

Established in 1837, is the OFFICIAL JOURNAL of Calhoun, one of the largest and wealthiest counties in Alabama, and in which are located the towns of Jacksonville, Anniston, Oxford, Oxanna and Piedmont.

It has a larger guaranteed county circulation in Calhoun than any other paper. THE SUBSCRIBERS OF THE REPUBLICAN are the best people in the county...

A FATHER and his bright eleven-year-old boy were driving an old, weary, worn out, gray mule along a country road one day.

McKinley has now been south. Recovered in health, and bountiful in spirits over the visions that come to him of southern delegations wheeling into his columns at the next national convention.

When they had reached home, he filled up the arrows of his little blow-gun with needle points, and when dinner was over, climbed up to the loft, above the old gray's stall, and let a few arrows fly.

He gambled around the stall with the agility of a colt, and at each successive arrow thrust knocked a plank or two from the side with his heels.

The Montgomery Advertiser is the old gray mule. The papers of Alabama that don't see things her way, and who have taken the liberty to tell her so, are the father, and the Jacksonville REPUBLICAN is the boy with the blow gun.

The following from the State is an object lesson which truly shows what the gold standard has done for the farmers of the south:

A good farmer was standing in front of the court house yesterday looking mournfully at his tax receipts. He said: "I brought a bale of cotton here five years ago, sold it for \$450.00. With this money I paid my taxes, \$22; got a dress for my wife, \$5; shoes for the children, \$6; a barrel of flour, \$6.50; fifty pounds of sugar, \$4; ten pounds of coffee, \$2, and went home happy with \$3.75 in my pocket for the preacher. I brought in a bale today, sold it for \$22.50; paid my taxes, \$22.25, and have a quarter left. They tell me I can get flour and frocks and sugar and shoes for half I paid then, but it 'pears to me I haint got the half. I've about made up my mind to invest this quarter in United States bonds and howl for the gold standard."

The Cherokee Sentinel says the motive which prompts Dr. Mosely in taking a position which will "throw the fat in the fire, so far as the success of Populism is concerned, is a desire to hold down patronage in the event the Republican party gets into power.

Let no Democrat in Alabama join another silver league than one composed entirely of Democrats. Inside the organization of the party is the place to settle our differences. There is no question but there are enough men inside the party who favor the free and unlimited coinage of silver to secure a majority in both the next state convention and the next Legislature.

News reaches us that Harriet Beecher Stowe, the woman who wrote "Uncle Tom's Cabin," the most overworn composition of a dozen centuries, is hopelessly insane. This book was read by hundreds of thousands before the war, and had more to do with moulding a sentiment hostile to the "southern" than all other agents combined.

...the date, when rumors of war are flying fast from continent to continent, and so much is being said about the Monroe Doctrine, it will not be out of place to reproduce that part of Mr. Monroe's message to congress, dated December 2, 1823, which defines the position of the United States, as regards European interference and extension on this hemisphere.

"We owe it, therefore to candor and to the amicable relations existing between the United States and the allied powers to declare that we should consider any attempt on their part to extend their system to any part of this hemisphere as dangerous to our peace and safety. With the existing colonies or dependencies of any European power we have not interfered and shall not interfere, but with the governments who have declared their independence and maintained it and whose independence we have on great consideration and just principles acknowledged, we could not view any interposition for the purpose of oppressing them or controlling in any other manner their destiny by any European power in any other light than as the manifestation of an unfriendly disposition towards the United States."

The cause of the annunciation of this policy, was the proposed assistance of the allied powers—Prussia, Austria, and Russia—to Spain, a number of whose American colonies were in revolt, and were struggling for independence. The governments of Europe have hitherto respected this policy, and it is not to be expected that the United States will allow England, or any of the government of Continental Europe at this late date, to violate it.

Mr. George W. Tuttle, Benjamin, Missouri.

Good Advice Quickly Followed Cured of Rheumatism by Hood's Sarsaparilla.

"I was taken down with rheumatism over a year ago. I was sick for over six months. One day I would have such pains that I could hardly endure them. A friend came to me and advised me to try Hood's Sarsaparilla. I took a bottle and in a short time I was cured. I have taken eight bottles of it."

It has Cured Me When the doctors could do me no good what- ever. After being treated so much from this wonderful medicine, I also advise every one who is troubled with rheumatism to try Hood's Sarsaparilla. I am a farmer, and the medicine has given me much energy and strength. I feel like a new man. GEORGE W. TUTTLE, Benjamin, Missouri.

The new mayor and council will no doubt give Jacksonville an able and conservative administration. They all have the interest of the town at heart, and will do what they believe to be best for its present and future.

Lieut. Cater of the Woodstock Guards, and Corporal DeArman, of the same company, came up on last Monday to inspect the uniforms of the Jacksonville section. Our boys are to get new gun accoutrements and uniforms in a short while.

Several of our Jacksonville people are taking an interest in raising thoroughbred hogs. R. W. Whisenant, J. E. Pruet and Henry Edwards are raising the Poland China; W. L. McGinnis, the Berkshire and Jersey; J. F. Crook, the Essex; Dr. Ayers, the Berkshire.

Chas. B. Woods was graduated from the Atlanta Medical College last Tuesday. Charlie has many friends in Jacksonville, his old home, who will wish him all success in his profession, and who will be rejoiced to learn that, out of a large class, he was elected president.

CONSUMPTION

By the Physicians SEVERE COUGH At Night Spitting Blood Given Over by the Doctors! LIFE SAVED BY AYER'S CHERRY PECTORAL. "Seven years ago, my wife had a severe attack of lung trouble which the physicians pronounced consumption. The cough was extremely distressing, especially at night, and was frequently attended with the spitting of blood. The doctors being unable to help her, I ordered for her Ayer's Cherry Pectoral, and was surprised at the great relief it gave. Before using one whole bottle, she was cured, so that now she is quite strong and healthy. That this medicine saved my wife's life, I have not the least doubt." - K. MORGAN, Memphis, Tenn.

New Lung Treatment.

The new lung remedy, discovered by Dr. Copeland and now administered at the Copeland Medical Institute in deep-seated lung troubles, seems to finally solve the problem of the correct treatment of incipient consumption. It is not only saving life in Atlanta; it has not only restored hundreds of pale sufferers from lung trouble among our own people, but its remedial potency and the correctness of the philosophy upon which it is based have been abundantly attested in practice elsewhere, and by leading lung specialists in every great city in the country, extensive commendatory expressions from whom will shortly be presented to the community. The advantages of the improved treatment are a regular and permanent feature of the Copeland system.

Let it be clearly and distinctly understood that Drs. Copeland and Howald:

Not only treat and cure asthma. And they treat and cure rheumatism. And they treat and cure bronchitis. And they treat and cure lung troubles. And they treat and cure cataract deafness. And they treat and cure sore eyes. And they treat and cure skin diseases. And they treat and cure nervous diseases. And they treat and cure chronic diseases. And all medicines are furnished patients. JACKSONVILLE REPUBLICAN.

ESTABLISHED 1837.

JACKSONVILLE, CALHOUN COUNTY, ALA., SATURDAY, APRIL 13, 1895.

VOLUME 59.

COUNTY NEWS

FROM ALL SECTIONS OF CALHOUN.

GATHERED BY THE REPUBLICAN'S ABLE CORPS OF CORRESPONDENTS.
Ninety per cent of Anniston with the **REPUBLICAN** on Silver-Oxford Elects Marshal After Many Ballots—Fire at White Plains—
DeArmanville and Oxford Favor Stock Law—Choccolocco Opposed to Removal of the Court House—Rock Crusher at work at Weavers.

ANNISTON.

Work continues on the Noble Street electric car line, and it is expected that it will be completed and in operation by the 10th of May, if not sooner. Property along this line has already increased in value, and is considered the best in the city for investments.

The city council elected the following officers for next year: Geo. G. T. Anderson, clerk; P. B. Brown, Treasurer; A. P. McGhee, City Attorney; J. M. Prather, Chief of Police; James Tyson, Keeper of Prison. Messrs. McChes and Tyson are the only new officers. All of them are good men.

Hon. A. F. McGhee, as representative of the Anniston lodge, attended the grand lodge meeting of the Knights of Honor at Montgomery this week.

The revival meetings at the first Presbyterian church continue to grow in interest, and much good is being accomplished in the name of the Master.

A great majority of our people are rejoicing over the moving of the postoffice to the corner of Noble and Eleventh streets. Before the change it was almost out of town.

It is thought that the building of the new electric car line, will increase the rental value of property on Noble street, south of Tenth.

With the proper effort, our land companies could do great things for Anniston within the next twelve months. It remains to be seen if they will rise to the demands of the occasion.

A vast majority of our people are with the **REPUBLICAN** in its fight for restoration of silver to its old-time position as money. At least 90 per cent. of them are against the single gold standard.

But little is being said here about court house removal. Of course, Anniston is solidly in favor of it. It is reported that the Anniston City Land Company building, which cost \$50,000, will be donated to the county for a court house. This is an excellent building and would make an elegant temple of justice for grand old Calhoun.

TREDEGAR.

Mrs. H. P. Munger has been very sick for the past week, but is much better now.

The Alabaster lime works will soon be turning one hundred barrels of lime per day. Wood is a luster.

Misses Mamie Ward and Mary Monahan are visiting the Misses Nisbet.

C. J. Wood and A. Roebuck went over to Rock Springs Tuesday.

Cotton will not reign king this year in Tredegar. Our farmers will raise more corn, peas, syrup and potatoes.

C. T. Munger had some hogs to die with a very strange disease. They would jump up, squeal and fall dead. On cutting one open, it was discovered that a knot of worms was in its throat, which is supposed to be the cause of death.

Brooks Cole and family visited Thos. Kimbrel last week.

A Sunday school was organized last Sunday at Friendship church. There will be an all day singing at Mount Olive the fourth Sunday in April.

The people appreciate the county news given in the **REPUBLICAN**.

Jacksonville, business continues to improve, and her merchants continue to buy and sell goods cheaper than ever before.

Miss Hannah Crook returned to Jacksonville on Friday of last week.

ALEXANDRIA.

The gypsies are returning northward—a sure sign that Spring is here.

Mrs. K. S. Woodruff has returned from a week's visit to Black Creek falls.

Mrs. Charles Loyd, who died at her home on Cane Creek last Wednesday, was buried at Mt. Zion Thursday. She was one of Mt. Zion's oldest and faithful members.

Mr. and Mrs. S. W. Crook, of Anniston, spent Sunday in Alexandria.

Messrs. Bowling and Woodruff are putting up a shop for doing all kinds of wood and iron work.

On Saturday before the fourth Sunday, the graveyard at Mt. Zion will be put in order, and Rev. Geo. D. Harris will preach in the afternoon.

Easter services will be held at the Methodist church on Sunday, the 14th.

DE ARMANVILLE.

About thirty bales of cotton passed here this morning on the way to market, the result of the recent rise in prices.

The wild clover which was thought to be killed by the cold of last spring is coming out again, much to the delight of the cattle. This grass as many remember, was never seen in this country, till after the war. It has proved such a blessing that a Mississippi agricultural journal said of it, "the same providence that freed the negro, sent us lespedezer."

The farmers last week, got a move on themselves, and as a result much of their corn is planted and a great deal of their cotton land is bedded for planting.

Will Hewitt, after much suffering, died last Wednesday, and was buried at Harmony Church, Thursday. Much sympathy is felt for the bereaved parents.

It is thought that this Oxford beat will pass the stock law without much opposition.

CHOCOLOCCO.

Farmers are nearly ready to plant cotton. Some upland has been planted in corn.

Mrs. Graham is making considerable improvements on her residence.

Mr. John Hughes has built a good bridge over the branch near town. As the stock law is in force nearly all the vacant lots are being cultivated.

Mrs. Morris has been sick but is better now.

Dr. Hughes had a call to Childersburg last week.

Horn, to Mr. and Mrs. McCullough, a girl; to Green Edmonds, a boy.

Mr. Ed. Caldwell was in town last week.

Mrs. Gavin, of Edwardsville, is visiting her father, Mr. W. M. Hughes.

Miss Thompson, of Iron City, is visiting Miss. Mary Hughes.

Miss Laura Weaver, of Weavers, is visiting Mrs. A. B. Scarbrough.

Mrs. N. P. Scarbrough, of White Plains, is visiting the children at this place.

Miss Jessie Davis' music class gave a concert last week.

Some of our people claim that the Booth that killed Lincoln is still living, and that they know him.

Mr. Rowland, the deputy sheriff was around summoning the witnesses and jurors for the circuit court.

WEAVERS.

The cold wind of the last few days causes seed to germinate very slowly.

Some gardens are beginning to look pretty, but Jack Frost may get the tender vegetables to night.

Rev. F. M. Treadway and wife are on a visit to relatives in Gadsden.

OXFORD.

Burglars entered Constantine's store Saturday night by breaking the glass in the front window. Only ten or fifteen dollars worth of goods, and no money, was stolen.

On the night of the installation of the new mayor and council, an effort was made to elect a marshal, but after about 30 ballots the meeting adjourned to a call meeting Saturday night, when J. S. Bartles was elected marshal for the ensuing year.

E. G. Roberson, our clever cotton buyer and exmerchant, has opened a ladies store in the Cooper building.

Dr. Fred W. Buckalew is standing an examination, for a certificate to practice medicine, in Oxford, this week.

M. W. McCraw, an ex-Oxfordite, but now a spot-thread drummer, is in Oxford for a few days, as a witness in the P. K. Thompson lawsuit.

Oxford Lake Line is sodding and beautifying the Lake grounds and if the people of the county want an outing or a picnic they should be sure and come to Oxford Lake, for it is the prettiest place in the county.

WHITE PLAINS.

Another fire in our village last Tuesday night. Mr. William Dagle's house was burned. It was supposed to have caught from the stove fire. He saved most of his furniture. No insurance.

Miss Cassie Little has returned from an extended visit to friends in Birmingham.

Mrs. E. C. Watson, of Birmingham on a visit to her parents here.

J. U. Whitside has returned from Atlanta with his sheepskin, and will hang out his shingle in this city.

Mr. W. C. Whitehead will soon complete his elegant new house.

CANE CREEK.

Spring has come at last. The birds are singing, bees humming, snakes have crawled out, the lizard suns himself, the dogwood is white, and we begin to dig bait for fishing when some one says, "old man you had better get in that garden now."

In the winter its get some wood and make a fire, start the fire in stove. Now its the garden and shoo hawk. "So there is no rest for a man when the mistress stirs him around like mine and Sam Slin's do."

Our road overseer placed his 200 pounds on a lever to rize up a stump in the road. The stump turned loose suddenly, and he sat down rather quick. Fell four or five feet, and Jerusalem! what a thump. He now limps around and cusses stumps.

It is charged against Hon. W. C. Scarbrough here that he was an active worker for the removal bill. The writer denies it, but for the satisfaction of others we would like to see it denied through the **REPUBLICAN** by Mr. Scarbrough.

MERRELLTON.

Mrs. H. B. Glover has been very sick but is better now.

Oliver Ford, of McFall, was visiting Merrellton the latter part of last week.

F. M. Greenwood, of Piedmont, was visiting friends in this vicinity last Monday.

Miss Lunnie Mallino attended the teachers institute at Jacksonville last Friday and Saturday. She will teach again at Piedmont Springs church this summer. Her patrons are very much pleased with her as a teacher.

Service at Salem church last Sabbath by the pastor; at which service H. B. Glover was ordained elder, and M. F. Weaver, deacon.

JENKINS.

The weather has been fine for sometime. The wind blows cold enough to come from snow today.

There are some cases of measles in our vicinity. Rev. S. L. Cross has had them in the last ten days, but is convalescing. There are a good many people trying to keep away from them, especially some of the old people who have not had them.

Mrs. Gay, who has been sick since last fall, is no better. She is quite an old lady.

In a few more weeks our mountain scenery will be grand, as the trees and shrubbery are fast putting on their dresses of green.

Some gardens are beginning to look pretty, but Jack Frost may get the tender vegetables to night.

Rev. F. M. Treadway and wife are on a visit to relatives in Gadsden.

BERA.

J. E. Canada visited his son at Eastaboga, on Sunday.

A. J. Boswell, of East Egypt, has a little five year old girl sick with paralysis.

Mr. Y. C. Southers is no better.

Prof. Stallard returned from the institute and resumed school at New Bethel, on Monday.

It is another boy that makes J. B. Miller wear that broad suit.

Mrs. J. P. Miller visited her father in Etowah county, Saturday.

Esp. E. M. Read, of McCreless, was in our town last week, on official business.

The boys had better be careful how they set fire in passing or their names will go before the City Court jury.

Mrs. J. A. Defreese was the guest last Sunday, of Mrs. E. J. Haynie.

RRUNER.

The health of our community is very good. We had a delightful rain on Friday night and every body is feeling better for it. Some of our farmers are beginning to talk of planting cotton next week.

Our school closed last Friday, and our people were greatly pleased with an exhibition made by our boys and girls. We have one of the best schools in the county and the best teacher. The daily attendance at the school has been over forty-five during the last five months.

Call for a State Dairy Convention.

Every county in Alabama is asked to send delegates to a meeting, which will be held in the city of Montgomery on Sunday, May 4, 1895, at 9:00 a. m. in the City Hall building.

The object of which will be to encourage and build up dairy industry of our state.

Let every dairymen in Alabama be present and all papers friendly to the proposed organization will please copy. (Signed.)

Isaac Ross, Opelika, James Crook, Jacksonville, F. H. Bates, Hamburg, W. E. Mathews, Huntsville, W. C. Thomas, Gold Hill, M. C. Scott, Montgomery, H. M. McIntyre, LeGrand.

Petitions are being circulated for and against letting hogs run at large in Jacksonville. This is a problem with which the new council will have to wrestle. The fight is on. Where do you stand? Are you for or against the hog law? We are not for or against the fence, so far as the **REPUBLICAN** concerned.

The Jacksonville section of the Woodstock Guards, held a meeting on Monday evening and re-elected officers. Jacob Forney was re-elected Lieutenant; E. Mae Lane, Sergeant; W. H. Clark, Corporal, C. J. Woodruff, Corporal; Forney Williams, Quartermaster; Forney Williams, Quartermaster; Forney Williams, Secretary and Treasurer.

Reynolds' Nerve and Bone Cure. Rheumatism, Cuts, Sores, Burns and Bruises, for 25c.

The Conundrum Tea.

The kindness of the "Dacholor Girls" in giving the Conundrum Tea for the benefit of the fire company, on Tuesday evening at the Armory, deserves the commendation of all our people. The company is in need of additional hose, and the people of our town should seize this opportunity to aid them in procuring it. No one who attends will be anything but pleased. A look at the menu will convince you that such a combination of delicacies was never before placed before Jacksonville's Epicurians. The most remarkable feature of all is, the very low cost at which the items are furnished. Only think of it, you pay only 10c for a "A Souvenir of Constantine" 5c, each for Tree Cake, "Epicurians Cake," England's Stumbling Block," "Fowl Reminder" etc. "A Descendant of Noah" will cost you only 5c, and you can eat him right there, or take him home with you as a reminder of the ark. Some of our husbands should see to it that their wives try "Something Unconquerable." It may enable those dames to see themselves as others see them, and lead them to fully understand the feelings of their husbands on certain occasions. Those of our citizens who like to witness the phenomenon of two moons where there should be but one, must be sure and take a sip of "Irishman's Delight." "Prepared Deans" is an item with a title very suggestive of a Parisian Cafe. The name does not fail in indicate its delicious qualities. As a morsel to be eaten just before retiring at night, there is absolutely nothing so helpful to a quiet nervous state, and so conducive to peaceful slumber. Really, for this purpose they far exceed boiled cabbage or cold Irish pot. Only five cents. To the young men, and to the married ones who do not fear, we suggest a few "Louis Girls" and a bite or two of Brunet's Complexion.

Music will form a pleasant feature of the entertainment. Let every body attend.

The Rock Crusher.

To our mind, one of the very best investments the present board of county commissioners has made during its term of office, is the purchase of the rock crusher now in operation at Weavers Station.

It consists of a ten horse engine, twelve horse boiler, and the latest improved crusher.

The machinery is mounted on two separate wheels so that it can be easily carried from place to place.

It will crush ten tons of rock per hour, and in macadamizing the roads of the county, will be a great saving over having the work done by hand.

The entire outfit cost one thousand dollars, which amount, together with all the cost of operating it, will be paid out of the road fund.

It will take no money out of the common fund of the treasury, and cannot therefore help to increase the tax rate, as some have suggested.

The read beds in the county are now in good condition, and the wise and most practical thing to do is to macadamize them, spend money so as to improve permanently.—Put work on them that will not be washed away by every rain that comes.

In doing this work, it will be thoroughly demonstrated that the new crusher will save both time and money to the county.

After crushing the necessary rock at Weavers, the crusher will be moved to some other point in the county.

Easily Cured.

Brain-ache, Morphine and Tobacco habit are easily cured by the use of Hill's Chloride of Gold Tablets. No effort required of the patient who is allowed the use of stimulants until he voluntarily quits their use. May be given secretly in tea or coffee, and a cure guaranteed in every case. For sale by all first-class druggists at \$1.00 per package. For full particulars and book of testimonials address: The Ohio Chemical Works, Lima, Ohio.

John T. A. Hughes Appointed.

The commissioners court last Thursday appointed John T. A. Hughes, of Piedmont, on the board of Equalization of taxes for Calhoun county.

The board now consists of Tax Assessor McClellan, O. S. Crook and J. T. A. Hughes.

AN ANNISTON MAN

TALKS SENSIBLY ON THE COURT HOUSE QUESTION.
Says Anniston Has all the Court Site Needs, and to move the Court House would be a species of robbery.

It is really refreshing to talk with an Anniston man on the question of removal of the court house who lives outside the corporate limits of the city of Anniston.

As the Anniston gentlemen who had the bill passed authorizing a vote on the removal of the court house so disregarded the rights of the people outside the corporate limits of Anniston as to place it utterly out of the power of every other voter in the county to have the election called, but must bow to the dictation and await her pleasure, it may be supposed that all Anniston is in sympathy with this unholly movement.

But such is not the case. Every few days we meet an Annistonian who is opposed to removal.

Among this number we had the pleasure a few days since of meeting Capt. James Savage, of Anniston.

In conversation with Capt. Savage he stated that he was unopinionably opposed to a removal of the court house. That Anniston now had all the courts she needed, and to tear down Jacksonville, depreciate the value of property bought by people here since the location of the court house, would be nothing less than a species of robbery.

As to the extension of the Anniston City limits, he said there was no earthly necessity of increasing the jurisdiction, and that any farmer in Calhoun county who did not want to be sued every thirty days was very foolish to favor its increased jurisdiction.

This is sensible talk, and it affords as pleasure to thus put a prominent Annistonian on record as being in line with the people of the county.

Approaching Marriage.

At the Methodist church in White Plains on April 25th, Dr. J. C. Whitehead and Miss Ella Watson will be united as man and wife. Rev. J. E. Pater performing the ceremony.

This is one of the most popular young couples in White Plains and their marriage is looked forward to with much interest.

Dr. Whitehead is a recent graduate of the Atlanta Medical College, and will locate at White Plains to practice his profession.

Miss Watson is a daughter of Mr. Thos. N. Watson, and is one of the most excellent young ladies in the county, and Dr. Whitehead is to be congratulated in securing one so amiable and worthy as a companion for life.

Minutes of the Teachers Institute

The teachers institute of Calhoun County, convened at Jacksonville Friday, and Saturday, the 5th and 6th of April. The attendance was larger than it has been, at any institute, for quite awhile. The number of teachers enrolled was 52. The teachers manifested great interest in the work; and as a whole they are energetic and conscientious; evincing at all times a marked desire for something high and noble. I think that Calhoun county can truly boast of her body of teachers.

The institute was called to order by Supt. L. D. Hill; Prayer was offered by Rev. G. H. Smith, then the welcome address by Prof. Jacob Forney—Prof. Daugette being absent. The first thing in order was the election of a secretary, and upon motion, W. D. Snow, of DeArmanville, was elected. The discussions throughout the entire session were, indeed, interesting and instructive. Among the number of teachers present we rejoiced to see Rev. G. H. Smith—the Principal of the District High School at White Plains. This is the first institute Mr. Smith has attended in Calhoun and the generous teachers heartily welcome him into their association.

At 8 o'clock p. m. the citizens of the town as well as the teachers, had the pleasure of enjoying an able and instructive address from our ex-State Superintendent, Hon. J. G. Harris, of Montgomery. This is not the first visit Mr. Harris has paid Jacksonville and the people, as well as the teachers, always appreciate his presence; and most especially the interest he manifests in the cause of education.

And while Mr. Harris does not occupy the position as Supt. of Education, yet he occupies one of the warmest places in the hearts of the teachers of Calhoun County and of the good people of Jacksonville.

The following resolution was adopted: That the teachers institute of Calhoun County do most cordially request that the commissioners court, to have the course books furnished with a book case, in which sample copies of all school books, which may be donated to the county, by the Publishers, can be kept for examination by the teachers. W. D. Snow, Sec'y.

Wallace Walcott was in to see us on Wednesday last, and presented the **REPUBLICAN** with an old Indian "Pipe of Peace." Mr. Walcott placed this up in his field about 1870.

It is a beautiful piece of pipe, of a peculiar green color, which is very heavy. The pipe will hold half a pound of tobacco.

Mr. Walcott thinks it would be a good idea if the third party nominated for Governor in 1896, should take this up in his field about 1870.

He is a very good man, and a very good citizen. He is a very good man, and a very good citizen. He is a very good man, and a very good citizen.

House Burned.

Last Saturday night Mr. Foot, who lives at Heuchcock's mill, had his residence destroyed by fire, and lost all his furniture, clothing and provisions.

He is a poor man, and Col. Shied was here last Tuesday taking a subscription to aid him in buying furniture and provisions.

WHAT ALABAMA MINISTERS

Say About the Electropoise.
Rev. C. W. O'Hara, Columbiana: "I cannot find language with which to express the inestimable value of this most wonderful instrument."
Rev. James A. Heard, D. D. Florence: "I am a walking advertisement of the Electropoise."
Rev. J. A. Darsey, LaFayette: "Every family ought to have an Electropoise."
Rev. T. J. Beard, D. D., Birmingham: "I take pleasure in saying the Electropoise gave me permanent relief from neuralgia of the stomach and bowels."
Rev. W. C. Hearn, D. D., Talladega: "My wife and I use the Electropoise with good results."
Rev. M. B. Wharton, D. D., formerly of Montgomery: "I have used the Electropoise with great benefit to my health."
"Electropoise" rented—four months for \$10. Valuable books free. DuBois & Webb, 223 Twenty-first street, Birmingham Ala.

COUNCIL MEETING.

Election of Marshal and Tax Appraisers.
The new Mayor and City Council assembled in a meeting called by the Mayor, on Monday, April the 8th. Messrs. Brothers, Frank, Jinks, Rowan, Stewart, Skelton and Yansand were present.

The Mayor appointed the following standing committees: Streets—Skelton, Yansand and Stewart; Finance—Stewart, Rowan and Jinks; Laws—Yansand, Frank and Stewart; Sanitation—Rowan, Skelton and Jinks.

H. F. Montgomery and Jno. Y. Henderson were appointed to look after the county and city's interests in the assessment to be made under the new tax law.

A resolution was introduced to consolidate the offices of city tax collector and sergeant of police. T. M. Roberts, who for several years has attended to the taxes of the city, was elected to this office. The whole of Mr. Roberts' time is demanded, and his salary was increased to forty dollars per month.

The Ardis Family.

Mr. W. S. Ardis, whose family made such a narrow escape from being poisoned last week,—an account of which was given in the last issue of the **REPUBLICAN**—in conversation with the writer last Monday stated that he still could not form the faintest idea as to who could desire to destroy himself and family.

During the week he has experimented with the powder which he found in his flour, by giving it to rats, cats and dogs, and has thoroughly demonstrated that it was a deadly poison.

The knowledge of the fact that an effort has been made to poison them, has necessarily alarmed the members of this family and made them very unhappy.

Death of Mrs. Loyd.

Friday night of last week—Mrs. Charles Loyd, who lived near Alexandria, retired, feeling as well as usual. During the night Mr. Loyd awoke and noticed that Mrs. Loyd was very quiet, and upon examination found that she was dead.

She had been a sufferer from heart disease for years, and it is supposed that this was the cause of her death.

She was a most excellent lady, and her death is mourned by a large circle of friends and relatives.

THE REPUBLICAN.

Established in 1837, is the OFFICIAL JOURNAL of Calhoun, one of the largest and wealthiest counties in Alabama...

CIRCULATION.

It has a larger guaranteed county circulation in Calhoun than any other paper.

TO ADVERTISERS.

The subscribers of the REPUBLICAN are the best people in the county—a class of people with whom it pays to advertise.

THE REPUBLICAN.

Stand by the Democratic Ship.

Hon. Robert Mosely, the recognized leader of the republican party in Alabama, and editor in chief of the party organ at Birmingham, after having very ably used the populist party for the accomplishment of his unholy purpose...

We are not surprised at this political metamorphosis of the wily Robert, for in politics he can justly claim prominence in the "ways that are dark and tricks that are vain," but to the dispassionate observer it might have seemed a little more decent and respectable had he made the dissolution of the fusion more gradual...

There are those in Alabama who are strong believers in party organization, and who are willing to accept the interpretations of the State Democratic Executive Committee on everything except silver.

The record shows beyond dispute that the Democratic party has been and is now the friend of silver and we will never have the coinage of silver the same as that of gold in this country until the Democratic party gets entire control of the government...

These are words from the highest authority in the Democratic party of Alabama. They clearly state where the Democratic party has ever stood on silver, and what it was then pledged to do.

The friends of Hon R. B. Kelly claim that Gov. Oates did him an injustice in making the appointment of circuit judge before he had relieved the endorsement of Mr. Kelly. Hon John M. Caldwell and Mr. M. B. Wellborn, of Anniston, had started to Montgomery in the interest of Mr Kelly the day the appointment was made.

that large majority of consistent and conscientious democrats who decline to bow down and give exclusive worship to the golden ideal of monometalism.

Those of our brethren who have gone astray, believe that the door of their fathers house has been barred against them, by usurping pseudo statesmen, while the janitors that keep vigil at the threshold have hardly doffed their political sordid clothes and are fit only to be regarded as demagogue babes and sucklings, ignorant both of the principles and traditions of the party.

If the old democratic ship, which is now being tossed upon the rough and tumultuous sea of party dissension and factionalism has been rendered a little unseaworthy, let us not abandon her, in this her extremity, but remembering that she is still freighted with the destinies of sixty eight millions of American freemen, let us come together in the spirit of fraternity and patriotism, repair her defects, fling to the breeze, from the mast head our party flag, bearing the inscription "equal rights" to all, and let privileges to none, and inspired by the justice of our cause, we will ride triumphantly all waves of opposition, anchor safely within that haven guaranteed by the constitution of the United States, and still be a united and triumphant democracy.

THESE ARE THOSE IN ALABAMA who are strong believers in party organization, and who are willing to accept the interpretations of the State Democratic Executive Committee on everything except silver.

During the last presidential election the State Democratic Executive Committee issued an address to the people of Alabama, and after stating that in the last congress the Democrats succeeded in passing in the Senate a bill providing for the free and unlimited coinage of silver, and that it was defeated in house of representatives by the republican party, then in power in the lower house, said:

"The record shows beyond dispute that the Democratic party has been and is now the friend of silver and we will never have the coinage of silver the same as that of gold in this country until the Democratic party gets entire control of the government; when we have one or two branches of the government, are blocked by the Republicans in the other branch, so that it has been impossible for the Democratic party up to this time to carry out its promises with reference to the coinage of silver."

These are words from the highest authority in the Democratic party of Alabama. They clearly state where the Democratic party has ever stood on silver, and what it was then pledged to do.

The free and unlimited coinage of silver at the ratio of 16 to 1 was the law from 1792 to 1837, when it was demonetized by the Republican party. The Democrats then fought for free and unlimited coinage of silver.

It is of recent date that any considerable number of Democrats should turn their backs upon the traditions of the Democratic party, and favor the gold standard.

The Advertiser's Inconsistency

The people of the south generally favor free coinage of silver, and do not share the apprehension of those democrats who believe that it will lead to financial disturbances and distress.

The Advertiser is in favor of free coinage.

Thus spoke the Montgomery Advertiser on the morning of April 3, 1891.

On the morning of Feb'y. 13, 1891, the Advertiser said:

We regret that Mr. Cleveland is not in line with the great bulk of his party on the silver question.

Again, on the morning of March 7, 1891, that paper said:

We have said more than once we did not agree with those who dreaded the addition of a larger volume of silver to our currency.

Upon the morning of August 15, 1891, she further said:

The position of the democratic party in recent years in favor of restoring silver to circulation, and its efforts to accomplish this are well known, and the Advertiser stands strongly committed to act in this work.

Now, upon Friday morning, April 3, 1895, this same Montgomery Advertiser said:

The people are studying the financial question as never before in their lives.

The more they study it, the more they see that free coinage of silver will benefit no one except the Colorado millionaires, who are just as much gold-bugs as anybody in Wall street.

It is well known to our readers that the REPUBLICAN has, under its present management, held that the Montgomery Advertiser was a publication unfit to occupy the position in Alabama journalism which she has occupied.

This paper has been frank enough to say so, and the Advertiser has not relished its expression of this opinion.

It was not the aim of the REPUBLICAN to wound any feelings, or to place the Advertiser in an unenviable light before its friends and readers.

It simply desired to show to the people that there was an utter want and absence of consistency in the editorial columns of the Advertiser, as well as a spirit of doggedness and obstinacy, which would prevent its being a safe advisor for the people, or a worthy leader.

As has been said, the expression of such an opinion in the columns of this paper, seemed to very much incense the Advertiser, and it has devoted a half column, or more to comments on the REPUBLICAN, and has been so unkind as to insert several naughty little insinuations.

The REPUBLICAN is by no means surprised for it has studied the paper referred to, and thinks it thoroughly understands the motive that prompts its every action.

But we are digressing. We have copied the above extracts from the Advertiser, because we wished our readers to know that the accusation of inconsistency was not a false one, but that it was founded upon, and illustrated by, the editorial statements of that paper.

In 1891 the Advertiser recognized the fact that the people of the south the very backbone of democracy, thank God,—favored the free coinage of silver; it regretted that Mr. Cleveland was not in line with the bulk of the party; it said more than once that it was not one of those who dreaded the addition of a larger volume of silver to our currency; it was in favor of free coinage, would be glad to see the silver free coinage bill become a law, and stood strongly committed to the work.

But to day, the Advertiser, by some strange metamorphosis, common, very common, to herself, announces that the people are studying the financial situation, and that therefore they study it, the more they see that FREE COINAGE will benefit no one, except the millionaires of Colorado. Yet the Advertiser, but a short time ago, favored free coinage, and was "strongly committed" to it.

There is a reason for the sudden "flip" which the Advertiser made on this greatest of all questions.

We shall not, however, ask for it, because the paper has shown conclusively that it will not tell it.

We hold that its action in this matter is one characteristic of the paper, and leads to the conclusion that the Advertiser is both inconsistent and an unsafe advisor.

The decision by the United States supreme court on the income tax was a great surprise to the people of this country.

Able lawyers had a hand in framing the bill and had declared it constitutional. The decision of the court declares that portion of the bill which places a tax on incomes derived from rents and municipal bonds is unconstitutional, and therefore void.

The court doubtless knows the law, and is correct in its decision, but it will be many a day before the people will be able to see the justice in it.

WE HAVEN'T LEFT A STONE UNTURNED.

We have ploughed the entire producing field. We have improved deep and wide. We have done everything within the bounds of possibility to lift still higher the Famous' excellence—already famous! We have had experience for a tetchon! We have had the preference you have always shown for us stimulating to greater achievements. We have this one end and aim in view, to better the store, better the values, increase the variety and lower the prices; in short, offer more, ask less. As evidence, look at our SPRING SUITS. They are unbelongable. Tell of their greater goodness at a glance.

\$6.50 TO \$15.00.

Look at the Little Boys' and Big Boys' Suits, \$1.25 to \$7.50.

Look at the Furnishings, from one end to the other, Rich Values, Popular Prices. We don't know the meaning of the word trouble. No effort is too great. The harder you are to fit, and to suit, the harder we strive to fill your satisfaction to its fullest. Giving your money back is only rectifying the error. We do what is better, guard against its occurrence. Perfection is not a chance shot here. You will hit the bull's eye every time. Fire away.

THE PEOPLE HAVE DECIDED,

THEY SAY.

THAT ULLMAN BROS.' OPENING-DISPLAY settles the question and shows that they are Leaders, and not imitators. They offer no bait: neither do they ape any other house. We can and will sell cheaper than anybody. We have what we advertise. The prices which we hand the public gives the public new ideas of low prices, dwarfing all attempts at cheap selling, and gives everybody a chance to get the goods they need at unapproachable bargain prices. The biggest bargains of the nineteenth century. Persistent endeavor along intelligent lines, searchless far and wide for novelties, popular prices, absolutely reliable qualities, has placed Ullman Brothers at the head of Anniston selling. See? Prices are indicators. Quality gives value. Good goods cost more than shoddy. We sell goods of

The Republican

Official Journal of Calhoun County

AYERS & CROOK, Editors and Publishers

Entered at the post office at Jacksonville, Ala., as second class matter.

SATURDAY APRIL 27, 1895.

THE REPUBLICAN

Established in 1837, is the official journal of Calhoun, one of the largest and wealthiest counties in Alabama...

CIRCULATION

It has a larger guaranteed county circulation in Calhoun than any other paper.

TO ADVERTISERS

The subscribers of the REPUBLICAN are the best people in the county, a class of people with whom it pays to advertise.

THE REPUBLICAN

"He's With us."

DEMOCRACY isn't goldbuggism, nor anything the color of it.

CAPT. SAVAGE is not the only man in Anniston who's "with us."

As a summer resort Jacksonville is the equal of any place in Alabama.

THE people are "with us," and Anniston will never be the county site of Calhoun county.

CALHOUN can offer as many inducements to worthy immigrants as any county in the South.

By all means you should read Coins Financial School. It costs only 25 cents. Buy it and read it.

NOTWITHSTANDING the hard times the subscription list of the REPUBLICAN continues to increase.

GIVE us more of the good old style Democrats, and fewer of the stripe who bow and worship the golden calf.

THE Birmingham Times suggests the name of D. D. Shelby as the Republican candidate for Governor of Alabama in 1896.

Don't go off after any new visionary scheme, but stand by the good old democratic faith as handed down by your fathers.

THE Hot Blast with the REPUBLICAN'S Cane Creek correspondent and Capt. Savage; and therefore is opposed to the removal of the court house.

THE REPUBLICAN will keep up an uncompromising fight for the true principles of democracy—a low tariff, free silver, a free ballot and a fair count.

WHILE the other large counties in the state are making an arrangement for an exhibit at the Cotton States Exposition, Calhoun should not lag and go unrepresented.

THE Birmingham State is giving the people a sample of the good old Democratic doctrine promulgated by the fathers, and we are glad to know that its circulation is rapidly increasing.

HADN'T the Hot Blast better investigate the "whys and wherefores" of the almost unanimous opposition of the people of the county to making Anniston the county site of Calhoun?

LAST Thursday Governor Oates appointed Dr. J. B. Gaston Probate Judge of Montgomery county. No better appointment could have been made, and we congratulate both the Governor and the doctor.

THE people are disposed to get back to the good old ways and principles of thirty years ago. Then they raised their own corn and bacon and had the free coinage of silver and a free ballot and a fair count.

HERE are Democratic principles upon which any Democrat can safely stand: Economical and honest administration of the affairs of both state and nation; a tariff sufficient to meet the demands of the government honestly and economically administered; the free coinage of both gold and silver; a free ballot and a fair count. None of these are new fangled ideas, but are fundamental doctrines of the Democratic party.

In their efforts to secure the free and unlimited coinage of silver...

Senators and Representatives, Morgan, Page, Robbins, Underwood, Wheeler, Stallings, Cobb and Bankhead are properly representing a great majority of the Democrats of Alabama.

EX-CONGRESSMAN SPRINGER, of Illinois, predicts that the next national Democratic convention will declare in favor of the free and unlimited coinage of silver, and that the Republican convention will favor the gold standard.

WHEN the suggestion was made that the next president come from the south, we learn from the papers in the different states that the eyes of many people in all sections turned to Senator John T. Morgan as the ablest and most distinguished statesman in the southern states.

THE Jacksonville Normal School will be thoroughly advertised this summer in all the counties in this section of the State, and an unusual strong effort made to bring a large number of boarding pupils here for the next session.

THE men who two years ago claimed that they were in favor of the free coinage of silver by international agreement, are rapidly throwing off the mask and talking in favor of the one yard stick, as they express it,—the single gold standard.

SENATOR MORGAN is a stalwart American, who comprehends our system of government, and who has courage in advocating sound doctrines. He would be a first class platform maker.—Cincinnati Inquirer.

FROM Mr. Cleveland's recent letter it is clearly shown that he is in favor of a contracted currency, and a low price for all the people make and have to buy. This will probably do for the man who is out of debt, but it means bankruptcy to the man who is in debt.

A SHORT time since the Montgomery Advertiser recognized that the Democratic party was thoroughly committed to the free coinage of silver, and expressed regret that Mr. Cleveland was not in agreement with his party on the silver question.

A Struggle for Liberty

THE people of the United States are watching with eager interest the struggle for liberty, which is now taking place on the island of Cuba. It recalls to the mind of every student of American history, the tyranny of England over the American colonies, and their successful revolt.

Cuba has two million inhabitants, and from them the government of Spain each year collects taxes to the enormous amount of thirty million dollars. Many times have Cubans risen in arms against their oppressors, but each time they have been defeated, their leaders have been shot or exiled, and the taxes have been increased.

This time, however, all things seem to favor their cause. Spain is weakened by internal dissension, and the soldiers who she sends to quiet the rebellion, unused to the climate, are falling an easy prey of yellow fever.

Notwithstanding the strict censorship exercised over all the mails leaving the island, the news comes to us that the patriots are growing in numbers and that they are victorious in battle. Thousands in this country will hail with delight the news of Cuba's deliverance from the cruel bondage which she has suffered for so many years.

He Voted No.

In answer to a number of inquiries which come to us asking how Hon. W. C. Scarborough voted during the recent session of the legislature on the bills introduced by Mr. Kelly authorizing a vote on the removal of the court house, and a stock law for Calhoun county, we state that we understand Mr. Scarborough voted against both the bills mentioned.

In 1776 when the people of thirteen colonies, through their representatives wrote their declaration of independence, dissolving the political bonds that connected them with England, and pronounced themselves free from British tyranny, there were those among them who, from desire of gain, or faint heartedness, or a base worship of royalty, refused to favor the cause of freedom, who did all in their power, to assist the tyrants, and to tear down the sacred flag of liberty.

All through the long struggle in which the bold patriots of America battled with their oppressor, these traitors sided with the invaders, and down to the glorious day of the surrender at Yorktown, they acted the part of foes to liberty.

After the surrendering of Cornwallis, these English sympathisers, retired from the country in disgrace.

There is as great a struggle now taking place in America, where freedom is once more battling against English monarchical greed.

In the conflict there are those who once espoused the cause of bimetalism, a synonym now for freedom, but who have deserted the flag, and can now be seen arrayed against the cause they once professed to love.

Let them beware! For traitors there is nothing due but seven feet of earth for a grave!

Let them read history and tremble, for a greater than Yorktown awaits them.

LAST year Australia produced \$10,000,000 of gold nearly double the amount mined ten years ago. Venezuela is rich in gold mines yet untouched.—Age Herald.

A few days ago the Age Herald discovered mexican-tile mines of gold in China, and said that the settlement of the China-Japan war would soon open them. Now, in all earnestness, we rise to ask if our esteemed contemporary had not best get ready to shift her main central position again.

Let the Age Herald be ready, so that when the order comes it will not have to get such a ludicrous snuff on its face, as it did the last time it "dipped."

FROM 1880 to 1880, 500 years, the world's production of gold was \$7,210,000,000. During the same period, the world's production of silver was \$7,353,000,000. This makes a difference of \$193,000,000. Yet there are plenty of wisecracks who rant about there being so much silver, that if you give it free coinage at our mints it will soon drive all the gold out of circulation. We should like to see it tried.

IT will be an agreeable surprise to persons subject to attacks of biliousness to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cent bottles for sale by dealers.

The Silver Rally in the West

There is no denying that the most conspicuous feature of politics at the present time is the active agitation which has been started in favor of free silver coinage by the people of the Western States.

The action of the Illinois State Democratic Committee in calling for a delegate convention, referred to in these columns a few days ago, is only one out of many significant incidents.

In Minnesota a proposition has been made to unite the silver Republicans and Democrats in advance of the campaign year. In Chicago it is reported that Mr. Clarkston, who recently placed Harrison in nomination as a "receptive" candidate, is about to start a free-silver organ.

Senator-elect Steve Elkin, of West Virginia, has proclaimed himself in favor of free coinage. In Tennessee he calls of the business men of Memphis for a convention of sound money advocates has been answered from Nashville by the passage of a resolution in the State Senate in favor of free coinage at the ratio of 16 to 1.

In Nebraska the situation, as expressed in Mr. Buchanan's letter to Secretary Morton, is that "on the naked question of a 16 to 1 silver platform Nebraska would give it a majority of fifty thousand or near it."

Even the college boys are taking up the question. At the recent convention of the American Republican College League at Grand Rapids the platform adopted declares for "protection and bimetalism."

It is not surprising that ex Senator Miller, returning from a visit to the West, describes the favor over free coinage as a "cyclone."—N. Y. World.

ON Wednesday the 18th inst., a number of Alabama women met in Birmingham, for the purpose of organizing a federation of woman's literary clubs in the state.

The address of welcome, by Mrs. Geo. C. Ball, was a very beautiful tribute to Southern women. From it we clip the following: "Whatever we shall accomplish shall be done with the same true and genuine refinement which has always characterized the women of the South."

And my observation has been that in whatever proper way our women advance, in whatever proper way our genius leads, we shall have the hearty cooperation of the men of our state."

A beautiful sentiment, delicately and appropriately expressed!

We trust that the organization will prove a success. We should like to see a literary club belonging to it, in every town and village in Alabama. The southern women have made the south, and anything that tends to their advancement, deserves, and will receive, the hearty support of southern men.

THE people remember how the Anniston Hot Blast in speaking of the REPUBLICAN'S Cane Creek correspondent in reference to the removal of the court house, said, "He is with us."

It now has the cheek to say the same thing of Capt. James Savage. Oh, yes, "He's With Us."

The Captain is not only "with us" but speaks right out in meeting and says that Anniston has all the court she needs, and says it would be nothing less than a species of robbery to move the court house from Jacksonville to Anniston.

"He's with us" also on the proposition to increase the jurisdiction of the Anniston City Court. He says it should not be increased, and that any farmer who doesn't want to be sued every thirty days is very foolish to favor increasing its jurisdiction.

As a Doctor Does. The one great fault with all Liver Pills is that they act suddenly and sharply instead of quietly and continuously. They produce a violent relief and then leave you weakened, with an empty stomach and no appetite for food. This is not what a doctor does.

Every physician prescribes a powerful remedy for a disordered liver, but few know of a strengthening tonic, which acts as a purifier, restores the appetite, tones up the system, and makes you feel like a new creature.

15 Years With Salt Rheum Hood's Sarsaparilla Cures a Perfect Cure.

"C. I. Hood & Co., Lowell, Mass. 'Hood's Sarsaparilla is an excellent medicine. I had eczema in my left leg for fifteen years. Part of the time my leg was one mass of scabs, and about every week suppuration would gush out under the skin and the scabs would slough off."

The itching and burning sensation made me suffer indescribably. I spent a great deal of money for different remedies but did not get relief. About a year ago, hearing physicians advise me to take Hood's Sarsaparilla, I did so and have taken five bottles. Now all the sores, scabs and pain have vanished and I am enjoying perfect health. I highly recommend it to all suffering humanity."

Hood's Pills act easily, yet promptly and thoroughly on the liver and bowels.

It is said that upon one occasion, a noted French statesman called upon Benedict Arnold, who had retired in disgrace to France, after his desertion and attempted betrayal of his people, and asked for a letter of introduction to friends in the United States, which country he proposed to visit.

Looking him straight in the face, Arnold said to him, you might visit the states from the Lakes to the Gulf, from the Atlantic to the Mississippi, and not one man would you find who is a friend now to Benedict Arnold. It is not in my power to comply with your request."

When in 1896 bimetalism, shall have gained freedom, for ye manly of America, what reply can journals give to their friends on Lombard Street, when asked to ones more introduce them to the American people?

The sound of rattling wheels, approaching from the front.
"This may be my man," I thought as I noted that the cab was similar to those that had been waiting at the station. The single horse was trotting, and the outlines of the driver showed clearly on his perch.

I was in the middle of the road and turned out hardy enough to get him past with the wheels almost grazing my hips. This gave me the best view possible in the gloom of the driver, and I was almost positive that he was the one who had taken Howard from the railway station.

"Why don't you keep out of the way?" he roughly demanded, bringing his whip down about my shoulders. "If you would serve you right to turn over you."

When the cabman passed me and I saw his animal was going on a man from which was probably maintained until he reached his destination. The time between his passing and meeting me, provided his pace had been kept up, was sufficient for him to get a half mile. Therefore the horse I was meeting was a quarter of a mile distant.

There was liable to be a flaw in this logic, for he might have varied his speed or remained awhile at the place where his passenger alighted. A variation of ten minutes either way would throw my calculations out of alignment. Furthermore, the witnesses were so numerous that they were continually appearing on my right and left, and it was likely that I would stop short or pass beyond the right one.

The only construction to be put upon these conflicting views of the Howards was that they and perhaps others were engaged in criminal business. Else why their watchfulness against espionage?

CHAPTER III.
The new arrival was a dog of immense size. I first heard a low, throaty growl and then felt him sniffing at my heels. One of the first thoughts of a vagrant in approaching a house is whether he is likely to come in contact with a canine, and that danger had not occurred to me as yet.

CHAPTER IV.
I spoke in a soothing voice to the huge dog, whose nose touched my hip. I was anxious to establish friendly relations with him, but he knew his master, and his manner became so threatening that I could not stand near him. I tried to walk with a certain dignity, uttering all the conciliatory expressions at my command and even trying to pat his enormous head.

CHAPTER V.
I turned into the lane, the gate of which must have been removed long before, and walked silently up the avenue in the gloom, the conviction strong upon me that I was on the verge of important events.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

It was the young woman who had registered at the Windsor as Mrs. Darius C. Howard, Vienna, and she was alone. She looked at me for the second time in sight as she would have surveyed a tree, a horse or a cow. She could have had no suspicion that that well dressed man sauntering along the highway and swinging his cane had any more interest in her than the hundreds of other people whom she saw every day.

"No mistake this time, I have run you down, my pretty bird."

The astonishing turn of the business was that the dwelling to which Mrs. Howard had been driven was an almost perfect counterpart of the scene of my adventure of the night previous. There was the long lane shaded by tall poplars, the big stone house set among a grove of trees, and even the piazza along the front, precisely the same as when Mr. Hildman (mistaken for Mr. Howard) paced back and forth enjoying his evening cigar. Had I not just passed the first I would have believed that this was the same.

By the time I reached the mouth of the lane the cabman was turning out of it. He hardly looked up, but I saw the interior of his vehicle as he swept by. It was empty.

I decided to postpone my little game of hide-and-seek until it could be done. So I walked past the house with only a glance at the broad, low stone building, partially revealed through the avenue trees.

I had made some progress. I had located the house Mr. Howard and his wife were in the habit of visiting for some purpose which I could not understand. In leaving New York and Jersey City—that is, so far as I had learned—they took every precaution to avoid being followed, even to the extent of not recognizing each other or sitting in the same train. These precautions were thrown aside when a few minutes of the train at New York, probably because they were satisfied that no one was following them and their course was unobscured.

CHAPTER VII.
I was now so far in the country that the Howards were widely separated. The best home being a fourth of a mile from the other, and when I reached my room in the hotel I found that my only chance of meeting them was at the train station, for which, of course, I intended to go.

The Howards were a kindly old couple, and I had no difficulty in getting acquainted with them. The wife was a stout, middle-aged woman, and the husband was a thin, elderly man. They were both very friendly and gave me a reassuring welcome when I told them that I had been looking for them.

I was now in a position to see the Howards, and I had no difficulty in getting acquainted with them. The wife was a stout, middle-aged woman, and the husband was a thin, elderly man. They were both very friendly and gave me a reassuring welcome when I told them that I had been looking for them.

What is CASTORIA

Castoria is Dr. Samuel Fitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and cures Feverishness. Castoria prevents vomiting Sour Curls, cures Diarrhea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.

Castoria is so well adapted to children that I recommend it as superior to any prescription known to me.

Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the interest of their children, and use Castoria instead of the various quick nostrums which are destroying their lovely ones, by forcing opium, morphia, soothing syrup and other injurious agents down their throats, thereby sending them to premature graves.
