture, valued at $10,000. The loss to the building itself is $18,000. Other damages bring the total up to the sum stated. The building was insured, but the paintings were not.

Smith and His Deputy Bound Over.

NASHVILLE, April 28.—Mayor Lane and other prominent citizens of Birmingham attended the preliminary examination here of Sheriff Joe Smith and Deputy J. H. Lockhart of Birmingham, who are charged with grand larceny of $2,000 worth of diamonds. The accused, by the advice of their attorneys, waived examination and were held to the criminal court on $2,000 bonds each. This bond was given.

The Texas Prohibition Ticket.

WACO, April 28.—The state prohibition convention here selected presidential electors and put out a full state ticket. For governor, D. M. Pendergrass; lieutenant governor, B. A. Williams; treasurer, H. G. Gamon; attorney general, J. B. Goff; comptroller, W. T. Dayton; land commissioner, S. G. Tomlinson; superintendent public instruction, R. Clark.

The Republican.

L. W. GRANT, Publisher.

SATURDAY, MAY 7, 1892.

Campaign lies are as thick as the leaves of Valambrosa. The editor of the REPUBLICAN runs upon a new one told on him every day or so; but he has long since learned they don't hurt anybody but the teller and he don't let them trouble him. In one he is represented as betraying a friend in a political race, by a combination, when in fact he was the nominee of his party and had no need of a combination. In another, all the way from Jacksonville to Edwardsville, by the mouth of a particularly able-bodied liar, he is represented as being in a beastly state of intoxication half his time, while every man, woman and child in Jacksonville knows he has been strictly temperate for years. In another he is charged with having announced a negro this season as a candidate for commissioner, free of charge, when every issue of the paper shows that no negro has been announced in its columns, and when all its files show that no one has ever been announced in its columns.

In another he is charged with having put out a circular at some previous election dictating to the free voters of Calhoun the names of the candidates they should vote for, an act of presumption he would not dream of being guilty of, and which he never heard of until a few days ago. In another he is charged with having been indifferent to a bill sent him allowing a disabled man of this county to peddle without license, when the fact is he took great trouble with the bill and passed it through the Senate as the Journal of 1890-91 will show. In another he is charged with treating the Anniston petition for the City Court with great disdain, by jumping up and down on it, spitting on it and performing generally most ridiculously, when in fact he treated it with respect and criticised it alone for the names of some negroes on it, put there without the knowledge of the gentlemen who had the bill and petition in charge; when in fact he met the Anniston committee a few hours after his speech in the Senate in a most amicable spirit and with them came to a compromise honorable and satisfactory to all parties alike.

These are not all the campaign lies the editor of this paper has run up on against in this campaign, but they are specimens, and we give them publicity in order that the world at large may see what the glorious old county of Calhoun is capable of in this line when she tries. In this particular field of endeavor she excels as in everything else. We publish them also that the fresh young candidate may see what is in store for him in the hotter days of August. We old stagers have gotten used to these kind of election methods and have learned that they are to be despised, but the fresh candidate will be troubled when his time comes to receive the shafts of calumny and his spirits will droop, because he will believe that the public will believe them and that defeat will come to him undeserved. But we say to such, let not your hearts be troubled. The great public has long since learned how to measure such methods. The campaign liar can't hurt anybody.

Mr. Grant and the Farmer.

He has always opposed all measures to further tax the farmers. In the Senate of the session of February 1889, an immigration bill was proposed appropriating $10,000 for that purpose. The Montgomery Journal thus reports what Mr. Grant said in speaking agaist the measure:

"No man is more in favor of healthful, honest, conservative development and progress than I, and I dislike to vote against any measure that looks towards legitimate development, but I think this bill will defeat the very objects for which it is intended. I can understand the spirit which is behind the disposition of Senators to support this and kindred measures. We have erected a new God in this country called Progress, and many of us daily fall down and worship him with more fervor and devotion than we do the only true and living God. To us a pig iron furnace has become a pagoda full of pagods; a rolling mill is the very entrance gate to heaven, the music of whose hammers is sweeter than the chimes of church bells on Sabbath morning; every iron city is an elysian field, in which are found all delectable things. To us the farm has become bleak mountains and Sahara. We are forgetting the man who wields the scythe in the sweet hay fields and pushes the plow in the upturned soil, while living verdure springs uprising along his footsteps to feed the world. This bill is ostensibly intended to benefit this man; but it is a delusion. State expenditure in cases like this are necessarily wastful and careless. Do not tax the farmer for a scheme that cannot benefit him. He is already taxed enough. Leave this whole matter to enterprise. Let emigrants come in pursuance of natural laws governing the transportation of wealth and population. Let them come as we can assimilate them."

At the Mass meeting in Cleburne County, called for May 2nd by a previous meeting, the Third party was formally inaugurated and a full county ticket put out. It was about the same as named at the first third party meeting a few weeks ago.

The Democratic party is in grave peril in Alabama. Every true Democrat in Calhoun county ought to go out to his beat meeting on Saturday, May 14, 1 o'clock p. m. and see that no delegates come to the county convention except conservative, sound Democrats. Every Democrat owes his party and his country this much. If the unthinking and fanatical come to the Convention there will be strife and a split. Let us have harmony and peace.

The Birmingham Age-Herald, which has been fair in its reports of the results in the various counties, and which has kept a table of the delegations for Jones and Kolb, says that Jones has already secured enough of the uncontested delegations to make his undisputed nomination certain. In other words that he has already the majority necessary to a nomination; and that other counties yet to hear from are certain for Jones.

Owing to a telegram calling him out of the county Mr. Grant cannot speak at Boiling Springs church, Sulphur Springs beat, the 7th. He will speak in that beat at a later date, after the county Convention.

Remember that the Democratic beat meetings are called throughout the county for 1 o'clock, Saturday, May 14th.

May 14th will be a day of weal or woe for the Democratic party of Calhoun.

Go to your beat meeting and stand up to the Democratic party.

Democrats do your duty.

Speaking at Rabbit Town.

Hon. L. W. Grant spoke to a large crowd of the sturdy Democratic farmers of Rabbit Town beat Thursday. Col. Caldwell, who was to go with him and make a speech for the party, was kept away by an unexpected attack of vertigo the day before. The speech did much good and a good report may be expected from Rabbit Town the 14th of May.

Mr. Grant speaks today (Friday) at White Plains. All that lovely valley will turn out her brave Democrats and a regular Democratic love feast may be expected. If Col. Caldwell is sufficiently recovered, he will go to the White Plains appointment.

COMMITTEE ADDRESS.

TO THE DEMOCRATS OF CALHOUN:

At a recent meeting of your County Executive Committee, which called a County Convention, certain rules and regulations for the guidance of the party in its action in the coming beat meetings, which were promulgated by the State Democratic Executive Committee, were adopted. Those rules were adopted in the interest of harmony in the party, and to draw closer the loose cords of discipline, so that none but Democrats shall participate in the selection of delegates to Democratic Conventions.

By resolution of your Committee, the resolution of the State Committee defining the qualification and the right to vote in Beat meetings for the selection of delegates to your County Convention was adopted. By that resolution the right to vote and participate in Beat meeting for the purpose of selecting delegates to the County Convention, is confined to the following named persons, viz:

1st. To those who voted the democratic ticket at the last State and Congressional Elections.

2nd. To those who, having failed to vote at said elections, or either of them, have heretofore habitually voted that ticket and intend to support it in the ensuing elections.

3rd. And to those who have become voters since the last election.

4th And to those who will become voters by the next election, and who intend to vote the Democratic ticket.

It is insisted by your committee that none be allowed to participate in the various beat meetings of your county for the selection of delegates to your coming county convention unless they come under the terms of foregoing qualifications. Men who voted against the Democratic nominees in the last State and Congressional elections, should not be allowed to participate in the beat meetings. Democrats must control the Democratic party.

H. L. STEVENSON, Chairm'n.

PROMPTLY DENIED.

Hon. L. W. Grant Says He Has Always Warmly Supported The Nominee.

JACKSONVILLE, ALA., May 4.

From Anniston Hot Blast May 4th.

EDITOR HOT BLAST—In your issue of this morning (May 4th.) I notice an anonymous communication which charges me with having solicited some one to procure an Independent candidacy against Mr. Cooper, who was the nominee of the Democratic party for the Legislature in 1890. There is no truth in the statement. On the contrary I gave Mr. Cooper a prompt and loyal support. The County Convention which nominated Mr. Cooper met April 15th, 1890. By reference to my file, I find that in the first issue of the Republican, three days thereafter, I ran the name of Mr. Cooper up to its mast head and editorially complimented him as a large and prosperous farmer. In the same issue is also reproduced a complimentary notice of him from The Hot Blast. I voted for him cheerfully. I have never failed to support the nominees of my party, although in doing so I have sometimes had to antagonize close personal friends. L. W. GRANT.

Letter From Nances Creek.

NANCES CREEK, May 4 1892.

ED. REPUBLICAN: Of late I have been studying the records of our Democratic party and its trials and its ups and down from its origin up to date and I find all along through the history of the democratic party, men who want to be leaders but they fail from some cause or other, often for want of ability, and they have become dissatisfied because they can't get the people to recognize their claims, when in fact they never had even the shadow of a claim upon the party and that is the cause today. Why some of our people want to get up strife in our ranks and go out after the third party they try to array the country people against the town, or the town people against the country people, and I will say I believe such men to be enemies to both and should be treated as such. There are demagogues who attempt this sort of thing for their own selfish purposes, and they do not hesitate to misrepresent facts or anything else in their appeals to passion and prejudice. The towns are the natural outgrowth of the settlements of the county upon which they depend for support. Between the towns and the country there is the closest identity of interest, because they are mutually dependent upon each other, and there should be the most complete harmony and kindly feeling between them. Only the demagogues would seek to have it otherwise.

Now, these parties, or some of those who are advocating the third party in this county, and I find the Democratic party has stood the test of about fifteen third party movements. In 1812 the Clinton democracy was born and died the same year. In 1826 the anti-masonic party was born and died in 1832. The Liberty party was born in 1840 and died in 1844. The freesoil party was born in 1848 and died in 1852. The Knownothing party was born in 1856 and died in 1860. The Liberal Republican party was born in 1872 and died in 1872. The temperance party was born and died the same year, as also did the Labor Reform party. The American National party was born in 1875 and died in 1876. The Greenback party was born in 1875 and died in 1880 and several others, but last and least in Calhoun county, at Nances Creek, there was born on April 8, a third party without a name and without a father, and lived about three hours, and the men who advocated this party failed to name it and thus it will go down in history as a fatherless party. Now we are asked to vote for men these days who we can't find. Just which one of the parties they belong, whether any of the old parties named above or the last named party.

We are not going to be led by every wind of of doctrine. We have men who have all through the trials of the Democratic party stood upon her decks and fought her battles when it was dangerous. So we have men who stood up to us in dark days when it tried mens' souls, and how can men who claim to love their families forget the deeds of such men as Lon W. Grant? Has'nt he been a life long Democrat? Has he ever failed the people? Does'nt his record in the Legislature and Senate of Alabama prove that he is the peoples friend? Look at his record; put your finger upon one act of his as a Legislator where he failed to keep his promise to his people. What vote of his was ever against the farmers or workingmen of Calhoun? Not one can be found and why don't some of his opponents bring one charge against his record? No, they fail for want of facts. He is a citizen of this county and a man of strong convictions. He has a right to differ with us and a man who would fail to carry out his conscientious convictions is unworthy of our support, and if he made a good member of the legislature why would he not make just as good or better member of congress? We believe he will. We are going to try him, and I fully believe when he has represented our new district in the congress the people will point to him with pride, and when the farmer and workingmen make a demand on congress that is right, that he will be the first to work, speak and vote for the same. Let us stay by our friends in whom we have trusted and in whom we can trust.

A WORKING MAN.

There is no doubt but that there are candidates for congress in the fourth district whose platforms have never been announced further than that "I am for myself for congress. I want the office for the money that there is in it." Not a word about representation of the people's interest. Can a suffering people nominate and elect such men. Then we have least one candidate who is manly enough to confess that he stands upon the Ocala platform. It affords us the greatest of pleasure to announce that there are at least two candidates in this district who are on neither of these unreliable platforms; but are before the people on the broad principles of democracy and tariff reform. We refer to the young, strong and steadfast exponents of Democratic principles and white supremacy, Hons. Lon Grant and Cecil Browne. —Calera Journal.

L. W. Grant has been a faithful official in the lesser walks of life and will be as faithful to his constituents and the entire district if elected to Congress.—Hot Blast.

Grant is making friends every day by his sturdy devotion to democracy. --Hot Blast.

COL. CALDWELL'S SPEECH.

Synopsis of a Soldier, Patriot and Statesman's Speech.

In his speech at the decoration of the soldiers's graves at Jacksonville on the 26th of April Col. John H. Caldwell expressed sentiments that the Hot Blast wishes every man beyond Mason and Dixon's line could have heard. Col. Caldwell is intensely Southern. There never was a pulsation of his heart that did not beat for the land of his nativity, the land for which he exposed his life on many a hard fought battle field. He beautifully and eloquently said that a veteran's heart would have to be stilled in death e're it refused to respond to the tokens of affections being heaped on the graves of the men "who dared to do or die"—men who died not in passion, but for a principle. He thanked the orators who had preceeded him for what they said about the gallantry of his compeers, and told parents to teach their children the principles for which their fathers died.

He alluded to the fact that we did not assemble around the graves of our dead heroes as our friends of the North did. They rejoiced in victory. Our banner had been furled, and it was sometimes represented as "the lost cause," and he was glad to see so many assembled to do honor to that cause. We were sometimes called rebels. He thanked God that the North had never had the hardihood to assert in their courts that we were rebels, and no foreign power had ever designated us as such. His designation of those brave men were that they were patriots, and his words found a responsive answer in the heart of every true Southerner present. He resented in the strongest manner the idea of a new South. The old South was the South he loved. It was as old as the constitution itself, and was more illustrious today than it ever was. When he so feelingly alluded to the fact the name of Jefferson Davis would adorn the brightest pages of history he was greeted with applause. He said he did not come there to discuss the principles that led to the war, but like an old horse that had been in the habit of running away when he heard the traces rattle—the speaker wanted to branch out when he met face to face the people who loved the Confederate cause on an occasion like that.

Personal liberty and States' rights were the two leading principles for which they fought, and he compared the courage and fidelity to principle of the Southern people to that of the Scottish covenanters in 1685, when they were being hewn down by Claverhouse and his band of brutal ruffians. When the doctrines of the prelates were being forced upon those people they rebelled, just as we did in '61. Theirs was a religious, ours a civil cause, and every little distance along through the hills of Scotland and in her fertile valleys the descendants of those who lost their lives in defense of principle and right, had built a chapel or erected a monument to the memory of those heroes. His picture from Walter Scott of old Robert Patterson going about Scotland with chisel in hand cutting deeper the names of those who had died for conscience sake, was pathetic in its simplicity, and the name of "Old Mortality" as it rang from Col. Caldwell's lips will never be forgotten by those who heard him.

He then alluded to the custom of the children coming there each year and spreading sweet flowers on the graves of the dead—treating the private with the same consideration that they did the titled hero. At this juncture he read over the names of some of the soldiers of Calhoun and paid a touching tribute to the memory of some of them. Calhoun, he said, sent more men to the front than she had voters. Of Peter Forney, he said: "He was such a patriot that he wanted to secede before breakfast * * * and he always spoke his convictions and spoke the truth."

The readers of The Hot Blast can gather from the foregoing how intensely Southern Col. Caldwell's feelings are. He then uttered sentiments worthy of a statesman and a patriot, when he told the children not to fail to spread flowers on the graves of the unknown Federal soldier who lay within that enclosure. The soldier fought for what he thought was right, and back in the granite hills of Vermont or on the rolling prairies of Illinois that unknown soldier had a mother. The women of the North had buried all animosity of a personal nature and strewed the graves of Southern men with flowers the same that they did the Northern soldier, and let the Southern women do likewise upon that occasion.

There was another grave, he said, that should not be forgotten, and that was the grave of an humble negro. That faithful old servant had begged his master to let him go to the front and take care of his young master, a mere youth in years and almost effeminate in person. He went, and throught that long struggle of four years, that faithful old negro, true to his convictions as a southerner and true to the trust reposed in him, was at the side of his youthful master—L. W. Grant—in every hard fought battle, protecting him, as it were, with his own body from the shot and shell of the enemy.

And in that self, balmy southern atmosphere, with the mountains just budding into loveliness and that seemed to smile down their approval, southern women and children, with the purest blood of the Southern cavalier coursing through their veins, and with eyes so blue that they rivaled the blue dome of heaven itself, bent low over the grave of the unknown yankee soldier and of old black Alf Grant, and spread flowers as unstintedly as they did on the grave of any Confederate soldier. In that moment our heart went out to Col. Caldwell as it had never done before. We loved him for his candor, his manliness, his generosity and for his tender feeling for the lone yankee soldier resting among the Confederate dead, and for tribute he paid to faithful old Alf, the negro patriot.

A MONUMENT TO PELHAM.

Why Not Start a Fund to Erect One at Once.

In the northeast corner of the Jacksonville cemetery lies the body of as gallant a Confederate soldier as ever drew a sword. He died in the early dawn of a brilliant young manhood—died a soldier's death in defence of the cause he loved so well. This grave is shaded from the morning sun by several giant oaks standing near, but the slanting rays of the orb of day kisses this sacred mound as they sink in softness and beauty behind the western hills. While shells of about three inches in diameter cover the grave and a plain marble shaft about a foot in diameter at the base and 4½ inches at the top stands at the head. The shells had their oval side turned up and were fastened in position in cement, and shaft and shells had both been given a coating which made them shine with a snowy whiteness—typical of the spotless career of the dauntless soldier who lay beneath.

There was no name on that plain little shaft to tell who lay beneath it. But for the care taken of the mound by loving hands the world would judge that the sleeper was to fame unknown and his name lost to all mankind. But such is not the fact—for beneath that mound lies the body of John Pelham—Gallant John Pelham, who died on the battle field in old Virginia. There was a peculiar pathos surrounding the unmarked grave of this hero of 'the "lost cause." He needs no marble shaft to tell the world that he was great. His fame as a soldier adorns the pages of history and his valor as a Confederate soldier is known wherever bravery is appreciated and greatness honored.

His family have the means to build a suitable monument to his memory, but John Pelham's grave does not belong to them alone—it belongs to the Confederacy. Every man and every woman who loved the "lost cause" has an interest in that grave, and when the letters are out on the marble shaft to mark his last resting place a whole nation ought to share in the undertaking. The Pelham family have acted right. While his body is their's his fame is ours, and we claim the privilege of contributing our humble mite toward erecting a suitable monument to mark his last resting place.

The Hot Blast has not hinted to any one connected with the illustrious dead what it intended to do, but we feel that the time has come for some one to take up the task of starting a fund to build a monument to Calhoun's, Alabama's, the South's gallant son—John Pelham.

Several old soldiers have told us that they would give of their means to that end, and the Hot Blast now calls upon all who wish to contribute to that object to forward the amount they wish to give to this paper, and it will be deposited in some bank to the credit of the "Pelham Monument Fund," and be turned over to the Pelham Monument Association as soon as one is organized. And right here the Hot Blast would call upon the ladies of Jacksonville to organize such an organization and at the same time we promise them the hearty co-operation of the city of Anniston and Oxford. Let Prof. Gibson's Normal School children, who covered themselves with so much glory the other day, organize a little society and work in such manner as they see proper to this end. Let the ladies of Alexandria Valley, the birthplace of the subject of this article, do likewise, and all other sections of the county follow their example, and in the space of one short year the funds necessary to build the monument will have been raised, and in another year the monument can be in position.

The Hot Blast will acknowledge through its colums all sums sent it for the purpose indicated, and would suggest that The Mountain Rifles, The Anniston Rifles and The Woodstock Guards join hands in helping to push so noble an undertaking. The Hot Blast feels that it is only necessary for some one to take the initiative, and the people will do the rest. We know it is a bad time to start such an undertaking. "but out of the fullness of the heart the mouth speaketh," and once started the idea of building this monument will sweep over Alabama and the entire South like a resistless billow of the ocean.

Rhodes, the gallant and heroic general that he was, sleeps the sleep that knows no waking in Virginia's sacred soil. Pelham's body lies beneath the sod of the State and county that gave him birth, and it is fitting that the monument fund to his memory should start among the people who knew him as a prattling child, saw him romp over the field as a sunny-haired, blue eyed boy, and watched the rich, royal blood of his vigorous young manhood ebb away on the battle field. Let the signal go up from Calhoun that a monument is to be erected to his memory and an answer will flash back from the dome of the old capitol at Tuskaloosa in hearty accord. The people at the present capitol, the home of Jones, of Allen, Holtzclaw, and others will join in, and the old residence of Alpheus Baker on the banks of the Chattahoochee will answer, "we are with you." The queenly old city by the Gulf that boasts such men as Admiral Semmes, will shout the glad news to Huntsville, at Mount Sano's picturesque base, and in a short while the necessary amount will be forth coming.

The Hot Blast would suggest that the monument be made of Alabama marble, as near a Confederate gray as possible, and would ask the press of the state to open subscriptions as we have suggested, and we will all meet in Jacksonville two years from now when the unveiling shall take place. Let the press of Alabama take a prominent part in building this monument.

The Hot Blast pledges $1,000 from Calhoun county.

Let us hear from thoss interested in the matter.

A special from Tuscaloosa dated the 27th says: Col. N. N. Clements has announced his withdrawal from the race for congress in the sixth district. Indications now are that the delegation, which had been instructed for Clements, will go for Bankhead.—Calera Journal.

Messrs. Walt Dean, W. B. Crook, James Crow and Gus Edwards, left Friday morning by private conveyance for Ashville. They will take in the picnic at St. Clair Springs Saturday and return next week.

It is said that the man who bae insinuated through the Hot Blast that Mr. Grant was soliciting a gentleman to run against Mr. Cooper on an independent ticket, is a red hot third party man.

The following is a list of the Petit Jurors for the 2nd week of Circuit Court:

No. 1.—Dan C Doss, Robert Defreese, Jonathan Pruitt, Robt Steele, Thos Reynolds, A J Farmer, R C Alexander, Jeff Word, F A Pricket, J R Pollock, Asberry Bonds, W D Holcomb.

No. 2.—Noah Read, J E Canada, Jno Glover, L F Green, Wm Sisson, F M Summerall, Jno Greenwood, J H Hughes, L O Hanks, Marion Smith, Samuel Fite, R F Hughes, Wallace Lusk, extra.

The annual May picnic of the Normal School was given at Sulphur Springs, seven miles west of this place on the East & West road, last Tuesday. The East & West road ran two excursion trains from this place out there, one leaving at 8:30 and the other at 10 o'clock a. m. Both trains carried large crowds from here to the picnic grounds, and before the hour for dinner had arrived there were assembled at Sulphur Spring about four or five hundred people, large crowds coming in by private conveyance, and all proceeded to have a good time. After dinner was over the evening was spent in a most enjoyable manner by all until time to return home. Some of the principal features of the day were foot racing by a number of young ladies, and base ball by the young men. Several prizes were awarded.

Hon. Phill Cooper was in Jacksonville Wednesday. He happened to walk up to the court house as some one was reading the anonymous attack on Mr. Grants party fealty in the Hot Blast of that morning.

"Wait until you see the Hot Blast of tomorrow," said Mr. Cooper, "and you will see that charge explained."

Mr. Cooper laughed at the story as absurd.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria

Will be For Grant.

HEBRON, May 2.—ED HOT BLAST: Hon. L. W. Grant spoke at Ohatchie Friday 29th. and at Peck's Hill Saturday 30th., in behalf of white unity and the Democratic party. He showed conclusively the dangers of white division at this time. His speeches have effectually checked any tendency toward the Third party in this section of the county. Mr. Grant will most certainly get the delegates from Peck's Hill and Ohatchie beats and, in fact, the delegates from the entire western part of the county. It pays to be a true and brave Democrat in old Calhoun. CITIZEN.

POLITICAL POINTS.

Sumter county gave Kolb 716 and Jones 655. The delegates will be prorated.

Walker county gave Jones 1131 and Kolb 485. The delegates will be prorated.

Lee county on popular vote at general primary election gave Jones 518 majority. The delegation goes solid to Jones.

Lauderdale Convention gives 8 delegates to Jones and 2 to Kolb.

Russel county has gone for Jones and Oates.

Randolph county has gone for Jones.

The grand jury in session at Jacksonville took a poll yesterday, which resulted as follows: Cleveland 11, Hill 10; Jones 14, Kolb 7; Grant 16, with five against him, but with no choice as to anybody else. That is about the sentiment of the people all over the county as to their choice of the respective candidates.—Hot Blast May 1st.

It is understood that a plan is on foot to build a big hotel at Sulphur Springs, on the East & West railroad, six miles out from Jacksonville. This spring has the reputation of being one of the best sulphur springs in the South, and no doubt a good hotel there would pay. It would prevent many dollars from being sent elsewhere, that could just as well be kept at home. People will go to the springs, you know, and let's arrange to bring a good many from a distance to Calhoun.—Hot Blast.

The Calera Journal, discussing the Alliance, says: "Its organic law is good, its declaration of purposes are excellent, and if the dishonest and broken down lawyers, unrighteous preachers, cranky doctors and selfish speculators had been excluded, the purposes to which it looked would have been advanced."

Not a single convincing reason can be shown why L. W. Grant should not be the first Congressman from the new fourth district. He is a man of unimpeachable integrity, of well known ability, uncompromising democrat and a true friend to his section and his people.—Hot Blast.

Notice is given that all claims against the Common Fund of Calhoun County up to and including Registered Number 420 of 1891 must be presented for payment before May 1st 1892 as the interest on said claims will close at that date.

J. Y. HENDERSON, County Treasurer.

Grand Jury Supper.

Mr. J. D. Hammond, Foreman of the Grand Jury had a reception and dining at the hotel of Mr. Stevenson, for the Grand Jury last night, the 4th inst. After Mr. Hammond had met his friends, they were invited into the dining room with too many nice things to mention. After supper they were served with strawberries and cream. And then Judge Box was called on for a toast to the unity of the Democrat party, and he spoke a toast of about 15 minutes, which if he could make all over the state there no doubt would be but very few to split off from the Democratic party. Then Hon. Tom Martin was called on for a toast on the Governor and he responded in a ten minutes talk which was the best political talk that I have heard in some time.

Then Hon. Jno. D. Hammond was called on for a toast to the most available man for the presidency, and he spoke about ten minutes advocating Hill, of New York, as the man to lead us to victory. We would be afraid for Mr. Hammond to make this talk over the State for fear he would divide the delegation against Cleveland.

GRAD JURYMAN.

The recently elected United States Senator of Georgia, General John B. Gordon, says:

Mr. A. K. Hawkes—Dear Sir: The pantiscopic glasses you furnished me some time since give excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn.

Respectfully, JOHN B. GORDON, Ex-Governor of State of Georgia.

All eyes fitted and the fit guaranteed at the Drug Store of Dr. J. M. Crook. Jacksonville, Ala.

He is "Out o' Sight."

Genial May is here at last—
The brightest month of the year;
The flowers are blooming, the trees are in mast
And the whole green earth is fair.

This is the picnic season
For the lassie and her beau;
And for the same good reason
The old folks and children must go.

People who long for the country air
Pay their way to the woods on the train;
The "chigger" pays no railroad fare,
But he gets there—just the same!

TRIBUTE OF RESPECT.

JACKSONVILLE, ALA., May 3rd, 1892.
HIRAM LODGE No. 42, F. A. M.

Jerome M. Vansandt was born July 17th 1854. Called from labor to refreshment April 4th 1892. He was a member of the Baptist church for a number of years and was a Christ-like consistent christian. He had an ardent love for the church, and an earnest desire for its prosperity, and identified himself with every effort to promote its welfare. Especially was he the friend and constant supporter of his pastor. He was of a quiet and reserved temperament; many graces were exemplified in his life, none shone brighter than his unselfish generosity. Our brother was not only a consistent christian but a model master mason—he was never known to work with untempered mortar—he was always busily engaged with trowel spreading the cement of brotherly love. Countless have been his acts of kindness to the poor and needy, the widow and orphan. When the Master called him, without a struggle, he laid aside his working tools, for refreshment, and his spirit was transported from a life of sufferiug to one of sweetest rest. Great his gain—great our loss. Therefore

Resolved, That while we feel our loss nevertheless we bow with humble submission to the will of God, our Father, believing that "all things work together for good to them that love God.

Resolved 2nd, That we extend our sympathy to his bereaved, especially to his lonely widow, praying Him who has promised to be the "husband of the widow" to keep her under the shadow of His wing.

Resolved 3rd, That a copy of these resolutions be furnished sister Vansandt by the society of this lodge, and that a copy be also furnished the JACKSONVILLE REPUBLICAN for publication.

Read What Capt. James H. Savage Has to Say of Baker's Blood and Liver Cure

TESTIMONIAL.

Piedmont, Ala., May 18, 1887.

My brother, B. F. Savage, of Leadiga, Ala., has been afflicted with scrofula, of the worst form, all his life, but able to work till about five years ago; the disease then broke out in great rotten sores, all over his body, inside his mouth and on his tongue, so that he couldn't go out of his room, nor talk. He was treated by all the doctors of this section of country for two years, and also by Dr. W. Westmoreland, of Atlanta, which only held the disease in check, without any prospects of cure, and so pronounced by the doctors. In this condition he lay in his room for three more years. So offensive was the stench you could not sit in the room, especially in warm weather, and it was decided by doctors and all that saw him that it was only a matter of time when the disease would eat him up.

In August, 1886, I heard that Dr. Baker's Blood and Liver Cure had cured one of my neighbors, Mr. J. D. Braswell, of a bad case. I at once procured some of the medicine and gave it to my brother. About the first of November, 1886, all sores disappeared; and, although I used every means to make it break out again, I failed. My brother, by degrees, got able to work some, and he continued to improve in health and strength, until to-day he is stouter and in better health than ever before in his life. No sign of the disease has reappeared for over six months. I am perfectly satisfied that he is permanently cured. And I would recommend all persons afflicted with scrofula or like diseases to give Dr. Baker's Blood and Liver Cure a trial, feeling sure it will cure any case. It is no humbug. It is a purely vegetable preparation.

I have said this much, and could say more, for this medicine, and without any solicitation, but alone for suffering humanity that may be similarly afflicted. My brother is as sound as a dollar to-day and a living testimony of the worth of Dr. Baker's Blood and Liver Cure.

JAMES H. SAVAGE,
Attorney at Law.

Parties doubting the above statement can be convinced by writing to Mr. Savage. He will cheerfully answer your letter. Baker's Blood and Liver Cure has never been known to fail to cure scrofula, syphilis, rheumatism or any kind of blood poison or skin disease. Hundreds of physicians are using it daily with splendid results. Sold by all druggists. If not in stock have them order for you. Ladies, try Baker's Female Regulator and Pills feb 7-6m

WORK IN CONGRESS.

THE MOST IMPORTANT MATTERS CULLED AND CONDENSED.

Notable Events in the Legislative and Executive Branch of the National Government.

Monday.

WASHINGTON, May 2.—The Bryan bill, providing for free binding twine, was passed in the house by a vote of 183 to 47, three Republicans voting for, and two Democrats (Covert and Cobb of New York,) voting with the Republicans. The passage of this bill furnishes additional proof that Democracy is the friend of the farmers.

Tuesday.

WASHINGTON, May 3.—The position made by the house postoffice committee in the postal appropriation bill to reduce the compensation of land grant and subsidized railroads from carrying mail from 80 per cent. of the rate allowed non-aided railroads, as the law at present provides, to 50 per cent. has awakened vigorous opposition from land grant roads, and they are protesting against the proposed legislation as unjust and unreasonable. Today representatives of a number of these railroads appeared before the committee and stated the reasons for the opposition.

Wednesday.

WASHINGTON, May 4. — Representative Blount has saved the government $3,000 in reductions. He secured a reduction of $55,000 on the report of his own committee for the appropriation of the consular service. He equally defeated the appropriation of $65,000 for continuing work on the inter-continental railway between the United States and South America.

In the house, Mr. Geary, of California, presented the conference report on the Chinese exclusion bill. Geary demanded the previous question on the adoption of the report, and notwithstanding the protest of Hook of Mississippi, it was ordered.

Thursday.

WASHINGTON, May 5.—Vice President Morton announced in the senate that he had signed, among other bills, the amended house Chinese exclusion bill, which now goes back to the house and thence to the president for his approval.

After reference of a few senate bills, the house went into a committee of the whole on the river and harbor appropriation bill. General debate was limited to two hours, and Holman of Indiana, took the floor in opposition to the measure.

Friday.

WASHINGTON, May 6.—The senate spent the day in listening to eulogies on the late Senator Wilson of Maryland.

In the house, the urgency deficiency bill was debated.

Saturday.

WASHINGTON, May 7.—The house went into committee of the whole on the river and harbor bill. The pending amendment was that offered by Mr. Whiting, of Michigan, striking out the appropriation for a ship channel connecting the waters of the great lakes between Chicago, Duluth and Buffalo, and inserting in lieu thereof a provision authorizing the secretary of war to appoint a board of engineers to whom shall be referred the report of Colonel O. M. Poe upon the subject of a twenty foot channel from Duluth to Buffalo through the great lakes. The board shall also report as to the practicability of raising the water level of the lakes and connecting the harbors by damming up the Niagara river.

There was no senate session.

Let a Baseball Game Decide It.

CHATTANOOGA, May, 9.—The most singular baseball bet on record was decided here by the game between the New Orleans and Chattanooga clubs of the Southern League. Two young men from the little city of Cleveland were rivals for the hand of the same girl, who seemed to favor each, it being evident that if one withdrew the other would win. The rivals, while in this city, went to the baseball park, where a method of settling who should withdraw from the matrimonial race suggested itself to them. They agreed to leave the decision of the question to the result of the game, and each backed his judgment by the selection of a club. One chose New Orleans, while the other backed Chattanooga. The New Orleans backer is very sore over the result, and a fight may yet end the matter.

Blaine's Irish-American Visitors.

WASHINGTON, May 9.—Colonel James R. O'Beirne and Mr. Thomas St. John Gaffney of New York, acting in compliance with the request of the Political Prisoners' Amnesty association of Ireland, called on Secretary Blaine, by appointment, to ask the friendly interposition of this government in the matter of obtaining the release of Irish-American citizens now held as prisoners in the United Kingdom. They saw Secretary Blaine, who manifested interest in the matter, but in advance of a legal presentation of the case the secretary was not willing to indicate what action he would take regarding it.

Has He Gone Republican?

ATLANTA, May 9.—A special to The Constitution from Columbia, S. C., says: Mr. John L. Weber of the editorial staff of The News and Courier, is in Washington city, making every effort to secure the appointment as civil service commissioner to succeed ex-Governor Hugh Thompson, who resigned the position to accept the office of comptroller in a New York life insurance company. Mr. Weber surprised a good many of his friends, when the fact leaked out here that he was professing Republican faith in national politics to secure the appointment he desires.

Augusta's Prohibition Campaign.

AUGUSTA, Ga., May 9.—Already the prohibition campaign is creating bad feeling, and the hitherto latent animus is creeping out. It is learned that a lady boycotted a grocery firm and refused to give him any of her patronage as long as liquor is sold in that house. It is said that this grocery house is in a position to retaliate, for the firm can decline to buy any more goods from the lady's husband, who has supplied the firm with large quantities of stuff.

AT BIRMINGHAM.

Alliance Presidents and Other Officers Meet and Issue an Address.

BIRMINGHAM, Ala., May 6.—The conference of Alliance presidents and their executive boards of the southern states was held without serious friction at any point in the proceedings, and perfect harmony seems to prevail.

Of course, differences arose upon the policy to be pursued on several questions. The People's party had strong backing, and quite a large proportion of the conference favored the adoption of its principles, and launching the party bodily into the sea of politics.

Enough of wise and judicial counsel was present, however, to overcome the pressure, and it was abandoned.

The Age-Herald has been given the following as a correct statement of the Alliance proceedings and prospects: "The day has been spent in receiving reports from different states upon the situation, and perfect harmony seems to prevail and wise conservatism that will prevent any radical action, governs the entire work. All present express a determined support of Alliance principles by their constituents, and seem to be disposed to keep the order entirely free from any partisan estrangements."

Words of Advice.

Following is the text of the address:

To the Brotherhood of National Farmers' Alliance and Industrial Union.

We, the presidents and executive officers of the states of Tennessee, Kentucky, Missouri, Texas, Louisiana, Virginia, Mississippi, Alabama, Georgia, West Virginia and Florida, together with the members of our national executive committee, national legislative committee, national judiciary committee and President Polk, having been called together in council to consider the reported peculiar conditions in the order in the southern states, which is believed seriously threatened that harmony, brotherly love and unity of action so necessary to the success of our cause, and success to our order in these states, after counseling together and hearing detailed reports, rejoice to say to you that we feel greatly encouraged and inspired by the splendid spirit of unity and determined adherence to principle which prevades the order in nearly every one of the states, notwithstanding the combined efforts of our enemies to sow seeds of discord in our ranks, pending heated political contests, local and national.

We, therefore, feel it our duty, as servants of the people we represent, standing upon the outposts and watchtowers of this, the greatest political revolution ever known to the nation, to say to you that we have entered the crucial period in the history of the great reform movement in which the utmost caution, earnest deliberation and steadfast adherence to our principles, are necessary to preserve intact that organization which stands today as the sheet anchor of hope of millions of wealth producers in the great battle for the God-given rights of humanity. You are congratulated on the great harmony and unity of sentiment in regard to the Alliance principles which prevails within your borders. A careful canvass of the whole subject at this meeting has shown the fact that a majority of the members of the order practically the members squarely upon these states stand avowed determination to hold to the principles of the Alliance ever before.

The sentiment almost uniform, that this organization, is the strongest forces for the spread of education, and that its work should be perpetuated and encouraged in the order entanglements.

The only danger seems in any way to threaten a lack of fullest development and prosperity the order are those which attempt opposition of a few men and papers to unjustly criticise and condemn others in their method. This is not of sufficient to damage our order, but it mars the perfect unity which should prevail, always injures all concerned and is contrary to the spirit of brotherly love and forbearance that should prevail. Another which fortunately prevails in very few dispositions of members of political office at the hands of the people, getting that principle of the doctrine which declares that the office should seek the man and not the man the office. In consideration of these views of the situation, the following rules are suggested as well calculated to enable the order to go through the ordeal of fierce political contests and come out strengthened and purified:

1. Let a spirit of harmony prevail and let unity of action be the rule, and condemn a brother who is not governed by principles of the order, unjustly in any way disparagingly or discourteously of him because they may differ in the best methods of enforcing our principles. Grant to every brother the right of purpose.

2. Let fealty to the principles of the order be the true and only test of membership and let those who have divided affiliations more than their obligations be informed that the order demands strict and full devotion to its principles and leave each to his own choice as to methods, but that method in case control principle and, therefore, no one who affiliate should accept as all of the principles of the order.

3. Every member who takes the obligation always administered to him, before he is first told as a condition of membership and upon which all that is to be predicated: "That it shall in no way interfere with your political or religious views. Therefore, this order as such, or any of its branches, has no right to take cognizance, political or sectarian religion." We urge upon the brotherhood to form associations and all good citizens who believe, as we do, that the enforcement of laws based upon our demands is necessary for the preservation of free institutions of our government and to rescue the masses from degraded servitude, that they use all honorable means to secure the election to our national legislative council men who stand pledged to work for the passage of such laws.

Finally, brethren, remember that the success of our principles is only to be employed by and our influence made effective by the ballot box for our demands at the ballot box. We send greeting to the brotherhood of the north and the great northwest, and tell them that our hearts beat in unison with them in their efforts for industrial freedom, and we will stand by them in their laudable efforts to redeem this country from the clutches of organized capital, and that we will stand with them at the ballot box for the enforcement of our demands.

Signed by all the members of the conference.

Horribly Burned While Riding.

BARNWELL, S. C., May 7.—A horrible accident has occurred here. While Miss B. F. Brown and Miss Lola Langley were out riding, Mr. Brown lit a cigarette and carelessly threw the match on the foot of the buggy, setting fire to Miss Langley's dress. Her clothing was completely burned off her before the fire could be extinguished. Mr. Brown Freeman had his hands terribly burned in his efforts to save the young lady. Miss Langley was a beautiful girl of 18, highly connected, and engaged to be married in only a few weeks. Her death is a terrible shock to the community.

THE BAPTISTS.

A GRAND GATHERING OF THE BRETHREN IN ATLANTA.

Annual Convention of the Southern Association—Over 1,000 Delegates Present.

ATLANTA, May 7.—The Southern Baptist convention was called to order by the president of the association, Hon. Jonathan Haralson of Selma, Ala., at 10 o'clock.

This convention is one of the largest representative bodies in the world, and has a constituency of over one million of people, residents of the sixteen southern states. Its missionaries number

about six hundred, and are scattered over every quarter of the globe. Wherever civilization has attempted to penetrate the benighted lands of heathendom, and Christianity has held up the cross to the gaze of idolatrous and superstitious people, these devoted men and women of the Southern Baptist church are found foremost in the work.

In opening, President Haralson introduced Rev. Dr. L. R. Gwaltney, of North Carolina, who conducted the religious exercises that preceded the deliberations of the body.

Dr. Gwaltney read the sixty-fifth Psalm: "God be merciful to us, and cause His face to shine upon us," and then he asked the audience to rise and sing the coronation hymn.

The great audience of men arose, and led by Professor D. B. Tower, who presided at the organ, under their voices in singing that stirring song, "All Hail the Power of Jesus' Name," which rose from the strong lungs of the earnest men of God and floated outward over the busy streets, causing many a toiler to pause at his work and listen to the old familiar song, sung with more strength than they had ever heard it sung before.

After the opening devotional exercises Governor Northen was introduced and delivered an address of welcome to the visitors that must surely warmed the hearts of every one towards Georgia and Georgians as they listened to the warm expressions of cordial greetings extended to them by the chief executive of the state.

Dr. Hatcher of Richmond, Va., responded in a speech filled with words of fraternal good will towards the good people of Atlanta and to the brethren once again assembled together.

The first business in order was the election of officers, which resulted in the re-election of Judge Haralson president, Rev. Lansing Burrows, of Augusta, Ga., and Rev. O. F. Gregory, of Baltimore, secretaries.

Second Day.

ATLANTA, May 9.—The great convention proceeded to its second day's deliberations with the same spirit of reverence and businesslike manner that marked its former day's work, when, promptly at 9 o'clock, President Haralson called the body to order.

Prayer was offered by Dr. J. L. Rollins, of North Carolina, and the entire congregation, led by Professor D. B. Towner, joined in a grand chorus of music which filled the edifice with a melody and sweetness that seemed to fall like a benediction upon the whole assembly; so that, when the regular order of business was taken up, it was entered upon with a spirit of Christian unity and love that was eminently fitting for the occasion and character of the work.

Dr. Carroll of Texas, introduced a resolution that inasmuch as the connection had grown to be such an unwieldly body a committee should be appointed to change the basis of representation and thus reduce the delegation.

Dr. Burrows of Georgia, took the ground that the convention was not any more unwieldly than it has been for the last ten years, and in a short speech he opposed the adoption of the resolution.

The reglar order of the day was taken up on motion of Dr. Eaton, and the resolution was tabled.

The speakers of the day discussed in their order, the subjects which had been assigned them, as follows:

Rev. J. W. Carter, of Raleigh, on The Moral Basis of Missions.

Rev. J. P. Greene, of St. Louis, on The Heathen Lost Without Religion.

A beautiful and impressive scene during the morning hour, was when it was announced that there were present in the convention six old veterans of the 40's, who had been present in Augusta forty-seven years ago, when the body was organized. They were:

Dr. S. G. Hillyer of Atlanta.
Dr. W. H. Robert of Mississippi.
Dr. A. W. Mahoney of South Carolina.
Dr. M. Erwin of South Carolina.
Dr. T. P. Smith of South Carolina.
Dr. S. T. S. Park.

All eyes were moist and many cheeks were wet with tears as the great assembly gazed upon these white haired old men who stood up hand in hand by the side of the president while the music of a thousand voices rang out in that old time hymn:

"How Firm a Foundation Ye Saints of the Lord."

President Haralson introduced these veteran soldiers of the cross as sentinels upon the watch tower, and prayed that they might witness many such reunions as this on the further shore.

The afternoon session was devoted to the finished business of the morning hour and receiving fraternal delegates. All the Methodist, Presbyterian and Baptist churches were thrown open to the visiting brethren, and visiting delegates were signed to fill their pulpits Sunday the morning and evening ser-

BIG BLAZE IN NEW YORK.

Two Hundred and Fifty Dollars Worth of Property Destroyed.

NEW YORK, May 9.—At 2 o'clock Friday morning fire was discovered in the immense slaughter house of Swartzschild & Sulzbergers, wholesale butchers, at Forty-fifth street and East river. The flames spread so rapidly that the second and third alarms were quickly sent out, which brought to the scene twelve engines and four trucks. Despite this force, the flames gained rapid headway until they enveloped the great three-story structure which runs from Forty-fifth to Forty-sixth street and extends to the river. In this building there were large quantities of inflammable material, which fed the flames to such an extent that by half-past 2 o'clock the whole block was in flames.

The fire during its progress reached the lard tanks, when a terrific explosion occurred, quickly followed by four others, which shook the adjoining buildings almost to their centers. By half past 3 o'clock the fire covered the space of 200x300 feet, and at that hour it was estimated that already $250,000 worth of property was destroyed.

At 3:45 o'clock the pier at the foot of Forty-fifth street caught fire. The flames ran along the wharves until they were burning all the way to Forty-seventh street.

DISCORDANT DEPUTIES.

The Italian Chamber in an Uproar—King Humbert's Thorny Crown.

ROME, May 9.—In the chamber of deputies, the government demanded a vote of confidence on its financial program. The demand caused a long and heated debate, and when the question was put to a vote, the government was defeated, 185 members supporting the demand, and 193 opposed it. The debate was in reference to Premier di Rudini's financial statement. The proceedings were heated throughout, and often very uproarous. The house was crowded.

The attack upon the government was opened by Signor Giolotti, who proceeded amid constant interruptions, members on each side of the house excitedly rising and exchanging vituperative epithets with members on the other side.

The uproar finally reached such a pitch that the presiding officer was compelled to close the debate.

When quiet was restored the debate was resumed, and Minister Grimaldi moved a vote of confidence in the government. As soon as the defeat of the government was announced, Premier di Rudini arose and said that he must immediately consult with his colleagues.

As a result of this conference with his colleagues, Marquis di Rudini, prime minister, tendered to King Humbert the resignations of all the members of the cabinet.

FATAL SHOOTING.

A Young Lady Whose Character Has Been Traduced Is Defended.

JACKSON, Miss., May 4.—The historic town of Clinton, ten miles east of Jackson, in this county, has been the scene os a bloody tragedy. Charles Armstead, who came from Vicksburg to Clinton, was met just as he stepped off the train by Charles Bradley, who fired at him with a pistol. Armstead returned the fire, five shots in all being fired, Armistead fell, fatally wounded. Bradley was unhurt.

The shooting had its origin in an old scandal in which the name of Armistead was associated with that of Miss Ada Davis of Bolton, which caused a great deal of talk at the time. Miss Davis was a charming young lady and highly connected as was Armistead.

Last year Tom Davis, a brother of the young lady, attempted to kill Armistead, and did shoot him, shattering his arm, from which wound he had just about recovered. Bradley is the uncle of Davis, and it is said loaded the gun with which Davis shot Armistead. Armistead is a widower, and was visiting his children, who live with their grandmother. Opinion differs as to who fired the first shot.

ROASTED TO DEATH.

Terrible End of a Railroad Engineer in Chattanooga.

CHATTANOOGA, May 9.—While switching coal cars in the upper switching yard on the East Tennessee road, two cars became detached from the engine and started down the steep grade alone. They ran for a quarter of a mile gaining tremendous speed, and crashed into switch engine 76, which was coming out of the lower yards with a loaded train. Fireman J. W. Roberts jumped through the cab window, escaping with a slight scalding, but Engineer N. C. Flagg was caught and pressed against the boiler, where he was literally roasted to death. For fifteen minutes his piteous cries and shrieks could be heard. He was taken out after two hours' hard work and presented a horrible appearance, his nose having been burned away and his body roasted to a crisp. He was a single man, 23 years of age, and came from Whitesburg, Tenn.

THE EAST TENNESSEE.

Colonel B. W. Wrenn Extends Courtesies to the Weekly Press Association.

ATLANTA, May 4.—Mr. Charles D. Barker, corresponding secretary of the Georgia Weekly Press Association, is in correspondence with all railroads enroute to Mexico, asking the courtesies of the several lines to the association on its proposed summer trip.

Colonel B. W. Wrenn, of the East Tennessee, Virginia and Georgia, has been the first to respond, and the following is his letter:

KNOXVILLE, Tenn., April 24, 1892.

Chas. D. Barker, Esq., Secretary Georgia Weekly Press Ass'n.

DEAR SIR—Replying to your letter of 2d, we shall be glad to pass the members of your association over our line enroute to Mexico. Please advise me as to date and other arrangements as soon as you can do so. Yours truly,

Charges Against Judge Boarman.

WASHINGTON, May 9.—The charges against Judge Boarman, of Louisiana, who is here, are being investigated in secret session. No report from the committee is expected for ten days.

THE METHODISTS.

THE TWENTY-THIRD QUADRENNIAL CONFERENCE.

It Has Convened in Omaha, with Over 600 Delegates and Fourteen Bishops Present.

OMAHA, May 5. — The quadrennial Methodist conference convened in its twenty-first session at 9 o'clock at the Boyd opera house. It was a notable assembly, composed of some of the greatest ministerial talent in the civilized world.

Bishop Bowman of St. Louis, as the senior member of the body, presided. Around him on the platform were clus-

BISHOP BOWMAN.

tered seventeen bishops and the representatives of the great European powers in the church. The stage presented a scene of expectancy and preparation for reportorial work. A score of representatives of the various official papers of the church surrounding tables on the stage were preparing to catch the proceedings from the very beginning.

The parquet and dress circle were reserved for the delegates and others having work to perform in the conference, while the visitors and spectators were seated in the balcony. The boxes were occupied by the wives of the Bishops and other prominent ladies of the church.

Called To Order.

Shortly after 9 o'clock Bishop Bowman, rose to his temporary pulpit and said to the brethren that now the hour had come for opening the session of the General Conference. Bishop Newman read from John Wesley's own Bible with his autograph on the page, which was presented to him by Hon. S. D. Waddy of London.

"I was glad when they said unto me, 'Let us go into the house of the Lord'" were the first words which struck the eye of the Bishop.

After the opening hymn Dr. Pearne of Ohio prayed for the smile of Providence upon the conference, the President, the Governor, yea, even unto every subject of the Commonwealth; for the missions abroad and at home, and for all who came within the scope of the Lord's blessing.

Bishop Merrill read a Scripture lesson with a premise to it, and the entire congregation rose to sing a Methodist hymn with a heartiness of spirit which made the house ring. There was no organ. There was none needed. It was not missed; for every Methodist there was in good voice. It was a chill May morning, but their hearts had warmed by this time to a point where "glory" flowed freely from the lip in prayer and where song meant celebration.

Rev. D. S. Monroe, the secretary of the previous conference, then started the real business of the conference at 9:30 by entering upon the roll call. It was a long one, and took considerable time, but most everybody was present. The lay delegates were scattered about in a jumble among the clergy—there being no division.

Separate Seating of Delegates.

After the election of a secretary the permanent seating of delegates was in order. Immediately the old trouble between the lay and ministerial delegates came to the surface. The lay delegates had held a meeting and decided to ask the conference to be seated by themselves, separate from the ministers, thinking by this means to secure greater recognition than they now have, and they were present with their request.

After a long wrangle, during which many amendments and counter motions were made, the conference decided to allow the lay delegates who so desired to select seats separate from the ministerial delegates.

Od motion of Dr. Pullman a section of the hall was set apart for the lay delegates and then the choice of seats by lot was commenced. This lasted until 7:30 in the evening, when the conference adjourned before the drawing of lots had been completed.

The conference reassembled at Exposition Hall, where all future sessions will be held, and attempted to get through the task of securing seats. A colored brother, Rev. R. E. Gillham of Missouri, secured the first seat, and took the first one in the house, amid much laughter. The drawing of seats progressed, but F. J. Young, of North Dakota, took umbrage because his name came not, and plainly stated that "there was some shenanigan with the hat," and quite a heated colloquy ensued.

Two hours afterward all the seats had not been assigned, and quite a number insinuated that they were not getting a fair shake of the hat.

Among the questions which the conference will be called upon to decide are those relating to an increase in the number of bishops, the time-limit controversy, the question of giving the colored brethren representation on the board of bishops and the right of women to sit as delegates.

A strong memorial will be presented to the conference asking it to establish such legislation as will enable pastors to drop members who do not support the church according to their ability; to elect bishops for eight years without privilege of re-election; to remove the limit for the pastorate; to provide for the election of presiding elders without the nomination of the bishop, and to give the cabinet of the bishop the power of making appointments, a majority of the presiding elders being sufficient to determine.

Second Day.

OMAHA, Neb., May 6.—Bishop Merrill convened the followers of John Wesley in the absence of Bishop Bowman. In calling the conference to order, he expressed the hope that the day's exercises would be conducted with a greater degree of harmony than characterized yesterday's deliberations. To this object he delivered an earnest prayer that the members might be properly directed by wisdom from the Almighty, but scarcely was the crisp prayer delivered than a dozen members were on their feet, seeking recognition from the presiding officer. The tumultuous scenes of Monday had broken loose again, and even in a worse form. They wanted the record corrected in reference to their votes on the question of separating the delegates. Several corrections were made in the minutes of the first day.

Among other things suggested was a change in the arrangement of the discipline. No material change was recommended in the rules or in the wording of the discipline, but the committee thought the book could be arranged to much better advantage.

Third Day.

Bishop Foster read the annual report. Two hours' time was given to it. The past quadrennium; the report stated, had been a prosperous one for the church. There had been no deaths among the bishops. Fifty thousand assignments of ministers had been made with but little dissatisfaction. The membership during the past four years has grown rapidly, and now numbers 2,292,614 communicants; 442,000 souls have been added to the church during the four years on confessions of faith. The Epworth league received great praise as a mediator between the Sunday school and the church.

"The church demands an Americanized franchise as well as a naturalized franchise," said the bishop. "The continuation of foreign languages and customs in this country is wrong, and we are opposed to the teaching of foreign languages in our schools. We believe that the elective franchise should be more guarded and that foreigners should be required to serve a longer apprenticeship to secure it. We regard the legislation in congress to exclude Chinese as inhuman. The centralization of wealth is denounced, and the declaration is made that if it is not arrested there will be danger to the social and state functions. Total abstinence is imperative and complete state prohibition is urgent.

The report declares that the union of the church north and south is drifting closer, and it is not an impossibility, and the north still holds out its hand of welcome.

Fourth Day.

Dr. Moore of Cincinnati, offered a resolution asking for a committee of fifteen of the committee on judiciary to consider all appeals and laws. Dr. Moore asked that the committee be appointed by the conference instead of by the bishops. He made the point that it is not good law for a court of appeals to be appointed by a body whose acts are to be reviewed. Dr. Moore's motion caused a sensation, and a sharply contested fight was the result. Dr. Buckley alleged that the position of Dr. Moore was fallacious and defended the present manner of appointing the committee.

Dr. Neely, of Philadelphia, changed his resolution to read nominate instead of appoint. His change was accepted, and the motion then prevailed without opposition.

Another fight was narrowly escaped when the following from the Chicago German conference was offered:

"Whereas, the oaths of all who join oathbound organizations are contrary to the commandment, 'Thou shalt not take the name of the Lord, thy God, in vain, hereafter be it

"Resolved, That a member of the Methodist church cannot belong to such organization without violating his faith."

Debate was cut off by referring it to the committee. Various committee reports were then read and the conference adjourned.

DEEMING'S TRIAL ENDED.

The Jury Convicted Him and He Was Sentenced to Hang.

MELBOURNE, May 5.—The trial of Frederick Baily Deeming for the murder of his wife was resumed in the central criminal court. After some testimony by Dr. Springthorp that did not in any way clear the prisoner of the crime preferred against him, the defense announced that its case was closed. Deeming's counsel then appealed to the jury to give the prisoner the benefit of any doubt that they might entertain as to his sanity or insanity. The court room was literally packed with people who wished to hear the jury announce their decision. No one thought it would take them long to decide the fate of the accused.

Outside of the courthouse a large crowd assembled and they were clamorously impatient for the verdict. They finally became so demonstrative and noisy that the police were forced to clear the streets. The jury retired, and as they filed back into the room a few moments later Deeming shifted uneasily, but smiled at the foreman. The foreman delivered to the judge the verdict of guilty as charged in the indictment. Deeming turned white and trembled as the judge turned towards him and passed upon him the sentence of death. The judge said that in all his experience with criminals he had never before seen such a consumate wretch as the prisoner.

He spoke of Deeming's shameless effrontery during the trial, and remarked that the jury had rightfully ignored the prisoner's clownish attempts to prove himself irresponsible. As the judge pronounced the words, "to be hanged by the neck until dead," Deeming gasped and tottered, but recovered himself enough to nod with assumed indifference. He then sank back in his seat. The audience in the court room applauded the verdict and sentence.

Cain's Bloody Hand.

LAMONT, Ill., May 9.—Superintendent William Wells, of the Illinois Stone Company, a well known and highly respected citizen of this village, was murdered in cold blood by Michael Cain, one of the employes of the Western Stone Company, and the inhabitants are in a fever of excitement over the deed.

Mr. Wells was on his way to the quarries when he was confronted by Cain, with whom he had some words a few days ago. Wells endeavored to pass him pleasantly, but Cain at once drew a revolver and fired five shots, four of which embedded themselves in Well's body, killing him instantly. Cain was lodged in jail.

The Republican.

L. W. GRANT, Publisher.

SATURDAY, MAY 14, 1892.

TO THE DEMOCRATIC VOTERS OF BEAT NO. 1:

You are hereby called to meet together at the Court House at 1 o'clock on Saturday the 14th day of May 1892, for the purpose of selecting delegates to represent your beat in the coming County Convention. This is the time Democrats should assert themselves to preserve harmony and to maintain the integrity and uphold the principles of the party, none but democrats should control the democratic party. It is therefore urged that a full attendance be had at the beat meeting on Saturday.

S. D. G. ROTHERS,
Committeeman.

Let every Democrat go to the beat meeting Saturday the 14th.

Democrats of Calhoun do your duty. Go to the beat meeting.

A paper is to be established at Birmingham in a few days to advocate the People's Party or what is better known as the third party in Alabama.

The affidavit racket sprung on Mr. Grant on the eve of the beat meeting is reacting in his favor. They went too far when they tried to prove that he was not a good and loyal Democrat.

Every delegate in the Cleburne county convention voted for Mr. Grant. That convention was composed of a majority of Alliancemen, but they know him and are willing to risk him to do right and work for the interest of the people.

The time named for the beat meetings in the resolutions of the county Executive Committee is 1 o'clock p. m. Saturday May 14. It will be well for Democrats throughout the county to be promtly on hand at that hour at the places of meeting in each beat.

Mr. J. C. Sanges, County Alliance Lecturer, made a fine Democratic speech in the June Bug beat Tuesday to a large and enthusiastic audience. He came straight out for Mr. Grant for Congress, recited his public services in behalf of the men who work for a living and claimed for him the support of the farmers by whose interests he has ever stood firmly in the Legislature.

Grant Gets The Delegation.

The Hot Blast is proud of the fact that Hon. L. W. Grant, its candidate for Congress, has secured an instructed delegation from the county of Cleburne. Every candidate for Congress in the district, with possibly one exception, have been going to the county for weeks and separately and in unison have been working against Grant. But the true Democratic wing carried the county, got control of the convention and recognizing Grant as the logical Democratic candidate, not only selected delegates favoring him but actually instructed them in his favor.

This is a fine tribute to the worth and ability of the man and his unimpeachable Democratic record.

We have no fear but what Calhoun will endorse her favorite son at the beat meetings on Saturday and elect delegates in his favor at the county convention two days later.

He has been tried in every walk of life and has never proven untrue to his people. His ability is unquestioned and is recognized in every hamlet in the district, and his Democracy is of that kind which true Democrats never question. The independants, Republicans and Kolb adherents are his enemies; the Jones men and other strict Democratic followers are his friends. Not more than 200 exceptances to this rule can be found in the county. Grant has the manhood to declare himself upon the political issues. He is opposed to the three objectional planks in the Ocala platform, and has so declared repeatedly in his paper and on the stump. He was raised in the county and has the confidence and esteem of a great majority of its people.

Opposed to him for the county delegation is a minister of the gospel who has delared over his own signature that he was not a candidate for Congress, and yet six months later is most persistently pushing his claims for the position and when repeatedly asked upon what grounds he claims a nomination only replies "I am for Lane for Congress." This man degrades the sanctity of the pulpit by telling the most dirty yarns while making political speeches; he hasn't the courage to declare his political conviction but is all things for all people. He has been repeatedly advised by his own congregation against going into this contest, they desiring the purity of church affiliations removed from the degrading influences of politics. Such a course was recently denounced by one of the most prominent ministers in the State, of the same denomination as Mr. Lane from a pulpit in this city.

It ought not to be a difficult matter to choose between the men.—Hot Blast.

HE TALKS RIGHT OUT.

The Charges as to His Disloyalty Fairly Answered Aagain.

Anniston Hot Blast.

"Since the Sheid affidavit, the public have been curious to hear from you," said a Hot Blast man to Senator Grant.

"I have been in Cleburne since that affidavit was produced and have had no opportunity to see the paper until my return to Jacksonville yesterday morning. The affidavit raises no new issue. My denial of the statement was already in, in reply to the charge when first made by an anonymous correspondent through the Hot Blast. It is my word against that of another man. I am willing for the public to judge between us. All the surrounding facts confirm the truthfulness of my statement. The files of my paper show that I did give Mr. Cooper the most public and ready support, by hoisting his name at its masthead, in the same issue that contained the proceedings of the Convention. In the Convention that nominated Mr. Cooper I voted to make his nomination unanimous.

"It will be remembered that a secret caucus was held the night before the Convention by men only who could give the pass word. This caucus blocked out the work of the Convention. On this account there was hot indighation following the Convention and some talk of an Independent candidacy. Numbers of my townsmen stand ready to state that I counselled against such talk and advised acceptance of the work of the Convention. Such was also the editorial tone of my paper. These facts, I say, support the truth of my statement in regard to the matter.

"I will not say that Mr. Shied has wilfully sworn falsely. I am charitable enough to believe that he is strangely mistaken and has me confused with some other one to whom he talked. I never had at any time the most distant dream of supporting any Independent candidate against any nominee whatever. I have always been loyal to my party. I do not believe that some of the men who are using this matter against me believe it. It will do me no harm with the Democrats of Calhoun who know me. I think the matter has been dignified in the press beyond its importance."

THE TRUTH ABOUT IT.

A Couple of Cards Telling How it Really Was.

From The Anniston Hot Blast.

The Hot Blast received the two following voluntary telegrams from Jacksonville last night. Messrs Privett and Mattison are two of Jacksonville's most prominent citizens and are well and favorably known all over the County. The telegrams explain themselves:

JACKSONVILLE, May 10.—EDITOR HOT BLAST—There was considerable indignation here immediately after the last county convention at the way it went off and some talk of Col. Sheid running against the nominee. I told Grant of this and he told me that it would not do and that we must all stick to the nominee.

D. J. PRIVETT.

JACKSONVILLE, May 10—EDITOR HOT BLAST—Two or three days after the last county convention, being myself much dissatisfied with the action, I said to L. W. Grant that I wished Col. Sheid would run for the Legislature. Grant said to me that I was doing wrong; that I would vote for the nominee and could not afford to do otherwise; that he had had his tail mashed many times but it always got well.

J. L. MATTISON.

FURTHER CONVINCING EVIDENCE.

JACSONVILLE, Ala., May 11,—We, the undersigned citizens of Calhoun county do state that shortly after the Hon. W. P. Cooper was nominated for Representative of this county by the democratic convention in 1890 there was some talk of an independant candidate entering the race against the party nominee, and that while this was being discussed, we heard the Hon. L. W. Grant discourage the bringing out of any one against the nominee, and that he advised harmony in the ranks of the party, and that the agitators of the movement should support Mr. Cooper the regular nominee.

WHITE PLAINS, May 6.—Hon. L. W. Grant spoke to a fine audience at this place today in the interest of the Democratic party and the necessity of white unity.

The fair ladies of the valley complimented with their presence and presented him a magnificent floral tribute.

The speech was well received and greatly strengthened him at this box. The same might be said of his speech in the adjoining beat Rabbit Town, yesterday.

COMMITTEE ADDRESS.

The Resolutions of the State Executive Committee, Adopted by the County Executive Committee of Calhoun County.

TO THE DEMOCRATS OF CALHOUN:

At a recent meeting of your County Executive Committee, which called a County Convention, certain rules and regulations for the guidance of the party in its action in the coming beat meetings, which were promulgated by the State Democratic Executive Committee, were adopted. Those rules were adopted in the interest of harmony in the party, and to draw closer the loose cords of discipline, so that none but Democrats shall participate in the selection of delegates to Democratic Conventions.

By resolution of your Committee, the resolution of the State Committee defining the qualification and the right to vote in Beat meetings for the selection of delegates to your County Convention was adopted. By that resolution the right to vote and participate in Beat meeting for the purpose of selecting delegates to the County Convention, is confined to the following named persons, viz:

1st. To those who voted the democratic ticket at the last State and Congressional Elections.

2nd. To those who, having failed to vote at said elections, or either of them, have heretofore habitually voted that ticket and intend to support it in the ensuing elections.

3rd. And to those who have become voters since the last election.

4th And to those who will become voters by the next election, and who intend to vote the Democratic ticket.

It is insisted by your committee that none be allowed to participate in the various beat meetings of your county for the selection of delegates to your coming county convention unless they come under the terms of foregoing qualifications. Men who voted against the Democratic nominees in the last State and Congressional elections, should not be allowed to participate in the beat meetings. Democrats must control the Democratic party.

MR. GRANT'S SPEECH.

He Received Liberal Applause Last Evening.

Hon. L. W. Grant spoke to a good audience at the city court room last evening. He went fully into the details upon which a number of the citizens of Anniston are disposed to oppose him. He met every issue fairly and squarely, and was applauded most liberally thoughout his speech. The applause was so generous several times that he had to wait for it to subside. Owing to the lateness of the hour we could not get in a synopsis, but will do so tomorrow.—Hot Blast 12th inst.

POLITICAL POINTS.

DeKalb has gone for Jones.

Elmore has gone for Kolb.

Cullman has gone for Jones.

Cleburne has gone for Jones.

Clay county has gone for Jones.

Henry county went for Kolb. The delegates will be prorated between Kolb and Jones.

Ben Guinn, the spicy young editor of the Oxford Night Hawk, has accepted the position of political editor of the Edwardsville Standard News. Ben is a true-blue Democrat all wool and a yard wide. He is as true to his convictions as the needle to the pole and will make a live and even brilliant editor for the true Democracy of old Cleburne. The Hot Blast advises the wishy-washy fellows to get from under Ben's hammer, or they may get mashed. He hits square from the shoulder, has decided convictions and the courage to express them, and we expect to see them help roll up a big majority for Gov. Jones in that county.—Hot Blast.

Conceded To Jones.

CULLMAN, May 8.—Ten precincts out of sixteen give Jones seventeen, Kolb four. Sixteen is a majority of the convention and prominent Kolb men have conceded the county to Jones.

Dothan For Jones.

DOTHAN, May 8.—Dothan sends a solid delegation of nine delegates to the county convention for Jones and Oates by 150 majority in the beat meeting.

In There Serious Division.

The present division of the white people of Alabama teaches no lesson so clearly and forcibly as that Alabama must sooner or later follow the example set by Mississippi, and make some constitutional provision for the disfranchisement of the negro voters. The necessity for a constitutional convention grows more and more apparent.—Northport Breeze.

Drowned While Bathing.

ATTALLA, ALA., May 8.—Henry Hale, a young man 18 years of age, was drowned in Big Wills Creek, near this place, this afternoon. He was seized with cramps while bathing.

Randolph was thought to be doubtful and went for Kolb. Cullman was thought to be solid for Kolb and gave the Governor a big majority. Though Captain Kolb doesn't see the inevitable, everybody else does.—Age-Herald.

Southern Vs. Northern Cotton Mills.

Chattanooga Times.

The Boston Journal of Friday last was pleased to remark that "the Southern papers are in high spirits over the prospect of the passage of a labor law in Massachusetts which will handicap the cotton manufacturers of the State. The Atlanta Constitution gleefully says: 'With these facts before us, the thing to do is to go ahead with our cotton mills and build new ones. Our New England competitors are already on the run, begging the law to interfere in their behalf. We must press the advantage already gained, and control the manufacture as well as the production of our great staple.' While the wishes of the South have overleaped the facts as yet, it shows the quickness with which advantage will be taken of any obstacle in the way of our cotton manufacturers. There is no question about the reality of the danger."

In fact the Journal had, only two days before it printed the above, justified "the Southern paper's" high spirits on the matter of successful competition by Southern with Northern cotton mills, in all fabrics woven of yarns up to No. 24.

In its issue of last Wednesday the Journal denounced the proposed act of the Massachusetts Legislature to limit the hours of labor to fifty-eight per week, of all women of any age and for youths under eighteen. It declared that this meant the limitation of product in the mills of the State by 3½ per cent., and that this meant a great deal to the owners. It went on to give as a reason against the passage of the law, that the Massachusetts mills "have formidable competitors in the Southern mills, where low wages and long hours reduce the cost of production. So sharp is this competition that it is stated on good authority that the Merrimack Company of Lowell, which are large coverters of four-yard sheetings, find it cheaper to buy these fabrics in the South and freight them a thousand miles than to get them of the Lawrence and the Boott Mills, which produce these cloths, and whose properties touch the Merrimack Company on either side. This is a striking illustration of the new conditions of cotton manufacture, the adverse effect of which on Massachusetts industries the proposed bill would intensify."

The Journal ought not to complain if "the Southern papers" take it as telling the truth. Nor ought it be surprised if we in the South accept the statement of that standard authority, the Boston Commercial Bulletin, when it says the Southern mills stand unrivaled in all the heavy cotton textiles. It ought to do enough to make "the Southern papers" feel good to be told by the representative of the New England mills that so powerful and ably managed a corporation as the Merrimack finds its profit in buying a specialty of Southern mills to fill its orders, instead of getting the goods of mills that join its own plant.

There is no disguising the fact that the Southern cotton mill business is the most prosperous in that line in the world; and it is merely childish in anybody to complain if the Southern press takes all proper occasions to celebrate the fact.

A Wonderful Canvass.

Governor Jones' canvass of the State so far has developed the fact that he is an orator of no mean abilities. Some of his sayings are worthy of being perpetuated and handed down to future generations. His unselfish patriotism and love of his people shine out in every speech. He stoops to no evasions or subterfuges, but meets every charge and every issue fairly and as becomes an honest man conscious of the rectitude of his every purpose he courts the most rigid scrutiny of his every act. It is well for the people of Alabama that in these troublesome times, she has for her chief executive a man who stands as a rock for the principles of sound government, who fearless in the discharge of duty, not tainted by latter day politi heresies. That the people appre Governor Jones is evidenced by fact of the endorsement that he i ceiving at their hands.—Ex.

A COMPROMISE REACHED.

The Democratic Factions of Louisiana Have Been Brought Together.

New Orleans, May 8.—A compromise has finally been reached between the two hostile democratic factions in Louisiana. They will come together. Each claimed to be the true democrat; each had its state central committee and each proposed to send a delegation to the Chicago convention and threatened to place a full electoral ticket in the field in November. The contest over the United States senatorship has caused a split in the lines and improved the chances of harmony and the leaders coming together, arranged a plan by which the factions could be reconciled.

Under the plan the state central and executive committee will be reorganized and divided equally between the two democratic factions. These will call a convention and send a single delegation to Chicago, and select a democratic electoral ticket for the November election. All points have been agreed to, and the split in the democratic ranks will be healed in a very few days.

What Does He Stay in For?

Captain Kolb loses no opportunity of telling the people that he is a poor man and a sound Democrat. Then why, in the name of honesty and common sense does he keep up an expensive campaign after Governor Jones has secured a large majority of the delegates to the State Convention, after conceding every contested delegation to Kolb? Alas, we fear that his protestations of loyalty were the thinnest and gauziest kind of pretext to deceive unwary Democrats who are members of the Alliance. As a bolter, no Democrat who heard not burnt the bridge behind him an started for the mongrel camp of P ialism, can support him. When the conception of the betrayal of Christ first found lodgement in the brain of Judas Iscariot, he was a disciple and apparently a loyal follower of the Lowly Nazarene whom he betrayed with a kiss into the hards of the Roman soldiers. Nov Judas was the bearer of the purse. So in our day when the purpose to betray the white man's paty in this state into the hands of the enemy, first found place in the brains of the betrayers they wee apparently Democrats, loyal and true and some of them have been bearers of the people's purse.—Selma Journal.

Men who clamor against the State Executive Committee ruling that men wh vote against Democratic nominees in the general elections are not entitled to take part in selecting Democratic nominees, are generally regarded as politically unsound themselves. A self respecting man who does not intend to support the nominees, will feel in honor bound not to participate in the party's primaries, and others who have not proper self-respect need to be kept out.—Montgomery Advertiser.

GRAND JURY REPORT.

Hon. Leroy F. Box Judge Seventh Judicial Circuit, presiding:

The Grand Jury empanneled by your Honor for this term with very great respect report that we have with due dilligence inquired into and investigated all complaints against the peace and dignity of the State brought to our knowledge.

We are truly gratified to believe that crime is on the decrease, and for six months has been less than former years and not of so grave and serious character. By far, the greater number of offences reported for our consideration have been of the more frivolous class of misdemeanors. A very large per cent being for illicit traffic in spiritous liquors.

We have heard and investigated 96 complaints, and examined three hundred and seventy-one witnesses, and returned forty-three bills of indictment. Our action has been governed by what we conceived to be, from the evidence and circumstances, for the best interest of society.

The report from every portion of our county upon the condition of the public roads have been of the most favorable character, and all heartily endorse the present road system.

The officers required by law to make report to the Grand Jury have done so promptly and courteously.

The county jail in its appointments for safety, ventilation and light are good and satisfactory. The management we think to be good, and the prisoners well cared for. We would call attention to the furnace for the dispesition of the excrements of the inmates which was not in good condition. This arises from a want of proper attention upon the part of the jailor or imperfect construction. We are glad however, that the agent of Rattan Manufacturing Company, for the Snead system of dry closts, was here this week looking after the repairs without any expense to the county. We say this much for the purpose only of calling attention to our Hon. Commissioners of our county having confidence in their good judgment who will not allow the interest of the county to suffer.

The indigent and poor are being well cared for. The houses and premises are clean and in good sanitary condition. The inmates say they are well fed, and have good and sufficient medical attention. The bedding is clean and sufficient, and Mr. Pruitt, the manager, is humane and kind in his management and treatment.

The books of the County Treasurer are neatly kept. The financial standing in good condition and the indebtedness less than for many years.

The Judge of Probate office shows order and system. The access to books and papers easy and convenient, the books neat and in proper forms. The Judge and his efficient corps of clerks urbane and accommodating.

The County Clerk's office and books are a model of neatness and business system.

The Sheriff's office and books are in good form and condition and in every way satisfactory to this body.

The County Superintendent of Education's books are neat and well kept and stand satisfactory with the State and teachers.

We find the Court House to be in good condition, and thank the Hon. Commissioner's court for the recent public conveniences added to the building supplying a most indispensable.

We tender to Hon. J. T. Martin, solicitor, our sincere thanks for his urbanity, his pains-taking care in the discharge of his official duties. And express our high esteem and appreciation of the lucid and comprehensive charge given to us, and the urbanity and kindness shown to us by his Hon. Leroy F. Box.

We tender to L. P. Carpenter, Sheriff and his Deputies, our thanks for many acts of kindness and uniform courtesies shown us. And more especially do we thank Mr. Joe Whisenant for his prompt and dignified discharge of duties as our bailiff.

Feeling that we discharged the duties for which we were empanneled and having no further business of great importance, would most respectfully ask your honor to be discharged.

Foreman.

A. L. STEWART,

The Grand Jury gave a banquet at the Tredegar Inn last Friday night in honor of Hon. J. D. Hammond, foreman of the Grand Jury.

At 8 o'clock p. m., the Jury with a few invited guests repaired to the dining room where they found every thing necessary to satisfy the inner man. Mr. S. N. Milligan, one of the committee on invitations, explained in a very short speach the purpose of the occasion. Mr. Hammond replied in a talk of about ten minutes in which he thanked the Jury for the manner in which they had shown to him their apppreciation of his kind and courteous respect shown them in presiding as foreman. Judge Box was then called on to ask the blessing, after which those present enjoyed an elegant repast, just such as the inimitable I. W. Gasser, Manager of the Inn, is capable of getting up on such occasions. Between the different courses served, a number of those present were called on for toasts—Judge Box on "Tariff," Solicitor Martin "The Unity of the Democratic Party," S. D. G. Brothers, "The Most Available Man for the Presidency," Col. Ellis "The Most Available Man for Governor," Col. Caldwell "The Farmer of the Country," Jno. D. Hammond "Why are We Democrats," and several others on questions of minor importance. Mr. Milligan was then called on by several of the Jurymen for a toast to Hon. J. D. Hammond, foreman of Jury. He arose and in a short speech paid him some very high compliments for the able, courteous and pleasing way in which he had acted as foreman. The hour for departure having arrived Mr. Hammond again thanked the Jury for the honor they had shown him on the occasion, and all were invited to the parlors of the Inn where sometime was spent in a jovial manner. By all present the occasion was pronounced a success.

CURES SCROFULA

Mrs. E. J. Rowell, Medford, Mass., says her mother has been cured of Scrofula by the use of four bottles of S. S. S. after having had much other treatment, and being reduced to quite a low condition of health, as it was thought she could not live.

S. S. S. Cured my little boy of hereditary scrofula, which appeared all over his face. For a year I had given up all hope of his recovery, when finally I was induced to use S. S. S. A few bottles cured him, and no symptoms of the disease remain.

Read What Capt. James H. Savage Has to Say of Baker's Blood and Liver Cure

TESTIMONIAL.

Piedmont, Ala., May 18, 1887.

My brother, B. F. Savage, of Leadiga, Ala., has been afflicted with scrofula, of the worst form, all his life, but able to work till about five years ago; the disease then broke out in great rotten sores, all over his body, inside his mouth and on his tongue, so that he couldn't go out of his room, nor talk. He was treated by all the doctors of this section of country for two years, and also by Dr. W. F. Westmoreland, of Atlanta, which only held the disease in check, without any prospects of cure, and so pronounced by the doctors. In this condition he lay in his room for three more years. So offensive was the stench you could not sit in the room, especially in warm weather, and it was decided by doctors and all that saw him that it was only a matter of time when the disease would eat him up. I heard that Dr. Baker's Blood and Liver Cure had cured one of my neighbors, Mr. J. D. Braswell, of a bad case, at once procured some of the medicine and gave it to my brother. About the first of November, last, all sores disappeared; and, although I used every means to make it break out again, I failed. My brother, by degrees, got able to work some, and he continued to improve in health and strength, until to-day he is stouter and in better health than ever before in his life. No sign of the disease has reappeared for over six months. I am perfectly satisfied that he is permanently cured. And I would recommend all persons afflicted with scrofula or like diseases to give Dr. Baker's Blood and Liver Cure a trial, feeling sure it will cure any case. It is no humbug. It is a purely vegetable preparation.

I have said this much, and could say more, for this medicine, and without any solicitation, but alone for suffering humanity that may be similarly afflicted. My brother is as sound as a dollar to-day and a living testimony of the worth of Dr. Baker's Blood and Liver Cure. JAMES H. SAVAGE,
Attorney at Law.

Parties doubting the above statement can be convinced by writing to Mr. Savage. He will cheerfully answer your letter. Baker's Blood and Liver Cure has never been known to fail to cure scrofula, syphilis, rheumatism or any kind of blood poison or skin disease. Hundreds of physicians are using it daily with splendid results. Sold by all druggists. If not in stock have them order for you. Ladies, try Baker's Female Regulator and Pills feb 7-6m

WORK IN CONGRESS.

THE MOST IMPORTANT MATTERS CULLED AND CONDENSED.

Notable Events in the Legislative and Executive Branches of the National Government.

Monday.

WASHINGTON, May 9.—In the senate, Mr. Frye, from the committee on commerce, reported back the house bill to encourage American ship building. He said that the report was unanimous, and that he had been instructed to move its present consideration. He made that motion and it was agreed to.

The river and harbor bill passed the house today. It went through practically as reported from the committee. The Georgia appropriations were not changed in any particular. All the rivers fare well. Brunswick gets a good slice, and Savannah goes under the contract system. When the work provided for is completed, it will be the finest harbor south. Two members of the Georgia delegation voted against the bill. They were Messrs. Watson and Winn, the third party members.

Tuesday.

WASHINGTON, May 10.—The house committee on elections today decided that Shonk, the Republican sitting member in the Pennsylvania contested election case of Reynolds vs. Shonk, is entitled to his seat. Twelve members were present and all but two of them voted in favor of Mr. Shonk. Mr. Dean of Ohio (Rep.,) and Mr. Lawson of Georgia (Dem.), the other two members present did not vote, as they had not fully considered the case. Argument was begun in the Alabama contest of McDuffie vs Turpin immediately after the vote in the Shonk case.

Wednesday.

WASHINGTON, May 11.—In the house, Mr. Sayers presented the conference report on the urgent dificiency bill, and the report was agreed to by the house. Mr. Watson endeavored to call up the resolution asking for a report on the sub-treasury bill, by the ways and means committee. Mr. Beltzhoover demanded the regular order, and Watson failed to get up his resolution.

The house then went into committee on the sundry civil appropriation bill.

The senate discussed the diplomatic appropriations bill.

Thursday.

WASHINGTON, May 12.—In the senate, a bill was introduced by Mr. Dawes, authorizing the president to proclaim a general holiday commemorating the four hundredth anniversary of the discovery America, October 12, 1892.

Mr. Oates (as a privileged question) from the committee on judiciary, reported back the substitute for Watson's Pinkerton detective investigating resolution. The substitute resolution recites the allegation that a certain organization, known as Pinkerton's detectives, have been employed unlawfully and to the detriment of the public by railroad corporations engaged in the transportation of the United States mails and interstate commerce, and directs the committee on judiciary to investigate said Pinkerton detectives. The committee is given the usual power as to summonsing witnesses, etc. The resolution was adopted, and the house went into committee of the whole on the sundry civil bill.

Friday.

WASHINGTON, May 13.—The river and harbor bill was reported back from the committee on commerce, with amendments and with report (as required by the resolution of the senate) on each item in the bill. Mr. Frye, the chairman of that committee, stated that the bill was one for two years, and that no river and harbor bills would be reported from that committee the next session.

Saturday.

WASHINGTON, May 14.—As the result of much preliminary work while the river and harbor bill was pending in the house, the senate committee on commerce was able to report the bill back to the senate with all the amendments which it regards as necessary. It has increased the total of the house bill by $1,981,143, and made decreases to the amount of $858,000, making the net increase $1,123,143, and the total of the appropriation made by the bill as reported to the senate is $22,479,118.

FULTON'S CONVENTION.

The Capital County of Georgia Sends a Cleveland Delegation.

ATLANTA, May 16.—The Cleveland-Hill forces met in the basement of the court house in a compromise convention, as per agreement between the leaders of each faction, and efforts were made to put a ticket in the field. No agreement however, could be reached, and the partisan feeling was as strong in the convention as it had ever been manifested before.

It was evident that the crowd, which was large, was largely Cleveland men. This seemed to rattle the Hill men, who felt that perhaps their man would be sacrificed, and when Mr. C. A. Collier arose and nominated twelve delegates to the state convention who were known to be strong Cleveland supporters, and with the ticket proposed that these delegates be instructed to cast Fulton county's vote for Cleveland, there were signs of discontent, and it was evident that the Hill men would not stand the defeat which seemed to threaten their candidate.

The question was put, and amidst the wildest enthusiasm it was carried, and Fulton county was declared to be in the Cleveland ranks with a solid delegation to the state convention.

Immediately after the action of the convention an adjournment was had, and the Cleveland forces withdrew. The Hill men then called another meeting, and a compromise ticket was placed in nomination and elected.

The result shows that all efforts heretofore made to arrive at a compromise has failed, and the state convention will have to decide upon the merits of a contested case over Fulton county's representation.

The following are the delegates elected by the compromise convention:

Hoke Smith, W. D. Ellis, C. I. Branham, Harvey Johnson, Lamar Collier, Jacob Haas, D. B. Hollis, H. A. Boynton, J. W. Renfroe, F. F. Corrigan, C. H. Wilcox, Hooper Alexander.

James Taylor, of Taylorsville, Colo., a man with sixty odd wives, retracted a plea of his of not guilty and pleaded guilty before Judge Bond, in Boston, to adultery on December 10, last. He was sentenced to three years in state prison.

NO PROTECTION TO SWINDLERS.

A Criminal Turned Loose Because His Crime was Against Conspirators.

NASHVILLE, May 16.—The jury in the Cullen-Mexican Lottery case returned a verdict of not guilty. Attorneys for Cullen, in the argument, had pressed the proposition that there could be no conviction given if Cullen was guilty as charged, for the reason that false pretense, of which he was accused, was made during the commission of crime, and that the Mexican Lottery company and its associates in its unlawful undertaking were not within the protection of the criminal law.

Judge Ridley concluded that the point was well taken, and in his charge to the jury said that if the defendant, Cullen, Charles Duncan, and the Bank of Commerce and the Mexican Lottery company had a contract under which other parties were aiding Cullen in the sale of lottery tickets in the state, and if, in furtherance of that conspiracy, Cullen was to make out and present a genuine list of winners in the lottery, and instead of doing so presented a fraudulent list and thereby obtained money from the bank, yet he could not be convicted because the law in reference to false pretenses was enacted for the protection of honesty, and if these persons were engaged in unlawful conspiracy to violate the law against selling lottery tickets they could not be protected, nor would any one of them be afforded relief under the laws of this state.

The Red Men in Rome.

ROME, Ga., May 12.—The great council of the Red Men of Georgia assembled in Rome Tuesday morning. The occasion is the annual gathering of this noble order of Red Men, and about 150 members from over the state were present at roll call. At 10 o'clock public exercises were held at the hall in the First National bank building. The hall was filled to overflowing with citizens. Captain Moseley acted as master of ceromonies. Hon. Charles W. Underwood, in behalf of the city, welcomed the visitors in a very clever manner. Hon. T. J. Chappell of Columbus, responded in a very happy manner. Past Sachem W. T. Cheney and James D. Gwaltney, in behalf of Tomochichi tribe, also made addresses of welcome, and they were responded to by Great Senior Sagamore Y. A. Wright of Jackson, and Great Prophet R. T. Daniel of Atlanta.

The Big Bridge Opened.

MEMPHIS, Tenn., May 13.—The celebration of the opening of the bridge over the Mississippi went off with great eclat, fully twenty thousand strangers are in the city, and the streets are decorated with flags and bunting.

The procession and trades display was witnessed by fully forty thousand. It was two miles long and took two hours in passing. The bridge was severely tested by eighteen engines passing over it linked together, and it stood the test perfectly.

The governors of Tennessee and Arkansas met midway on special cars and after the wildness of welcome Senator Dan Voorhees delivered an oration. The bridge was then thrown open to the public for inspection. It will go into general use at once.

General Alexander Resigns.

AUGUSTA, Ga., May 12.—The annual meeting of the Port Royal and Western Carolina railroad was held here at 11 o'clock Wednesday at the Georgia Railroad bank. General W. L. Manldin of Greenville, S. C., presided. General E. P. Alexander, president of the company, tendered his resignation and declined re-election, and Mr. H. M. Comer of Savannah, was elected president. The only change in directors was the election of Mr. Sylvester Bleckley of Anderson, S. C., in place of John C. Calhoun. A resolution was passed instructing Treasurer McIntyre to receipt for money paid the railroad for mail transportation.

An Old Confederate Flag.

CHARLESTON, W. Va., May 12.—At the Confederate memorial services here, a battle-scarred Confederate flag was run up underneath the United States flag, which spanned the main street near the court house. Some citizens, including Union veteran soldiers, said that it should come down. The Confederate veterans said that it should remain, and warned those who wished the flag removed not to touch it, to let it alone. The counsel of the cooler heads of both bands prevailed, and the flag was allowed to remain till late in the afternoon, when it was removed. The exercises of the day were held in the cemetery.

A Sharp Horse Thief.

RAMSEY, Ills., May 12.—F. H. Hart of Pana, gave a check on the Litchfield bank to William Arthur for a horse and left it in the livery stable here. He borrowed $5 from the proprietor and went to Bingham. There he hired a rig to drive a few miles, but it seems he drove to Coffeen. There he left the rig and took a saddle horse from the hitch rack and decamped. The check given Arthur proved worthless and he recovered his horse. The Bingham liveryman got his and the horse ridden from Coffeen returned after being turned loose. Parties from Pana are here looking after him for something of the same kind.

A Mate Arrested for Murder.

ST. LOUIS, May 12.—Officers Sullivan and Williamson of this city, arrested O. Blanchard on the steamer Grand Republic, on a charge of being a fugitive from justice. He is wanted in New Orleans on a charge of murder. He admits that he is the right man. About six months ago in a quarrel with a negro, Blanchard shot and mortally wounded his assailant. He claims that the killing was done in self-defense. At the time he was mate on the steamer assumption.

There Were Forty-Three Killed.

ROSLYN, Wash., May 16.—The remaining bodies have been taken from the slope, making a total of forty-three men who perished in the terrible explosion. About 250 children have been left fatherless by the disaster, and in most instances they are young and unable to help themselves. Subscriptions are now coming in liberally from the cities and towns of the northwest, several thousand dollars already having been received.

STORM IN OHIO.

The Funnel-Shaped Monster Cloud Scatters Havoc in Its Wake.

MILLERSBURG, May 14.—One of the most destructive storms of buildings, orchards and growing crop that this county has witnessed in many years passed over this place about 7 o'clock. The cloud presented the usual funnel-shape, and traveled north-east and was about one mile wide. It first darted down near Welcome, in the western part of the county, and tore up and twisted every orchard, fence and outbuilding in its path. The large barn of Martin Negelspach was unroofed. The barn and residence of Oscar Korns and the residence of Harrison Pyers were badly damaged. The roofs were torn off and the rain came in torrents. A residence on the James Smith farm, occupied by Adam Summany, was completely demolished, and the family narrowly escaped being killed. Of an orchard on this farm of 500 apple trees, not one is left standing. The residence of William Kidd was badly demolished, and at Philip Kidd's, a near neighbor, his house was unroofed, and a new building, 25 by 30 feet, just completed, was blown forty feet across the road. Great damage was also done on the farms of S. P. McKenzie, Painters, Children's Home and others. The loss to the country will not be less than $500,000.

A MOTHER'S MISTAKE.

She Takes Her Children and Elopes With Another Man—Penniless Now.

KNOXVILLE, Tenn., May 12.—Early in April one Fred Lecroy eloped from New Madrid, Mo., with Mary Downs, the wife of a locomotive fireman. The woman carried with her four children. They went to New Orleans for a time, and finally drifted to Knoxville. Before leaving New Madrid, Lecroy had shipped their household furniture to Lexington, Ky. He and the woman came to Knoxville about three weeks ago, and soon after reaching here ordered the furniture shipped to this place. This gave the officers a clue, and the guilty man has been arrested here, and will be taken back to New Madrid, Mo. He was much frightened when arrested and says he fears lynching when taken back to New Madrid. He is a house painter by trade, and was at work at his trade when arrested. He has been keeping house and has the four children with him. They say they like their new papa better than the old one. The deserted husband in New Madrid will proceed to prosecute the man vigorously. The woman was not arrested. She and children are left destitute.

MURDERED A LUNATIC.

The Sheriff of the County Held to Answer for Murder.

PITTSBURG, Pa., May 14.—John McClaren died in the Dixmont Insane Asylum on Monday under such suspicious circumstances that a coroner's inquest was held, and the developments are startling.

Dr. G. G. Graham, assistant superintendent of the asylum, testified that when the patient was brought to him, the sheriff who accompanied him said that he had to knock the patient down with a club. Dr. Graham thinks the injuries caused death, as the skull was fractured. Dr. Hutchinson, superintendent of the asylum, testified that the man had died from violence. It was shown that the man had jumped through a window shortly before being brought to the asylum, and had cut his scalp, but it was shown that this did not cause his death.

On the coroner's notification, Sheriff Shoemaker was ordered to be arrested.

EDITORIAL CONVENTION.

It Assembles in Chicago Preparatory to Joining the Dedication.

CHICAGO, May 12.—Several hundreds of the delegates to the eighth annual convention of the National Editorial association, which convenes in San Francisco May 24, are in Chicago, and two sections of a special train has left for Kansas City, and there the party will be joined by the delegates from the southwest from St. Louis. The editors will go to Colorado Springs, where two days will be spent, and the second day the delegates will attend the dedication exercises of the Childs-Drexel Home for Union Printers. The convention meets at San Francisco May 24-26, and the delegates will travel by easy stages, going via New Mexico, Arizona and Lower California.

One of Mr. Gould's Schemes.

ALBUQUERQUE, N. M., May 14.—It transpires now that Jay Gould's protracted visit at this place is not solely for the benefit of his health. The annual meeting of the Pecos Valley railroad stockholders was held at the company's headquarters here Wednesday, and it is currently reported that the road had passed into Gould's control. The officers refuse to talk upon the subject, but there is no doubt that a deal of some kind is on. This road is in operation from Pecos, Texas, to Eddy, N. M., and is heading for Albuquerque, where it will meet the road to Durango, and thus make a through line from Galveston to Seattle. The possession of this road will give Mr. Gould control of all the trade of southeastern New Mexico, which is developing more rapidly than any other portion of the territory.

Starvation in Kansas.

WICHITA, Kan., May 12.—A fearful state of destitution and starvation exists among the negro colonists scattered through the black jack country around Kingfisher, O. T. It is said that there are 500 or 600 families with starvation staring them in the face. The negroes blame men who organized the colonies in the south and charge them with misappropriating funds which it was thought would tide immigrants over till they could raise crops. An urgent appeal has been made to Governor Seay through E. P. McCabe, the colored exauditor of this state.

Sixty Persons Drowned.

PESTH, May 14.—The Pesther Lloyd publishes particulars of a terrible disaster that has occurred near Brody, a town in Austrian Galacia. While 100 workmen, with their wives and children, were crossing the river near Brody on a raft the raft capsized and all were thrown into the water. Sixty persons were drowned.

THE METHODISTS.

THE TWENTY-THIRD QUADRENNIAL CONFERENCE.

It Has Convened in Omaha, with Over 600 Delegates and Fourteen Bishops Present.

Fifth Day.

OMAHA, Neb., May 10.—Bishop Fowler of San Francisco presided the fifth day of the Methodist General Conference. The devotional exercises of the morning were led by Rev. W. McDonald, a colored brother of Mississippi.

Dr. Bristol of Chicago called for the order of the day, which was the report of Bishop Taylor of Africa.

Bishop Taylor of Africa then came forward and was greeted with great applause. He said the evangelization of Africa was a stupendous work. A part of the Continent of Africa was poverty stricken by nature on account of the unproductiveness of the country in its present state. The natives were unable to make use of even the resources that were within their reach. They needed brain culture and hand culture. Without hand culture they would starve on their barren plains. The education of the head and hand must be carried forward simultaneously in Africa. It would not do to wait until the heathen had grown up in ignorance and sin.

Someone requested Bishop Taylor to present the little colored girl that he had brought to America with him to the conference. The child was brought forward and placed upon the presiding officers desk. The conference was thrilled with the picture presented and a wave of applause filled the house. Bishop Bowman stepped forward and took the little waif by the hand. The child looked at him innocently and smiled. The audience again broke out in applause.

"What is her name?" called out a delegate.

"We call her Diana," said Bishop Taylor.

"How old is she?" called another.

"She is about 3 years old," replied the Bishop, "and nine months ago she was a heathen child. She has learned to talk English in that short time, and she has gotten into the General Conference, too," added Bishop Taplor, and the audience laughed. The dimunitive black youngster looked out in great wonderment at the sea of white faces.

Sixth Day.

OMAHA, May 11.—The American University and Christian education were the prevailing themes at the mass meeting at Exposition hall. Notwithstanding the forbidding weather, there was an audience of over 2,500 present, and they sat out the entire program, that lasted nearly three hours.

All the addresses were with reference to the proposed university at Washington, which will be open only to college graduates, and the doors of which are not to be thrown open until an endowment fund of $5,000,000 has been secured. The nature of the scheme was set forth by Bishop Hurst, who presided.

The musical part of the program was in charge of Chaplain McCabe and Dr. N. S. Hard. The opening prayer was made by Rev. Dr. D. W. Hayes.

The following program was carried out: Dr. Moulton, the English delegate, was called for by the audience, and responded, expressing his approval of the magnificent scheme and faith in its consummation. It was announced that several subscriptions had already been promised, Mrs. McCabe taking the first share of $10,000. A resolution was adopted asking the bishops to designate Oct. 16 at Columbus Day, when subscriptions will be taken for the American university.

The question will come before the general conference for definite action some time during the present month.

Seventh Day.

OMAHA, May 12.—At the opening of the seventh day's proceedings of the general conference, Bishop Vincent presided, and the devotional exercises were conducted by Dr. McKinley of New York.

Women and dancing were two of the topics that agitated the conference. Committee membership was demanded for the former, and young members gave decided indications of a desire to enjoy the latter.

The woman question was sprung in the form of a resolution by J. B. Maxwell of Nebraska, asking that they be admitted to full participation in the doings of the general missionary committee. The resolution, while exciting much interest, was referred under the rules without discussion.

A resolution was offered calling for an investigation into the affairs of Grant University at Chattanooga. It was alleged in the resolution that this institution had squandered a great deal of money, and had kept in employment a larger faculty than necessary to do the work of the institution, and that the whole management of the college needed investigation. Grant University is under the charge of the Freedman's Aid society. The resolution was referred to the committee on freedmen's aid and southern education society. Dr. J. H. Spence is the president of Grant University, and will probably defend the management when the proper time has come.

A resolution was offered calling upon the Committee on Episcopacy to ascertain if either of the missinary Bishops had ordained anybody outside of the special territory to which they have been assigned, and if so, by what authority they had done so. The resolution was referred to the Committee on Episcopacy. This will doubtless touch the action of Bishop Taylor, who, it is said, ordained a minister while in England. His authority extends only over the work in Africa.

Eighth Day.

OMAHA, Neb., May 13.—It is quite probable that before this conference adjourns, the Methodist church will know no north and no south. An effort to bring the church, north and south, together, is being made, and communications have already been opened with the officers of the church south by the committee on the state of the church, to whom the following resolutions offered by Dr. King of New York, were read:

Resolved, That the members of the general conference of the Methodist Episcopal church rejoice greatly at the fidelity and prosperity of the great Methodist Episcopal Church South; whose membership has advanced from 400,000 to 1,200,000 in the last twenty-six years.

That we sympathize heartily with the desire for reunion so eloquently expressed by our beloved Bishop Foster, and we devoutly pray for its speedy consummation.

That the general conference is hereby requested to take such action as may seem best to secure the organic union of the Methodist Episcopal church, the Methodist Episcopal Church South and other Methodist churches.

Bishop W. Fitzgerald preside at the eighth day's session and Dr. B. B. Hamlin led in devotional exercises.

It seems to be the prevailing opinion among the lay delegates this morning that there will be no Bishops elected at this session. The Committee on Episcopacy was expected to report but will not be ready on account of the fact that the colored brethren are pulling every possible string to secure the election of a colored Bishop.

The following is a telegram sent to Vice President Morton and Congress:

To the Honorable, the Vice President of the United States, at Washington: We are instructed to communicate through you to the House of Representatives the adoption of the following resolution:

The General Conference of the Methodist Episcopal Church here assembled, representing 2,500,000 members and 10,000,000 adherents, heartily approve of the Columbian Exposition and the World's Fair appropriation bill now pending before Congress, provided expressly that the appropriation by Congress shall be conditioned on closing the exposition on Sunday.

Sent by order of the conference.

THOS. P. PEAME,
President of the Conference Columbian Exposition Committee.
JAMES T. EDWARDS, Secretary.

A similar telegram was sent to President Harrison.

OMAHA, May 16.—Bishop J. W. Newman presided over the Methodist Episcopal General Codference, and the Rev. Mr. Halstead of Indiana led the devotional meeting. The Bishop held the Conference to a strict observance of good order.

The Rev. Dr. Lanhan offered a resolution providing that the bishops might, in following the rules already in vogue, count five years in every ten for the appointment of the interant ministry. This is to permit a minister to be returned to a charge after the lapse of five years, and is simply to make the rule more definite.

A resolution was introduced by the book agents of the church calling for a revision of the church law relating to the management of the publishing houses. On account of the fact that a part of the law has become obsolete, Dr. Hunt wanted the committee on the book concern to make the revision and then report the action to the conference. Dr. Neeley wanted the paper referred to the committee on revisals, but it went to the committee on book concern.

OLD HERMITAGE.

The Home of Andrew Jackson Furnishes Shelter for Old Confeds.

NASHVILLE, May 14.—The Confederate soldiers' home at Hermitage has been formally opened. The main building of the institution is now completed and will provide for 125 disabled veterans. Surrounding it is nearly 500 acres once owned by Andrew Jackson, all of which the state has given to the trustees of the institution for 25 years.

The main building is a substantial one-story brick structure, and is equipped with all modern conveniences, being supplied with steam heating apparatus, gas, water pipes, etc. No state institution is better built or better adapted for its purposes.

Probably 2,000 people assembled at the opening exercises, which consisted of music and addresses.

A Capitol Burned.

DENVER, May 14.—A Santa Fe special to The Republican says:

At 8 o'clock fire was seen issuing from the roof of the attic near the base of the south dome of New Mexico's magnificent capitol building. Thh citizens at once drew up the fire hose only to find that the water from the waterworks had been shut off from the building and grounds, or reduced to mere drops, and it was at once discovered that the building was doomed.

All hands at once stripped the building of furniture, carpets, law library and every movable article on the two lower floors. The vaults were uninjured. Owing to some misunderstanding in the late territoral legislature, no money was appropriated for the insurance on public buildings, and policies allowed to expire.

The building was valued at $250,000, and is a total loss.

One of Blaine's Special Friends.

NEW YORK, May 13.—Postmaster Manley, of Augusta, Me., one of Secretary Blaine's most faithful followers, has been in Washington for several days and has held a number of consultations with Mr. Blaine. Before leaving for home Mr. Manley, according to a Washington correspondent said:

"There is nothing in this new talk about Mr. Blaine and the presidency. When he wrote his letter of last February to Clarkson, in which he stated that his name would not go before the convention for the nomination he meant it. He has not changed his mind since then.

"He says frankly to those who speak to him on the subject that he feels better than he has for a long time, and he knows of no reason why he should not live for years, but he is conscious that he could not endure a great and unusual strain. He does not intend to place himself in a position where such a strain could not be avoided."

Selection of Arbitrators.

WASHINGTON, May 13.—The president has under consideration the selection of two arbitrators to represent the United States in the settlement of the Behring sea question, and it is said the appointments will be announced next week. The indications are that one of the arbitrators will be taken from the United States supreme bench, with the chances strongly in favor of the selection of Justice Harlan. It is said that the president has already requested him to act in behalf of the United States, and that he has practically consented to serve.

The Republican.

L. W. GRANT, Publisher.

SATURDAY, MAY 21, 1892.

The Calhoun County Convention refused to adopt a resolution offered by Mr. Brothers of this place and amended by Senator Alexander, of Piedmont, to the effect that Calhoun would respect the time-honored rule of rotation of the Senatorship between Cleburne and Calhoun. It is now Cleburne's time to have the Senator. If the action of our Convention means anything, it means that the men who controlled it are preparing to break faith with Cleburne. If this be done it will be a wrong proceeding. We do not believe the delegates selected to the Congressional District Convention will lend themselves to the scheme. Cleburne has never failed to support Calhoun county men. Two years ago, when that county was unmistakably for Kolb, she relinquished her preference in order to give her support to a Calhoun county man for Governor. Within two weeks she has given delegations to Calhoun men in Judicial and Congressional Conventions. Cleburne has done more for Calhoun than Calhoun has done for her. Because Calhoun has the power she should not set aside a long-observed rule of courtesy between the counties. If the rule is to be abrogated, it ought to be done by fair agreement between the two counties at the coming Senatorial District Convention, after the nomination is made of Cleburne's choice for Senator, to take effect in the future. No intimation was given that the rule was to be broken until after the late Cleburne county primary and Convention. If any Calhoun man had desired to run for the Senate he should have gone into the Cleburne primary and presented his claims to the people of that county and declared his purpose to break the rule. In that event we doubt if either Mr. Kelly or Mr. Grant would have asked delegations from Cleburne Let us treat our smaller sister county right. It pays to be honest and fair in politics as well as in other matters. We feel that public sentiment in Calhoun will condemn any running over of Cleburne in this matter.

ANNISTON, Ala., May 17.—The largest convention ever held in Calhoun county was today's.

Dave Goodwin, an old Selma boy and an anti-Grant man, was made chairman

Throughout the convention was a hormonious one.

Gov. Jones carried the convention by a majority of nine votes.

Candidates Lane, Burns, and a Dark Horse bury Grant.

The above dispatch from Anniston may serve to show those Alliance delegates from the country beats of the county who went into combination with the Anniston delegation by which the interests of the people were surrendered to the corporations that they are to get nothing in return. The Dark Horse spoken of above is really the proposed beneficiary of the combine. They will realize more clearly after the proposed County Convention and the coming District Congressional Convention than they do now that our friends from Anniston walked off with all the goods in the shop, without even leaving a promissory note as a reminder of their brief but affectionate fraternization with the Alliance farmers. Those nine votes which saved the county to Gov. Jones were secured from the country beats by Mr. Grant's candidacy. But for them the county would have gone to Kolb. Those gentlemen in the Anniston delegation who went into the combination with the Kolb forces to defeat the man who saved the county for Jones may have the satisfaction (if there be any satisfaction in the thought) of knowing they have perhaps secured some local advantages at the expense of political fairness. When the full results of the combine become apparent to the people of the county, neither side to the transaction will appear in a very enviable light. The REPUBLICAN should not have alluded to the combination, but for the fact that the beneficiaries of the arrangement have shown a disposition in the above dispatch to boast of their performance as a thing of which to be proud. Mr. Grant takes the matter philosopically, satisfied perfectly over a consciousness of the fact that he came out of the transaction clean handed and without the sacrifice of any interest of the people either in Cleburne or Calhoun.

William F. Sheehan, Lieutenant-Governor of New York and member of the National Democratic Committee, is one of the leaders of the Hill Democratic organization in the State. In a recent interview in his home paper, the Buffalo Enquirer, he said:

"The advocates of Mr. Hill's nomination are not opposing Mr. Cleveland, and all of them, so far as I know, say they will loyally support him if he is nominated. I certainly will for one."—Montgomery Advertiser.

There is no use for the Congressional bee to buzz in the bonnet of any man from this portion of the shoe string for a long time to come.—Hot Blast.

As the Hot Blast has before remarked the very probable outcome of this Congressional contest will be the nomination of a man from Dallas.—Hot Blast.

DISTRICT ECHOES.

Some Gossip and Logical Conclusions.

The Selma Journal, edited by one of the Dallas delegates to the Congresional Convention, has the following to say of one of the results of our late county convention. The suggestion made in the closing quotation points to a Dallas county man as the nominee, so far as the action of this particular delegate can affect results, and he probably voices the sentiment of others of the Dallas delegation:

"The telegraphed result of the Calhoun convention seems to have left the congressional situation in this district in a condition of greater doubt than existed before the holding of that convention. If WIRED reports are true Mr. Grant who everybody supposed would carry the county has been defeated in the county, and in his stead Mr. Lane has SEEMINGLY been chosen as Calhoun's standard bearer.

If we have been correctly informed and we think we have been, as to Mr. Lane's position on the great questions which are now dividing the people of the state he has neither planted himself on the one side or the other. He universally responds when questioned as to his position on the Ocala and other platforms, "I am for Lane for Congress," and it doesn't therfore seem so us, knowing them as we do, that the delegates selected by the Calhoun convention are likely to push Mr. Lane to a finish with a whoop and a hurrah, in other words we believe that the Calhoun delegates to that convention are either for, or against the Ocala and other platforms and not so much for "Lane for Congress."

The Times-Mail took the Journal to task the other day because of a friendly allusion made by the Journal to candidate Grant of Calhoun county. The Journal won't take back its expression of friendship for the Calhoun man nor will it hit back at the good natured reproval of the Times-Mail; for in the first place the man from Calhoun has been the friend and champion of our people when we needed a friend and champion in our legislative hall, and while Mr. Grant is not our choice for congress it is on the "not that we love Caesar less but Rome more," idea"

GRANT'S DEFEAT.

He Lost His County Because he Would Not Trade.

A gentleman in Anniston, writing of the Calhoun convention, and the defeat of Lon Grant, says of that gentleman's course:

Now Mr. Grant could have had the backing of his county had he not been too great to stoop to a trade. He was offered 4 of the 8 votes "to divide the delegation of 8 between him and Lane and give Kolb 4 votes. Grant was too grandly patriotic, too devoted to principle and democracy, to stoop for his own aggrandizement. This is the more conspicuously noble from the fact that Governor Jones did not need a vote from Calhoun, yet Grant would not see his county disgrace herself or destroy her unity, and thus accepted defeat rather than shameful success.

Again, had Mr. Grant betrayed Cleburne county, whose delegation had been instructed for him, he had still succeeded in getting Calhoun's delegation. In other words Cleburne is entitled to the state senator from this district, but Anniston, coveting the earth, was anxious to take the senator from Cleburne. Now if Grant would ignore the claims of Cleburne and throw his weight in favor of Anniston, he still could have had this delegation.

True to principle, devoted to right, forgetful of self, and mindful only of his county's honor, he nobly surrendered his ambition and today stands without a peer in north Alabama. His canvass saved the county for Jones, and yet he would not trade off a single vote of Jones to save himself.—Birmingham Age-Herald.

The County Convention.

Within ten years no such crowd has been assembled at our county convention as was seen in Jacksonville on Tuesday. This shows with what exceeding earnestness the campaign between the Jones and Kolb forces and the Grant and anti Grant men had been conducted. Governor Jones represents an issue, viz: straightout pure democracy against the heresies of Ocalaism. Grant represented the same issue and has had the boldness to expound pure democracy in his paper and on every stump in the county. Jones majority in the convention was 11. By the same process of reasoning Grant's majority should have been the same, if not greater, as he has several votes not gained by Jones. But the peculiarities of politics are past finding out and it is said that trades are legitimate. Grant was traded, and lost the instruction of his county convention. The Hot Blast always graciously accepts the acts of the democratic party in convention whether pleasant or not, and even if our congressional nominee should come from Talladega or Dallas we will support him with all the zeal and sincerity possible.—Hot Blast.

New Orleans, May 16.—Gen. J. B. Gordon, president of the United Confederate Veterans, has appointed a committee of nineteen, one from each of the Southern States, to present a memorial and petitition before the Legislature of each State asking them to vote a life pension to the widow of Jefferson Davis.

COUNTY CONVENTION.

WHAT WAS DONE BY THE JACKSONVILLE CONVENTION.

Delegates Instructed for Jones and Kelly, But no Instructions Given Regarding Congressman, Senator and Chancellor.

JACKSONVILLE, ALA, May 17.—Convention called to order promptly at 12 o'clock by Hon. H. L. Stevenson, Chairman of the County Executive Committee.

D T Goodwin, of Anniston, was nominated as temporary chairman and was unanimously elected.

J H Nunnelee, of Anniston, and J C Wickes, of Piedmont, were elected temporary secretaries.

There were found to be contested delegations from Oxford, Piedmont, Alexandria and Rabbittown.

The Convention then adjourned until 2 p m.

On assembling Mr. Knox moved that the delegations from Piedmont and Rabbittown be seated prima facie, until contests were decided. Mr. Caldwell amended by admitting the prima facie delegations from Oxford and Alexandria. Unanimously carried.

Mr. Carthel moved that a committee of seven be appointed on credentials. Mr. Greer amended by asking that one be appointed from each beat. Mr. Knox opposed this as being manifestly unfair as it would give the smallest beat in the county equal power and representation with the largest beats in the county. Mr. Greer in a handsome little speech withdrew his amendment in a spirit of fairness, speaking very complimentary of Anniston's stalwart delegation.

Chairman Goodwin then appointed the following committee on credentials Joseph Carthel, J H Caldwell, J W Anderson, L F Greer, Jas Griffin, J M LeGraud, A P Foster. An informal recess was taken. The committee consumed two and a half hours in the investigation. The committee made a verbal report and it was unanimous. The contest from Piedmont and Rabbitttown were withdrawn. The Jones delegation from Oxford was seated as was the Kolb delegation from Alexandria.

The temporary organization was made permanent by motion of W A Davis.

On motion of D D McLeod the chair appointed a committee of five each to elect delegates to the State, Congressional, Senatorial and Judicial conventions.

State Convention, W A Davis, W H Dean, Wyly Mangum, E W Teague, W F McCulley.

Congressional, G T Burke, S P Kennedy, K S Woodruff, B B Nunnelly, J E Reese.

Judicial, S D G Brothers, D D McLeod, J H Cook, W F Higgins, E M Reid.

Senatorial, Dr. B D Williams, J W Anderson, J A Hughes, E C Lusk, G H Mathis.

On motion of J H Caldwell the delegates to the State Convention were appointed to the Chancery Convention.

The committee reported the following delegates to the Judicial Convention: J J Willett, John H Cooke, J C Francis, J T DeArman, J J Arnold, J R Kirby, W J Brock, W J Pearce, S D G Brothers, Wm M Hames, J M Caldwell, J F Methvin, T M Draper, N H Bagley, John C Graham, E D Meharg. Adopted. The delegation was instructed to vote for R B Kelly.

Committee reported following delegates to Senatorial Convention: J C LeGrand, W W Whiteside, B F Johnson, O E Usry, W C Scarbrough B B Nunnelly, R P Thomason, W P Cooper, J D Posey, T D Bynum, T C Hill, J H Duke, W C Mangum, S T Peace, John H Caldwell, Dr. John M Crook.

Committee on Congressional Convention reported: John B Knox, T W Ayers, G D Harris, John T Yeatman, Dr. G C Williams, D T Goodwin, Robt A Hollingsworth, B B Nunnally. Adopted.

The following delegates were selected to the State Convention by a vote of 56 to 45: J B Knox, J B Goodwin W J Alexander, B D Williams, W P Cooper, W C Scarbrough, E D Meharg, J H Caldwell.

A minority report was submitted: L L Allen, G W Eichelberger, J M Anderson, John Williams, J K Borders, S K Cunningham, K S Woodruff, J T DeArman, and was defeated by above vote.

The majority report was adopted and on motion of L F Greer made unanimous.

A new County Executive Committee was elected as follows:

Beat 1 J J Arnold.
" 2 B G McClellen.
" 2 J M LeGrand.
" 4 J M Anderson.
" 5 L N Downing.
" 6 Arthur Morris.
" 7 R A Hollingsworth, G H Landrum.

Mr. D T Goodwin was elected chairman of the Democratic County Executive Committee.

Mr. S D G Brothers moved that the Senetorial delegation be instructed to vote for the candidate for the State Senate presented by the county of Cleburne. Mr. Knox opposed the motion. Mr. Alexander moved an amendment that the delegation be not instructed, but that it was the sense of the convention that the Cleburne county convention nominee be voted for. The motion was tabled.

The following resolution was introduced by W W Whiteside and passed:

Whereas it has been customary for the organized democracy of this county to select its candidate to represent the county in the legislature, the great importance of Calhoun county in this State and the material interest of our people requiring that said representative be selected by the united voice of the party and not controlled or influenced by republican votes.

Now therefore be it Resolved that this convention hereby request and direct that the executive committee appointed or to be appointed by this convention forthwith call a convention of the democratic party of this county for the purpose of nominating candidates to represent this county in the next legislature and that 30 days notice be given of the time of holding said convention that all the precincts may elect delegates thereto.

The following resolution was introduced by John Pelham, and adopted.

RESOLVED, That the delegations respectively be and they are hereby authorized to fill any vacancies by a majority vote that may occur by reason of the absence or resignation of any delegate.

Mr. J F Higgins moved that the next county convention be held in Anniston, which created quite a flutter for a while, but he finally withdrew his motion.

Mr. Higgins introduced a resolution that the delegates to the State Convention be instructed to vote for Thos. G. Jones for Governor.

Greer made a manly speech seconding the motion, and said while he was a Kolb man he would give the nominee of the convention at Montgomery his hearty support. His remarks were greeted with applause.

Adjourned.

"A beautiful woman is the picture which drives all beholders nobly mad," said Emmerson, whom one may be a little over-fond of quoting; and he who does not stand ready to doff his hat in her presence is fit for dark crimes. She glorifies the highway and makes many a home a heaven. She lifts even sordid men above themselves, and points the way to "the heavens and orbs supernal." Wife, mother, sweet-heart, sister, daughter—call the roll, and in answer to each blessed name there will step forth an angel! The old white-haired mother gone to the grave is the blessedest influence in this life; and there lives no man who can think of her at eventide without a tear in his dimmed eye and a pain in his loyal soul. The sweetest flower that ever blossomed on this old earth sprang from the grave of a mother. Don't you remember her, you man who have ascended to within full view of that mount whereon fame's temple shines gloriously, or you who grovel down there amongst the rabble and the rubble? Remember you the stroke of the feeble old hand upon your sin marked brow? Recall you not those faded old eyes, once blue as the sky, and forever beautiful as a dream of heaven? You have not forgotten the kiss of those wrinkled old lips, be you man or devil, and whether success form a glory about your head, or the vapors of failure do envelop you, the grave of the old mother points the only way to peace.—Exchange.

The Mobile Register says:

Notwithstanding the decline in cotton goods the earnings of the Sibley Cotton Mills, at Augusta, Ga., for the past year were $104,956 on a paid in capital stock of $96S.000.

If the Register will examine the figures it will see that the decline in cotton goods has not been near so great as the decline in the price of cotton. Southern sheetings are quoted 8 per cent lower than a year ago. In the meantime cotton declined 20 per cent.

The following bit of humor is from the Greensboro Watchman:

There is scarcely a worse school on earth for the education of the young than the street. And it is a melancholy reflection that so many of the rising generation are preparing to graduate into active life from its corrupting associations.

The "rising generation" referred to it is so be supposed includes those who will get a lift in life with the assistance of a piece of hemp.

An Important Fact To Face.

Montgomery Advertiser.

Additional to the dangers which confront the Southern cotton planters, should another great crop of cotton be produced, there is another which appears to be looming up to dismay them. Reports from the leading grain States indicate that the production of the three great cereal crops, corn, wheat and oats will be much less this year than last.

Should this be the case there can be but one result that is, higher prices both for grain and provisions. The Southern cotton planters know from the experience of the past year what it is to pay advancing prices for food stuffs, while their own staple crop was continually declining in price. It looks now as if the coming year is to bring still higher prices for corn and meat. The relief of the Southern cotton planter from such a desperate emergency is to meet the deficiency of the grain crops of the West with an increase of the same crops in the South.

It would be a matter of indifference to the Southern cotton producer if wheat was worth $2 and corn $1 a bushel, and meat 25 cents a pound in the West if he raised enough of these necessities to meet his home demand. If cotton could be regularly sold for $50 or $60 a bale it might pay the cotton planter to have his grain bins and hog pens in the West. But, unfortunately, the cotton planter is too often forced to pay increased prices for groceries and wheat when he is selling his own product at a price below the cost of production.

This fact has become so noticeable that, when meat goes up cotton goes down, has almost become a ruling influence with speculators in both commodities. During the year 1889-90 the cotton planters all over the South relieved themselves almost entirely of debt. This happy situation was the result of a fortunate combination of circumstances. The Southern farmers raised a surplus corn crop and a cotton crop just large enough to keep the price up to a living figure.

The truth is, there is no farmer in all the world so fortunately situated as the Southern farmer. He can raise a crop which is gold at any time he wants to sell it, and which no other section of the country can produce. Additional to this, he can produce any known food stuff for man or beast, and when the day comes that his cotton will be made a surplus crop the equal of the southern planter will not be found anywhere.

The world needs to meet its consumption a cotton crop of 7,500,000 bales from the Southern States. This is a normal figure. Anything above this means lower prices. Anything below it means better prices for cotton, in brief, the Southern planter can decrease the cotton crop to a figure which will force not only a living price for it, but one in which there is a profit, while reducing the total cotton crop the acreage in wheat, corn and oats will be necessarily increased to give full work to the hands employed, and, while making themselves less dependent upon the West for provisions they will at the same time be producing a normal crop of cotton which can be sold for more cash money than can be obtained for a crop much greater than the annual consumption.

This is well illustrated in the fact that the 4,700,000 bale crop of 1875 brought the Southern planters $168,000,000 more than the 9,000,000 bales of 1891. Think of it, a cotton crop nearly sixteen years ago of one-half the size of 1891 worth $100,000,000 more to the Southern planters.

The Southern planter has the situation in his own hands. The question is what will he do? Will he pay a tax of $200,000,000 to $300,000,000 for the privilege of buying his bread and meat in the West, or will he raise his own bread and meat and put the $200,000,000 or $300,000,000 in his own pockets?

There was but one other boy with him and he was so frightened that he did not tell of the tragedy until this morning. The body has not been recovered. The boys were bathing and Comer ventured beyond his depth.

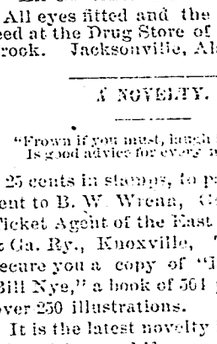
To the Efficacy of the World-Renowned
Swift's Specific.



The old-time simple remedy from the Georgia swamps and fields has gone forth to the antipodes, astonishing the skeptical and confounding the theories of those who depend solely on the physician's skill. There is no blood taint which it does not immediately eradicate. Poisons outwardly absorbed or the result of vile diseases from within all yield to this potent but simple remedy. It is an unequaled tonic, builds up the old and feeble, cures all diseases arising from impure blood or weakened vitality. Send for a treatise. Examine the proof.

And What Capt. James H. Savage Has to Say of Baker's Blood and Liver Cure

THIS MANUAL,
Richmond, Ala., May 18, 1887.

My brother, R. F. Savage, of Loyd[illegible], Ala., has been afflicted with scrofula, or the worst form of it, all his life, but able to work till about 2 years ago the disease then broke out in a rotten sores, all over his body, inside and outside of his mouth, on his tongue, on the roof of his mouth and on his throat, so that he could not get a mouthful of food down, for him. He was treated by all the doctors of this section of the country for two years, and also by Dr. W. Westmoreland, of Atlanta, which only relieved the disease in check, without any prospect of cure, and so pronounced by the doctors. In this condition he left his home in his room for more years. So offensive was the smell that every one[illegible] in the room, especially in warm weather, and it was decided by doctors and all that saw him that it was only a matter of time when the disease would eat him up.

In August, 1886, I heard that Dr. Baker's Blood and Liver Cure had cured one of my neighbors, Mr. J. D. Braswell, of a bad case. I then procured some of the medicine and gave it to my brother. About the first of December, 1886, all sores disappeared; and although I used every means to make them break out again, I failed. My brother, by degrees, got able to work some, and continued to improve in health and strength until to-day he is sounder and in better health than ever before in his life. No one of the disease has reappeared for over six months. I am perfectly satisfied that he is permanently cured. And I would recommend all persons afflicted with scrofula or blood diseases to give Dr. Baker's Blood and Liver Cure a trial, feeling sure it will cure them. It is no humbug. It is a purely vegetable preparation.

I have said this much, and could say more, of this medicine, and without any solicitation, but alone for suffering humanity that may be similarly afflicted. My brother is as well as a dollar to-day and a living testimonial of the worth of Dr. Baker's Blood and Liver Cure. JAMES H. SAVAGE,
Attorney at Law.

Any one doubting the above statement can be convinced by writing to Mr. Savage. He will cheerfully answer your letter. Baker's Blood and Liver Cure has never been known to fail to cure scrofula, syphilis, rheumatism or any kind of blood poison or skin disease. Hundreds of physicians are using it in their private practice. Sold by all druggists, with scrofula cures. Sold by all druggists. If not in stock have them order for you. SATURDAY, MAY 28, 1892.

Convention Call.

Pursuant to instructions of the Democratic executive committee of the 7th judicial circuit, which met at Talladega, Ala., Feb. 29, 1892, I hereby give notice that the convention to nominate a candidate for judge of said circuit will meet at Talladega on Wednesday, June 15, 1892, at 10 o'clock a. m.

The following counties compose the seventh judicial circuit:

Calhoun will be entitled to 16 del'g'tes
Clay " " " 8 "
Cleburne " " " 6 "
Shelby " " " 14 "
St. Clair " " " 8 "
Talladega " " " 16 "

T. S. PLOWMAN, Chn.
Dem. Ex. Com. 7th Judicial Circuit.

Hon. L. W. Grant was in town Tuesday, having come up from Calera, where he spoke Monday night to the Democratic club at that place. He went out to Shelby Tuesday night and spoke to a very enthusiastic gathering of Democrats and will be in the county several days, assisting in the thorough organization of the party.—Columbiana Chronicle.

How it is Viewed Abroad.

Copying and speaking of the communication to the Birmingham Age-Herald, touching Mr. Grant's refusal to trade for a delegation at the sacrifice of the interests of the people of Cleburne or Calhoun or the yielding of any of the fairly won delegates of Gov. Jones to Kolb, the Columbiana (Shelby County) Chronicle has this to say:

"The noble action as above described of Hon. L. W. Grant is but another link in the chain that binds him to the hearts of his countrymen. Mr. Grant has always reflected credit upon his constituency of Calhoun. He and his noble co-workers made Calhoun the stronghold of democracy and the banner county of the state. We take off our tile and make a profound bow to a man whose patriotism elevates him to such unselfish deeds. Should the conduct of a few selfish politicians about Anniston result in the defeat of Mr. Grant, we can only say

We hold it truth with him who sings
On one clear harp of varied tones,
That men may rise on stepping stones
Of their dead selves to higher things."

Commenting on the outcome of our recent county convention, the Talladega Mountain Home says:

"Mr. Grant lost the delegation on account of a bitter fight being made against him by the Anniston delegation. Mr. Grant's defeat was a surprise to his friends all over the State, but he stands up under it as a true Democrat and submits to the wishes of a majority of his fellow Democrats. The defeat of Mr. Grant in his home county would under different circumstances, no doubt, be stinging, but he is too well understood for him to feel out of sorts. Mr. Grant is a straight Democrat, true and tried, and in the future as in the past will be at the front in the in the interest of the party.

The Montgomery Journal speaking of it says:

"Calhoun is the home of both Mr. Grant and Mr. Lane. But it may be remarked, incidentally as it were, that Mr. Lane has never been a member of the legislature and antagonized Anniston in its efforts to establish a city court."

Study His Record.

Cedar Bluff Free Press.

Thos. G. Jones has a record as candidate for Governor twice and as the executive of the responsible duties of this office that should be studied by every voter in Alabama. With perfect dignity, leaving out all personalities in his first canvass, he discussed with great clearness and force the principles involved in the campaign. He turned the light of history on some of these principles, as practiced in the legislation of this State in the year 1837 and the dire results that followed. He compared the act creating the State a cotton factor and authorizing it to build warehouses for the storage of cotton in competition with its own private citizens and the lending of money through its banks to cotton and land owners, to the present sub-treasury scheme and showed them to be identical in principle and equally inimical to the interests of the farmer and every other class in the State. He pointed to to the great loss of the State following this practice and showed that after the most skilful management of Francis Strother Lyon, Robert Jemison and other great financiers, chosen by the State, to get her out from the condition of impending ruin into which she had plunged, that there remained yet from that legislative adventure a a bonded indebtedness of $5,000,000, upon the interest of which $200,000 taxes annually are wrung from the present generation, to attest the monumental folly of their fathers in 1837. He has extended the breadth and depth of his discusion in that campaign, in his handling of great questions of statesmanship with logical force and accuracy of historical illustration. He lives in his speeches at Camden, Birmingham and other places, on this line. He never stoops to personalities 'till forced, for self-defence. He was eulogized by Kolb in his first canvass for this exemption.

He is the peer of any Governor living and the logical, rightful and, already elected, successor of Thomas Goode Jones.

A wired report from Ex-Mayor Stevenson says that he is now on the borders of Texas and Mexico breaking Mustang ponies.

A Stab at The Governor.

Montgomery Advertiser.

If John B. Gordon, in Georgia did not escape a political charge that he was a coward during the war, and the glorious scar on his face, the last of seven wounds at Sharpsburg, was "caused by a swinging limb," it is not surprising that like malice should make lesser assaults on the same line upon Governor Jones in Alabama. Kolb's organ up in Morgan county says the Governor was a "staff officer" during the war; and conveys the pith of its mean insinuation in the statement, manufactured and put into the mouth of General Forrest, that staff officers as a "class" were conspicuous by their absence from the line of battle.

If it be any comfort to the Governor's enemies we state the fact, well known here, that the Governor, when a seventeen year old boy, bore a musket in Jackson's campaign against Banks in 1862, and that same year enlisted as a private in Company K. Captain Felder, 53rd Alabama Regiment, Col. Hannon, and became first sergeant, and participated in some of its bloodiest battles before he was eighteen years of age. Many of his old comrades in this command are still living in Montgomery, among whom we may mention Major R. B. Snodgrass, Captain Thos. E. Hannon, Sgt., J. A. Boothe, Green B. Milligan, Esq., yet political bitterness has been carried so far that it has been privately whispered around that the Governor was never an enlisted man at all, At the time the motive for this was not understood, but now it is apparent. The effort was made to support the very serious chare now publicly made that he was never anything but "a staff officer," and being of such a class he could not have done his duty as faithfully as Captain Kolb, whom his Morgan county organ claims was a better soldier, because he was a "line officer."

If the Morgan scribe knew enough about Governor Jones to know that he had been a staff officer during the war, he knew also what kind of an officer he was. He knew that he was "conspicuous" not for his absence, but for his presence on the line of battle. It will provoke a smile of derision from every old soldier of the army of Northern Virginia to be told that a man who rode beside John B. Gordon, the great infantry commander in Virginia, was not as much exposed to bullets as Captain Kolb of the artillery.

Gordon, when here on the occasion of President Davis' visit, on introducing Governor Jones before his lecture at McDonald's Opera House, spoke of him as one who was "assigned to my staff, when a beardless boy; who was with me in whatever trials I experienced myself during the war; who never failed to discharge his duty willingly but gladly, whatever might be the promised cost." The audience at the Opera House, and the reader of the papers next day, remember the instances the general mentioned of his distinguished gallantry; particularly that at Hares Hill where he volunteered to carry an order, under terrible fire, and "left his track in his blood in doing so." Robert E. Lee, who was near Gordon and heard what transpired between Gordon and his staff officer sent his "personal thanks to the brave young Alabamian." And yet this "staff officer" not yet out of his teens," who won the thanks of Robert E. Lee and John B. Gordon, and shed his blood in defense of his country, is assailed by innuendo by this Morgan County organ, as not having done his duty as well as Kolb, because forsooth one was a "staff officer" and the other "a line officer." Such malice does Gov. Jones no harm, and does not benefit Captain Kolb.

SUFFERING IN ARKANSAS.

Appalling Poverty Among Whites as Well as Blacks.

PINE BLUFF, ARK., May 23.—The destitution among the flood sufferers, white as well as black, between Little Rock and the mouth of the Arkansas River is appalling. This city and its vicinity are filled with thousand of refugees. The cotton crop all along the river is totally destroyed, and it is hard to tell on what the farmers will live this summer. The Government boat C. B. Reese arrived here this evening from the upper river, where she supplied 1,500 half famished people on seventeen different landings with provisions furnished by the citizens of Little Rock. Hundreds of people were taken along and put off on dry places. At Eagle's Landing 120 people were found living in three houses. Two men were seen drowning by the crew and four rescued from house tops where they for hours found refuge.

The report reached here tonight from the Government steamer Wichita, sent to the lower river with provisions by Pine Bluff citizens, that 650 more people were fed and rescued from their perilous positions.

The town of Auburn is flooded, owing to a break in Brunon levee. The rich plantations at Bankhead, Green Bank and Swan Lake are entirely submerged and the planters refuse further supplies to their hands. An urgent appeal for assistance was sent here from Sherill, and at a mass meeting $1,650 was subscribed in an hour. A flotilla of Government boats is continually on the river bringing succor to the helpless victims of the flood.

Dr. C. J. Clark, and family of Selma, Ala., have moved to Jacksonville and will spend the summer here.

CONVENTION CALLED.

Jacksonville the Place, June 28th the Day.

To THE DEMOCRATIC VOTERS OF CALHOUN COUNTY.

At the convention of the Democratic party of Calhoun county held at Jacksonville on May 17th 1892, the following resolution was adopted:

"Whereas it has been customary for the organized democracy of this county to select its candidates to represent the county in the legislature, the great importance of Calhoun county in this state and the material interest of our people requiring that said representative be selected by the united voices of the party and not controlled or influenced by republican votes. Now therefore be it.

Resolved, that this convention hereby request and direct that the executive committee appointed by this convention forthwith call a convention of the democratic party of this county for the purpose of nominating candidates to represent this county in the next legislature and that 30 days notice be given of the time of holding said convention that all the precincts may elect delegates thereto.

D. T. GOODWIN, Chairman.

FORNEY OF ALABAMA, WANTS ECONOMY PRACTICED.

The Honor Roll A Roll Of Shame.

Washington, D. C., May 21.—Forney, of Alabama, offered an amendment providing that the board of managers of the national homes for disabled volunteer soldiers shall apply an excess over $5 per month of pensions of all inmates to the support of the home, except where the inmate has a dependent wife child or parent.

This gave rise to a good deal of discussion, and was vigorously opposed. In advocating the amendment Snodgrass, of Tennessee, said that the pension roll which should be a roll of honor had become owing to the legislation of the republican party, a roll of dishonor.

Bland, of Missouri, commented upon the large expenditures made by the present congress and attributed many of them to the legislation of the 51st congress.

He referred more especially to the dependent pension act which he announced his willingness to repeal. He demanded economy and he demanded that the wealth of the country be taxed. There should be tariff reduction all along the line, and the tariff tax should be supplemented by an income tax. Forney's amendment was adopted 96 to 30.

The State Convention is only two weeks off from to-day. The State Committee will meet here on June 2, and the real work of the Convention may be said to begin then. It is very important that every member of the Committee should be present at that time, so that what is done may be fully understood, and so that calm, dispassionate judgment may be exercised in determining all points at issue. Let every member promptly attend.—Montgomery Advertiser.

Dr. B. D. Williams, of Oxford, Ala., will address the pupils of Weavers High School, Friday June 3rd at 3 o'clock p. m. in the interest of education.

Dr. Williams is a logical reasoner, fine orator and enthusiastic in educational work. We are glad to have him with us. All are cordially invited to be present and especially the patrons of the school. Come out and hear the doctor.

THE ARIZONA KICKER.

No Boom, But Things Continue to be Lively.

Rather Embarrassing.—Saturday evening last a lone woman arrived by stage and announced herself as the wife of Major Blake, our justly popular town marshal. As the major had a wife and two children in his home on Cactus avenue it doubtless made things somewhat embarrassing for him. He might have wriggled out of it, however, but for the appearance of a second lone woman on Monday noon, who also claimed to be his wife. This made three on the major's hands at once, and all threatening to shoot, and it is no wonder he broke for the brush.

We don't know how the major intends to arrange matters, but it seems to us that some sort of a satisfactory understanding can easily be arrived at. There are 100 men in this town just as good as the mayor who will marry these extra wives tomorrow and provide them with good homes. There is no use of three women chasing up one man in this neighborhood. If they will call at The Kicker office we think we can arrange matters so that each and every one will enjoy much happiness in the future.

Not Captious.—We don't want to find fault with the way the coroner conducts the affairs of his office, but we do feel like throwing out a gentle suggestion that we believe is worthy of consideration. In three different instances where he has gone over to Clinch Valley to inquest on bodies found hanging to trees the verdicts have been 'Cause unknown.' There should be no hesitancy in stating that the deceased was hanged. If he hadn't deserved hanging he wouldn't have got there, and no one will blame the crowd who pulled on the rope. Some of the executed may have relatives who will want to know all about it, and they should not be deceived into believing that it was a case of mountain fever or heart failure. The great and glorious west has a reputation for truth and veracity to maintain, and all official facts should be given straight from the shoulder.

He Was Too Fresh.—Every man has individual characteristics and eccentricities, and where they are harmless they should be overlooked. We have in some manner contracted the habit or eccentricity of spitting tobacco juice on the right foot of any person we may happen to be talking with on the street. We do this unconsciously and with the best of motives. It is just as natural for us to do it as it is for a coyote to strike a gait of thirty miles an hour when a dog gets after him. All our citizens know this and excuse the action. The other day a stranger from Hiko, Nev., who was looking our town over, stopped us in front of the First National bank to ask for information. While posting him our eccentricity probably developed itself. We don't know that it did, but we judge so from the fact that he suddenly jumped back, drew his gun and began blazing away. He had fired four shots before Judge Hopkins, who was near at hand, could collar and disarm him. His bullets cut two buttons off our vest and grazed the hide under our left arm.

The usual crowd gathered, and when the boys learned the facts in the case the stranger was disarmed and ordered to leave town on the 4 o'clock stage. He went. It was the general opinion that he was altogether too fresh for this locality. We don't want the inference to go out that a stranger, who won't permit us to spit on his boots, has no rights in this town, and that his life will be in danger at the hands of a mob. We simply reiterate that we have some peculiarities, and it is a great deal better for a stranger to ask for an explanation or demand an apology before beginninig to shoot.

A Disappointed Lot.—The cowboys over at Lone Tree got word the other day that his the mayor (who is ourself) would pass through that town on the regular coach at 12 o'clock noon. They gathered to the number of forty, with a beautiful new rope bought for the occasion, and when the coach drew up at the postoffice they made a rush for it. There were only two passengers—a little, dried up, red headed man with asthma, and a fat woman from Bald Knob, who was going east to join a side show. The boys succeeded in scaring the two into fits, but got no other satisfaction. The chap they were after was far, far away, attending strictly to his duties as editor of a great weekly paper and mayor of the liveliest town in the untrammeled west. It's no use, boys. We like to have you visit our town, and we like to see you enjoy yourselves, but you can't run things as in the old days. You've got to knuckle to laws and ordinances, same as other folks, and it is a waste of time to put up jobs on the mayor. He knows his gait, and he isn't going to be choked to death in no such offhand fashion.

Children Cry for Pitcher's Castoria.

"UNCLE JOHN."

Another life has sped beyond the dark waters of death. Another mild and gentle soul has breathed its last and "crossed over the river to rest under the shade of the trees." Another chair is vacant around the family hearth-stone, and one of the noblest works of God is sadly missed by a wide circle of friends and relatives.

Yes, John B. Abernathy is gone!

On Sunday night, 22nd of May, after a short illness, at the residence of Wm. C. Crow he died. Only a few days before he was with us in our Beat Convention, in ordinary health for one of his age. True to his life-long convictions and usage he would come to the democratic Convention. He was 85 years old last April. He came to this section in the early fifties, and was a man of means before the war. He was never married. He was a consistent number of the Episcopal church, and one of its earliest supporters. Uncle John's life was a beautiful poem. He possessed the sweetest of natures, mild-tempered, upright and refined. His voice was never raised in anger, nor in slander towards his fellows, and, as of Abou Ben Adhem it could be written "count me as one who loved his fellow man."

Enemies he had none, friends were reckoned by the scope of his acquaintance. Truly a good man hath left us, and our loss is his gain!

Uncle John was a life-long democrat and reveled in the possession of its principles, and the illustration of its tenets, and he expressed the wish, at our last convention, "that he might live till the August election."

"May our last end be like his!"

FACING A LION.

He Tried for a Thousand, but Got Only Ten.

In one of the side shows connected with the circus was a cage with a single lion in it. On the cage was a placard reading: "This beast has killed ten men. One thousand dollars to any one who dares enter his cage." A big sign to the same effect was hung up outdoors, and those who didn't go in to see the fat boy and the mermaid surely wanted to gaze on the lion. There was a good crowd in, and the lecturer was about to begin on the mermaid when a little old man was bowlegged and humpbacked crowded to the front and said:

"Look here, mister, I want a try for that thousand dollars. Gimme a show at that lion."

"My friend, do you want to be torn into dog meat?" asked the lecturer in reply. "You wouldn't live thirty seconds after entering the cage."

"Is he a Numidian lion?"

"He is, and one of the most savage beasts ever captured."

"Killed ten men, eh?"

"He has."

"Wall, I'd like to tackle him. I want that thousand dollars mighty bad jest now, and I'm willing to run considerable risk. Gimme a fair show, will ye?"

"You keep right away from his cage. No man in liquor should get within ten feet of a Numidian lion."

"I haven't drunk a drop of licker in ten years!" indignantly exclaimed the old man. "Darn you and your old Numidian lion to boot! You ain't willin to give a man a show!"

He backed off and the lecturer delivered the oration on the mermaid. He was about to begin on the fat boy when the Numidian lion uttered a series of roars, and everybody's attention was attracted to the cage. The little old man had slipped around and opened the door and entered. Not only that, but he had that lion by the tail, and was drawing him backward around the cage. Men shouted and women shrieked, and the lecturer rushed foward and shrieked:

"Man! man! but you must be mad."

"Never felt better natured in my life!" replied the old man as he stopped to rest.

"Come out at once or you'll be torn to pieces!"

"I rayther guess not! There's only one Numidian critter in here, and he don't seem to be on the tear very much. He-up, here, you old mossback, and take another promenade!"

He was drawing the beast around the cage again when the lecturer entered it and said something in a low voice.

"Make it ten and I'll do it!" replied the old man in loud tones "You said you'd give a thousand, but being its hard times for money I'll let you off easy. Make 'er ten and pay me before I let go of his tail."

It was handed to him then and there, and he descended, wiped his hands on the grass, and feelingly observed to the circle of admirers:

"Durn my hide, but when a man brings any sort of a thing into town and sends out a defi I'm right on deck! That's the fust critter from Numidia I ever tackled, but I'll be lookin for more from this on. Everybody come out and have some red lemonade!"—Exchange.
